M K Gandhi : Sources, Ideas and Actions R.K. Sinha 2009-01-01 Mahatma Gandhi, 1869-1948, Indian nationalist and statesman.

Hugo Grotius and International Relations Hedley Bull 1990-07-26 While the works of Hugo Grotius (1583-1645) have long been held in high esteem by international lawyers, this book addresses the broader, and neglected, theme of his contribution to the theoretical and practical aspects of international relations. It critically reappraises Grotius' thought, examining it in relation to his predecessors and in the context of the wars and controversies of his time, and assesses the strengths and weaknesses of the 'Grotian' tradition of thought - one which accepts the sovereignty of states but at the same time stresses the existence of shared values and the necessity of rules.

Swachh Bharat Mridula Sinha, Dr. R.K. Sinha 2021-01-19 In an Indian household; the cleaning up of the house is the first step towards the celebration of an approaching festival. Not only it is hygienic but the symbolic significance of the festival is enhanced many times by this act of cleaning. It symbolizes purity of mind and clarity of thoughts before one goes to pray and celebrate an event of importance. These acts lead us to the attainment of the ultimate elation; where the body is in the pink of health and the mind is in the depths of joy. Such insight and farsightedness in thought and actions have been the hallmark of the Indian history. These actions are nothing but the manifestations of our rich cultural heritage. A festival is a symbol of a prosperous society and a rich culture; it signifies growth and development. Therefore; any development; any growth is no less than a festival and the primary step to a celebration; which starts with cleanliness. For India; 'Swachh Bharat Abhiyan' is nothing but the first step towards celebrating development and prosperity. Certainly this book will facilitate the fulfillment of Swachh Bharat Abhiyan.

Oxford Modern English Grammar Bas Aarts 2011-02-10 New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

Megadrought and Collapse Harvey Weiss 2017 *Megadrought and Collapse* revises the global archaeological and historical record with nine case studies that describe and analyze decades to centuries long megadroughts, from the Pleistocene to the 15th century AD, and the societal collapses they caused. Each study is a definitive review of societal responses to natural climate change.

The Handbook of Culture and Psychology David Matsumoto 2019 Cultural and cross-cultural psychology and research continue to make strong contributions to mainstream psychology. Researchers and theoreticians from all parts of the globe increasingly contribute to this endeavor, enabling cultural and cross-cultural psychology and research to be one of the most exciting areas of study in psychology. This book describes the continued evolution and advancement of the main research domains of cultural and cross-cultural psychology. Renowned authors not only review the state-of-the-art in their respective fields but also describe the challenges and opportunities that their respective research domains face in the future. New chapters cover the teaching of a culturally informed psychology and the increasing changes and advancements of cultures and societies around the world and their impact on individual psychologies. This volume covers standard areas of well-studied concepts such as development, cognition, emotion, personality, psychopathology, psychotherapy, and acculturation, as well as emerging areas such as multicultural identities, cultural neuroscience, and religion. It is a must read for all culturally informed scholars, both beginning and experienced.

Learn to Write Correct English (Eng.-Hindi) Dr. B. B. Jain 2010-09

Good Economics for Hard Times Abhijit V. Banerjee 2019-11-12 The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.

English-English-Hindi Dictionary Suresh Kumar 2015-02-12 This is the revised edition of our consistent bestseller, the English-English-Hindi Dictionary edited by Dr Suresh Kumar and Dr Ramanath Sahai contains more than 52,000 entries, related phrases, idioms and more than 200 illustrations. High School English Grammar and Composition Key Wren & Martin High School English Grammar & Composition provides ample guidance and practice in sentence building, correct usage, comprehension, composition and other allied areas so as to equip the learners with the ability to communicate effectively in English.

India's First Dictatorship Christophe Jaffrelot 2021-04-01 In June 1975 Prime Minister Indira Gandhi imposed a 'State of Emergency', resulting in a 21-month suspension of democracy. Jaffrelot and Anil explore this black page in India's history, a constitutional dictatorship of unequal impact, with South India largely spared thanks to the resilience of Indian federalism. India's First Dictatorship focuses on Mrs Gandhi and her son, Sanjay, who was largely responsible for the mass sterilisation programmes and deportation of urban slum-dwellers. However, it equally exposes the facilitation of authoritarian rule by Congressmen, Communists, trade unions, businessmen and the urban middle class, as well as the complacency of the judiciary and media. While opposition leaders eventually closed ranks in jail, many of them collaborated with the new regime--including the RSS. Those who resisted the Emergency, in the media or on the streets, were few in number. This episode was an acid test for India's political culture. While a tiny minority of citizens fought for democracy during the Emergency, in large numbers the people bowed to a strong woman, even worshipped her. Equally importantly, Hindu nationalists were endowed with a new legitimacy. The Emergency was not a parenthesis, but a turning point; its legacy is very much alive today.

Obsessive-compulsive Disorder Christopher Pittenger 2017-09-12 Obsessive-compulsive disorder affects approximately one person in 40 and causes great suffering. Effective treatments are available that can help many, and our understanding of the psychology, neurobiology, and clinical treatment of the disorder has advanced dramatically over the past 25 years. Nevertheless, much remains to be learned, and a substantial minority of patients benefit little even from the best treatments we have to offer today. This volume provides the first comprehensive summary of the state of the field, summarizing topics ranging from genetics and neurobiology through cognitive psychology, clinical treatment, related conditions, societal implications, and personal experiences of patients and clinicians. This book is unique in its comprehensive coverage that extends far beyond the realm of cognitive-behavioral therapy. As such it will serve as a valuable introduction to those new to the field, a fascinating resource for OCD sufferers and their families, and an essential reference for students, clinicians, and researchers.

Oxford Textbook of Old Age Psychiatry Tom Denning 2020-11-05 Part of the authoritative Oxford Textbooks in Psychiatry series, Oxford Textbook of Old Age Psychiatry, Third Edition has been thoroughly updated to reflect the developments in old age psychiatry since publication of the Second Edition in 2013, and remains an essential reference for anyone interested in the mental health care of older people.

Concise English Grammar V. K. Moothathu 2013-01-26 Grasp of essential concepts of grammar and their modern usage in day-to-day personal and professional life is a major challenge faced by young learners at all levels and streams of higher education in India. Concise English Grammar has been designed and created to suit the needs of first-year undergraduate students of the arts as well as professional courses, and to equip them for advanced usage of English in their higher studies. This book brings together the core concepts of theoretical and descriptive grammar, both modern and conventional; elements of remedial English; vocabulary; and academic writing, in a single compilation, and provides numerous examples and exercises which call for the application of the student's knowledge of grammar enabling them to assess their own progress. Each chapter is thoroughly cross-referenced, and written in an accessible, user-friendly manner, making it possible for students to derive maximum benefit from the book. Though created keeping the students of Kerala in mind, its wide-ranging coverage should be of value to all students and teachers of English as second language elsewhere as well.
