**Dear Azula, I Have a Crush on Danny Phantom** Azura Tyabji 2021-06-22 Dear Azula, I Have a Crush on Danny Phantom is a crossover of our coming of age universes. Exploring the interplay of adolescence and media, Dear Azula is a masterclass on how Generation Z see themselves reflected on screen, how they find themselves in characters when the world does not grant them the possibility. These poems pay homage to the cartoon characters who made us the wicked lovestruck people that we are. These ubiquitous stories of teen ghost boys and water bending women gave wonder to a generation raised by recession. In illustrious villains we learned our own glamour. In chiseled chins and 2D teeth we learned desire. In Dear Azula, I Have a Crush on Danny Phantom we bring the early 2000s renaissance of animation into our modern lives to unpack, celebrate, revel, and remember.

*Still Can't Do My Daughter's Hair* William Evans 2017-10-17 *Still Can't Do My Daughter's Hair* is the latest book by author William Evans, founder of Black Nerd Problems. Evans is a long-standing voice in the performance poetry scene, who has performed at venues across the country and been featured on numerous final stages, including the National Poetry Slam and Individual World Poetry Slam. **The Mating Mind** Geoffrey Miller 2011-12-21 At once a pioneering study of evolution and an accessible and lively reading experience, *The Mating Mind* marks the arrival of a prescient and provocative new science writer. Psychologist Geoffrey Miller offers the most convincing—and radical—explanation for how and why the human mind evolved. Consciousness, morality, creativity, language, and art: these are the traits that make us human. Scientists have traditionally explained these qualities as merely a side effect of surplus brain size, but Miller argues that they were sexual attractors, not side effects. He bases his argument on Darwin's theory of sexual selection, which until now has played second fiddle to Darwin's theory of natural selection, and draws on ideas and research from a wide range of fields, including psychology, economics, history, and pop culture. Witty, powerfully argued, and continually thought-provoking, *The Mating Mind* is a landmark in our understanding of our own species.

*swallowtail* Brenna Twohy 2019-10-01 *Swallowtail*, a collection of poetry by Brenna Twohy is a deep dive into the dissection of popular culture, and how the brightness and horrors of it can be mirrors into the daily lived experiences of women in America.

**Ain't Never Not Been Black** Javon Johnson 2020-10-13 *Ain't Never Not Been Black* foregrounds Black pleasure Black pain and Black love in unflinchingly Black ways. Engaging with themes of masculinity, racism, love, and joy, Johnson is at once critical and creative. His spoken word performance transfers effortlessly to the page, with poems that will encompass you. This is a book about blackness and survival, and how in America these are inseparable. In a world of individualism, who can you hold close? In a world of danger, what makes you feel safe? From a poem written in the form of a syllabus, to another about the time his grandmother literally saved his life, Johnson's creative expression is constantly enacting the feminist mantra, "the personal is political."

**Golden Boy** John Glatt 2021-07-20 In *Golden Boy*, New York Times bestselling author John Glatt tells the true story of Thomas Gilbert Jr., the handsome and charming New York socialite accused of murdering his father, a Manhattan millionaire and hedge fund founder. By all accounts, Thomas Gilbert Jr. led a charmed life. The son of a wealthy financier, he grew up surrounded by a loving family and all the luxury an Upper East Side childhood could provide: education at the elite Buckley School and Deerfield Academy, summers in a sprawling seaside mansion in the Hamptons. With his striking good looks, he moved with ease through glittering social circles and followed in his father's footsteps to Princeton. But Tommy always felt different. The cracks in his façade began to show in warning signs of OCD, increasing paranoia, and—most troubling—an inexplicable hatred of his father. As his parents begged him to seek psychiatric help, Tommy pushed back by self-medicating with drugs and escalating

violence. When a fire destroyed his former best friend's Hamptons home, Tommy was the prime suspect—but he was never charged. Just months later, he arrived at his parents' apartment, calmly asked his mother to leave, and shot his father point-blank in the head. Journalist John Glatt takes an in-depth look at the devastating crime that rocked Manhattan's upper class. With exclusive access to sources close to Tommy, including his own mother, Glatt constructs the agonizing spiral of mental illness that led Thomas Gilbert Jr. to the ultimate unspeakable act.

