Hitchcock and the Making of Marnie Tony Lee Moral 2013-07-29 After a decade of successful films that included Rear Window, Vertigo, North by Northwest, and Psycho, Alfred Hitchcock produced Marnie, an apparent artistic failure and an unquestionable commercial disappointment. Over the decades, however, the film's reputation has undergone a reevaluation, and both critics and fans alike have come to appreciate Marnie's many qualities. In Hitchcock and the Making of Marnie, Tony Lee Moral investigates the cultural and political factors governing the 1964 film's production, the causes of its critical and commercial failure, and Marnie's relevance for today's artists and filmmakers. Hitchcock's style, motivation, and fears regarding the film are well-documented in this

examination of one of his most undervalued efforts. Moral uses extensive research, including personal interviews with Tippi Hedren and Psycho screenwriter Joseph Stefano—as well as unpublished excerpts from interviews with Hitchcock himself—to delve into the issues surrounding the film's production and release. This revised edition features four new chapters that provide even more fascinating insights into the film's production and Hitchcock's working methods. Biographies of Winston Graham—the author of the novel on which the film is based—and screenwriter Jay Presson Allen provide clues into how they brought a feminist viewpoint to Marnie. Additional material addresses Hitchcock's unrealized project Mary Rose and his efforts to bring it to the screen, the director's visual style and subjective approach to Marnie, and an exploration of the "real" Alfred Hitchcock. The book also addresses criticisms of the director following the HBO television movie *The Girl*, which depicted the filming of Marnie. With newly obtained access to the Hitchcock Collection Production Archives at the Margaret Herrick Library, the files of Jay and Lewis Allen, and the memoirs of Winston Graham—as well as interviews in 2012 with the Hitchcock crew—this new edition of Hitchcock and the Making of Marnie provides an invaluable look behind the scenes of a film that has finally been recognized for its influence and vision. It contains more than thirty photos, including a storyboard sequence for the film.

International Impact on 19th Century Norwegian Education Merethe Roos 2021
"Anyone interested in educational ideas and history will be thrilled to read this work by Dr. Roos. It is one of a few English-language books on Norwegian educational history, providing access to Hartvig Nissen's ideas, and how he influenced the development of education in Norway. Through Nissen's life and work, Roos shows the complex relations between religion and education, and sheds light on how ideas travelled across and within countries." --Professor Elaine Munthe, University of Stavanger, Norway
This book examines Norwegian education throughout the course of the 19th century, and discusses its development in light of broader transnational impulses. The nineteenth century is regarded as a period of increasing national consciousness in Norway, pointing forward to the political independency that the country was granted in 1905. Education played an important role in this process of nationalisation: the author posits that transnational – for the most part Scandinavian – impulses were more decisive for the development of Norwegian education than has been acknowledged in previous research. Drawing on the work of educator and school bureaucrat Hartvig Nissen, who is recognised as the most important educational strategist in 19th century Norway, this book will be of interest to scholars of the history of education and Norwegian education more generally. Merethe Roos is Professor of History at the University of South-Eastern Norway and Professor II of History at the University of Bergen, Norway. This book has been published in her position as a professor at USN. She has published several acclaimed research monographs and articles on eighteenth and nineteenth Scandinavian history, and has co-edited several research anthologies.

The Mercies Kiran Millwood Hargrave 2020-02-11 The women in an Arctic village must survive a sinister threat after all the men are wiped out by a catastrophic storm in this "gripping novel inspired by a real-life witch hunt. . . Beautiful and chilling" (Madeline Miller, bestselling author of *Circe*). When the women take over, is it sorcery or power? Finnmark, Norway, 1617. Twenty-year-old Maren Magnussdatter stands on the craggy coast, watching the skies break into a sudden and reckless storm. All forty of the village's men were at sea, including Maren's father and brother, and all forty are drowned in the otherworldly disaster. For the women left behind, survival means defying the strict rules of the island. They fish, hunt, and butcher reindeer—which they never did while the men were alive. But the foundation of this new feminine frontier begins to crack with the arrival of Absalom Cornet, a man sent from Scotland to root out alleged witchcraft. Cornet brings with him the threat of danger—and a pretty, young Norwegian wife named Ursa. As Maren and Ursa are drawn to one another in ways that surprise them both, the island begins to close in on them, with Absalom's iron rule threatening Vardø's very existence. "The Mercies has a pull as sure as the tide. It totally swept me away to Vardø, where grief struck islanders stand tall in the shadow of religious persecution and witch burnings. It's a beautifully intimate story of friendship, love and hope. A haunting ode to self-reliant and quietly defiant women." (Douglas Stuart, Booker Prize winning author of *Shuggie Bain*)

