Language Hacking German Benny Lewis 2017-11-14 It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Pimsleur Hebrew Level 2 CD Pimsleur 2007-07-10 The Easiest and Fastest Way to Learn Hebrew

Whether you want to travel, communicate with friends or colleagues, reconnect with family, or just understand more of what's going on in the world around you, learning Hebrew will expand your horizons and immeasurably enrich your life. The best part is that it doesn't have to be difficult or take years to master. Thirty minutes a day is all it takes, and we get you speaking right from the first day. Pimsleur courses use a scientifically-proven method that puts you in control of your learning. If you've tried other language learning methods but found they simply didn't stick, then you owe it to yourself to give Pimsleur a try. Why Pimsleur? - Quick + Easy – Only 30 minutes a day. - Portable + Flexible – Core lessons can be done anytime, anywhere, and easily fit into your busy life. - Proven Method – Works when other methods fail. - Self-Paced – Go fast or go slow – it's up to you. - Based in Science – Developed using proven research on memory and learning. - Cost-effective – Less expensive than classes or immersion, and features all native speakers. - Genius – Triggers your brain's natural aptitude to learn. - Works for everyone – Recommended for ages 13 and above. What's Included? - 30, 30-minute audio lessons - 60 minutes of reading instruction to provide you practice reading Hebrew - In total, 16 hours of audio, all featuring native speakers - a Reading Booklet and User's Guide What You'll Learn Builds upon skills taught in Pimsleur's Hebrew Level 1. In the first 10 lessons you'll begin using the past tense. Structures become more complex and informal speech is introduced. Soon you'll take part in conversations about ordering meals, shopping, and local tourist attractions. As you progress, your fluency will increase as your vocabulary expands. The next 10 lessons will allow you to further combine and build upon known elements, and produce longer and more complex sentences. You'll be discussing business and social activities, expressing your interests, and talking about the weather. In the final 10 lessons you'll double your vocabulary and have several hundred structures to draw upon. You'll learn to express yourself with relative structures – faster, slower, etc. You'll be able to ask for assistance in many situations and to ask for directions to various locations. You'll explore sports and leisure activities, manage changing money and banking, and discuss travel plans. By the end of the program, you'll be speaking at a mid-intermediate level with near-native pronunciation, and you'll be comfortable meeting most social demands and limited job requirements. Reading Lessons, which build upon the reading skills acquired in Level 1, are included at the end of Lesson 30. These lessons, which total about one hour, are designed to give you practice reading Hebrew. The Pimsleur Method We make no secret of what makes this powerful

method work so well. Paul Pimsleur spent his career researching and perfecting the precise elements anyone can use to learn a language quickly and easily. Here are a few of his “secrets”:

- The Principle of Anticipation** In the nanosecond between a cue and your response, your brain has to work to come up with the right word. Having to do this boosts retention, and cements the word in your mind.
- Core Vocabulary** Words, phrases, and sentences are selected for their usefulness in everyday conversation. We don't overwhelm you with too much, but steadily increase your ability with every lesson.
- Graduated Interval Recall** Reminders of new words and structures come up at the exact interval for maximum retention and storage into your long-term memory.
- Organic Learning** You work on multiple aspects of the language simultaneously. We integrate grammar, vocabulary, rhythm, melody, and intonation into every lesson, which allows you to experience the language as a living, expressive form of human culture.
- Learning in Context** Research has shown that learning new words in context dramatically accelerates your ability to remember. Every scene in every Pimsleur lesson is set inside a conversation between two people. There are no drills, and no memorization necessary for success.
- Active Participation** The Pimsleur Method + active learner participation = success. This method works with every language and every learner who follows it. You gain the power to recall and use what you know, and to add new words easily, exactly as you do in English.

The Hebrew Language Hebrew, a Semitic language, is the official language of Israel. It was once considered a dead language with no native speakers, although it remained in use for liturgical purposes. Hebrew was revived as a spoken language in the mid-19th century and today is spoken by over 5 million in Israel.