**The Politics of Style** Daniel Hartley 2018-01-05 An ambitious intervention, asserting the importance of a Marxist interpretation of literary style and moving towards a new Marxist poetics.

*Morning Star* Pierce Brown 2016-02-09 #1 NEW YORK TIMES BESTSELLER • Red Rising thrilled readers and announced the presence of a talented new author. Golden Son changed the game and took the story of Darrow to the next level. Now comes the exhilarating next chapter in the Red Rising Saga: *Morning Star*. ITW THRILLER AWARD FINALIST • “[Brown’s] achievement is in creating an uncomfortably familiar world of flaw, fear, and promise.”—Entertainment Weekly Darrow would have lived in peace, but his enemies brought him war. The Gold overlords demanded his obedience, hanged his wife, and enslaved his people. But Darrow is determined to fight back. Risking everything to transform himself and breach Gold society, Darrow has battled to survive the cutthroat rivalries that breed Society’s mightiest warriors, climbed the ranks, and waited patiently to unleash the revolution that will tear the hierarchy apart from within. Finally, the time has come. But devotion to honor and hunger for vengeance run deep on both sides. Darrow and his comrades-in-arms face powerful enemies without scruple or mercy. Among them are some Darrow once considered friends. To win, Darrow will need to inspire those shackled in darkness to break their chains, unmake the world their cruel masters have built, and claim a destiny too long denied—and too glorious to surrender. Praise for *Morning Star* “There is no one writing today who does shameless, Michael Bay-style action set pieces the way Brown does. The battle scenes are kinetic, bloody, breathless, crazy. Everything is on fire all the time.”—NPR “*Morning Star* is this trilogy’s *Return of the Jedi*. . . . The impactful battles that make up most of *Morning Star* are damn near operatic. . . . It absolutely satisfies.”—Tordotcom “Excellent . . . Brown’s vivid, first-person prose puts the reader right at the forefront of impassioned speeches, broken families, and engaging battle scenes . . . as this interstellar civil war comes to a most satisfying conclusion.”—Publishers Weekly (starred review) “A page-turning epic filled with twists and turns . . . The conclusion to Brown’s saga is simply stellar.”—Booklist (starred review) Don’t miss any of Pierce Brown’s Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE

*Patricide* Dave Harris 2019-04-30 Dave Harris's stellar debut takes a nuanced look at the complexities of black masculinity. *Patricide* weighs those complexities and how they impact a lineage of black boys who fight to become men in the image of their fathers. More than just a book about fear or death centered on being black in America, *Patricide* illuminates the internal struggle to be the best man possible with the shadow of other men at your back. Through poems on loss, music, college, and family strife, Harris examines how time shifts and changes, despite so much of a life's architecture staying the same. Ultimately, *Patricide* opens itself up to reveal a story of many threads, one that finds a way to tie together in unexpected and joyful ways.

queer, political, and feminist collection guided by self-reflection. The poems range from close examination of the deeply personal to the vastness of the world, exploring the expansiveness of the human experience from love to illness, from space to climate change, and so much more in between. One of the most celebrated poets and performers of the last two decades, Andrea Gibson's trademark honesty and vulnerability are on full display in *You Better Be Lightning*, welcoming and inviting readers to be just as they are

Patricide D. Foy 2016-10-03 D. Foy's second novel is a tornado of brutal Americana. PATRICIDE is a heavy metal Huck Finn that whips up the haunted melancholy of Kerouac's *Doctor Sax*, a novel of introspection and youth in its corruption that seethes with the deadly obsession of *Moby-Dick*, and the darkness of Joy Williams' *State of Grace*. Beyond the story of a boy growing up in a family derailed by a hapless father, PATRICIDE is a search for meaning and identity within the strange secrecy of the family. This is an existential novel of wild power, of memories, and of mourning-in-life, softened, always, by the tenderness at its core. With it, Foy's place among the outstanding voices in American literature is guaranteed.

