**The Circle** Dave Eggers 2013-10-08 A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

*A Certain Age* Rudolf Mrázek 2009-01-01 *A Certain Age* is an unconventional, evocative work of history and a moving reflection on memory, modernity, space, time, and the limitations of traditional historical narratives. Rudolf Mrázek visited Indonesia throughout the 1990s, recording lengthy interviews with elderly intellectuals in and around Jakarta. With few exceptions, they were part of an urban elite born under colonial rule and educated at Dutch schools. From the early twentieth century, through the late colonial era, the national revolution, and well into independence after 1945, these intellectuals injected their ideas of modernity, progress, and freedom into local and national discussion. When Mrázek began his interviews, he expected to discuss phenomena such as the transition from colonialism to postcolonialism. His interviewees, however, wanted to share more personal recollections. Mrázek illuminates their stories of the past with evocative depictions of their late-twentieth-century surroundings. He brings to bear insights from thinkers including Walter Benjamin, Bertold Brecht, Le Corbusier, and Marcel Proust, and from his youth in Prague, another metropolis with its own experience of passages and revolution. Architectural and spatial tropes organize the book. Thresholds, windowsills, and sidewalks come to seem more apt as descriptors of historical transitions than colonial and postcolonial, or modern and postmodern. Asphalt roads, homes, classrooms, fences, and windows organize movement, perceptions, and selves in relation to others. *A Certain Age* is a portal into questions about how the past informs the present and how historical accounts are inevitably partial and incomplete.

**Red Plenty** Francis Spufford 2012-02-14 "Spufford cunningly maps out a literary genre of his own . . . Freewheeling and fabulous." –The Times (London) Strange as it may seem, the gray, oppressive USSR was founded on a fairy tale. It was built on the twentieth-century magic called "the planned economy," which was going to gush forth an abundance of good things that the lands of capitalism could never match. And just for a little while, in the heady years of the late 1950s, the magic seemed to be working. Red Plenty is about that moment in history, and how it came, and how it went away; about the brief era when, under the rash leadership of Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would out-glimmer Manhattan and every Lada would be better engineered than a Porsche. It's about the scientists who did their genuinely brilliant best to make the dream come true, to give the tyranny its happy ending. Red Plenty is history, it's fiction, it's as ambitious as Sputnik, as uncompromising as an Aeroflot flight attendant, and as different from what you were expecting as a glass of Soviet champagne.

**Overtourism** Claudio Milano 2019-06-07 This book examines the evolution of the phenomenon and explores the genesis of overtourism and the system dynamics underlining it. The 'overtourism' phenomenon is defined as the excessive growth of visitors leading to overcrowding and the consequential suffering of residents, due to temporary and often seasonal tourism peaks, that lead to permanent changes in lifestyles, amenities and well-being. Enormous tensions in overtourism affected destinations have driven the intensification of policy making and scholarly attention toward seeking antidotes to an issue that is considered paradoxical and problematic. Moving beyond the 'top 10 things you can do about overtourism', this book examines the evolution of the phenomenon and explores the genesis of overtourism as well as the system dynamics underpinning it. With a rigorous scientific approach, the book uses systems-thinking and contemporary paradigms around sustainable development, resilience planning and degrowth; while considering global economic, socio-political, environmental discourses. Researchers, analysts, policy makers and industry stakeholders working within tourism as well as those within the private sector, community groups, civil society groups and NGOs will find this book an essential source of information.

**Hive Mind** Garrett Jones 2015-11-11 Over the last few decades, economists and psychologists have quietly documented the many ways in which a person's IQ matters. But, research suggests that a nation's IQ matters so much more. As Garrett Jones argues in *Hive Mind*, modest differences in national IQ can explain most cross-country inequalities. Whereas IQ scores do a moderately good job of predicting individual wages, information processing power, and brain size, a country's average score is a much stronger bellwether of its overall prosperity. Drawing on an expansive array of research from psychology, economics, management, and political science, Jones argues that intelligence and cognitive skill are significantly more important on a national level than on an individual one because they have "positive spillovers." On average, people who do better on standardized tests are more patient, more cooperative, and have better memories. As a result, these qualities—and others necessary to take on the complexity of a modern economy—become more prevalent in a society as national test scores rise. What's more, when we are surrounded by slightly more patient, informed, and cooperative neighbors we take on these qualities a bit more ourselves. In other words, the worker bees in every nation create a "hive mind" with a power all its own. Once the hive is established, each individual has only a tiny impact on his or her own life. Jones makes the case that, through better nutrition and schooling, we can raise IQ, thereby fostering higher savings rates, more productive teams, and more effective bureaucracies. After demonstrating how test scores that matter little for individuals can mean a world of difference for nations, the book leaves readers with policy-oriented conclusions and hopeful speculation: Whether we lift up the bottom through changing the nature of work, institutional improvements, or freer immigration, it is possible that this period of massive global inequality will be a short season by the standards of human history if we raise our global IQ.

