Positive Discipline for Teenagers Jane Nelsen 2000 Positive Parenting for Those Important Teen Years Adolescence is often a time of great stress and turmoil—not only for kids going through it, but for you, their parents as well. During the teen years, kids aggressively begin to explore a new sense of freedom, which often leads to feelings of resentment and powerlessness for parents who increasingly are excluded from their children's lives. This revised edition of Positive Discipline for Teenagers shows you how to break the destructive cycle of guilt and blame and work toward greater understanding and communication with your adolescents. Inside, you'll:

- Find out how to encourage your teen and yourself
- Grow to understand how your teen still needs you, but in different ways
- Learn how to get to know who your teen really is
- Discover how to develop sound judgment without being judgmental
- Learn how to use follow-through—the only surefire way to get chores done

Over the years, millions of parents have come to trust the classic Positive Discipline series for its consistent, commonsense approach to child rearing. Inside, you'll discover proven, effective methods for working with your teens. Over 1 million Positive Discipline books sold! "I highly recommend this book to parents, teachers, and all others who work with young people. It is one of the best books I have seen on helping adults and adolescents turn their conflict into friendship. Remarkably, it shows how to accomplish this while helping young people develop courage, confidence, responsibility, cooperation, self-respect, and trust. I urge you to read it." —H. Stephen Glenn, Ph.D., coauthor of *Raising Self-Reliant Children in a Self-Indulgent World*.

How to Be a Happy Single Mother, an Inspirational Guide to Parenting Alone Orit Sutton

2009-08 Practical advice, uplifting poetry and inspirational quotes fill this wonderful little guide that will help single mothers cope with the emotional rollercoaster and sheer exhaustion of raising a child alone. Drawing from personal experience, the author shares the laughter, heartaches, failures and triumphs of being a single parent, and offers much comfort and support to turn difficult situations into positive challenges. Genuine and heartwarming, *How to be a Happy Single Mother* encourages women to take control of their lives, creating happiness for themselves and their children.

The Parenthood Decision Beverly Engel, M.F.C.C. 2011-07-20 We are living in a time when baby showers are the most popular kind of party and when TV and movies abound with adorable babies and darling toddlers selling everything from soap to toilet paper. In this "baby-friendly" environment, is it any wonder that more and more people are considering becoming parents? Most people realize, however, that just wanting a baby doesn't mean you are physically, mentally, or emotionally prepared to have one. Nor does the desire to have a baby necessarily mean you will be a good parent. *The Parenthood Decision* will help potential parents resolve their conflicts about this major decision. Here, Beverly Engel helps readers find their own answers to questions such as: "Am I ready to be a parent?" "What should I do if I am ready and my partner is not?" "Will I be a better parent than my parents?" "How will having a baby affect my relationship?" "What are the mistakes I am most likely to make and how can I avoid them?" "Should I have a baby on my own?" By presenting important information, posing thought-provoking questions and providing exercises, Engel helps both those who are unclear whether this is the right time for them to become parents and those who are undecided about whether parenthood is right for them. Armed with the self-knowledge *The Parenthood Decision* provides, readers will finish the book confident in their potential-parenthood decision.

Positive Discipline Jane Nelsen 1996 Explains why children misbehave; discusses class and family meetings, mutual respect, and responsibility; and tells how parents and teachers can be more understanding and supportive

[Positive Discipline Parenting Tools](#) Jane Nelsen 2016 "Jane Nelsen, author of the successful Positive Discipline series, has now compiled a toolkit for parents to teach their children creative cooperation and self-discipline, with success stories from parents worldwide"--

[Positive Discipline: The First Three Years, Revised and Updated Edition](#) Jane Nelsen 2015-02-24 The celebrated Positive Discipline brand of parenting books presents the revised and updated third edition of their readable and practical guide to communicating boundaries to very young children and solving early discipline problems to set children up for success. Over the years millions of parents have used the amazingly effective strategies of Positive Discipline to raise happy, well-behaved, and successful children. Research has shown that the first three years in a child's life are a critical moment in their development, and that behavior patterns instilled during that time can have profound implications for the rest of a child's life. Hundreds of thousands of parents have already used the advice in *Positive Discipline: The First Three Years* to help set effective boundaries, forge strong foundations for healthy communication, and lay the groundwork for happy and respectful relationships with their young children. Now this classic title has been revised and updated to reflect the latest neuroscientific research and developments in positive discipline parenting techniques.