Transnational Solidarity Helle Krunke 2020-07-31 The book analyses the concept and conditions of transnational solidarity, its challenges and opportunities, drawing on diverse disciplines as Law, Political Science, Sociology, Philosophy, Psychology and History. In the contemporary world, we see two major opposing trends. The first involves nationalistic and populist movements. Transnational solidarity has been under pressure for a decade because of, among others, global economic and migration crises, leading to populist and authoritarian leadership in some European countries, the United States and Brazil. Countries withdraw from international commitments on climate, trade and refugees and the European Union struggles with Brexit. The second trend, partly a reaction to the first, is a strengthened transnational grass-root community – a cosmopolitan movement – which protests primarily against climate change. Based on interdisciplinary reflections on the concept of transnational solidarity, its challenges and opportunities are analysed, drawing on Europe as a focal case study for a broader, global perspective.

St. Trigger Aaron Coleman 2016-10-25 Poetry. African & African American Studies. "Aaron Coleman's undeniable ST. TRIGGER breaks open the conflicted masculinities in the fist-heavy spaces around Black America. Through his hard-hitting, sonic verses, all of the frustrations pushing against Blackness in 2016—the insistent danger, the unforgiving partisanship, the violence—are transformed into necessary resilience. There is so much beauty here, too, in Coleman's dexterous imagery. But even in the elegant spaces, these poems are looking over their shoulder just to be safe. As the speaker of 'Elegy for Apogee' asks, 'How close is absurdity, is irrelevance, is danger?'—Adrian Matejka

**Dynasty** Tom Holland 2015-10-20 Author and historian Tom Holland returns to his roots in Roman history and the audience he cultivated with *Rubicon*—his masterful, witty, brilliantly researched popular history of the fall of the Roman republic—with *Dynasty*, a luridly fascinating history of the reign of the first five Roman emperors. *Dynasty* continues *Rubicon*'s story, opening where that book ended: with the murder of Julius Caesar. This is the period of the first and perhaps greatest Roman Emperors and it's a colorful story of rule and ruination, running from the rise of Augustus through to the death of Nero. Holland's expansive history also has distinct shades of *I Claudius*, with five wonderfully vivid (and in three cases, thoroughly depraved) Emperors—Augustus, Tiberius, Caligula, Claudius, and Nero—featured, along with numerous fascinating secondary characters. Intrigue, murder, naked ambition and treachery, greed, gluttony, lust, incest, pageantry, decadence—the tale of these five Caesars continues to cast a mesmerizing spell across the millennia.

*Sonnet's Shakespeare* Sonnet L'Abbe 2019-08-20 Bronwen Wallace Memorial Award-winning poet Sonnet L'Abbé returns with her third collection, in which a mixed-race woman decomposes her inheritance of Shakespeare by breaking open the sonnet and inventing an entirely new poetic form. DOROTHY LIVESAY POETRY PRIZE FINALIST RAYMOND SOUSTER AWARD FINALIST How can poetry grapple with how some cultures assume the place of others? How can English-speaking writers use the English language to challenge the legacy of colonial literary values? In *Sonnet's Shakespeare*, one young, half-dougl (mixed South Asian and Black) poet tries to use "the master's tools" on the Bard's "house," attempting to dismantle his monumental place in her psyche and in the poetic canon. In a defiant act of literary patricide and a feat of painstaking poetic labour, Sonnet L'Abbé works with the pages of Shakespeare's sonnets as a space she will inhabit, as a place of power she will occupy. Letter by letter, she sits her own language down into the white spaces of Shakespeare's poems, until she overwhelms the original text and effectively erases Shakespeare's voice by subsuming his words into hers. In each of the 154 dense new poems of *Sonnet's Shakespeare* sits one "aggrocultured" Shakespearean sonnet--displaced, spoken over, but never entirely silenced. L'Abbé invented the process of *Sonnet's Shakespeare* to find a way to sing from a body that knows both oppression and privilege. She uses the procedural techniques of Oulipian constraint and erasure poetics to harness the raw energies of her hyperconfessional, trauma-forged lyric voice. This is an artist's magnum opus and mixed-race girlboy's diary; the voice of a settler on stolen Indigenous territories, a sexual assault survivor, a lover of Sylvia Plath and Public Enemy. Touching on such themes as gender identity, pop music, nationhood, video games, and the search for interracial love, this book is a poetic achievement of undeniable scope and significance.

