More Than Meets the Eye (A Patchwork Family Novel Book #1) Karen Witemeyer 2018-06-05 Many consider Evangeline Hamilton cursed. Orphaned at a young age and possessing a pair of mismatched eyes--one bright blue, the other dark brown--Eva has fought to find her way in a world that constantly rejects her. Yet the support of even one person can help overcome the world's judgments, and Eva has two--Seth and Zach, two former orphans she now counts as brothers. Seeking justice against the man who stole his birthright and destroyed his family, Logan Fowler arrives in 1880s Pecan Gap, Texas, to confront Zach Hamilton, the hardened criminal responsible for his father's death. Only instead of finding a solitary ruthless gambler, he discovers a man not much older than himself with an unusual family. When Zach's sister, Evangeline, insists on dousing Logan with sunshine every time their paths cross, Logan finds his quest completely derailed. Who is truly responsible for his lost legacy, and will restoring the past satisfy if it means forfeiting a future with Evangeline?

Pan American Clippers James Trautman 2019-10 "The photographs and artwork will enable readers to grasp the magnificence of the transoceanic flying boats...The accurate, authoritative text will provide information that is new to all but the exceptionally well-informed aviation buff and nonspecialist historian." -- Choice For a world recovering from the Great Depression, the Pan American Airways Clipper symbolized luxury, adventure and a brighter future. Illustrated with rare period photographs, vintage travel posters, magazine ads and colorful company brochures, Pan American Clippers covers all aspects of the Golden Age of Pan American's graceful "flying boats." This edition has an additional 16 pages to add more historical and current information and provide additional detail and context to the historical importance of the flying boats, including: Pan Am's Art Deco terminals the fate of the last Pan Am Clippers and where to see the survivors the Foynes Flying Boat Terminal, Ireland Trippe and Lindbergh's groundbreaking flight to Asia by way of the Great Circle Route (Canada-Alaska-Siberia-Japan-China) Shediac, New Brunswick, landing site of 24 Savoia Marchetti S-55 flying boats from Rome en route to Chicago's Century of Progress International Exposition Pan Am enters politics when Frank Roosevelt uses it in Latin America to sidestep the World War II Neutrality Act Trippe's long-held dream of flying mail and passengers across the Atlantic Ocean to Europe, and the opening of LaGuardia Airport. Visionary Pan Am founder Juan

Trippe knew the importance of international travel to the 20th century, and his pioneering airline played a central role in the advancement of transoceanic flight, setting overseas time and distance records, providing airmail delivery and eventually as troop and cargo transports for the Allies during World War II. By dramatically reducing travel time and opening up international air travel to the general public, Pan Am Clippers forever changed the world. This captivating, informative and richly illustrated book takes readers back to a time of glamor, romance and progress, when dreams once thought impossible were suddenly a reality.

Beyond the Rice Fields Naivo 2017-10-31 The first novel from Madagascar ever to be translated into English, Naivo's magisterial *Beyond the Rice Fields* delves into the upheavals of the nation's precolonial past through the twin narratives of a slave and his master's daughter. Fara and her father's slave, Tsito, have shared a tender intimacy since her father bought the young boy who'd been ripped away from his family after their forest village was destroyed. Now in Sahaso, amongst the cattle and rice fields, everything is new for Tsito, and Fara at last has a companion to play with. But as Tsito looks forward toward the bright promise of freedom and Fara, backward to a twisted, long-denied

family history, a rift opens that a rapidly shifting political and social terrain can only widen. As love and innocence fall away, their world becomes defined by what tyranny and superstition both thrive upon: fear. With captivating lyricism and undeniable urgency, Naivo crafts an unsentimental interrogation of the brutal history of nineteenth-century Madagascar as a land newly exposed to the forces of Christianity and modernity, and preparing for a violent reaction against them. Beyond the Rice Fields is a tour de force about the global history of human bondage and the competing narratives that keep us from recognizing ourselves and each other, our pasts and our destinies.

The Dismantling Brian DeLeeuw 2015-04-28 How much of yourself are you willing to sell? At twenty-five, Simon Worth is a med school dropout, facing the grim reality of failure and massive student loans. Left with few options, he becomes an organ broker for a black-market organization, matching cash-strapped donors with recipients whose time on the transplant list is running out. Tasked with finding a donor for Lenny Pellegrini, a severely depressed ex-NFL player who's been drinking himself to death, Simon's luck appears to change when he's contacted by Maria Campos, a young woman desperate for cash whose liver happens to be the perfect match. The transplant goes according to plan . . . until soon afterward, when Maria disappears and Lenny makes a cruel and destructive decision. As Simon's world becomes increasingly dangerous, he learns of an unspeakable secret from Maria's past and must decide, against his better moral judgment, that the only way he'll survive is to trust her. Chilling and fast-paced, *The Dismantling* questions the meaning of atonement and asks how you can reconcile the person you once were—and the person you want to be—with the person you are today.

Challenges in Pediatric Kidney Transplantation Katherine E. Twombly 2021-06-26
This book provides a comprehensive overview of the unique challenges inherent in pediatric kidney transplantation. The text reviews the problems faced during each stage of the kidney transplantation process, including the occurrence of infections during the pre-transplant stage, surgical challenges during the actual transplantation, and medication issues during the post-transplant stage. The book also features high-yield case presentations of typical pediatric transplant scenarios, from the pre-transplant management of a child with CAKUT to the evaluation and treatment of antibody mediated rejection in children. Written by experts in the field, *Challenges in Pediatric Kidney Transplantation: A Practical Guide* is a valuable resource for clinicians, practitioners, and trainees who manage or are interested in this challenging group of patients.