Positive Discipline for Today's Busy (and Overwhelmed) Parent Jane Nelsen, Ed.D. 2018-09-11 With the increasing pressure to excel at parenting, work, and personal relationships, it's easy to feel stressed and dissatisfied. This targeted Positive Discipline guide gives parents the tools to parent effectively without sacrificing their well-being or giving up on their life goals. Instead of creating unachievable expectations, you will instead learn to play to your strengths at work and at home. You'll integrate your seemingly disparate areas of life and use Positive Discipline to make the most out of your time, energy and relationships. By helping you get to the bottom of the underlying causes of misbehavior, busy parents will also be able to avoid pampering and keep permissive and punitive parenting at bay. Instead of feeling fragmented and guilty, you'll have the presence of mind to explore what works best for you and your family. Attitude is key - we'll help you feel confident in your parenting abilities and your professional choices, making your children more likely to adopt an attitude of self-reliance and cooperation. Armed with communication strategies and tips for self-reflection, moms (and dads!) won't have to feel guilty about leaving their child with a sitter during the day, or leaving work early to go to a soccer game.

The Single Father: A Dad's Guide to Parenting Without a Partner Armin A. Brott 1999-04-28 In this ground-breaking volume author Armin Brott gives single dads the knowledge, skills, and support they need to become-and remain-actively involved fathers. With the same thoroughness, accessibility, and humor that have made the books in his critically acclaimed New Father series the best and most popular fatherhood guides in the country, Brott steers divorced, separated, gay, widowed, and never-married men through every aspect of fathering without a partner. Incorporating the advice of top psychologists, lawyers, and other experts, *The Single Father* offers a wealth of essential information and practical tips. Illustrated with cartoons that underscore the challenges and, yes, even the satisfactions of single parenting, and complete with an extensive list of resources for divorced, widowed, and gay dads, *The Single Father* is one book no single dad can afford to do without.

Single Parenting in the 21st Century and Beyond Josef A. Passley 2006-11 Can you raise a son by yourself and do a good job? Yes, you can, and this book will help you do it.

The Everything Parent's Guide To Raising Boys Cheryl L Erwin 2006-06-12 With *The Everything Parent's Guide to Raising Boys*, parents find the authoritative handbook they need to raise their boys right, from early childhood through the teenage years. They learn how to help their sons: - Strengthen self-image and resist peer pressure; - Define and exhibit acceptable behavior; - Instill solid values they can apply at school and on the playing field; - Honor their commitments to family, community, and themselves. Noted family therapist Cheryl L. Erwin shows parents how to create positive, supportive relationships with their sons that encourage open communication and help them establish a healthy foundation of values and goals. With patience, perseverance, and *The Everything Parent's Guide to Raising Boys*, parents can see their boys through those challenging developmental years, and take pride in their successful transition from boys to men.

The Conscious Parent's Guide to Raising Boys Cheryl L Erwin 2017 "Contains material adapted from *The Everything Parent's Guide to Raising Boys*, 2nd edition by Cheryl L. Erwin"--Title page verso.

Positive Discipline in the Classroom Jane Nelsen 2000 Nelsen's popular Positive Discipline philosophy is used in hundreds of schools as a foundation for fostering cooperation, problem-solving skills, and mutual respect in children. In this latest edition, teachers learn how to create and maintain an atmosphere where learning can take place--and where students and teachers can work together to solve problems.

