Sakura's Cherry Blossoms Robert Paul Weston 2018-02-20 A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

Overcoming School Refusal Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex

and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Anri Sala: Answer Me Massimiliano Gioni 2016-02-02 A monograph on the acclaimed French-Albanian artist Anri Sala, whose multichannel installations explore the perception of sound and images in relation to architectural spaces. Since his debut film, *Intervista (Finding the Words)* (1998), to his recent installations that explore spatial and temporal manipulations of music, Anri Sala has developed a widely acclaimed multimedia practice founded in the interplay of images, sound and architectural space. Probing notions of memory and time—both personal and historical—Sala's works engage the viewer's awareness of being present while calling attention to the political dynamics of space. *Anri Sala: Answer Me* is an overview of Sala's career to date. Essays by Natalie Bell, Tacita Dean, Mark Godfrey, Boris Groys and Christine Macel, and an interview with the artist by Massimiliano Gioni, offer new perspectives on Sala's oeuvre and guide readers through the development of his practice.

External Possession Doris L. Payne 1999-08-15 External Possession Constructions (EPCs) are found in nearly all parts of the world and across widely divergent language families. The data-rich papers in this first-ever volume on EPCs document their typological variability, explore diachronic reasons for variations, and investigate their functions and theoretical ramifications. EPCs code the possessor as a core grammatical relation of the verb and in a constituent separate from that which contains the possessed item. Though EPCs express possession, they do so without the necessary involvement of a possessive predicate such as "have" or "own". In many cases, EPCs appear to "break the rules" about how many arguments a verb of a given valence can have. They thus constitute an important limiting case for evaluating theories of the relationship between verbal argument structure and syntactic clause structure. They also raise core questions about intersections among

verbal valence, cognitive event construal, voice, and language processing.

Literary Translation, Reception, and Transfer Norbert Bachleitner 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

Voices of Man Mario Pei 2021-12-30 Originally published in 1964, this book examines where and how the pattern and texture of speech emerged and whether language is logical. It looks at linguistics from both the historical and descriptive points of view, as a physical science and as a social science. It also discusses the problem of aesthetics in language and what happens when different languages come into contact with each other. The book concludes with a discussion of the possibility of an international language, and indeed whether such a development would be progress or something that is needed or wanted.

Latin by the Natural Method William Most 2015-08-05 From the Preface: Most Americans who have studied Latin, with our priests and seminarians included, have employed this method, which they thought was 'traditional'. But as something fully developed, this tradition scarcely goes farther back than 1880; and even in its beginnings it hardly antedates the seventeenth century. In contrast to this method of grammatical analysis, Father Most's textbooks reproduce much of the "natural method" by which children learn their native language. Hence, the significance of Father Most's books is manifestly great for the Latin classes in any Catholic high schools or colleges. So much of our Catholic doctrine and culture have been deposited in Latin that we want many of our educated Catholics to be able to use Latin with ease. But the special significance of Father Most's texts is for the Latin classes in our seminaries. Here the students still have much the same cogent motives to master the art of using Latin with ease as the pupils of the thirteenth or sixteenth century. They need it as an indispensable means of communicating thought in their higher studies, and afterwards throughout life. The objectives (knowledge about Latin and training of mind) and corresponding methods (grammatical analysis and translation) "traditional" since 1880 have taken over in our seminaries; and there too the students have been experiencing an ever growing inability to use Latin. Father Most's textbooks can contribute much towards revolutionizing the teaching of Latin by bringing back, as the chief objective, the art of reading, writing, and (when desired) speaking Latin with ease." Fr. Most's textbooks can be classed in categories of similar texts, such as Hans Ørberg's *Lingua Latina*, as well as *Ecce Romani* which is a simplification of Ørberg or others which aim to teach Latin not even so much as a modern language, as to teach it by a method more natural to the philosophy of learning Languages. Fr. Most's text, however, is tailored to a Christian perspective. The work begins with readings in Roman History bringing in simple sentences and gradually building up the student with additions of vocabulary to reading accounts of Scripture, Ancient Egypt, Gilgamesh as well as amusing tales with a parrot. This is an excellent text applying the "natural method" with English language instruction to help the student read and understand Latin natively, with numerous vehicles for simplifying the necessary memorization as well as aiding in truly understanding Latin without constant need to look in a dictionary for rudimentary sentences. This is the second edition, correcting certain errors in the original. The reprint is from the 1960 edition, and follows the presentation of the text found in that edition.

