Old Bones Douglas Preston 2019-08-20 The #1 NYT bestselling authors Preston & Child bring the true story of the ill-fated Donner Party to new life in this thrilling novel of archaeology, history, murder, and suspense. Nora Kelly, a young curator at the Santa Fe Institute of Archaeology, is approached by historian Clive Benton with a once-in-a-lifetime proposal: to lead a team in search of the so-called "Lost Camp" of the tragic Donner Party. This was a group of pioneers who earned a terrible place in American history when they became snow-bound in the California mountains in 1847, their fate unknown until the first skeletonized survivors stumbled out of the wilderness, raving about starvation, murder-and cannibalism. Benton tells Kelly he has stumbled upon an amazing find: the long-sought diary of one of the victims, which has an enigmatic description of the Lost Camp. Nora agrees to lead an expedition to locate and excavate it-to reveal its long-buried secrets. Once in the mountains, however, they learn that discovering the camp is only the first step in a mounting journey of fear. For as they uncover old bones, they expose the real truth of what happened, one that is far more shocking and bizarre than mere cannibalism. And when those ancient horrors lead to present-day violence on a grand scale, rookie FBI agent Corrie Swanson is assigned the case...only to find that her first investigation might very well be her last.

Death Match Lincoln Child 2006-10-31 Lewis and Lindsay Thorpe were the perfect couple: young, attractive, and ideally matched. But the veil of perfection can mask many blemishes. When the Thorpes are found dead in their tasteful Flagstaff living room (having committed double suicide), alarms go off in the towering Manhattan offices of Eden Incorporated, the high-tech matchmaking company whose spectacular success, and legendary secrecy, has inspired awe around the world. The Thorpes, few people knew, were more than the quintessential happy couple – they were Eden’s first perfect match. A short time later, Christopher Lash, a gifted former FBI forensic psychologist, receives an urgent plea from Eden to perform a quick – and quiet – investigation into the deaths. Lash’s psychological autopsy reveals nothing suspicious, but inadvertently dredges up the memories of a searing personal tragedy he has kept at bay for years. The situation changes suddenly when a second Eden couple is found dead -- by all appearances, another double suicide. Now Eden – particularly Richard Silver, the company’s brilliant and reclusive founder – has no choice but to grant Lash unprecedented access to its most guarded secrets if he is to have any chance of determining what is going wrong. The hidden world he discovers is a stunning labyrinth of artificial intelligence, creative genius, and a melding of technology that does indeed, to Lash’s surprise, deliver on Eden’s promise to its clients: the guarantee of a perfect, lifelong mate. But Lash’s involvement in the investigation becomes more personal and dangerous than he could have imagined, nearly as soon as it begins. With tremendous imagination and skill, master thriller-writer Lincoln Child renders a setting too frighteningly believable not to be real. Infused with relentless suspense and a riveting pace, DEATH MATCH is Child at his best.

Crooked River Douglas Preston 2020-02-04 From the #1 New York Times bestselling authors: Racing to uncover the mystery of several severed feet found floating in the Gulf of Mexico, Agent Pendergast is faced with the most inexplicable challenge of his career. A startling crime with dozens of victims. Appearing out of nowhere to horrify the quiet resort town of Sanibel Island, Florida, dozens of identical, ordinary-looking shoes float in on the tide and are washed up on the tropical beach—each one with a crudely severed human foot inside. A ghastly enigma with no apparent solution. Called away from vacation elsewhere in the state, Agent Pendergast reluctantly agrees to visit the crime scene—and, despite himself, is quickly drawn in by the incomprehensible puzzle. An early pathology report only adds to the mystery. With an ocean of possibilities confronting the investigation, no one is sure what happened, why, or from where the feet originated. And they desperately need to know: are the victims still alive? A worthy challenge for a brilliant mind. In short order, Pendergast finds himself facing the most complex and inexplicable challenge of his career: a tangled thread of evidence that spans seas and traverses continents, connected to one of the most baffling mysteries in modern medical science. the ideal subject for their malevolent research.