Positive Discipline for Single Parents, Revised and Updated 2nd Edition Jane Nelsen, Ed.D. 2012-05-16 A Positive, Proven Approach to Single Parenting! As a single parent in our complex world, you face the challenge of doing alone a job that was meant for two people. In addition, self-doubt and guilt may dampen the joy you experience raising your child. What do you do? Over the years, millions of parents just like you have come to trust Jane Nelsen's classic POSITIVE DISCIPLINE series for its consistent, commonsense approach to child rearing. In this completely revised and updated edition of Positive Discipline for Single Parents you'll learn how to succeed as a single parent in the most important job of your life: raising a child who is responsible, respectful, and resourceful. Inside this reassuring book, you'll discover how to:

- Identify potential problems and develop skills to prevent them
- Budget time each week for family activities
- Create a respectful coparenting relationship with your former spouse
- Use nonpunitive methods to help your children make wise decisions about their behavior
- And much, much more!

"Provides very important information for single parents, especially in today's violent society. Used as a resource, it can help parents deal with discipline issues in a positive way and in turn help their children become responsible citizens."—Judy Foy, international vice president, Community Relations, Parents Without Partners "Another great resource for both single parents and therapists . . . practical and enjoyable to read. A must for your parenting library."—Stephen Sprinkel, marriage and family therapist

Positive Discipline for Blended Families Jane Nelsen 1997 Provides advice to help solve the problems faced by couples with children from previous relationships

Positive Discipline Tools for Teachers Jane Nelsen, Ed.D. 2017-06-06 MORE THAN 2 MILLION POSITIVE DISCIPLINE BOOKS SOLD The Positive Discipline method has proved to be an invaluable resource for teachers who want to foster creative problem-solving within their students, giving them the behavioral skills they need to understand and process what they learn. In *Positive Discipline Tools for Teachers*, you will learn how to successfully incorporate respectful, solution-oriented approaches to ensure a cooperative and productive classroom. Using tools like "Connection Before Correction," "Four Problem-Solving Steps," and "Focusing on Solutions," teachers will be able to focus on student-centered learning, rather than wasting time trying to control their students' behavior. Each tool is specifically tailored for the modern classroom, with examples and positive solutions to each and every roadblock that stands in the way of cooperative learning. Complete with the most up-to-date research on classroom management and the effectiveness of the Positive Discipline method, this comprehensive guide also includes helpful teacher stories and testimonials from around the world. You will learn how to:

- Model kind and firm leadership in the classroom
- Keep your students involved and intrinsically motivated
- Improve students' self-regulation
- And more!

Still Going it Alone Michele Howe 2008-12-01 Discusses issues faced by single parents as their children go to college or otherwise move on with their adult lives, with anecdotes,

prayers, and advice covering how to adapt to a changing parental role while considering remarriage and adjusting to a quieter home.

Positive Discipline for Preschoolers Jane Nelsen, Ed.D. 2007-03-27 Completely updated to report the latest research in child development and learning, *Positive Discipline for Preschoolers* will teach you how to use methods to raise a child who is responsible, respectful, and resourceful. Caring for young children is one of the most challenging tasks an adult will ever face. No matter how much you love your child, there will be moments filled with frustration, anger, and even desperation. There will also be questions: Why does my four-year-old deliberately lie to me? Why won't my three-year-old listen to me? Should I ever spank my preschooler when she is disobedient? Over the years, millions of parents just like you have come to trust the *Positive Discipline* series and its commonsense approach to child-rearing. This revised and updated third edition includes information from the latest research on neurobiology, diet and exercise, gender differences and behavior, the importance of early relationships and parenting, and new approaches to parenting in the age of mass media. In addition, this book offers new information on reducing anxiety and helping children feel safe in troubled times. You'll also find practical solutions for how to: - Avoid the power struggles that often come with mastering sleeping, eating, and potty training - See misbehavior as an opportunity to teach nonpunitive discipline—not punishment - Instill valuable social skills and positive behavior inside and outside the home by using methods that teach important life skills - Employ family and class meetings to tackle behavioral challenges - And much, much more!

Remarkably, it shows how to accomplish this while helping young people develop courage, confidence, responsibility, cooperation, self-respect, and trust. I urge you to read it." —H. Stephen Glenn, Ph.D., coauthor of *Raising Self-Reliant Children in a Self-Indulgent World*.

