Phalaina Alice Briè`re-Haquet 2022-09-06 We discover a new species of life form every day. But, every day, a species also disappears. The fly has 10 chromosomes, the hamster 22, the rat 42, the human 46, the chimpanzee 48, the cow 60, and the butterfly 380. London, 1881. There's something a little eerie about Manon - she's not like the other girls at the orphanage. Maybe it's her red eyes. Maybe it's her silence. Maybe it's the series of violent deaths that seem to follow her. What we do know: someone is hot on her tail. And there's a lot of money at stake in finding out where exactly she comes from - and what exactly she is. Concurrent to Manon's story are letters to Charles Darwin from Professor Humphrey, a scientist who has recently died under mysterious circumstances. Is it true that natural selection left humans at the top of the pyramid of life after all? Or in the process of evolution, was there something elemental that humans lost, something that connected us to the rest of life on earth? Who and what else is out there? In order to stay alive, Manon must untangle the mystery of her origins, and perhaps the origins of humanity as well. From French writer Alice Brière-Haquet and translated by PEN-award winning translator Emma Ramadan comes PHALAINA - the middle grade historical sci fi thriller you won't be able to put down.

Wildlife in a Changing World Jean-Christophe Vié 2009 Wildlife in a Changing World presents an analysis of the 2008 IUCN Red List of Threatened Species. Ardenne 1944-1945 Mathieu Billa 2019-03-15 This book explores the famous Ardenne campaign of 1944-1945. This guide presents the battles through the perspective of the combatants, showing the human experience of those who struggled to stay alive during this terrible winter. At the end of 1944, the Axis forces led by Nazi Germany seemed to be out of breath. Many Allied soldiers, although stunned by the recent battles of autumn, were turning their minds to the next Christmas party. In the liberated towns, the population benefited from its newfound freedom, but was preparing to face another winter with rationing. On December 16th, to everyone's surprise, Hitler launched his last big offensive in Belgium and Luxembourg, moving through the Ardennes forests. With almost 300,000 committed fighters, he wanted to reverse the course of the war, playing his last card... This book explores the famous Ardenne campaign which took place during the winter of 1944-1945. The German offensive of December 1944 is briefly put in context, and then summarized in its main points. The less well known battles of January 1945 are explored

through the fate of the 84th division of the American infantry, which included a 21-year-old German youth named Henry Kissinger, not yet the famous diplomat of the 1960s. This guide presents the battle through the perspective of the combatants, focusing on their daily lives, and showing the human experience of those men and women, military and civilian, who struggled to stay alive during this terrible winter. From Elsenborn to Echternach, and of course, encompassing Bastogne, this book leads you in the footsteps of the fighters.

Trick Baby Iceberg Slim 2011-09-13 The author that brought black literature to the streets is back. Weaving stories of deceit, sex, humor and race Iceberg Slim, best-selling author of Pimp, brings us the story of a hustler who doesn't just play the con game, he transforms it. This is the gritty truth, the life of a hustler in south side Chicago where the only characters are those who con and those who get conned. Trick Baby tells the story of "White Folks," a blue-eyed, light-haired, con-artist whose pale skin allows him to pass in the streets as a white man. Folks is tormented early in life, rejected by other children and branded a "Trick Baby," the child conceived between a hooker and her trick. Refusing to abandon his life in the ghetto and a chance at revenge, Folks is taken under the wing of an older mentor, Blue. What happens next is not to be believed. Only Slim could bring us the story of a hustler, forced to learn the game and rise to the top. It's Slim's story and he tells it in the only way he knows how, in the language of the streets.

