**Literature and Society in Renaissance Crete** David Holton 1991-06-20 This book presents a comprehensive study of the literature of the Cretan Renaissance and relates it to its historical, social and cultural context. Crete, ruled by Venice from 1211 to 1669, responded to the stimulus of contact with the Renaissance in a body of narrative, personal and dramatic poetry, written in the Cretan dialect, and now regarded as an important influence on Modern Greek literature. The historical background is related to an examination of the structure of Veneto-Cretan society, while the central chapters concentrate on the literary texts including tragedy, comedy, pastoral and religious drama.

*Short Letter, Long Farewell* Peter Handke 2009-03-31 By Nobel Prize Winner Peter Handke *Short Letter, Long Farewell* is one the most inventive and exhilarating of the great Peter Handke's novels. Full of seedy noir atmospherics and boasting an air of generalized delirium, the book starts by introducing us to a nameless young German who has just arrived in America, where he hopes to get over the collapse of his marriage. No sooner has he arrived, however, than he discovers that his ex-wife is pursuing him. He flees, she follows, and soon the couple is running circles around each other across the length of America—from Philadelphia to St. Louis to the Arizona desert, and from Portland, Oregon, to L.A. Is it love or vengeance that they want from each other? Everything's spectacularly unclear in a book that is

travelogue, suspense story, domestic comedy, and Western showdown, with a totally unexpected Hollywood twist at the end. Above all, *Short Letter, Long Farewell* is a love letter to America, its landscapes and popular culture, the invitation and the threat of its newness and wildness and emptiness, with the promise of a new life—or the corpse of an old one—lying just around the corner.

**On a Dark Night I Left My Silent House** Peter Handke 2015-12-29 *On a Dark Night I Left My Silent House* is Nobel Prize winner Peter Handke's evocative, moving, often fantastic, short novel about one man's conflict with himself and his journey toward resolution. During one night shift, an unnamed, middle-aged pharmacist in Taxham, an isolated suburb of Salzburg, tells his story to a narrator. The pharmacist is known and well-respected, but lonely and estranged from his wife. He feels most comfortable wandering about in nature, collecting and eating hallucinogenic mushrooms. One day he receives a blow to the head that leaves him unable to speak, and the narrative is transformed from ironic description into a collection of sensual impressions, observations and reflections. The pharmacist, who is now called the driver, sets out on a quest, travelling into the Alps with two companions—a former Olympic skiing champion and a formerly famous poet—where he is beaten and later stalked by a woman. He drives through a tunnel and has a premonition of death, then finds himself in a surreal, foreign land. In a final series of bizarre, cathartic events, the driver regains his speech and is taken back to his pharmacy—back to his former life, but forever changed. A powerful, poetic exploration of language, longing and dislocation in the human experience, *On a Dark Night I Left My Silent House* reveals Handke at his magical best.

**The Moravian Night** Peter Handke 2016-12-06 An odyssey through the mind and memory of a washed-up writer, from one of Europe's most provocative novelists Mysteriously summoned to a houseboat on the Morava River, a few friends, associates, and collaborators of an old writer listen as he tells a story that will last until dawn: the tale of the once well-known writer's recent odyssey across Europe. As his story unfolds, it visits places that represent stages of the narrator's and the continent's past, many now lost or irrecoverably changed through war, death, and the subtler erosions of time. His wanderings take him from the Balkans to Spain, Germany, and Austria, from a congress of experts on noise sickness to a clandestine international gathering of jew's-harp virtuosos. His story and its telling are haunted by a beautiful stranger, a woman who has a preternatural hold over the writer and appears sometimes as a demon, sometimes as the longed-for destination of his travels. Powerfully alive, honest, and at times deliciously satirical, *The Moravian Night* explores the mind and memory of an aging writer, tracking the anxieties, angers, fears, and pleasures of a life inseparable from the recent history of Central Europe. In crystalline prose, Peter Handke traces and interrogates his own thoughts and perceptions while endowing the world with a mythic dimension. As Jeffrey Eugenides writes, "Handke's sharp eye is always finding a strange beauty amid this colorless world." *The Moravian Night* is at once an elegy for the lost and forgotten and a novel of self-examination and uneasy discovery, from one of world literature's great voices.