**Uyghur Nation** David Brophy 2016-04-04 Along the Russian-Qing frontier in the nineteenth century, a new political space emerged, shaped by competing imperial and spiritual loyalties, cross-border economic and social ties, and revolution. David Brophy explores how a community of Central Asian Muslims responded to these historic changes by reinventing themselves as the Uyghur nation.

*Free Roll* Brandt Tobler 2017-05-22 Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

**The Uninvited** Liz Jensen 2013-01-08 A seven-year-old girl puts a nail gun to her grandmother's neck and fires. An isolated incident, say the experts. The experts are wrong. Across the world, children are killing their families. Is violence contagious? As chilling murders by children grip the country, anthropologist Hesketh Lock has his own mystery to solve: a bizarre scandal in the Taiwan timber industry. Hesketh has never been good at relationships: Asperger's Syndrome has seen to that. But he does have a talent for spotting behavioral patterns and an outsider's fascination with group dynamics. Nothing obvious connects Hesketh's Asian case with the atrocities back home. Or with the increasingly odd behavior of his beloved stepson, Freddy. But when Hesketh's Taiwan contact dies shockingly and

more acts of sabotage and child violence sweep the globe, he is forced to acknowledge possibilities that defy the rational principles on which he has staked his life, his career, and, most devastatingly of all, his role as a father. Part psychological thriller, part dystopian nightmare, *The Uninvited* is a powerful and viscerally unsettling portrait of apocalypse in embryo.

**No Medium** Craig Dworkin 2013-02-15 Close readings of ostensibly “blank” works—from unprinted pages to silent music—that point to a new understanding of media. In *No Medium*, Craig Dworkin looks at works that are blank, erased, clear, or silent, writing critically and substantively about works for which there would seem to be not only nothing to see but nothing to say. Examined closely, these ostensibly contentless works of art, literature, and music point to a new understanding of media and the limits of the artistic object. Dworkin considers works predicated on blank sheets of paper, from a fictional collection of poems in Jean Cocteau's *Orphée* to the actual publication of a ream of typing paper as a book of poetry; he compares Robert Rauschenberg's *Erased De Kooning Drawing* to the artist Nick Thurston's erased copy of Maurice Blanchot's *The Space of Literature* (in which only Thurston's marginalia were visible); and he scrutinizes the sexual politics of photographic representation and the implications of obscured or obliterated subjects of photographs. Reexamining the famous case of John Cage's *4'33"*, Dworkin links Cage's composition to Rauschenberg's *White Paintings*, Ken Friedman's *Zen for Record* (and Nam June Paik's *Zen for Film*), and other works, offering also a “guide to further listening” that surveys more than 100 scores and recordings of “silent” music. Dworkin argues that we should understand media not as blank, base things but as social events, and that there is no medium, understood in isolation, but only and always a plurality of media: interpretive activities taking place in socially inscribed space.

*Forgive Yourself These Tiny Acts of Self-Destruction* Jared Singer 2019-12-03 Singer's highly anticipated debut book collects and transforms work from his ten years as a mainstay of the NYC poetry scene. With work that ranges from the laugh out loud funny to the silence and rage of loss, *Forgive Yourself These Tiny Acts of Self-Destruction* is a must read. As the book unfolds Jared guides the reader through fresh takes on the discussion of body image and body positivity side by side with all too familiar discussions of mental health, anxiety and suicide. It explores the complex cloth that is American culture and New York in particular, taking extra time to examine his identity as a Jewish American and how that underpins the authors daily experience. *Forgive Yourself* is a modern handbook for finding yourself and your place without losing your way.

**India's Revolutionary Inheritance** Chris Moffat 2019-01-31 Interrogates the explosive potential of revolutionary anti-colonial 'afterlives' in contemporary Indian politics and society.

*SINK* Desireé Dallagiacomo 2019-03-12 Desireé Dallagiacomo's debut book grapples with the intersections of family and mental health. *Sink* asks and answers hard questions about grief, lineage, death and all manner of inheritance. What is one left with when they come from a family that has nothing to its name but loss? Throughout, Dallagiacomo weighs the cost of what it is to be alive and a woman in a landscape that makes being alive and a woman uninviting. *Sink* approaches grief and depression not as a tourist, but instead with the power and nuance of someone who has survived and made the most of their survival.

