With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

What Every American Should Know About the Middle East Melissa Rossi 2008-12-30

The What Every American Should Know series returns with a timely guide to the region Americans need to understand the most (and know the least) The latest edition of Melissa Rossi's popular What Every American Should Know series gives a crash course on one of the most complex and important regions of the world. In this comprehensive and engaging reference book, Rossi offers a clear analysis of the issues playing out in the Middle East, delving into each country's history, politics, economy, and religions. Having traveled through the area over the past year, she exposes firsthand the U.S.'s geopolitical moves and how our presence has affected the region's economic and political development. Topics include: · Why Iran is viewed as a threat by most Middle East countries · What resource is more important than petroleum in regional power plays · What's really behind the fighting between Sunni and Shia · How Saudi Arabia inadvertently feeds the violence in Iraq and beyond · How monarchies like those in Jordan and Qatar are more open and progressive than the so-called republics With answers that will surprise many Americans, and covering a vast history and cultural complexity that will fascinate any student of the world, What Every American Should Know About the Middle East is a must-read introduction to the most critical region of the twenty-first century.

**The Sherlock Holmes Book** DK 2015-10-20 The Sherlock Holmes Book, the latest in DK's award-winning Big Ideas Simply Explained series, tackles the most "elementary" of subjects--the world of Sherlock Holmes, as told by Sir Arthur Conan Doyle. The Sherlock Holmes Book is packed with witty illustrations, clear graphics, and memorable quotes that make it the perfect Sherlock Holmes guide, covering every case of the world's greatest detective, from A Study in Scarlet to The Adventure of Shoscombe Old Place, placing the sorties in a wider context. Stories include at-a-glance flowcharts that show how Holmes reaches his conclusions through deductive reasoning, and character guides provide handy reference for readers and an invaluable resource for fans of the Sherlock Holmes films and TV series. The Sherlock Holmes Book holds a magnifying glass to the world of Sir Arthur Conan Doyle's legendary detective.

**The Sociology Book** Alexandra Beeden 2015 All the big ideas, simply explained - an innovative and accessible guide to sociology Part of the popular Big Ideas series, The Sociology Book introduces you to the subject that tells you all about what society is and what makes it tick. With over 80 ideas from the world's most renowned sociologists, covering topics as diverse as issues of equality, diversity, identity and human rights; the effects of globalization; the role of institutions, and the rise of urban living in modern society, this book details the key concepts of sociological thought. Discover all the big sociological ideas with quirky graphics, pithy quotes and step-by-step 'mind maps'. You'll be brought up-to-date on sociological ideas from Jeffrey Alexander to Sharon Zukin, with easy to navigate step-by-step summaries which explain each idea in a nutshell. Plus biographies of key sociologists from

around the world, giving a historical context to each idea. Whether you are a sociology student or just have an interest in the workings of society, The Sociology Book is a perfect way to explore this fascinating subject

**The Crime Book** DK 2021-02-02 Investigate 100 of the world's most notorious crimes, including the Great Train Robbery, the Lindbergh kidnapping, and the murders of serial killer Jeffrey Dahmer. Were the perpetrators delusional, opportunist, or truly evil? Find out what really happened and how the cases were solved. Discover conmen with sheer verve, such as Victor Lustig who "sold" the Eiffel Tower to scrap dealers in 1925, adrenaline-fuelled escapes, and mind-bending exploits of pirates, kidnappers, and drug cartels. The Crime Book demystifies malware, cybercrimes, and Ponzi schemes and sets out the terrifying ploys of mass murderers from 16th-century Elizabeth Báthory who drained young girls' blood to the more recent exploits of Rosemary and Fred West. Like a virus, crime mutates and adapts. The Crime Book explains how pivotal moments in history opened up new opportunities for criminals, such as the smuggling of alcohol during the American Prohibition era. It also charts developments in justice and forensics including the Innocence Project, which used DNA testing to exonerate wrongly convicted convicts. It examines how the forces of law and order have fought back against crime, explaining ingenious sting operations such as tracking down the jewel thief Bill Mason and the final capture of murderer Ted Bundy. With a foreword from bestselling crime author Cathy Scott, The Crime Book is an enthralling introduction to humanity's darker side. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics, along with straightforward and engaging writing, to make complex subjects easier to understand. These award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