*Face to the Wall* Martin Crimp 2002 These two plays explore the devastation of war and corruption and were premiered at the Royal Court Theatre.

*The Art of the Moving Picture* Vachel Lindsay 2010-12-15 "In the field of film aesthetics, it is the first important American work, still important--The Art of the Moving Picture is astonishing." --Stanley Kauffmann Written in 1915, *The Art of the Moving Picture* by poet Vachel Lindsay is the first book to treat movies as art. Lindsay writes a brilliant analysis of the early silent films (including several now lost films). He is extraordinarily prescient about the future of moviemaking--particularly about the business, the prominence of technology, and the emergence of the director as the author of the film.

Comedy of Vanity & Life-terms Elias Canetti 1983 "'Comedy of Vanity, ' a dark satire on mass movements and narcissism, is a prophetic vision of fascism; in 'Life Terms' everybody in a new society is assigned the number of years he or she may live. Canetti's plays provide a missing link in the European dramatic heritage."--Publisher's description.

**Impromptus** Gottfried Benn 2013-11-05 An extraordinary collection of poetry and prose from the master of German expressionism The first poem in Gottfried Benn's first book, *Morgue* (1912)--written in an hour, published in a week, and notorious ever after--with its scandalous closing image of an aster sewn into a corpse by a playful medical student, set Benn on the path to celebrity and notoriety. And indeed, mortality, flowers, and powerful aesthetic collisions typify much of his subsequent work. Over the decades, as Benn suffered the vicissitudes of fate (the death of his mother from cancer; the death of his first wife, Edith; his brief attempt to ingratiate himself with the Nazis, followed by their persecution of him; the suicide of his second wife, Herta), the harsh voice of the poems relented and mellowed. His later poetry--from which *Impromptus* is chiefly drawn, many of the poems translated into English for the first time--is deeply affecting: it reflects the routines and sorrows and meditations of an intelligent, pessimistic, and experienced man. Written in the low, unupholstered monologue of the poet talking to himself, these works are slender ribbons of speech on the naked edge of song and silence. With this collection of poems and essays--edited and translated by the award-winning poet Michael Hofmann--Benn, at long last, promises to attain the presence and importance in the English-speaking world that he so richly deserves.

*Postdramatic Theatre* Hans-Thies Lehmann 2006-09-27 Newly adapted for the Anglophone reader, this is an excellent translation of Hans-Thies Lehmann's groundbreaking study of the new theatre forms that have developed since the late 1960s, which has become a key reference point in international discussions of contemporary theatre. In looking at the developments since the late 1960s, Lehmann considers them in relation to dramatic theory and theatre history, as an inventive response to the emergence of new technologies, and as an historical shift from a text-based culture to a new media age of image and sound. Engaging with theoreticians of 'drama' from Aristotle and Brecht, to Barthes and Schechner, the book analyzes the work of recent experimental theatre practitioners such as Robert Wilson, Tadeusz Kantor, Heiner Müller, the Wooster Group, Needcompany and Societas Raffaello Sanzio.

Illustrated by a wealth of practical examples, and with an introduction by Karen Jürs-Munby providing useful theoretical and artistic contexts for the book, *Postdramatic Theatre* is an historical survey expertly combined with a unique theoretical approach which guides the reader through this new theatre landscape.

*Studying Theatre* Andreas Kotte 2010 This book offers a systematic introduction to the areas, methods and problems of studying theatre. It is aimed at theatre studies students and all those interested in the workings of theatre. How was, and how is, the term theatre used? Students and other readers interested in theatre should look to their own experiences as a starting point for widening their own horizons, and not to elaborate theories. This textbook for critical study is intended to accompany this process, and explains theoretical approaches using both contemporary and historical European examples. Since 1992 Andreas Kotte is director of the Institute for Theatre Studies (ITW) at the University of Berne and editor of the publication series *Theatrum Helveticum* and *Materialien des ITW Bern* (21 volumes so far).