*Jakarta: 25 Excursions in and around the Indonesian Capital* Andrew Whitmarsh 2013-09-03 The only Indonesia travel guide you'll need for getting around Jakarta! Everything you need is in this one convenient package—including a large pull-out map! Linking over 500 activities and attractions into 25 half-day and full-day excursions, this is the first in-depth travel book on Jakarta that tells you exactly where to go, what to do and how to get there in order to maximize your enjoyment of the city. Illustrated with over 40 maps and 200 color photographs of the city, the 25 tours take you by the hand from the maritime and historical attractions of north Jakarta, down the culturally rich back streets of central Jakarta, to the peaceful parks and family attractions of the south; and on five additional tours outside the city, exploring mountains, lakes and beaches within easy reach of the capital. Each tour starts with a description of the neighborhood's key attractions; cultural and historical background and advice on how to get to the starting point, followed by a step-by-step guide through the walk itself. Tours include high adventure—scuba diving, paragliding, rock climbing, microlighting, horse riding and wet and dry market exploration—as well as more traditional visits to art galleries, museums, parks and temples. Special interest tours include history walks, urban art walks and market walks. Each chapter gives you the walk length, degree of difficulty and age suitability, so you know exactly what you are getting into before you start. This indispensable Jakarta travel guide is jam-packed with practical tips on what to wear, what to bring, expect and say to the local people you encounter as you explore areas of Jakarta off the beaten path, and re-explore favorite neighborhoods with new insight. Written by resident expert Andrew Whitmarsh, this book makes exploring Jakarta on foot fun, safe and easy.

The Love of a Good Woman Alice Munro 2011-06-22 All of these eight wonderful stories are about what people will do for love, and the unexpected routes their passion will force them to take. An old landlady in Vancouver who alarms the just-married narrator with her prim advice about married life – and “the peculiar threat” of a china cabinet that must be washed once a month – is shown to have conspired when young in a crime of passion. A young mother, at the mercy of the “radiant explosion” that comes when she thinks of her secret life, abandons her baby and four-year old to be with her lover in the story “The Children Stay.” A gruff old country doctor in the 1960s is discovered by his daughter to be helping desperate women, his “special patients.” An impetuous young woman meets a visiting Indian student and conceives on a train from Vancouver to Toronto because of “the fact that you couldn’t get condoms around the Calgary station, not for love or money.” An Ontario farm wife’s affair drives her husband to commit a murder; its discovery, years later, will act as a negotiating point for a new, presumably satisfactory, marriage. The book is clear-eyed about the imperfections of marriage, the clutter of our emotional lives, and the impermanence of love: “Not that that was the end. For we did make up. But we didn’t forgive each other.” Even the shared memories of earlier times prove to be a minefield, and many of the stories track the changes that time brings over generations to families, lovers, and even to friends who share old, intimate secrets about “the prostration of love.” As always these stories by Alice Munro are shot through with humour, and are as rich as novels. As always the characters in the stories are easily, sometimes uncomfortably, recognizable as people like us. One quote summarizes the delightful surprises that await the reader: “Did you ever think that people’s lives could be like that and end up like this? Well, they can.”

**Very Thai** Philip Cornwel-Smith 2005 This pioneering insight into contemporary Thai folk culture delves beyond the traditional Thai icons to reveal the casual, everyday expressions of Thainess that so delight and puzzle. From

**SEAL Of My Dreams** Robyn Carr 2011-11-11 True heroes who will win your heart. Honor, duty, courage, passion . . . the men of the Navy SEALs are a special breed of hero, and in these stories by eighteen top romance authors the SEALs are celebrated not only as symbols of devoted service to their country but as the kind of man every woman wants to love. They'll rescue a damsel in distress and her lap dog, too. They'll battle hometown dramas and international bad guys. When it comes to giving away their hearts, they'll risk everything. All proceeds from sales of SEAL of My Dreams goes to the Veterans Research Corporation, a non-profit fundraiser for veterans' medical research. Among them, the authors of SEAL of My Dreams have won dozens of writing awards including multiple RITAs from Romance Writers of America. Their nearly 600 published novels have sold at least 25 million copies worldwide. The SEAL of My Dreams roster includes many of the best-known authors in modern romance fiction. In addition, many have strong family connections to the servicemen and women of our nation's military, and many specialize in novels featuring heroes and heroines from all branches of service.