**The Negro Motorist Green Book** Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

their world from the objects they left behind - from the US Constitution to the first iPhone - in DK's latest history book. From the beginning of human history, the one thing that has defined us is our talent for making things, from basic technology and everyday objects, such as bowls and hand axes, to high-tech inventions, such as supersonic aircraft, smart devices, and Mars rovers. Objects speak volumes about a civilization, telling us how our ancestors lived - as well as what they believed in and valued. A bronze cat mummy shows us how highly the ancient Egyptians valued their feline companions, while a mechanical tiger toy tells the story of rising tensions between an Indian sultan and European colonizers. With stunning, exclusive photography, History of the World in 1000 Objects shows you the objects that our ancestors treasured - from the jewelry worn by the Mesopotamians to the prized ritual vessels used by the people of the Shang Dynasty - and gives you insight into what gave each culture its own identity. From astrolabes and airplanes to vacuum cleaners and X-rays, DK uses its hallmark visual style to weave the extraordinary legacy of our creativity into a unique view of world history that will change the way you see the objects all around us.

**Political Science For Dummies** Marcus A. Stadelmann 2020-08-18 Expand your political science knowledge with a book that explains concepts in a way anyone can understand! The global political climate is dynamic, at times even volatile. To understand this evolving landscape, it's important to learn more about how countries are governed. The Shakespeare Book DK 2015-03-10 "All the world's a stage", William Shakespeare wrote, "And all the men and women merely players." Sit back as the curtain goes up on the dramas, sonnets, and life of one of the greatest writers in the English language. Shakespeare wrote or contributed to more than 40 plays, ranging from romantic comedies to the profound tragedy King Lear, as well as 154 sonnets. The Shakespeare Book has visual plot summaries of each one, with diagrams to show the intricate web of relationships in plays such as A Midsummer's Night Dream. Commentaries explain Shakespeare's sources and set each drama in context, revealing, for instance, how the warring Protestants and Catholics of his day are mirrored in Romeo and Juliet's Montagues and Capulets. Written in plain English and packed with graphics and illustrations, The Shakespeare Book illumines the Bard's world - his marriage, businesses, and friends - and explains how his works became an enduring phenomenon. Whether you need a guide through complex plots and unfamiliar language, or you're looking for a fresh perspective on his well-loved plays and sonnets, this indispensable guide will help you fully appreciate Shakespeare, the man, and the writer. Reviews: "Generous helpings of illustrations, time lines, plot diagrams, and

character guides ensure that even readers in their 'salad days' will enjoy every dish at the Shakespearean feast." - Booklist "Enlightening" - YA Book Central "In this latest addition to the series, the Bard comes alive for young aficionados." - School Library Journal "Countless volumes have been written about William Shakespeare and his work, but here is a single volume that has organized his plays (and some of his sonnets) in exactly what the subtitle says: 'Big Ideas Simply Explained...a must-have.'" - VOYA magazine

The Black History Book DK 2021-11-23 Discover the rich and complex history of the peoples of Africa, and the struggles and triumphs of Black cultures and communities around the world. With profiles of key people, movements, and events, The Black History Book brings together accounts of the most significant ideas and milestones in Black history and culture. This vital and thought-provoking ebook presents a bold and accessible overview of the history of the African continent and its peoples - from the earliest human migrations to modern Black communities and the African diaspora. Powerful images and innovative infographics bring to life the stories of the early kingdoms of Ancient Egypt, Nubia, and Carthage; the powerful empires of the Medieval and Early Modern eras; and the struggle against European colonizers. Black history and culture beyond the African continent is also explored in detail - including the Atlantic Slave Trade; the quilombos (slave resistance camps) of Brazil; the Harlem Renaissance and Jazz Age; the "Windrush" migration; Civil Rights and Black feminist movements; and Black Lives Matter. Using the "Big Ideas" series' trademark combination of authoritative, accessible text and bold graphics, The Black History Book examines the achievements and struggles of Black communities across the world up to the modern day, as well as the influence of Black cultures on art, literature, and music the world over.

**The Art Book** Caroline Bugler 2020-11-10 Explores the ideas behind one hundred iconic works of art while examining their historical context.

*The Feminism Book* DK 2019-02-05 Exploring more than 100 of the most important ideas, organizations, and events to have defined the feminist movement, this is an essential introduction to feminism. The latest entry in DK's bestselling Big Ideas series, The Feminism Book is a complete study of feminism. Trace the subject from its origins, through the suffrage campaigns of the late 19th century, to recent developments such as the Everyday Sexism Project and the #MeToo movement. Examine the ideas that underpin feminist thought through crucial figures, from Simone de Beauvoir to Chimamanda Ngozi Adichie, and discover the wider social, cultural, and historical context of their impact. Find out who campaigned for birth control, when the term "intersectionality" was coined, and what "postfeminism" really means in this comprehensive book. Using the Big Ideas series' trademark combination of authoritative, accessible text and bold graphics, the most significant concepts and theories have never been easier to understand. Packed with inspirational quotations, eye-catching infographics, and clear flowcharts, The Feminism Book is a must-have for anyone with an interest in the subject.

