The Quiet American Graham Greene 2021-01-01 I have asked permission to dedicate this book to you not only in memory of the happy evenings I have spent with you in Saigon over the last five years, but also because I have quite shamelessly borrowed the location of your flat to house one of my characters, and your name, Phuong, for the convenience of readers because it is simple, beautiful and easy to pronounce, which is not true of all your country-women's names. You will both realise I have borrowed little else, certainly not the characters of anyone in Viet Nam. Pyle, Granger, Fowler, Vigot, Joe— these have had no originals in the life of Saigon or Hanoi, and General The is dead : shot in the back, so they say. Even the historical events have been rearranged. For example, the big bomb near the Continental preceded and did not follow the bicycle bombs. I have no scruples about such small changes. This is a story and not a piece of history, and I hope that as a story about a few imaginary characters it will pass for both of you one hot Saigon evening.

The Planetary Clock Paul Giles 2021-02-11 The theme of *The Planetary Clock* is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis. To trace postmodernism in an expansive spatial and temporal arc, from its formal experimentation in the 1960s to environmental concerns in the twenty-first century, is to describe a richer and more complex version of this cultural phenomenon. Exploring different scales of time from a Southern Hemisphere perspective, with a special emphasis on issues of Indigeneity and the Anthropocene, *The Planetary Clock* offers a wide-ranging, revisionist account of postmodernism, reinterpreting literature, film, music, and visual art of the post-1960 period within a planetary framework. By bringing the culture of Australia and New Zealand into dialogue with other Western narratives, it suggests how an antipodean impulse, involving the transposition of the world into different spatial and temporal dimensions, has long been an integral (if generally occluded) aspect of postmodernism. Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets, *The Planetary Clock* ranges across well-known American postmodernists (John Barth, Toni Morrison) to more recent science fiction writers (Octavia Butler, Richard Powers), while bringing the US tradition into juxtaposition with both its English (Philip Larkin, Ian McEwan) and Australian (Les Murray, Alexis Wright) counterparts. By aligning cultural postmodernism with music (Messiaen, Ligeti, Birtwistle), the visual arts (Hockney, Blackman, Fiona Hall), and cinema (Rohmer, Haneke, Tarantino), this volume enlarges our understanding of global postmodernism for the twenty-first century.

The Chant of Jimmie Blacksmith Thomas Keneally 2015-12-22 A tormented and humiliated mixed-race Australian man reaches his breaking point and takes terrifying revenge on his abusers in this critically acclaimed novel based on actual events In Australia at the turn of the twentieth century, Jimmie Blacksmith is desperate to figure out where he belongs. Half-Anglo and half-Aboriginal, he feels out of place in both cultures. Schooled in the ways of white society by a Protestant missionary, Jimmie forsakes tribal customs, adopts the white man's religion, marries a white woman, and seeks a life of

honest labor in a world Aborigines are normally barred from entering. But he will always be seen as less than human by the employers who cheat and exploit him, the fellow workers who deride him, and the wife who betrays him—and a man can only take so much. Driven by hopelessness, rage, and despair, Jimmie commits a series of savage and terrible acts of vengeance and becomes something he never thought he'd be: a murderer, a fugitive, and, ultimately, a legend. Based on shocking real-life events, *The Chant of Jimmie Blacksmith* is a powerful tale of racism, identity, intolerance, and murder from the celebrated bestselling author of *Schindler's List*, Thomas Keneally. This magnificent historical novel remains a stunning, provocative, and profoundly affecting reading experience.

Quarterly Essay 1: In Denial Robert Manne 2001 In this national bestseller Robert Manne attacks the right-wing campaign against the Bringing them home report that revealed how thousands of Aborigines had been taken from their parents. What was the role of Paddy McGuinness as editor of Quadrant? How reliable was the evidence that led newspaper columnists from Piers Akerman in the Sydney Daily Telegraph to Andrew Bolt in the Melbourne Herald Sun to deny the gravity of the injustice done? In a powerful indictment of past government policies towards the Aborigines, Robert Manne has written a brilliant polemical essay which doubles as a succinct history of how Aborigines were mistreated and an exposure of the ignorance of those who want to deny that history.