[The Psychology of the Language Learner](#) Zoltán Dörnyei 2014-04-04 Research results over the past decades have consistently demonstrated that a key reason why many second language learners fail--while some learners do better with less effort--lies in various learner attributes such as personality traits, motivation, or language aptitude. In psychology, these attributes have traditionally been called "individual

differences." The scope of individual learner differences is broad--ranging from creativity to learner styles and anxiety--yet there is no current, comprehensive, and unified volume that provides an overview of the considerable amount of research conducted on various language learner differences, until now. Each chapter in this new volume focuses on a different individual difference variable. Besides a review of the relevant second language literature, Zoltán Dörnyei presents a concise overview of the psychological research involving each topic. A key concern for the author has been to define the various learner factors as measurable constructs and therefore the discussion includes a summary of the most famous tests and questionnaires in each domain. A wide range of readers will benefit from this book--students in linguistics, applied linguistics, modern languages, and psychology programs; second language teachers participating in in-service training courses; and researchers in second language acquisition and psychology.

Anxious People Fredrik Backman 2020-09-08 Instant #1 New York Times Bestseller A People Book of the Week, Book of the Month Club selection, and Best of Fall in Good Housekeeping, PopSugar, The Washington Post, New York Post, Shondaland, CNN, and more! “[A] quirky, big-hearted novel...Wry, wise, and often laugh-out-loud funny, it’s a wholly original story that delivers pure pleasure.” —People From the #1 New York Times bestselling author of A Man Called Ove comes a charming, poignant novel about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Looking at real estate isn’t usually a life-or-death situation, but an apartment open house becomes just that when a failed bank robber bursts in and takes a group of strangers hostage. The captives include a recently retired couple

who relentlessly hunt down fixer-uppers to avoid the painful truth that they can't fix their own marriage. There's a wealthy bank director who has been too busy to care about anyone else and a young couple who are about to have their first child but can't seem to agree on anything, from where they want to live to how they met in the first place. Add to the mix an eighty-seven-year-old woman who has lived long enough not to be afraid of someone waving a gun in her face, a flustered but still-ready-to-make-a-deal real estate agent, and a mystery man who has locked himself in the apartment's only bathroom, and you've got the worst group of hostages in the world. Each of them carries a lifetime of grievances, hurts, secrets, and passions that are ready to boil over. None of them is entirely who they appear to be. And all of them—the bank robber included—desperately crave some sort of rescue. As the authorities and the media surround the premises these reluctant allies will reveal surprising truths about themselves and set in motion a chain of events so unexpected that even they can hardly explain what happens next. Rich with Fredrik Backman's "pitch-perfect dialogue and an unparalleled understanding of human nature" (Shelf Awareness), *Anxious People* is an ingeniously constructed story about the enduring power of friendship, forgiveness, and hope—the things that save us, even in the most anxious times.

The Lords of Easy Money Christopher Leonard 2022-01-11 "The New York Times bestselling business journalist Christopher Leonard infiltrates one of America's most mysterious institutions--the Federal Reserve--to show how its policies over the past ten years have accelerated income inequality and put our country's economic stability at risk"--

The Jasmine Project Meredith Ireland 2021-09-07 Jenny Han meets The Bachelorette in this “sparkling, witty, warm-hearted gem” (Karen M. McManus, #1 New York Times bestselling author of One of Us Is Lying) of a romantic comedy about a teen Korean American adoptee who unwittingly finds herself at the center of a competition for her heart, as orchestrated by her overbearing, loving family. Jasmine Yap’s life is great. Well, it’s okay. She’s about to move in with her long-time boyfriend, Paul, before starting a nursing program at community college—all of which she mostly wants. But her stable world is turned upside down when she catches Paul cheating. To her giant, overprotective family, Paul’s loss is their golden ticket to showing Jasmine that she deserves much more. The only problem is, Jasmine refuses to meet anyone new. But...what if the family set up a situation where she wouldn’t have to know? A secret Jasmine Project. The plan is simple: use Jasmine’s graduation party as an opportunity for her to meet the most eligible teen bachelors in Orlando. There’s no pressure for Jasmine to choose anyone, of course, but the family hopes their meticulously curated choices will show Jasmine how she should be treated. And maybe one will win her heart. But with the family fighting for their favorites, bachelors going rogue, and Paul wanting her back, the Jasmine Project may not end in love but total, heartbreaking disaster.