Parenting Matters National Academies of Sciences, Engineering, and Medicine 2016-11-21 Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the

other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

Positive Discipline for Childcare Providers Jane Nelsen, Ed.D. 2010-08-25 Empowering Methods for Effective Childcare As a professional childcare provider, you want to create an environment that is inviting and nurturing for children as well as encouraging for your adult staff. You want to find ways to form a partnership with parents in their children's development. Simply put, you want to provide an all-around quality childcare experience at every level. This book is also great for parents who want to take an active role in assuring the best childcare for their children. Positive Discipline for Childcare Providers offers a thorough, practical program that is easily adaptable to any childcare or preschool situation and setting. Inside are workable solutions to many of today's toughest childcare issues and everything you need to develop an enriching experience for children, parents, and workers alike. You'll learn how to:

- Create a setting where children can laugh, learn, and grow
- Support healthy physical, emotional, and cognitive development in all children, including those with special needs
- Encourage parents to establish a partnership with you and provide the same kind, firm limits and respectful environment at home
- Uncover support and learning opportunities for yourself and fellow childcare providers
- And much more!

"In a magical way, Positive Discipline for Childcare Providers demonstrates techniques that decrease misbehavior by increasing the child's sense of capability, courage, and community feeling." —Rob Guttenberg, a state-certified childcare trainer, director of parenting education at YMCA Youth Services Maryland, and author of *The Parent As Cheerleader* "Wow! This book is an incredible resource full of effective and practical ideas—from creating an environment where everyone feels welcome to a model of discipline that respects and empowers adults and children." —Mary Jamin Maguire, M.A., L.P., LICSW, trainer, Minnesota School-Age Childcare Training Network

the most important tools to foster hands-on learning and cooperation within the classroom, complete with the most up-to-date research on the Positive Discipline method"--

Therapy with Single Parents Joan D Atwood 2014-02-25 Provide effective counseling to members of single-parent families With more than half of all first marriages ending in divorce, it's time to re-think the notion that "divorce" means "failure." *Therapy with Single Parents* focuses on the strengths of the single-parent family rather than its weaknesses, stressing the need to look at the socially constructed norms, values, and definitions associated with marriage and family in order to provide effective counseling. This unique book examines experiences that are common to single parents and presents interventive strategies for treating single-parent family issues, drawing on clinical case studies to provide technical knowledge in everyday language. Current research shows that single parents account for 27 percent of family households that include children under 18 and that the number of single mothers in the United States more than tripled between 1970 and 2000. *Therapy with Single Parents* challenges outdated notions that the single-parent family is somehow deficient and associated with adjustment problems in children. It doesn't ignore the anger, pain, sadness, and guilt experienced by many members of single parent families but offers therapeutic considerations from a more balanced approach. The book examines the social, psychological, and sexual experiences of newly single parents and addresses the ups and downs they'll face in dealing with schools, the workplace, and social services. *Therapy with Single Parents* examines: social and psychological differences between divorce and widowhood cognitive-behavioral principles of single-parent families what children can learn from divorce dealing with the ghosts of past relationships relationship rules dealing with adult children and extended families the effect of change in divorcing families the feminization of poverty the therapeutic value of social networks *Therapy with Single Parents* is an invaluable resource for psychologists, professional counselors, social workers, and marriage and family therapists. The book presents a thorough, in-depth examination of the single-parent family system as a viable, healthy family form.

1-2-3 Magic Thomas W. Phelan 2003 Designed to help parents to take charge of their home, offers tips on how to recognize six types of testing and manipulating behavior and how to constructively handle misbehavior at home and in public.

[25 Ways to Encourage Good Behavior](#) Julie Prescott 2009-08-03 First of a set of 16 books in the Single Parent Wisdom series. This book concentrates on ways to encourage good behavior for parents who are going it alone.

The Kazdin Method for Parenting the Defiant Child Alan E. Kazdin 2009 Features a step-by-step method for parents that experience problems with their children; discusses seven myths of parenting; and offers advice for solving common issues with children in different age groups, from toddlers to adolescents.