The Color of Liberty Sue Peabody 2003-06-30 France has long defined itself as a color-blind nation where racial bias has no place. Even today, the French universal curriculum for secondary students makes no mention of race or slavery, and many French scholars still resist addressing racial questions. Yet, as this groundbreaking volume shows, color and other racial markers have been major factors in French national life for more than three hundred years. The sixteen essays in *The Color of Liberty* offer a wealth of innovative research on the neglected history of race in France, ranging from the early modern period to the present. *The Color of Liberty* addresses four major themes: the evolution of race as an idea in France; representations of "the other" in French literature, art, government, and trade; the international dimensions of French racial thinking, particularly in relation to colonialism; and the impact of racial differences on the shaping of the modern French city. The many permutations of race in French history—as assigned identity, consumer product icon, scientific discourse, philosophical problem, by-product of migration, or tool in empire building—here receive nuanced treatments confronting the malleability of ideas about race and the uses to which they have been put. But colonial Algeria is no place to be ambitious for those of Arab-Berber ethnicity. Through a succession of menial jobs, the constants for Turambo are his rage at the injustice surrounding him, and a reliable left hook. Celine the Crippled Giant Milton Hindus 2020-03-25 Louis Ferdinand Céline (the pseudonym of Louis Destouches) was a famous novelist and ferocious anti-Semitic pamphleteer who rose to fame before Hitler, but perfectly represented the fascist mind-set that swept across Europe between 1932 and 1944. Never a Nazi himself, he was author of *Journey to the End of the Night*, *Death on the Installment Plan*, *Guignol's Band*, *Homage to Zola*, and a series of "pamphlets." The latter are a potpourri of racist editorials, ballet scenarios, and anti-Semitic confessions so violent that an aesthete like Andre Gide thought them parodies of other anti-Semitic literature. Little wonder the Nazis regarded Céline as a fellow-traveler. He retreated with the Nazis across the Rhine and sought refuge with them, first in Germany and then in Denmark. In 1951, he benefitted from an amnesty as a wounded veteran of both World Wars. Before his death in 1961 he had regained his popularity with the public and was regarded as a classic writer. Now that the body of his work is in translation, Céline's fame in the literary world circles the globe. Céline, perhaps more than any other analysis, helps shed some light on this enigmatic figure. It establishes his literary importance, and, at the same time, examines his anti-Semitism. After a final meeting, Hindus declared that "Celine is a splinter in my mind that I've got either to absorb completely or eject completely." The reader of this fascinating critical memoir of one of the twentieth century's most controversial literary figures is apt to be left with a similar dilemma.

The Marxists and the Jewish Question Enzo Traverso 1994 The relationship of Marxism to the "Jewish Question" is far more complex than many have assumed. Despite the Jewish backgrounds of several Marxists (including Marx himself), many showed a sense of indifference toward a sense of "Jewishness." Yet an increasingly virulent anti-Semitism - affecting sections of the working class and culminating in the Holocaust and in the growing strength of Zionism - became a problem that numerous Marxist thinkers were compelled to consider. In addition to examining the works of Marx, Karl Kautsky, Leon Trotsky, Ber Borokhov, Abram Leon, and figures associated with the Frankfurt School, Traverso also investigates the actual policies in the socialist and communist movements and sensitively explores the unique history of the Jewish workers' movement in various countries.

Midnight Sun Trish Cook 2018-02-06 A MAJOR MOTION PICTURE STARRING BELLA THORNE! A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of *The Fault In Our Stars* and *Love, Simon*. Seventeen-year-old Katie Price has a rare disease that makes exposure to even the smallest amount of sunlight deadly. Confined to her house during the day, her company is limited to her widowed father and her best (okay, only) friend. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

What the Day Owes the Night Yasmina Khadra 2012-12-31 'Darling, this is Younes. Yesterday he was my nephew, today he is our son'. Younes' life is changed forever when his poverty-stricken parents surrender him to the care of his more affluent uncle. Re-named Jonas, he grows up in a colourful colonial Algerian town, and forges a unique friendship with a group of boys, an enduring bond that nothing - not even the Algerian Revolt - will shake. He meets Emilie - a beautiful, beguiling girl who captures the hearts of all who see her - and an epic love story is set in motion. Time and again Jonas is forced to choose between two worlds: Algerian or European; past or present; love or loyalty, and finally decide if he will surrender to fate or take control of his own destiny at last. AN INTERNATIONAL BESTSELLER.

Facing a World in Crisis Jiddu Krishnamurti 2005-03-08 J. Krishnamurti, one of the most beloved and renowned religious teachers of the twentieth century, often taught his students that they must look at the state of the world, with all its violence and conflict, if they are ever to understand themselves. To turn away from world events was for him not to be alive to what life has to teach. *Facing a World in Crisis* presents a selection of talks that Krishnamurti gave on how to live in and respond to troubling and uncertain times. His message of personal responsibility and the importance of connecting with the broader world is presented in a nonsectarian and nonpolitical way. Direct and ultimately life-affirming, *Facing a World in Crisis* will resonate with readers today who are looking for a new way to understand and find hope in challenging times.

