Lizard in My Luggage Anna Nicholas 2019-05-30 Anna, a PR consultant to Mayfair's ritziest and most glamorous, had always thought Mallorca was for the disco and beer-swilling fraternity. That was until her sister hired an au pair

from a rural part of the island who said it was the most beautiful place on earth. On a visit, Anna impulsively decided to buy a ruined farmhouse. Despite her fear of flying, she kept a foot in both camps and commuted to central London to manage her PR company. But she found herself drawn away from the bustle and stress of life in the fast lane towards a more tranquil existence. Told with piquant humour, *A Lizard in my Luggage* explores Mallorca's fiestas and traditions, as well as the ups and downs of living in a rural retreat. It is about learning to appreciate the simple things and take risks in pursuit of real happiness. Most importantly, it shows that life can be lived between two places.

Imperium Christian Kracht 2015-07-14 An outrageous, fantastical, uncategorizable novel of obsession, adventure, and coconuts In 1902, a radical vegetarian and nudist from Nuremberg named August Engelhardt set sail for what was then called the Bismarck Archipelago. His destination: the island Kabakon. His goal: to found a colony based on worship of the sun and coconuts. His malnourished body was found on the beach on Kabakon in 1919; he was forty-three years old. Christian Kracht's *Imperium* uses the outlandish details of Engelhardt's life to craft a fable about the allure of extremism and its fundamental foolishness. Engelhardt is at once a sympathetic outsider—mocked, misunderstood, physically assaulted—and a rigid ideologue, and his misguided notions of purity and his spiral into madness presage the horrors of the mid-twentieth century. Playing with the tropes of classic adventure tales like *Treasure Island* and *Robinson Crusoe*, Kracht's novel, an international bestseller, is funny, bizarre, shocking, and poignant—sometimes all on the same page. His allusions are misleading, his historical time lines are twisted, his narrator is unreliable—and the result is a novel that is also a mirror cabinet

and a maze pitted with trapdoors. Both a provocative satire and a serious meditation on the fragility and audacity of human activity, *Imperium* is impossible to categorize, and utterly unlike anything you've read before.

Post-Romantic Predicament Paul de Man 2012-04-04 A collection of critical texts from Paul de Man's Harvard University years, published for the first time. These essays, brought together from the Paul de Man papers at the University of California (Irvine), make a significant contribution to the cultural history of deconstruction and the present state of literary theory. From 1955 to 1961, Paul de Man was Junior Fellow at Harvard University where he wrote a doctoral thesis entitled 'The Post-Romantic Predicament: a study in the poetry of Mallarme and Yeats'. This dissertation is presented alongside his other texts from this period, including essays on Holderlin, Keats and Stefan George. This collection reflects familiar concerns for de Man: the figurative dimension of language, the borders between philosophy and literature, the ideological obfuscations of Romanticism, and the difficulties of the North American heritage of New Criticism.

Eat My Words Janet Theophano 2016-01-26 Some people think that a cookbook is just a collection of recipes for dishes that feed the body. In *Eat My Words: Reading Women's Lives through the Cookbooks They Wrote*, Janet Theophano shows that cookbooks provide food for the mind and the soul as well. Looking beyond the ingredients and instructions, she shows how women have used cookbooks to assert their individuality, develop their minds, and structure their lives. Beginning in the seventeenth century and moving up through the present day, Theophano reads between the lines of recipes for dandelion wine, "Queen of Puddings," and half-pound cake to capture the stories and voices of these remarkable women. The selection of books looked at is enticing and wide-ranging. Theophano begins with seventeenth-century English estate housekeeping books that served as both cookbooks and reading primers so that women could educate themselves during long hours in the kitchen. She looks at *A Date with a Dish*, a classic African American cookbook that reveals the roots of many traditional American dishes, and she brings to life a 1950s cookbook written specifically for Americans by a Chinese émigré and transcribed into English by her daughter. Finally, Theophano looks at the contemporary cookbooks of Lynne Rosetto Kaspar, Madeleine Kamman, and Alice Waters to illustrate the sophistication and political activism present in modern cookbook writing. Janet Theophano harvests the rich history of cookbook writing to show how much more can be learned from a recipe than how to make a casserole, roast a chicken, or bake a cake. We discover that women's writings about food reveal--and revel in--the details of their lives, families, and the cultures they help to shape.

The Gift of Anger Arun Gandhi 2017-04-25 Discover ten vital and extraordinary life lessons from one of the most important and influential philosophers and peace activists of the twentieth century—Mahatma Gandhi—in this poignant and timely exploration of the true path from anger to peace, as recounted by Gandhi's grandson, Arun Gandhi. In the current troubled climate, in our country

and in the world, these lessons are needed more than ever before. "We should not be ashamed of anger. It's a very good and a very powerful thing that motivates us. But what we need to be ashamed of is the way we abuse it." –Mahatma Gandhi Arun Gandhi was just twelve years old when his parents dropped him off at Sevagram, his grandfather's famous ashram. To Arun, the man who fought for India's independence and was the country's beloved preeminent philosopher and leader was simply a family member. He lived there for two years under his grandfather's wing until Gandhi's assassination. While each chapter contains a singular, timeless lesson, *The Gift of Anger* also takes you along with Arun on a moving journey of self-discovery as he learns to overcome his own struggle to express his emotions and harness the power of anger to bring about good. He learns to see the world through new eyes under the tutelage of his beloved grandfather and provides a rare, three-dimensional portrait of this icon for the ages. The ten vital life lessons strike a universal chord about self-discovery, identity, dealing with anger, depression, loneliness, friendship, and family—perfect for anyone searching for a way to effecting healing change in a fractured world.