Paradigm Shifts in 21st Century Teaching and Learning Orakc?, ?enol 2020-04-24 One of the most important transformations in the world today is the adaptation to education and teaching methods that must be made to enhance the learning experience for Millennial and Generation Z students. The system in which the student is

passive and the teacher is active is no longer the most effective form of education. Additionally, with the increased availability to information, knowledge transfer is no longer done solely by the teacher. Educators need to become moderators in order to promote effective teaching practices. *Paradigm Shifts in 21st Century Teaching and Learning* is an essential scholarly publication that examines new approaches to learning and their application in the teaching-learning process. Featuring a wide range of topics such as game-based learning, curriculum design, and sustainability, this book is ideal for teachers, curriculum developers, instructional designers, researchers, education professionals, administrators, academicians, educational policymakers, and students.

Europäische Musiker in Venedig, Rom und Neapel 1650-1750 Anne-Madeleine Goulet 2018-11-07 Der Abschlussband des deutsch-französischen ANR-DFG-Projekts MUSICI widmet sich der Musikermigration im Europa der Frühen Neuzeit mit einem kultur- und musikgeschichtlichen Blick auf Venedig, Rom und Neapel als Reiseziele und Wirkungsorte von Instrumentalisten, Sängern, Komponisten und Instrumentenbauern, die nicht von der italienischen Halbinsel stammten. Im Sinne einer "histoire croisée" werden Netzwerke, Integrations- und Austauschprozesse aufgedeckt, mit denen fremde Musiker zwischen musikalischem Alltag und herausragenden Festlichkeiten konfrontiert waren. Auf dieser Grundlage wird eine systematische Betrachtung der frühneuzeitlichen Musikermigration sowie eine Untersuchung musikalischer Stile jenseits nationaler Forschungstraditionen möglich.

On Rape Germaine Greer 2020-04-28 It's time to rethink rape. Centuries of different approaches to rape - as inflicted by men on women - have got us nowhere. Rape statistics remain intractable: one woman in five will experience sexual violence. Very few rapes find their way into court. The crucial issue is consent, thought by some to be easy to establish and by others impossible. Sexual assault does not diminish; relations between the sexes do not improve; litigation balloons. In *ON RAPE* Germaine Greer argues there has to be a better way.

Bruno, Chief of Police Martin Walker 2009-03-24 The first installment in the delightful, internationally acclaimed series featuring Chief of Police Bruno. Meet Benoît Courrèges, aka Bruno, a policeman in a small village in the South of France. He's a former soldier who has embraced the pleasures and slow rhythms of country life. He has a gun but never wears it; he has the power to arrest but never uses it. But then the murder of an elderly North African who fought in the French army changes all that. Now Bruno must balance his beloved routines—living in his restored shepherd's cottage, shopping at the local market, drinking wine, strolling the countryside—with a politically delicate investigation. He's paired with a young policewoman from Paris and the two suspect anti-immigrant militants. As they learn more about the dead man's past, Bruno's suspicions turn toward a more complex motive. "Enjoyable.... Martin Walker plots with the

same finesse with which Bruno can whip up a truffle omelette, and both have a clear appreciation for a life tied to the land." —The Christian Science Monitor "A nice literary pairing with the slow-food movement... [It is] lovely...to linger at the table." —Entertainment Weekly "A wonderfully crafted novel as satisfying as a French pastry but with none of the guilt or calories." —Tuscon Citizen's Journal

The Secret of Sarek Maurice Leblanc 2019-04-03T00:28:05Z While watching a film, Véronique d'Hergemont spots her childhood signature mysteriously written on the side of a hut in the background of a scene. Her visit to the location of the film shoot deepens the mystery, but also provides further clues that point her towards long-lost relations and a great secret from ancient history: a secret that will require the services of a particular man to unravel. The Secret of Sarek was published in the original French in 1919, and in this English translation in 1920. It was Maurice Leblanc's first Arsène Lupin novel written after the Great War, and its impact on Leblanc is palpable: the novel has a much darker tone than earlier works, and even the famous cheery charm of Lupin is diluted. The result is a classic horror story, bringing a new dimension to the series. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Protest and Dissent Anna Warsø 2020-02-18 Essays collected in this book discuss textual and discursive formulations of dominance and resistance. The authors analyze how they are narrated and re-narrated, framed and reframed in different social, political and language communities and realities, through different media and means, and translated into different contexts and languages. As the ways we name, rename, or label events, people and places have implications in the real world, the essays are also meant to investigate the ways in which we partake in negotiating its construction, its changing meanings and senses through the stories we tell and the practices we live by.