**i shimmer sometimes, too** Porsha Olayiwola 2020-01-01 Porsha Olayiwola's debut poetry collection soars with the power and presence of live performance. These poems dip their hands into the fabric of black womanhood and revel in it. *Shimmer* establishes Olayiwola firmly in the lineage of black queer poetics, celebrating the work done by generations of poets from Audre Lorde to Danez Smith. Each

poem is a gentle breaking and an inventive reconstruction. This is a book of self and community-care—in pursuit of building a world that will not only keep you alive but will keep you joyful. Advance praise for *i shimmer sometime, too* In Porsha Olayiwola's capable hands, language becomes elastic, becomes kaleidoscopic. *i shimmer sometimes, too* is cinematic, is magic, and graceful education in the possibilities of form -Safia Elillo, Author Of *The January Children* In language that is both pungent and poignant, Porsha Olayiwola plumbs a diaspora of resilience, rich in ringshouts and inner-city blues chanted to the sky. *i shimmer sometimes, too* is luminous indeed. -Jabari Asim, Author of *We Can't Breathe* Each poem is a lesson, a story, a mirror that Olayiwola holds up to ensure we pay attention to that which we may have overlooked. -Clint Smith, Author of *Counting Descent*

**Conjure** Rae Armantrout 2020-09-08 Rae Armantrout has always taken pleasure in uncertainties and conundrums, the tricky nuances of language and feeling. In *Conjure* that pleasure is matched by dread; fascination meets fear as the poet considers the emergence of new life (twin granddaughters) into an increasingly toxic world: the Amazon smolders, children are caged or die crossing rivers and oceans, and weddings make convenient targets for drone strikes. These poems explore the restless border between self and non-self and ask us to look with new eyes at what we're doing. CARE Dress like you care! Eat like you care! Care like you care! You don't think apples just grow on trees, do you? \* A fish taps a clam against a bony knob of coral to crack its shell - which demonstrates intelligence yes, but is the fish pleased with itself? \* Alone in your crib, you form syllables. Are you happy when one is like another? Add yourself to yourself. Now you have someone

Steven Willis crafts an entire cast of characters, showcasing their struggles, identities, & underlying emotions. Willis champions the art of storytelling: weaving pop-culture and screenwriting elements to allow the reader to view this social commentary with a fresh lens. **I'll Fly Away** Rudy Francisco 2020-12-08 Language so often fails us. In his highly anticipated follow up to *Helium*, Francisco has created his own words for the things we cannot give name to. English is the shiniest hammer I own, but it's also the only thing in my toolbox. Nolexi noun no·lex-i | \ nō-lek-si \ Definition of nolexi: 1 : a word or phrase that does not exist or has no direct translation in a particular language *I'll Fly Away* uses Francisco's invented lexicon as the palette to paint an intimate portrait of Black life in America — one that praises joy and grace without shying away from the hard truths confronting all of us today.

**Blackout** Candace Owens 2020-09-15 NEW YORK TIMES BESTSELLER It's time for a black exit. Political activist and social media star Candace Owens addresses the many ways that Democrat Party policies hurt, rather than help, the African American community, and why she and many others are turning right. Black Americans have long been shackled to the Democrats. Seeing no viable alternative, they have watched liberal politicians take the black vote for granted without pledging anything in return. In *Blackout*, Owens argues that this automatic allegiance is both illogical and unearned. She

contends that the Democrat Party has a long history of racism and exposes the ideals that hinder the black community's ability to rise above poverty, live independent and successful lives, and be an active part of the American Dream. Instead, Owens offers up a different ideology by issuing a challenge: It's time for a major black exodus. From dependency, from victimhood, from miseducation—and the Democrat Party, which perpetuates all three. Owens explains that government assistance is a double-edged sword, that the Left dismisses the faith so important to the black community, that Democrat permissiveness toward abortion disproportionately affects black babies, that the #MeToo movement hurts black men, and much more. Weaving in her personal story, which ushered her from a roach-infested low-income apartment to 1600 Pennsylvania Avenue, she demonstrates how she overcame her setbacks and challenges despite the cultural expectation that she should embrace a victim mentality. Well-researched and intelligently argued, *Blackout* lays bare the myth that all black people should vote Democrat—and shows why turning to the right will leave them happier, more successful, and more self-sufficient.