But the sinister figure of 'Berlin Bertie' follows and finds her. A turbulent Easter weekend of explosive confrontations ends in an oddly comic kind of salvation. **4.48 Psychosis** Sarah Kane 2000-07-13 4.48 *Psychosis* sees the ultimate narrowing of Sarah Kane's focus in her work. The struggle of the self to remain intact has moved in her work from civil war, into the family, into the couple, into the individual, and finally into the theatre of psychosis: the mind itself. This play was written in 1999 shortly before the playwright took her own life at age 28. On the page, the piece

looks like a poem. No characters are named, and even their number is unspecified. It could be a journey through one person's mind, or an interview between a doctor and his patient.

Slow Homecoming Peter Handke 2009-03-31 By Nobel Prize Winner Peter Handke Provocative, romantic, and restlessly exploratory, Peter Handke is one of the great writers of our time. *Slow Homecoming*, originally published in the late 1970s, is central to his achievement and to the powerful influence he has exercised on other writers, chief among them W.G. Sebald. A novel of self-questioning and self-discovery, *Slow Homecoming* is a singular odyssey, an escape from the distractions of the modern world and the unhappy consciousness, a voyage that is fraught and fearful but ultimately restorative, ending on an unexpected note of joy. The book begins in America. Writing with the jarring intensity of his early work, Handke introduces Valentin Sorger, a troubled geologist who has gone to Alaska to lose himself in his work, but now feels drawn back home: on his way to Europe he moves in ominous disorientation through the great cities of America. The second part of the book, "The Lesson of Mont Sainte-Victoire," identifies Sorger as a projection of the author, who now writes directly about his own struggle to reconstitute himself and his art by undertaking a pilgrimage to the great mountain that Cézanne painted again and again. Finally, "Child Story" is a beautifully observed, deeply moving account of a new father—not so much Sorger or the author as a kind of Everyman—and his love for his growing daughter.

*Elizabeth, Empress of Austria* Count Egon Corti 2013-10 This is a new release of the original 1936 edition.

*Explain Me This* Adele E. Goldberg 2019-02-12 Why our use of language is highly creative yet also constrained We use words and phrases creatively to express ourselves in ever-changing contexts, readily extending language constructions in new ways. Yet native speakers also implicitly know when a creative and easily interpretable formulation—such as "Explain me this" or "She considered to go"—doesn't sound quite right. In this incisive book, Adele Goldberg explores how these creative but constrained language skills emerge from a combination of general cognitive mechanisms and experience. Shedding critical light on an enduring linguistic paradox, Goldberg demonstrates how words and abstract constructions are generalized and constrained in the same ways. When learning language, we record partially abstracted tokens of language within the high-dimensional conceptual space that is used when we speak or listen. Our implicit knowledge of language includes dimensions related to form, function, and social context. At the same time, abstract memory traces of linguistic usage-events cluster together on a subset of dimensions, with overlapping aspects strengthened via repetition. In this way, dynamic categories that correspond to words and abstract constructions emerge from partially overlapping memory traces, and as a result, distinct words and constructions compete with one another each time we select them to express our intended messages. While much of the research on this puzzle has favored semantic or functional explanations over statistical ones, Goldberg's approach stresses that both the functional and statistical aspects of constructions emerge from the same learning mechanisms.

*Repetition* Peter Handke 1988-06-01 Set in 1960, Nobel Prize winner Peter Handke's *Repetition* tells of Filib Kobal's journey from his home in Carinthia to Slovenia on the trail of his missing brother, Gregor. He is armed only with two of Gregor's books: a copy book from agricultural school, and a Slovenian - German dictionary, in which Gregor has marked certain words. The resulting investigation of the laws of language and naming becomes a transformative investigation of himself and the world around him. "Handke's eminence, displayed in a substantial oeuvre of plays, novels and poems, is reaffirmed brilliantly by [*Repetition*]." - Publishers Weekly

