*World, Underworld, Overworld, Dreamworld* Mike Hockney 2014-09-12 Ancient cultures were faced with two immense problems. Why is there something rather than nothing and why is the universe ordered rather than chaotic? To answer these questions, they invented cosmologies, which were also the basis of their religious beliefs. A person's cosmological and religious beliefs are always interdependent. The ordered universe of the ancients was divided into four: 1) the World (that we inhabit), 2) the Overworld (the sky and heavens that the gods inhabit), 3) the Underworld (that the dead inhabit), and 4) Dreamworld (the mysterious zone between sleep and death that connects the living, dead and the gods). This is the incredible story of these four worlds and how they have influenced the development of all human thought, right up to the present day.

and career. Raised in various countries around the world as the son of an American spymaster, Larry Kolb tells how his father taught him to think, look and listen like a spy, and how a friend and colleague of his father attempted to recruit him to the CIA. Kolb declined, choosing instead to become an international businessman. His early success - in his mid-twenties he became an agent for several professional athletes, including Muhammad Ali - brought him into contact with many of the world's wealthiest and most powerful men, making him irresistible to master spy and CIA co-founder, Miles Copeland. When Copeland later tried to recruit him, Kolb accepted, and soon he was involved in covert intrigues in Beirut, Saudi Arabia, Iraq, Afghanistan, the Philippines, Nicaragua, Pakistan and India. Peopled by larger than life characters such as Adnan Khashoggi, Imelda Marcos, Rajiv Gandhi and Ronald Reagan, *OVERWORLD* is a real-life adventure story of the highest order which offers compelling insights into the danger, glamour and psychology of espionage - as well as an extraordinary glimpse into the real corridors of global power.

*Deep Ocean Six* Nancy Osa 2016-01-05 Someone is draining the Overworld oceans of resources . . . but to what end? It could be a ploy by the griefer army to draw Captain Rob and his cavalry members away from the United Biomes of the Overworld capital, which they risked their very identities to defend. Or it could be theft on a scale so grand that only the deepest of oceans can contain it. At the same time, it seems no coincidence that priceless relics and one-of-a-kind gemstones go missing from the new Overworld museum. The spectacular monument to the history of the free world is a worth a fortune. Housing the valuables of the Overworld makes Capital City Museum a target for every rogue player—and for the Griefer Imperial Army, now led by a gang of villains spawned by Lady Craven. When key pieces of UBO heritage are stolen, the troopers of Battalion Zero must pool brains, brawn, and every bit of luck they have to recover them. The six friends must pull off the perfect heist: Captain Rob, leader and delegator . . . Corporal Frida, master of stealth and disguise . . . Quartermaster Jools, strategist and techie extraordinaire . . . Sergeant at Arms Turner, muscle personified . . . Artilleryman Stormie, terrain expert . . . and Master of Horses Kim, the “bronc whisperer” all work together to recover the UBO’s secret treasures in this tempestuous fourth book in the Defenders of the Overworld series.
