Joint IMF-WBG Staff Note: DSSI Fiscal Monitoring Update International Monetary 2021-09-16 The COVID-19 pandemic put significant pressures on fiscal accounts during 2020 through a contraction of revenues and increased spending needs to tackle the pandemic and its economic fallout. In response to these pressures, the countries benefitting from the Debt Service Suspension Initiative (DSSI) have faced difficult choices to reprioritize spending, especially capital spending, even as they allowed higher overall fiscal deficits. This note summarizes the findings from the update of the fiscal monitoring system for the COVID-19 Debt Service Suspension Initiative (DSSI). The DSSI was endorsed by the G20 Finance Ministers on April 15, 2020 and extended twice in October 2020 (until end-June 2021) and April 2021 (until end-2021). During May–December 2020 (the first phase), 43 countries participated, and 42 countries have formally requested their participation in the initiative during January–June 2021 (the second phase, as of July 30, 2021).

The Paris Agreement Judith Blau 2017-03-21 This book discusses the immediate and severe threat posed by global climate change and the various obstacles that stand in the way of action. Judith Blau presents scientific evidence relevant to The Paris Agreement (COP-21): an international treaty that promises to strengthen the global response to climate change. As she reckons with the dangers of catastrophic planetary heating, Blau discusses the clash between the deeply ingrained American tradition of individualism and the collective action and acknowledgement of intertwined fate needed to address climate change. She acknowledges that America's capitalist bent stands in contrast to the idea of the "commons"—a concept that we need to embrace if climate change is to be mitigated. The volume also explains the foundations of international human rights standards as they relate to climate change. Drawing from guiding principles of human rights and equality, the book concludes hopefully—suggesting that the people of the world can meet the challenge posed by climate change by at once acknowledging shared humanity and celebrating difference.

Paris Bride John Schad 2020-02-19 "In July 1905, in Paris, a young woman, a bride, becomes Marie Schad. In April 1984, in London, Marie Schad is declared to be no more--indeed, to never have been, and returns to France. Paris Bride pursues this no-woman in a wild attempt to glimpse her face in the modernist crowd. With increasing desperation the pages of Stephane Mallarmé, Oscar Wilde, Franz Kafka, Virginia Woolf, Katherine Mansfield, Louis Aragon, André and Walter Benjamin are all ransacked for traces of Marie. What is pieced precariously together is an experimental life--a properly modernist life, a life that, by its very obscurity, lives the obscure life of modernism itself.

Napoleon's Paris David Buttery 2020-07-19 Napoleon Bonaparte was one of the most influential rulers in European history. Renowned as a military commander, he was also a great statesman, administrator, lawmaker and builder – and his civic achievements outlived and arguably eclipsed his victories on the battlefield. Yet while there are a host of biographies and studies of his military and political career, few books have been written about his connections with Paris, the capital of his empire, where many remarkable buildings and monuments date from his time in power. That is why David Buttery's highly illustrated guidebook to Napoleon's Paris is such a timely and valuable addition to the literature designed for visitors to the city. Many of the most famous sites in the city were built or enhanced on Napoleon's instructions or are closely associated with him and with the period of the First French Empire – the Arc de Triomphe, the Louvre, the Hôtel des Invalides, Musée de l'Armée, Notre Dame Cathedral, Père-Lachaise Cemetery among them. David Buttery's guide covers them all in evocative detail. His work is essential reading for every visitor to Paris who is keen to gain an insight into the influence of Napoleon on the city and the tumultuous period in French history in which he was the dominant figure.

The Plateau Maggie Paxson 2019-08-13 Winner of the American Library in Paris Book Award Named a Best Book of 2019 by BookPage During World War II, French villagers offered safe harbor to countless strangers—mostly children—as they fled for their lives. The same place offers refuge to migrants today. Why? In a remote pocket of Nazi-held France, ordinary people risked their lives to rescue many hundreds of strangers, mostly Jewish children. Was this a fluke of history, or something more? Anthropologist Maggie Paxson, certainties shaken by years of studying strife, arrives on the Plateau to explore this phenomenon: What are the traits that make a group choose selflessness? In this beautiful, wind-blown place, Paxson discovers a tradition of offering refuge that dates back centuries. But it is the story of a distant relative that provides the beacon for which she has been searching. Restless and idealistic, Daniel Trocmé had found a life of meaning and purpose—or it found him—sheltering a group of children on the Plateau, until the Holocaust came for him, too. Paxson's journey into past and present turns up new answers, new questions, and a renewed faith in the possibilities for us all, in an age when global conflict has set millions adrift. Riveting, multilayered, and intensely personal, The Plateau is a deeply inspiring journey into the central conundrum of our time.

Latin American Diasporas in Public Diplomacy Vanessa Bravo 2021-07-08 This book on Latin American Diasporas in Public Diplomacy explains and illustrates, through case studies, the different strategic roles that diaspora groups play in modern public diplomacy efforts. These are categorized by being participatory, having a strong involvement of non-state actors, involving frequent partnerships, and placing an increased focus on global issues. In particular, this book provides, in its 13 chapters, the perspective of Latin American diasporas and nations, which are severely underrepresented in the public diplomacy literature. Additionally, because it is written from a strategic communication perspective, this book provides insight into a variety of public diplomacy approaches employed by modern-day diasporas from Latin America. It also describes some examples of diaspora-targeted, state-led public diplomacy efforts in the region. Taking a regional focus to the exploration of diasporas in public diplomacy, this edited book facilitates cross-country comparisons and the understanding of the phenomena beyond the country-specific cases.

Peter de Rivo on Chronology and the Calendar Matthew S. Champion 2020-10-20
Critical edition of previously unpublished works by a key philosopher of the fifteenth-century Low Countries Peter de Rivo (c.1420–1499), a renowned philosopher active at the University of Leuven, is today mostly remembered for his controversial role in the quarrel over future contingents (1465–1475). Much less known are his contributions to historical chronology, in particular his attempts to determine the dates of Christ’s birth and death. In 1471, Peter made an original contribution to this long-standing discussion with his *Dyalogus de temporibus Christi*, which reconciles conflicting views by rewriting the history of the Jewish and Christian calendars. Later in his career, Peter tackled the issue of calendar reform in his *Reformacio kalendarii Romani* (1488) and engaged in a heated debate with Paul of Middelburg on the chronology of Christ. This book edits the *Dyalogus* and *Reformacio* and sets out their context and transmission in an extensive historical introduction.