The Italian Teacher Tom Rachman 2018-03-20 “An exotic touch of intrigue arises in THE ITALIAN TEACHER . . . deliciously ironic and deeply affectionate.”—Ron Charles, The Washington Post A masterful novel about the son of a great painter striving to create his own legacy, by the bestselling author of The Imperfectionists. Conceived while his father, Bear, cavorted around Rome in the 1950s, Pinch learns quickly that Bear's genius trumps all. After Bear abandons his family, Pinch strives to make himself worthy of his father's attention--first trying to be a painter himself; then resolving to write his father's

biography; eventually settling, disillusioned, into a job as an Italian teacher in London. But when Bear dies, Pinch hatches a scheme to secure his father's legacy--and make his own mark on the world. With his signature humanity and humor, Tom Rachman examines a life lived in the shadow of greatness, cementing his place among his generation's most exciting literary voices.

State Change Robin Berzin 2022-01-18 A 30-day program for reaching a new level of energy, clarity, and calm, based on a paradigm shifting idea: You have to change your body to change your mind and mood. Too often, conventional medicine treats the body as separate from the mind, ignoring physical issues like chronic illness and weight gain. Science shows that these issues are oftentimes intricately entwined with mood issues like depression, anxiety, stress, and persistent fatigue. In *State Change*, Dr. Berzin draws on cutting-edge research and her work with thousands of patients to tell the complete story of how our bodies drive our minds, mood, and energy levels. This builds on her work at her nationally renowned holistic health service Parsley Health, where Dr. Berzin and her team of over 100 highly trained medical providers focus on treating the whole patient, yielding extraordinary results for those dealing with gastrointestinal, hormone-related, autoimmune, and mental health conditions. This trailblazing book explores the new science of optimizing the body in ways that will help anyone attain a new baseline for energy, calm, and optimism. Dr. Berzin believes that treating common imbalances in the body is the only way to achieve what she calls a state change—a transformation to higher levels of mental focus, emotional stability, and flow. Leveraging Parsley's unique patient data and successful proprietary protocols, *State Change* includes a 30-day program for resetting the body, mind, and mood. With easy-to-understand advice and detailed personalized assessments, *State Change* is the ultimate gateway to a positive mental state and peak physical health.

The Transvection Machine Edward D. Hoch 2014-06-01 When a government official dies on the operating table, the president calls in the computer cops. On Venus, a radical exile escapes from a maximum-security prison, pledging to return to Washington and assassinate the president. Transport between Earth and the solar colonies is tightly regulated, but the exile knows a shortcut: the top-secret transvection machine, an experimental device that could theoretically be used to teleport men from planet to planet. Vander Defoe, the tool's creator, is busy securing it when he feels a pain in his stomach: His appendix is about to explode. Defoe dies in the operating room during routine computerized surgery, and the case falls in the lap of the Computer Investigation Bureau, which has jurisdiction over all computer-related

crimes. As the team tries to determine who corrupted the system that killed Defoe, it finds that in this case, all roads lead to Venus.

Polyglot Notes Yuriy Ivantsiv 2020-05-09 The practical manual clearly describes how to build your learning, how to develop your memory, why you forget how to develop your language skills to automatism, how to create a language environment for yourself, what a cultural shock is, and how to overcome it. As well as many other topical issues that people face when learning a language. Each person throughout his or her life has to deal with different cultures and languages one way or another. Knowledge of language greatly facilitates the interaction of a person with another type of culture, improves social status, provides career growth, provides great opportunities for self-expression and dissemination of ideas, opens up prospects for modern education, improves financial situation, contributes to the achievement of your goals and objectives. However, in the process of learning many people necessarily face difficulties, which they lack experience and necessary knowledge to overcome. This practical manual will become a desktop assistant for a large audience: for those who want to or are already learning a foreign language, do it alone or with a teacher, individually, in a group or educational institution (school, college, university, academy). The workshop will help to structure and organize your individual language learning process and will give you the opportunity to independently determine the methodology of learning a language that will be interesting and not burdensome. The title of the manual reflects its content: current issues and possible solutions. The material is presented in a concise and concrete manner. The methods presented in the

book can be immediately applied in language practice. Each person can choose the method that is interesting and most adapted to him or her, as well as suitable to his or her pace and lifestyle, so that language learning becomes a natural and exciting process.

Remembering the Kanji James W. Heisig 2012 This book focuses on the pronunciation and reading of the Kanji presented in Remembering the Kanji V. 1. The Kanji in this volume are organized into groups based on the building blocks of the characters to facilitate their study.

Fluent Forever Gabriel Wyner 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.