*The Business Book* DK 2014-12-19 You can achieve your business dream. Beat the odds as you learn from the best - including Henry Ford, Steve Jobs, and Bill Gates - and turn your idea into an amazing and profitable enterprise. It is a plain-speaking visual guide to 80 of the most important commerce theories including chaos theory, critical path analysis, market mapping, and the MABA matrix. Its graphics and flow diagrams demystify complicated concepts and explain the ideas of seminal business thinkers, such as Malcolm Gladwell's "tipping point" or Michael Porter's "five forces". It shows that you can succeed with stories of rags-to-riches entrepreneurs, including the founders of Hewlett-Packard, who began their global enterprise from their garage. Whether you are a student, a CEO, or a would-be entrepreneur, The Business Book will inspire you and put you on the inside track to making your goal a reality. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

*The Philosophy Book* DK 2015-03-02 What existed before the Universe was created? Where does self-worth come from? Do the ends always justify the means? The Philosophy Book answers the most profound questions we all have. It is your visual guide to the fundamental nature of existence, society, and how we think. Discover what it means to be free, whether science can predict the future, or how language shapes our thoughts. Learn about the world's greatest philosophers, from Plato and Confucius to modern thinkers such as Chomsky and Derrida and follow charts and timelines that graphically show the progression of ideas and logic. Written in plain English, with concise explanations of branches of philosophy such as metaphysics and ethics, it untangles complicated theories and makes sense of abstract concepts. It is an ideal reference whether you're a student or a general reader, with simple explanations of big ideas, including the four noble truths, the soul, class struggle, moral purpose, and good and evil. If you're curious about the deeper questions in life, The Philosophy Book is both an invaluable reference and illuminating read.

**Men in Black** Mark R. Levin 2006-09-25 "A modern conservative classic." - Sean Hannity "Men in Black couldn't be more timely or important...a tremendously important and compelling book." - Rush Limbaugh "One of the finest books on the Constitution and the judiciary I've read in a long time...There is no better source for understanding and grasping the seriousness of this issue." - Edwin Meese III "The Supreme Court has broken through the firewalls constructed by the framers to limit judicial power." "America's founding fathers had a clear and profound vision for what they wanted our federal government to be," says constitutional scholar Mark R. Levin in his explosive book, *Men in Black*. "But today, our out-of-control Supreme Court imperiously strikes down laws and imposes new ones to suit its own liberal whims—robbing us of our basic

freedoms and the values on which our country was founded.” In *Men in Black: How the Supreme Court Is Destroying America*, Levin exposes countless examples of outrageous Supreme Court abuses, from promoting racism in college admissions, expelling God and religion from the public square, forcing states to confer benefits on illegal aliens, and endorsing economic socialism to upholding partial-birth abortion, restraining political speech, and anointing terrorists with rights. Levin writes: “Barely one hundred justices have served on the United States Supreme Court. They’re unelected, they’re virtually unaccountable, they’re largely unknown to most Americans, and they serve for life...in many ways the justices are more powerful than members of Congress and the president.... As few as five justices can and do dictate economic, cultural, criminal, and security policy for the entire nation.” In *Men in Black*, you will learn: How the Supreme Court protects virtual child pornography and flag burning as forms of free speech but denies teenagers the right to hear an invocation mentioning God at a high school graduation ceremony because it might be “coercive.” How a former Klansman and virulently anti-Catholic Supreme Court justice inserted the words “wall of separation” between church and state in a 1947 Supreme Court decision—a phrase repeated today by those who claim to stand for civil liberty. How Justice Harry Blackmun, a one-time conservative appointee and the author of *Roe v. Wade*, was influenced by fan mail much like an entertainer or politician, which helped him to evolve into an ardent activist for gay rights and against the death penalty. How the Supreme Court has dictated that illegal aliens have a constitutional right to attend public schools, and that other immigrants qualify for welfare benefits, tuition assistance, and even civil service jobs.

**The Feminism Book** Hannah McCann 2022-04-12 Combines authoritative text with graphics and quotes from leading contributors in an introduction to more than eighty-five of the most important ideas, movements, and events that have defined feminism and feminist thought throughout history.
