**Way Beyond The Three Rs** Y S Rajan 2010-12-08 The education of their children is of paramount importance to all Indian parents. They spend tens of thousands of crores each year to get their young educated. The country fetes its successful students : from class X to board toppers and those who 'crack the IIT JEE' to those who clear the civil- services examination. Yet things on the ground are dire. About 70 per cent of all students ( in villages, towns and cities) have to make do with inferior schooling. Metropolitan newspapers are full of the difficulty of getting a nursery seat in a good school. And while there is a seat crunch in the better colleges too, only 10 per cent of all students between the ages of 18 and 21 are enrolled in college. Crores of educated Indians discover too late that they do not have the skills to land a suitable job. Y.S. Rajan examines the gamut of issues involved in India's efforts to educate its young people and the work required to fix schools, vocational training centres, colleges and universities. He argues that Indian education needs reforms on a scale comparable to those which freed the economy of the shackles of the licence-permit raj almost twenty years ago.

*Serve and Live with Honour* Colonel A. Ponnuchamy 2018-04-05 Often, I heard, during my Army service spanning over 33 years, the saying that ‘GENERALS DO NOT RETIRE, THEY FADE AWAY’. This, has got a lot of meaning in it and is certainly debatable. My aim, of writing this book is purely to motivate the younger generation to work hard, be sincere, be loyal and above all persevere to achieve their cherished goals. In all humility, I would like to say that I have no intention to beat my own drums, or for that matter discredit any one while narrating my experience. I, follow the dictum that if I have nothing other than praise for anybody, I refrain from saying anything ill . I must confess, that I came up in a hard way with the grace GOD ALMIGHTY and the utter perseverance of my parents and also my uncle (Chithappa) who sacrificed everything in my raising. The least, I could do to them was to live up to their expectations and follow their guiding principles. What, they did for me to motivate me and instill in me the courage and determination to face life in all its reality, I would like to share with the young readers to enable them to rise in life. If, even one student reader benefits by reading this book, I will fully be satisfied for compiling the experiences of my life.
