**Power to Bloom** Nassrine Reza 2018-11-12 "Power To Bloom is unlike any book you've read before. It is a gem reminiscent of Krishnamurti and Hafiz, but with its own punch of emerging wisdom and clarity. Nassrine has what I can only call the overt audacity to challenge dozens of our cherished notions about how to manage our minds and emotions. She offers short 'insight units' pointing toward a direct inner path to the foundational life-knowledge within each of us. While reading these insight units from start to finish, you'll find that a spontaneous process of awakening is stimulated, helping you to unveil what you really are" - John Selby The book has been structured in seven parts. Each part explores a special perspective regarding the natural consciousness through which life fully blossoms. While reading these pages, your ingrained identification with who you think you are will begin to dissolve naturally, allowing you to experience your original state. Biography : Nassrine was brought up in Switzerland with her Iranian father and Russian mother. Recognized at an early age with the ability to instantly perceive a person's medical condition, Nassrine regularly works with patients and groups, sharing her insights into human nature and fulfillment. For the last decade she's traveled the world leading seminars, conferences and retreats. In 2002 she came forth with a new method for enhanced healing and wellbeing called Nutri-Emotion, focusing on the natural correlations and interactions of water, emotions and physical health. Collaborating with psychologists and doctors, in 2014 she published her first book (in her native tongue of French) called Nutri-Emotion, A New Way of Healing and Self-Realization. In 2016 she published her bestselling book The Power of Acceptance - being reborn in a single instant, which has been very successful in French-speaking countries.