Compliments and Compliment Responses Andrea Golato 2005-01-27 This book analyzes compliments and compliment responses in naturally occurring talk-in-interaction in German. Using Conversation Analytic methodology, it views complimenting and responding to compliments as social actions which are co-produced and negotiated among interactants. This study is the first to analyze the entire complimenting sequence within the larger interactional context, thereby demonstrating the interconnectedness of sequence organization, turn-design, and (varying) function(s) of a turn. In this regard, the present study makes a novel contribution to the study of talk-in-interaction beyond German. The book adds to existing work on interaction and grammar by closely analyzing the functions of linguistic resources used to design compliment turns and compliment responses. Here, the study extends previous Conversation Analytic work on person reference by including an analysis of inanimate object reference. Lastly, the book discusses the use and function of various particles and demonstrates how speaker alignments and misalignments are accomplished through various grammatical forms.

**Why We Curse** Timothy Jay 2000 The Neuro-Psycho-Social Theory of Speech draws together information about cursing from different disciplines and unites them to explain and describe the psychological, neurological, cultural and linguistic factors that underlie this phenomenon.

*Crossing the Sierra de Gredos* Peter Handke 2007-07-10 In this visionary novel, Nobel Prize winner Peter Handke offers descriptions of objects, relationships, and events that teach readers a renewed way of seeing; he creates a wealth of images to replace those lost to convention and conformity. On the outskirts of a northwestern European river port city lives a powerful woman banker, a public figure admired and hated in equal measure, who has decided to turn from the worlds of high finance and modern life to embark on a quest. Having commissioned a famous writer to undertake her "authentic" biography, she journeys through the Spanish Sierra de Gredos and the region of La Mancha to meet him. As she travels by all-terrain vehicle, bus, and finally on foot, the nameless protagonist encounters five way stations that become the stuff of her biography and the biography of the modern world, a world in which genuine images and unmediated experiences have been exploited and falsified by commercialization and by the voracious mass media. *Crossing the Sierra de Gredos* is a very human book of yearning and the ancient quest for love, peopled with memorable characters (from multiple historical periods) and imbued with Handke's inimitable ability to portray universal, inner-worldly adventures that blend past, future, present, and dreamtime.

Wim Wenders and Peter Handke Martin Brady 2011-01 This is the first volume in English to examine in detail one of the most remarkable collaborations between a writer and filmmaker in European cinema. Focusing on the four films Wim Wenders and Peter Handke made between 1969 and 1987 (3 American LPs, *The Goalkeeper*, *OCOs Fear of the Penalty*, *Wrong Move*, and *Wings of Desire*), it explores the productive tension between adaptation and collaboration and demonstrates the different ways in which text- and image-makers can recompose film's constituent media (literature, still and moving images, music, drama). The study reveals that this partnership had significant aesthetic and conceptual repercussions for both artists, resulting in a series of single-authored works which manifest the same kinds of intertextuality and disjunctive intermediality that are the hallmark of the collaborations themselves. These include Wenders' *Alice in the Cities*, Handke's films *The Chronicle of On-Going Events* and *The Left-Handed Woman*, and his novels *Short Letter*, *Long Farewell* and *A Moment of True Feeling*. While the Wenders-Handke partnership is unique, it contributes to a broader understanding of cinematic adaptation and different models of intermedial collaboration. This volume will be of interest to those working in the fields of Adaptation, Film, and German Studies."

**Raw Material** Jorg Fauser 2014-11-20 'They were all the same, communists, Nazis, parents, church,

book reviews, features section, editorial, revolutionary struggle, Baader-Meinhof, capital, television, Club Voltaire, pacifism, guerrilla, Mao, Trotsky, Red Student Action, the underground scene and Germania Security. They were all part of the same idea, they knew how things ought to be, they had a monopoly on consciousness, love, human happiness.' In *Raw Material* Jrg Fauser casts an eye over the times he lived in and his own life: a junkie in Istanbul, the move to a commune in Berlin and a squat in Frankfurt, work on an underground magazine and unceasing efforts to get a novel published. The autobiographical testament of Fauser's alter ego Harry Gelb is an unsparing, razor-sharp but often lovingly ironic portrait of the 1960s and 70's. It is a portrait of the artist to rank with the best, and a portrait of the ferment of Europe at that time.