Nightfall Jake Halpern 2015-09-22 The dark will bring your worst nightmares to light in this gripping and eerie survival story, perfect for fans of James Dashner and Neil Gaiman. On Marin's island, sunrise doesn't come every twenty-four hours—it comes every twenty-eight years. Now the sun is just a sliver of light on the horizon. The weather is turning cold and the shadows are growing long. Because sunset triggers the tide to roll out hundreds of miles, the islanders are frantically preparing to sail south, where they will wait out the long Night. Marin and her twin brother, Kana, help their anxious parents ready the house for departure. Locks must be taken off doors. Furniture must be arranged. Tables must be set. The rituals are puzzling—bizarre, even—but none of the adults in town will discuss why it has to be done this way. Just as the ships are about to sail, a teenage boy goes missing—the twins' friend Line. Marin and Kana are the only ones who know the truth about where Line's gone, and the only way to rescue him is by doing it themselves. But Night is falling. Their island is changing. And it may already be too late.

Twilight of History Shlomo Sand 2017-05-02 The acclaimed and controversial historian turns his critical gaze on the writing of history today On its publication in 2009, Shlomo Sand's book *The Invention of the Jewish People* met with a storm of controversy. His demystifying approach to nationalist and Zionist historiography provoked much criticism from other professional historians, as well as praise. The furore gave him a privileged position to consider his academic discipline, which he reflects on here in *Twilight of History*. Drawing on four decades in the field, Sand takes a wider view and interrogates the study of history, whose origin lay in the need for a national ideology. Over the last few decades, traditional history has begun to fragment, yet only to give rise to a new role for historians as priests of official memory. Working in Israel has sharpened Sand's perspective, since the role of history as national myth is particularly salient in a country where the Bible is treated as a source of historical fact. He asks such questions as: Is every historical narrative ideologically marked? Do political requirements and state power weigh down inordinately on historical research and teaching? And, in such conditions, can there be a morally neutral and "scientific" truth? Despite his trenchant criticism of academic history, Sand would still like to believe that the past can be understood without myth, and finds reasons for hope in the work of Max Weber and Georges Sorel.

My Journey to Lhasa Alexandra David-Neel 2005-08-23 An exemplary travelogue of danger and achievement by the Frenchwoman Madame Alexandra David-Neel of her 1923 expedition to Tibet, the fifth in her series of Asian travels, and her personal recounting of her journey to Lhasa, Tibet's forbidden city. In order to penetrate Tibet and reach Lhasa, she used her fluency of Tibetan dialects and culture, disguised herself as a beggar with yak hair extensions and inked

skin and tackled some of the roughest terrain and climate in the World. With the help of her young companion, Yongden, she willingly suffered the primitive travel conditions, frequent outbreaks of disease, the ever-present danger of border control and the military to reach her goal. The determination and sheer physical fortitude it took for this woman, delicately reared in Paris and Brussels, is inspiration for men and women alike. David-Neel is famous for being the first Western woman to have been received by any Dalai Lama and as a passionate scholar and explorer of Asia, hers is one of the most remarkable of all travellers' tales.

The Senility of Vladimir P.: A Novel Michael Honig 2016-08-02 A biting satire of a particular despot and a deeply human allegory of the fragility of goodness and the contagion of unchecked power. Set twenty-odd years from now, it opens on Patient Number One-Vladimir Putin, largely forgotten in his presidential dacha, serviced by a small coterie of house staff, drifting in and out of his memories of the past. His nurse, charged with the twenty-four-hour care of his patient, is blissfully unaware that his colleagues are using their various positions to skim money, in extraordinarily creative ways, from the top of their employer's seemingly inexhaustible riches. But when a family tragedy means that the nurse suddenly needs to find a fantastical sum of money fast, the dacha's chef lets him in on the secret world of backhanders and bribes going on around him, and opens his eyes to a brewing war between the staff and the new housekeeper, the ruthless new sheriff in town. A brilliantly cast modern-day Animal Farm, *The Senility of Vladimir P.* is a coruscating political fable that shows, through an honest man slipping his ethical moorings, how Putin has not only bankrupted his nation economically, but has also diminished it culturally and spiritually.