The Single Parent Resource Brook Noel 2005 This book provides the answers to the top concerns, problems, and challenges of single-parent life.

Positive Discipline for Preschoolers Jane Nelsen 2007 An updated child-care manual designed for parents of preschool-age children tells how to prevent misbehavior through non-punitive discipline and how to reinforce useful social skills and positive behavior, while dealing with

the challenges of young children as they learn and grow. Original. 15,000 first printing.

Positive Time-Out Jane Nelsen, Ed.D. 2011-05-18 Discover the Power of Positive Time-Out Time-out is one of the most popular disciplinary techniques used in homes and schools today. But instead of being the positive, motivating, experience it should be for children, it is often punitive, counterproductive, and damaging to their gentle psyches. In this book, bestselling parenting author Jane Nelsen shows you how to make time-out a positive learning experience for children. Inside, you'll discover how positive time-out can teach children the art of self-discipline and instill such invaluable qualities as self-confidence and problem-solving skills. You'll also learn how to: ·Make time-out an encouraging experience ·Develop an attitude and action plan to avoid power struggles with children ·Empower children by involving them in the behavior changing process ·Understand the mistaken goals of negative behavior "Gives parents and teachers the encouragement and tools they need to help children handle their own behavior."—Sheryl Hausinger, M.D., Texas Children's Pediatric Associates and mother of three "Offers more than 50 ways that parents can set limits while still encouraging their kids. It should be in every doctor's waiting room."—Jody McVittie, M.D., family physician

Positive Discipline Jane Nelsen, Ed.D. 2011-05-25 For twenty-five years, Positive Discipline has been the gold standard reference for grown-ups working with children. Now Jane Nelsen, distinguished psychologist, educator, and mother of seven, has written a revised and expanded edition. The key to positive discipline is not punishment, she tells us, but mutual respect. Nelsen coaches parents and teachers to be both firm and kind, so that any child—from a three-year-old toddler to a rebellious teenager—can learn creative cooperation and self-discipline with no loss of dignity. Inside you'll discover how to • bridge communication gaps • defuse power struggles • avoid the dangers of praise • enforce your message of love • build on strengths, not weaknesses • hold children accountable with their self-respect intact • teach children not what to think but how to think • win cooperation at home and at school • meet the special challenge of teen misbehavior "It is not easy to improve a classic book, but Jane Nelson has done so in this revised edition. Packed with updated examples that are clear and specific, Positive Discipline shows parents exactly how to focus on solutions while being kind and firm. If you want to enrich your relationship with your children, this is the book for you." —Sal Severe, author of *How to Behave So Your Children Will, Too!* Millions of children have already benefited from the counsel in this wise and warmhearted book, which features dozens of true stories of positive discipline in action. Give your child the tools he or she needs for a well-adjusted life with this proven treasure trove of practical advice.

Single Parenting Richard Walter 2022-08-16 Being a single parent includes many those obstacles stem from being not only single but a parent. There are challenges all day, every day. Many of difficult problems. It's even more difficult than it appears. Single parents struggle with because you are the sole parent, children to care for and take care of. And everything you do holds more weight and educates parents on how to create good, mature relationships with their former wives, how to grow their children's self-esteem, and how to discipline and interact with their kids by their distinct personalities. Features: The implications of single parenting Financial aid for single parents How many single parents are enrolled in college Building stability for your children by putting your own life in order. How forgiveness opens the way to good partnerships Dating and remarriage Start New family Helping your kid flourish in a single-parent family. Being a single parent is a difficult

financial problem, you may encounter this challenge, especially when money is tight.

