*Climate Change Solutions and Environmental Migration* Anna Ginty 2021-04-21 This book lifts the taboo on maladaptation, a different driver of environmentally induced migration, which shines a light on the negative consequences arising from the solutions to climate change, adaptation and mitigation policies. Through a systematic analysis and critique of existing mitigation and adaptation policies under the United Nations Framework Convention on Climate Change (UNFCCC) and international development community, and supplemented by a small empirical study in Indonesia, this book catalogues how maladaptation is manufactured under existing climate change solutions. It posits that customary communities in general- and women in particular- are disproportionately affected by the dominant market-driven logics that underscore current climate change solutions adopted by the UNFCCC. The injustice of maladaptation is highlighted as multi-faceted and explored using political, economic, social and ecological lenses, and the concept of environmental reintegration is also explored as a possible solution to this issue. Further possibilities are then presented in the Afterword, as a combination of what the new (post-neoliberalism) conjuncture could potentially look like. This volume will be of great interest to students, scholars and practitioners of climate change, environmental policy, environmental migration and displacement, development studies, I/NGOs and civil society actors and activists more broadly.

Girl, Woman, Other Bernardine Evaristo 2019-11-05 NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE "A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum." -Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. *Girl, Woman, Other* is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummi works as a cleaner and worries about her daughter's lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, *Girl, Woman, Other* is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

Naylor bravely risks sentimentality and melodrama to write her compassion and outrage large, and she

pulls it off triumphantly.” –The New York Times Book Review “Brims with inventiveness—and relevance.” –NPR's Fresh Air In her heralded first novel, Gloria Naylor weaves together the stories of seven women living in Brewster Place, a bleak-inner city sanctuary, creating a powerful, moving portrait of the strengths, struggles, and hopes of black women in America. Vulnerable and resilient, openhanded and openhearted, these women forge their lives in a place that in turn threatens and protects—a common prison and a shared home. **Man, Interrupted** Philip Zimbardo 2016-01-01 In 2011, Philip Zimbardo gave a TED Talk called "The Demise of Guys," which has been viewed by over 1.8 million people. A TED eBook called The Demise of Guys: Why Guys Are Struggling and What We Can Do About It followed. The is an expansion of that brief polemic based on Zimbardo's observations, research, and the survey that was completed by over 20,000 viewers of the original TED Talk. The premise here is that we are facing a not-so-brave new world; a world in which young men are getting left behind. In record numbers men are flaming out academically and failing socially and sexually with women. Philip G. Zimbardo and Nikita Coulombe say that an addiction to video games and online porn have created a generation of shy, socially awkward, emotionally removed, and risk-adverse young men who are unable (and unwilling) to navigate the complexities and risks inherent to real-life relationships, school, and employment. Taking a critical look at a problem that is tearing at families and societies everywhere, Man, Interrupted suggests that our young men are suffering from a new form of "arousal addiction," and introduce a bold new plan for getting them back on track. The concluding chapters offer a set of solutions that can be affected by different segments of society: What the government can do What schools can do What parents can do What men can do What women can do What the media can do Filled with telling anecdotes, results of fascinating research, perceptive analysis, and concrete suggestions for change. Man Interrupted is a book for our time. It is a book that informs, challenged, and ultimately inspires.

**When Women Were Dragons** Kelly Barnhill 2022-05-03 A rollicking feminist tale set in 1950s America where thousands of women have spontaneously transformed into dragons, exploding notions of a woman's place in the world and expanding minds about accepting others for who they really are. • The first adult novel by the Newbery award-winning author of *The Girl Who Drank the Moon* Alex Green is a young girl in a world much like ours, except for its most seminal event: the Mass Dragoning of 1955, when hundreds of thousands of ordinary wives and mothers sprouted wings, scales, and talons; left a trail of fiery destruction in their path; and took to the skies. Was it their choice? What will become of those left behind? Why did Alex's beloved aunt Marla transform but her mother did not? Alex doesn't know. It's taboo to speak of. Forced into silence, Alex nevertheless must face the consequences of this astonishing event: a mother more protective than ever; an absentee father; the upsetting insistence that her aunt never even existed; and watching her beloved cousin Bea become dangerously obsessed with the forbidden. In this timely and timeless speculative novel, award-winning author Kelly Barnhill boldly explores rage, memory, and the tyranny of forced limitations. *When Women Were Dragons* exposes a world that wants to keep women small—their lives and their prospects—and examines what happens when they rise en masse and take up the space they deserve.

*Women and Leadership in Higher Education During Global Crises* Schnackenberg, Heidi L. 2021-05-21 Women leaders and the COVID-19 pandemic are currently trending in the news. Major news outlets are all offering their positive

opinions on how world-wide women leaders have addressed the crisis and reassured their people. While this sort of press coverage is certainly uplifting, little to no research has been conducted to investigate the effectiveness of women's leadership decisions and strategies in these difficult times. In concert with these global struggles resulting from the pandemic are the challenges faced by higher education. Many colleges and universities have all but shuttered their doors and are conducting instruction, student support, and day-to-day business almost completely online. Women academic leaders bear a great load during global crises, with the combination of maintaining work responsibilities and caring for families and personal households. It is shown that women leaders may feel overwhelmed but remain heroes in unprecedented times of crisis. *Women and Leadership in Higher Education During Global Crises* informs readers and expands their understanding about specific challenges, issues, strategies, and solutions that are associated with women leaders in higher education, the implications during the current pandemic and other natural disasters, and how these strategies can be used for future agility and success. The chapters will cover narratives, strategies, and initiatives that women leaders are using to lead their institutions, departments, sectors, and organizations. It ties together the unimaginable challenges, joys, struggles, and successes encountered by women in leadership in higher education and is ideal for higher education administrators, teachers, leaders, faculty, provosts, deans, program leaders, researchers, academicians, and students interested in both the challenges and successes women leaders in higher education face during global crises.

**Invisible Women** Caroline Criado Perez 2019-03-12 Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*, diving into women's lives at home, the workplace, the public square, the doctor's office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.