Cemetery Dance Douglas Preston 2009-05-12 Pendergast--the world's most enigmatic FBI Special Agent--returns to New York City to investigate a murderous cult. William Smithback, a New York Times reporter, and his wife Nora Kelly, a Museum of Natural History archaeologist, are brutally attacked in their apartment on Manhattan's Upper West Side. Eyewitnesses claim, and the security camera confirms, that the assailant was their strange, sinister neighbor--a man who, by all reports, was already dead and buried weeks earlier. While Captain Laura Hayward leads the official investigation, Pendergast and Lieutenant Vincent D'Agosta undertake their own private--and decidedly unorthodox--quest for the truth. Their serpentine journey takes them to an enclave of Manhattan they never imagined could exist: a secretive, reclusive cult of Obeah and vodou which no outsiders have ever survived.

Crimson Shore Douglas Preston 2015-11-10 A secret chamber. A mysterious shipwreck. A murder in the desolate salt marshes. A seemingly straightforward private case turns out to be much more complicated--and sinister--than Special Agent A.X.L. Pendergast ever could have anticipated. Pendergast, together with his ward Constance Greene, travels to the quaint seaside village of Exmouth, Massachusetts, to investigate the theft of a priceless wine collection. But inside the wine cellar, they find something considerably more disturbing: a bricked-up niche that once held a crumbling skeleton. Pendergast and Constance soon learn that Exmouth is a town with a very dark and troubled history, and this skeleton may be only the first hint of an ancient transgression, kept secret all these years. But they will discover that the sins of the past are still very much alive. Local legend holds that during the 1692 witch trials in Salem, the real witches escaped, fleeing north to Exmouth and settling deep in the surrounding salt marshes, where they continued to practice their wicked arts. Then, a murdered corpse turns up in the marshes. The only clue is a series of mysterious carvings. Could these demonic symbols bear some relation to the ancient witches' colony, long believed to be abandoned? A terrible evil lurks beneath the surface of this sleepy seaside town--one with deep roots in Exmouth's grim history. And it may be that Constance, with her own troubled past, is the only one who truly comprehends the awful danger that she, Pendergast, and the residents of Exmouth must face . . .

is growing again. We must destroy it. The time to act is now... With these words begins Gideon Crew's latest, most dangerous, most high-stakes assignment yet. Failure will mean nothing short of the end of humankind on earth. Five years ago, the mysterious and inscrutable head of Effective Engineering Solutions, Eli Glinn, led a mission to recover a gigantic meteorite--the largest ever discovered--from a remote island off the coast of South America. The mission ended in disaster when their ship, the Rolvaag, foundered in a vicious storm in the Antarctic waters and broke apart, sinking--along with its unique cargo--to the ocean floor. One hundred and eight crew members perished, and Eli Glinn was left paralyzed. But this was not all. The tragedy revealed something truly terrifying: the meteorite they tried to retrieve was not, in fact, simply a rock. Instead, it was a complex organism from the deep reaches of space. Now, that organism has implanted itself in the sea bed two miles below the surface--and it is growing. If it is not destroyed, the planet will be doomed. There is only one hope: for Glinn and his team to annihilate it, a task which requires Gideon's expertise with nuclear weapons. But as Gideon and his colleagues soon discover, the "meteorite" has a mind of its own--and it has no intention of going quietly...

But then, things go terribly, tragically wrong; the kidnapers escape; and a shattered Pendergast retreats to his New York apartment and shuts out the world. But when a string of bizarre murders erupts across several Manhattan hotels--perpetrated by a boy who seems to have an almost psychic ability to elude capture--NYPD Lieutenant D'Agosta asks his friend Pendergast for help. Reluctant at first, Pendergast soon discovers that the killings are a message from his wife's kidnapers. But why a message? And what does it mean? When the kidnapers strike again at those closest to Pendergast, the FBI agent, filled anew with vengeful fury, sets out to track down and destroy those responsible. His journey takes him deep into the trackless forests of South America, where he ultimately finds himself face to face with an old evil that--rather than having been eradicated--is stirring anew... and with potentially world-altering consequences. Confucius once said: "Before you embark on a journey of revenge, first dig two graves." Pendergast is about to learn the hard way just how true those words still ring.