Single Parenting For Dummies Marion Peterson 2003-05-09 Welcome to the wild, wonderful world of single parenting—one of the toughest, most thankless jobs in Universe. The good news is that you're not alone. Over the last decade the ranks of single parents has swelled to a whopping ten million in the United States alone, forcing business and government to accommodate more of your needs. Also, society's perceptions of single parents have changed. It's now perfectly acceptable, even admirable to be a single mom or dad. Still, unless you're independently wealthy and have nothing to do but work at being a perfect parent, you can use all the help you can get in making single parenting work for you and your kids. Single Parenting For Dummies to the rescue! Whether you're already a single parent or soon to become one, this warm, friendly guide will be a source of encouragement and ideas. Packed with proven solutions to most of the challenges single parents face, it show you how to: Balance work and family life Develop strong relationships with your kids Help kids adjust to the trauma of divorce Manage your time—and money Develop a successful co-parenting plan Deal with dating and remarriage Raise happy, healthy well-adjusted kids Know when to seek professional help and how to find it Drawing upon their own experiences and expertise and the experiences of single parents whose stories they share throughout the book, psychotherapist Marion Peterson and bestselling self-help author Diane Warner, cover all the bases, including: Adjusting to single parent status Managing your time and sharing resources with other single parents Avoiding the five biggest single parent money mistakes Keeping close to your kids and considering their point of view Developing a co-parenting plan and making sure all parties stick to it Dealing peacefully with stepparents and former in-laws Keeping your cool when resolving parenting problems Staying physically and psychologically fit Yes, you can raise happy, healthy well-adjusted kids while keeping your sanity and your health in tact, and now Single Parenting For Dummies shows you how.

Positive Discipline for Children with Special Needs Jane Nelsen 2011-03-08 Over 2 Million Positive Discipline Books Sold! A Positive Approach To Helping Children With Special Needs Realize Their Potential Every child deserves to lead a happy and fulfilling life. For parents and teachers of children with special needs, helping their child to not only negotiate daily challenges, but to live fulfilling, meaningful lives, can be the most difficult challenge they will face. Over the years, millions of parents and teachers have come to trust Jane Nelsen's classic Positive Discipline series for its consistent, commonsense approach to childrearing. Now, the bestselling series addresses the specific challenges that parents and teachers of children with special needs face, and offers them straightforward advice for supporting them in positive ways. In these pages are practical solutions to challenges such as: Learning to look beyond diagnostic labels ● Believing in each child's potential regardless of his/her stage of development ● Helping children integrate socially and interact with their peers ● Coping with the frustration that inevitably occurs when a child is being difficult ● Strengthening a child's sense of belonging and significance ● And Many More! Use this book to answer such questions as: • How do you accommodate a disability, while still teaching a child to try their best? • How do you help a child cope with anger they may have trouble expressing, especially when that anger may on some level be justified? • How do you teach a child who may struggle with seemingly straight forward tasks to contribute to the world around them in a way that will be meaningful to them? "If you are raising or teaching a child with special needs, this book is a must-read. As the mother of a child with autism, my hopes and dreams for my son were no different than those of other parents. I wanted a parenting

approach that helped my child grow up to be self confident, happy, and prepared for success in relationships, work, and life. I also needed practical, effective methods for addressing the significant, challenging behaviors I faced on a daily basis. Finally, in this amazing book, I found both....Thank you, thank you, thank you to the authors of this groundbreaking book." - Rachel Fink Parks, MS, PCC

Positive Discipline for Preschoolers Jane Nelsen 2019-07-09 Completely updated with the latest research in child development and learning, Positive Discipline for Preschoolers will help parents understand their preschooler and provide early methods to raise a child who is responsible, respectful, and resourceful. Caring for young children is one of the most challenging tasks an adult will ever face. No matter how much you love your child, there will be moments filled with frustration, anger, and even desperation. There will also be questions: Why does my four-year-old deliberately lie to me? Why is everything a struggle with my three-year-old? Should I ever spank my preschooler when she is disobedient? Over the years, millions of parents have come to trust the Positive Discipline series and its common-sense approach to child-rearing. This revised and updated fourth edition includes a new chapter on the importance of play and outdoor experiences on child development, along with new information on school readiness, childhood brain growth, and social/emotional learning. You'll also find practical solutions for how to: - Teach appropriate social skills at an early age - Avoid the power struggles that often come with mastering sleeping, eating, and potty training - See misbehavior as an opportunity to teach nonpunitive discipline--not punishment