The Wizard of Oz Danielle Birkett 2018-12-04 One of the most beloved film musicals of all time, *The Wizard of Oz* represents an enduring family favorite and cultural classic. Yet there is much more to the story than meets the eye, and the MGM movie is just one of many ways in which it has been represented. In this lively and wide-ranging book, editors Danielle Birkett and Dominic McHugh bring together insights from eleven experts into the varied musical forms this great American myth has taken in the past century. Starting with the early adaptations of L. Frank Baum's story, the book also explores the writing, composition and reception of the MGM film, its importance in queer culture, stage adaptations of the movie, cult classic *The Wiz*, Stephen Schwartz's Broadway blockbuster *Wicked*, and the cultural afterlife of the iconic Arlen-Harburg songs. What emerges is a vivid overview of how music - on stage and screen - has been an essential part of the story's journey to become a centerpiece of American culture.

Children, Memory, and Family Identity in Roman Culture Véronique Dasen 2010-10-28 Investigations into the daily life of Roman families show that children were key actors in the process of the construction of social memory:

they were the pivotal point of the transmission of family tradition and values in both elite and non-elite families. This collection of essays draws together the perspectives of various disciplines to provide a multifaceted picture of the Roman family based on a wide range of evidence drawn from the 1st century BCE to Late Antiquity and the Christian period. The contributors define the notion of memory, discuss the role of children in the transmission of social memory and social identities, and also deal with threats to familial memory, in the cases of children deliberately or accidentally excluded from tradition, long believed to be invisible, such as those born at home to slaves, or outcast because of illness or their unusual status, for example as the offspring of an incestuous relationship.

Change of Heart Mitchell Fink 2012 New York Times best-selling author Mitchell Fink traces the concurrent stories of Robert Dunn and Dorothy Moore. Dunn experienced hatred and bigotry from an early age as the youngest member of the first black family to move into a Queens, New York neighborhood inhabited mostly by white Irish-Catholics. At precisely the same time, Moore was being abandoned by her Irish-Catholic parents and left to grow up in an orphanage. These two extraordinary stories became one in the spring of 1998 when the world-renowned heart surgeon, Dr. Mehmet Oz, implanted Dorothy Moore's heart into Robert Dunn's chest. The compelling events prior to the transplant, and the terror Robert Dunn walked through once he realized his life was saved by a white woman who may have grown up among the same kind of people who brutalized him as a child, is what led to his transformation as a man and his true *Change of Heart*. Fink became like a brother to Robert Dunn during last two years of his life, absorbing his journey. He spent more than a year with Dorothy's family, chronicling her story.

When the Soul Mends Cindy Woodsmall 2008-09-16 Returning to the home she fled in disgrace, will Hannah find healing for the wounds of the past? After receiving a desperate and confusing call from her sister, Hannah Lapp reluctantly returns to the Old Order Amish community of her Pennsylvania childhood. Having fled in disgrace more than two years earlier, she finally has settled into a satisfying role in the English world. She also has found love and a new family with the wealthy Martin Palmer and the children she is helping him raise. But almost immediately after her arrival in Owl's Perch, the disapproval of those who ostracized her, including her headstrong father, reopens old wounds. As Hannah is thrown together with former fiancé Paul Waddell to work for her sister Sarah's mental health, hidden truths surface about events during Hannah's absence, and she faces an agonizing decision. Will she choose the English world and the man who restored her hope, or will she heed the call to return to the Plain Life—and perhaps to her first love? *When the Soul Mends* is the third and final book in the *Sisters of the Quilt* series.

Hannah's Choice Kirsty Jones 2010 The moving and inspirational true story of one little girl's battle against the medical odds and a mother's unwavering love for her daughter. 'If I could have any wish it wouldn't be a part in High School Musical. I'd like to live just one day without having to rest when my heart gets tired: I'd just waste my energy, doing stuff with friends. But I can't and feeling unhappy about it is a waste of time. Being happy gives me energy - so much so that sometimes I want to do a cartwheel even though I can't actually manage it. My decision wasn't about dying. It's about living.' When her daughter Hannah was only four years old, Kirsty Jones received the news that no mother ever wants to hear. Her little girl had leukaemia. But Kirsty knew that Hannah was a fighter, and after gruelling chemotherapy she beat the disease. But there was more trauma to come: the chemotherapy drugs had damaged Hannah's heart. At first, doctors hoped that Hannah's body would compensate for the damaged muscle, but when Hannah was only twelve her heart failed without warning. As her life hung in the balance, Doctors advised that Hannah's only chance of survival was a heart transplant, but the operation was very risky and the anti-rejection drugs might bring back the leukaemia. Kirsty knew one thing: Hannah deserved to decide her own destiny. Wise beyond her years after learning to cope with so much, Hannah made her choice: she did not want the transplant. She'd had enough of hospitals and wanted to be at home with her family. Then in July 2009, the right side of Hannah's heart completely stopped working and her kidneys started to fail. Days later Hannah celebrated her 14th birthday - a milestone she was never expected to reach - and Hannah was ready to make a different choice. She agreed to have the transplant. Now Kirsty and Hannah tell their unique story and, with wit and honesty, their interweaving voices describe how facing and overcoming death has taught them so much about living. Filled with wisdom and grace, tears and laughter, *Hannah's Choice* is about beating the odds and finding joy in each day.

Misunderstood Rachel Toor 2016-06-07 As much a moving memoir as it is an amusing pet manual, *Misunderstood* is a unique nonfiction book for teens and tweens about domesticated rats in general and a wonderful rat named Iris in particular. Brimming with smarts and energy just like its furry subjects, Rachel Toor's text blends history and science with profiles of interesting people and autobiographical anecdotes as it joyfully sets the record straight about why this reviled creature is actually a most amazing species. Readers will come away with a deeper understanding and appreciation of domestic rats—and may be convinced to adopt one themselves.
