Curating Art Janet Marstine 2021-12-31 Curating Art provides insight into some of the most socially and politically impactful curating of historical and contemporary art since the late 1990s. It offers up a museological framework for understanding watershed developments of curating in art museums. Representing the plurality of theory and practice around the expanded field of relational curating, the book focuses on curating that prioritises the quality of relationships between people and objects, between institutions and people and among people. It has wide international breadth, with particularly strong representation in East and Southeast Asia, including four papers never before translated into English. This Asian cluster illuminates the globalisation of the field and challenges dichotomies of East and West while acknowledging distinctions within specific, but often transnational, cultural spheres. The compelling philosophical perspectives and case studies included within Curating Art will be of interest to students and researchers studying curating, exhibition development and art museums. The book will also inspire current and emerging curators to pose challenging but important questions about their own practice and the relationships that this work sustains.

The Ends of Performance Peggy Phelan 1998-01-01 Bridging the gap between cultural studies, performing arts, and anthropology, performance studies explores myriad ways in which performance creates meaning and shapes our everyday lives. The broadest and most inclusive volume to date, *The Ends of Performance* both celebrates and critiques the institutionalization of the field. Only recently has the field given keen attention to the interpretive force and consequences of performance events, and it is these consequences that *The Ends of Performance* articulates. Here performance studies illuminates the complex social and cultural formations of our time - the impact of virtual technology, the racialized discourses of legal and cultural citizenship, the impact of new medical discourses, and the medicalization of the body. Featuring work by leading theorists, excursions into performative writing and texts by performance artists, *The Ends of Performance* illuminates the provocative intellectual ends which motivate these varied approaches to performing writing, and to writing performance.

The Years of Alienation in Italy Alessandra Diazzi 2019-06-11 *The Years of Alienation in Italy* offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

Le parole per difenderci Cinzia Mammoliti 2020-03-25 Lunghe pause. Strane interiezioni. Silenzi immotivati. Bugie. Messaggi ambigui e contraddittori. Repentini cambi di argomento durante un discorso. Incapacità di ascoltare l'interlocutore. Sono solo alcune delle caratteristiche tipiche della comunicazione manipolatoria. A tutti è capitato di incontrare un manipolatore o una manipolatrice sulla propria strada, in famiglia, nella vita di coppia, al lavoro e tra i nostri conoscenti. Difendersi da loro è possibile, e questa guida è lo strumento indispensabile per riconoscere e neutralizzare quanti, uomini e donne, vogliono dettare modi, tempi e qualità delle relazioni con il solo obiettivo di affermare sempre e comunque la loro (presunta) superiorità. «La criminologa Cinzia Mammoliti, accanto a un'analisi dettagliata dei manipolatori, indica con chiarezza come riconoscerli, che cosa fare per acquisire consapevolezza di una relazione perversa e come salvarsi in tempo da un rapporto negativo». - Silvana Mazzocchi, Repubblica.it

Writing and Performing Female Identity in Italian Culture Virginia Picchietti 2017-01-28 This volume investigates the ways in which Italian women writers, filmmakers, and performers have represented female identity across genres from the immediate post-World War II period to the turn of the twenty-first century. Considering genres such as prose, poetry, drama, and film, these essays examine the vision of female agency and self-actualization arising from women artists' critique of female identity. This dual approach reveals unique interpretations of womanhood in Italy spanning more than fifty years, while also providing a deep investigation of the manipulation of canvases historically centered on the male subject. With its unique coupling of generic and thematic concerns, the volume contributes to the ever expanding female artistic legacy, and to our understanding of postwar Italian women's evolving relationship to the narration of history, gender roles, and these artists' use and revision of generic convention to communicate their vision.

Criminology and Criminal Policy Movements Eugenio Raúl Zaffaroni 2013 "These studies recover the historical roots of thinking that are in conflict with, and critical of, present-day tendencies. Criminological theory over the last few decades has oscillated between extremes: on one side there are calls for increasing the state exercise of punitive power as the only means of providing security, in the face of both urban and international crime; while the other side highlights the need for reducing the exercise of punitive power because of the paradoxical effects that it produces. Useful for academics, practitioners, professionals and students, this book will certainly contribute to a wider awareness in crime prevention and criminal justice."--Publisher's website.

The Dragoman Renaissance E. Natalie Rothman 2021-03-15 In *The Dragoman Renaissance*, E. Natalie Rothman traces how Istanbul-based diplomatic translator-interpreters, known as the dragomans, systematically engaged Ottoman elites in the study of the Ottoman Empire—eventually coalescing in the discipline of Orientalism—throughout the sixteenth and seventeenth centuries. Rothman challenges Eurocentric assumptions still pervasive in Renaissance studies by showing the centrality of Ottoman imperial culture to the articulation of European knowledge about the Ottomans. To do so, she draws on a dazzling array of new material from a variety of archives. By studying the sustained interactions between dragomans and Ottoman courtiers in this period, Rothman disrupts common ideas about a singular moment of "cultural encounter," as well as about a "docile" and "static" Orient, simply acted upon by extraneous imperial powers. *The Dragoman Renaissance* creatively uncovers how dragomans mediated Ottoman ethno-linguistic, political, and religious categories to European diplomats and scholars. Further, it shows how dragomans did not simply circulate fixed knowledge. Rather, their engagement of Ottoman imperial modes of inquiry and social reproduction shaped the discipline of Orientalism for centuries to come. Thanks to generous funding from the Andrew W. Mellon Foundation, through The Sustainable History Monograph Pilot, the ebook editions of this book are available as Open Access volumes from Cornell Open (cornellopen.org) and other repositories.

Remote Vision Alessandro De Francesco 2016-02-04 Remote Vision contains an English-Italian bilingual version of the most significant works in poetry and conceptual writing produced so far by Alessandro De Francesco. It is both a self-standing, coherent book and the most exhaustive collection of his poetry ever published in any language; containing a new version of the 2008 book Objects Displaced, the complete 2010 book Redefinition, the composite and still partially unpublished Cistern, the prose Foreign Body in Ascending Motion and the very recent work Inhabited Spaces. All the sections were rearranged for this publication by the author who decided that each section contain the complete

English text followed by the complete Italian version, avoiding a face to face translation in order not to interrupt the flow of the reading. The whole book was beautifully translated by poets and Brown University alumni Belle Cushing and Dusty Neu, under the coordination of the acclaimed poet and Comparative Literature scholar Forrest Gander. This book condenses and proposes under a new light all the conceptual and emotional intensity of Alessandro De Francesco's poetry.

Io e Freddy Mercury Luciano Gelli 2017-09-04 Un diciassettenne fortemente obeso, carico di complessi e amareggiato dagli apprezzamenti offensivi dei compagni di scuola, sfoga la propria frustrazione nel cibo, creando così un circolo vizioso che sembra non avere fine. L'occasionale e fortunato incontro con l'intera produzione dei Queen provoca un integrale cambiamento di stile. Le immagini dei quattro musicisti, il dialogo interiore che s'innescava con Freddie Mercury e i consigli di una zia esperta di vita e saggia più del famoso grillo, innescheranno una reazione che provocherà una metamorfosi fiabesca. Andrea troverà sesso e amore, guadagnerà in stile, crederà nei propri mezzi e sarà pronto per confrontarsi col mondo. In un succedersi di avventure non sempre fortunate, il protagonista diventerà un uomo di successo, anche se, spesso, i lati deboli di un carattere che si trascina dietro i frutti di un'adolescenza infelice, emergeranno per creargli ostacoli e insicurezze.