Positive Discipline in the Classroom, Revised 3rd Edition Jane Nelsen, Ed.D. 2011-08-17 The Acclaimed Bestseller That Can Improve Your Classroom Experience Forever! Over the years, millions of parents have come to trust the classic Positive Discipline series for its consistent, commonsense approach to child rearing. Hundreds of schools also use these amazingly effective strategies for restoring order and civility to today's turbulent classrooms. Now you too can use this philosophy as a foundation for fostering cooperation, problem-solving skills, and mutual respect in children. Imagine, instead of controlling behavior, you can be teaching; instead of confronting apathy, you will enjoy motivated, eager students! Inside, you'll discover how to: ·Create a classroom climate that enhances academic learning ·Use encouragement rather than praise and rewards ·Instill valuable social skills and positive behavior through the use of class meetings ·Understand the motivation behind students' behavior instead of looking for causes ·And much more! Over 1 million Positive Discipline books sold!

Growing Up with a Single Parent Sara McLanahan 2009-07-01 Nonwhite and white, rich and poor, born to an unwed mother or weathering divorce, over half of all children in the current generation will live in a single-parent family--and these children simply will not fare as well as their peers who live with both parents. This is the clear and urgent message of this powerful book. Based on four national surveys and drawing on more than a decade of research, *Growing Up with a Single Parent* sharply demonstrates the connection between family structure and a child's prospects for success. What are the chances that the child of a single parent will graduate from high school, go on to college, find and keep a job? Will she become a teenage mother? Will he be out of school and out of work? These are the questions the authors pursue across the spectrum of race, gender, and class. Children whose parents live apart, the authors find, are twice as likely to drop out of high school as those in two-parent families, one and a half times as likely to be idle in young adulthood, twice as likely to

become single parents themselves. This study shows how divorce--particularly an attendant drop in income, parental involvement, and access to community resources--diminishes children's chances for well-being. The authors provide answers to other practical questions that many single parents may ask: Does the gender of the child or the custodial parent affect these outcomes? Does having a stepparent, a grandmother, or a nonmarital partner in the household help or hurt? Do children who stay in the same community after divorce fare better? Their data reveal that some of the advantages often associated with being white are really a function of family structure, and that some of the advantages associated with having educated parents evaporate when those parents separate. In a concluding chapter, McLanahan and Sandefur offer clear recommendations for rethinking our current policies. Single parents are here to stay, and their worsening situation is tearing at the fabric of our society. It is imperative, the authors show, that we shift more of the costs of raising children from mothers to fathers and from parents to society at large. Likewise, we must develop universal assistance programs that benefit low-income two-parent families as well as single mothers. Startling in its findings and trenchant in its analysis, *Growing Up with a Single Parent* will serve to inform both the personal decisions and governmental policies that affect our children's--and our nation's--future.

Positive Discipline for Preschoolers, Revised 4th Edition Jane Nelsen, Ed.D. 2019-07-09
Completely updated with the latest research in child development and learning, *Positive Discipline for Preschoolers* will help parents understand their preschooler and provide early methods to raise a child who is responsible, respectful, and resourceful. Caring for young children is one of the most challenging tasks an adult will ever face. No matter how much you love your child, there will be moments filled with frustration, anger, and even desperation. There will also be questions: Why does my four-year-old deliberately lie to me? Why is everything a struggle with my three-year-old? Should I ever spank my preschooler when she is disobedient? Over the years, millions of parents have come to trust the *Positive Discipline* series and its common-sense approach to child-rearing. This revised and updated fourth edition includes a new chapter on the importance of play and outdoor experiences on child development, along with new information on school readiness, childhood brain growth, and social/emotional learning. You'll also find practical solutions for how to: - Teach appropriate social skills at an early age - Avoid the power struggles that often come with mastering sleeping, eating, and potty training - See misbehavior as an opportunity to teach nonpunitive discipline--not punishment

Single Parenting That Works Kevin Leman 2006 Discusses ways in which single parents can cultivate mature healthy relationships with their former partners to raise well-adjusted children.