The Simple Life Charles Wagner 2009-06-01 The spirit of simplicity is a great magician. It softens asperities, bridges chasms, draws together hands and hearts. The forms which it takes in the world are infinite in number; but never

does it seem to us more admirable than when it shows itself across the fatal barriers of position, interest, or prejudice, overcoming the greatest obstacles, permitting those whom everything seems to separate to understand one another, esteem one another, love one another. This is the true social cement, that goes into the building of a people.

Hallmark Oliver Popplewell 2009-04-22 Sir Oliver Popplewell became, in his own words, officially 'judicially senile' after a distinguished career at the Bar, as a High court judge specialising in defamation, arbitration and sports law - an appropriate niche for a Cambridge cricket Blue. And in public life he achieved prominence as chairman of important public enquiries such as the Bradford Stadium disaster. "Hallmark: A Judge's Life at Oxford", the sequel to his acclaimed autobiography, "Benchmark: Life, Laughter and the Law", tells how he went to Oxford University to read Philosophy, Politics and Economics as the

oldest undergraduate ever to be admitted - with considerable press and media coverage and good-natured amusement among family and friends. Here is a sharply observed, sympathetic yet critical picture of modern Oxford seen from the perspective of a leading judge and public figure who could contrast this experience with his Cambridge days from the late 1940s. But this is much more than the story of an older student. It is hugely entertaining account of a life lived to the full. Sir Oliver takes his readers into his confidence, shares his experience and presents a unique facet of a fascinating life which can serve as a warm but sharply observed social and cultural history of modern Britain.

The Admirable Crichton ; Peter Pan ; When Wendy Grew Up ; What Every Woman Knows ; Mary Rose James Matthew Barrie 1995 For some 20 years at the beginning of the century J. M. The Admirable Crichton and What Every Woman Knows are shrewd and entertaining contributions to the politics of class and gender, while Mary Rose is one of the best ghost stories written for the stage. Under the General Editorship of Michael Corder of the University of York, the texts of the plays have been newly edited and are supplemented with a scholarly introduction and detailed annotation.

Textual Transformations in Children's Literature Benjamin Lefebvre 2013-01-04 This book offers new critical approaches for the study of adaptations, abridgments, translations, parodies, and mash-ups that occur internationally in contemporary children's culture. It follows recent shifts in adaptation studies that call for a move beyond fidelity criticism, a paradigm that measures the success of an adaptation by the level of fidelity to the "original" text, toward a methodology that considers the adaptation to be always already in conversation with the adapted text. This book visits children's literature and culture in order to consider the generic, pedagogical, and ideological underpinnings that drive both the process and the product. Focusing on novels as well as folktales, films, graphic novels, and anime, the authors consider the challenges inherent in transforming the work of authors such as William Shakespeare, Charles Perrault, L.M. Montgomery, Laura Ingalls Wilder, and A.A. Milne into new forms that are palatable for later audiences particularly when—for perceived ideological or political reasons—the textual transformation is not only unavoidable but entirely necessary. Contributors consider the challenges inherent in transforming stories and characters from one type of text to another, across genres, languages, and time, offering a range of new models that will inform future scholarship.

Haruki Murakami and the Search for Self-Therapy Jonathan Dil 2022-02-24 Haruki Murakami, a global literary phenomenon, has said that he started writing fiction as a means of self-therapy. What he has not discussed as much is what he needed self-therapy for. This book argues that by understanding more about why Murakami writes, and by linking this with the question of how he writes, readers can better understand what he writes. Murakami's fiction, in other words, can be read as a search for self-therapy. In five chapters which explore Murakami's fourteen novels to date, this book argues that there are four prominent therapeutic threads woven through Murakami's fiction that can be traced back to his personal traumas - most notably Murakami's falling out with his late father and the death of a former girlfriend - and which have also transcended them in significant ways as they have been transformed into literary fiction. The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen; the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma; the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again; the fourth thread looks at how individuation can manifest as a response to nihilism. Meticulously researched and written with sensitivity, the result is a sophisticated exploration of Murakami's published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture.
