Off the Rails Beppe Severgnini 2019 In this witty and entertaining collection of travel tales, an acclaimed journalist explores his obsession with trains--and what his rail journeys have taught him about culture and identity. "I've gone around the world in installments. Every trip has been a revelation. I've watched regions, nations, and continents change moods and I've met more people on trains than in forty

years of airplane flights. Every train trip has been a spectacle. Trains are stages, cafés, bazaars. The only talk show that will never go off the air..." Beppe Severgnini has spent his life traveling the world, and not just because he's a journalist; he's a passionate, unflagging train buff. *Off the Rails* recounts some of his favorite trips across Europe, Australia, Asia, and the United States, each journey bringing readers not only to a different place but to a different time, from his honeymoon on the Trans-Siberian Express (in a four-person compartment!), to a winding journey from Russia to Turkey during the last summer of communism, to a recent coast-to-coast trip with his son from Washington, D.C., to Washington State. *Off the Rails* is the perfect getaway for anyone with a touch of wanderlust, who dreams of escape or just likes to laugh. Filled with memorable characters and perceptive observations, it demonstrates-- hilariously--what unites us. With the world in chaos and life in perpetual fast-forward, it's always the right time to hop on board with Beppe Severgnini and meet your charming, hapless, quarrelsome, romantic, shifty, quirky, endearing neighbors.

Rails Across Britain David Cable 2017-04-19 *Rails Across Britain* is a collection of full-size colour photographs of trains that have operated in Great Britain over the last thirty years. Compiled by a well-regarded author of several successfully published books showing many varying classes of trains throughout the world, this book covers the period from 1986 to the present day. It brilliantly illustrates the various classes and the huge myriad of colour schemes that have been used throughout the years, from the great days of the British Rail to the era of Privatisation. The contrast between the cash-strapped British Rail from an almost universal blue and grey colour scheme, to the well-funded privatised multi-coloured system seen today, is well portrayed in this comprehensive album, in which more than one photo of a class is shown. This selection of photographs have been specifically chosen to demonstrate an undeniably wide range of locations from Fort William in Scotland to St Austell in Cornwall, and, of course, in a variety of British weather conditions. The emphasis is, therefore, on the beauty of the train in its surroundings.

Off The Rails Tim Cope 2006-07-31 This is the true story of two twenty-year-old Australians who travelled for fourteen months on recumbent bicycles from Russia, across Siberia and Mongolia, to Beijing. It is as much a story about perseverance, passion and belief as it is about the people and remarkable landscapes of Siberia and Mongolia. Tim Cope and Chris Hatherly are fearless adventurers, willing and able to open themselves up to everything from the voice of the steppe to the Russian villagers and the nomads of the Gobi desert. From this, they draw an often funny, moving and inspirational tale of living out a dream.

The World's Great Rail Journeys Brian Solomon 2022-10-20 The World's Great Rail Journeys describes over 50 of the world's most exciting, unusual, and exotic railway journeys, including North America, Europe, Africa, Asia, and Australasia, updated to include photographs of new trains travelling on the same spectacular routes. Each journey is accompanied by a route map and is described in terms of the technical challenges of the construction of the track as well as the stunning views to be seen while travelling on the trains. One of the most famous, the Orient Express route from Paris to Istanbul, is historical and no longer possible as a single journey but full details of how to trace the route today accompany the description of the original concept. Other journeys are included because of the exciting countryside they pass through, such as the spectacular railways in the Canadian Rockies, or the challenging nature of the route, such as India's Darjeeling Himalayan Railways, or the Indian Pacific which runs across Australia from Perth to Sydney.

Heading South Tim Richards 2021-08-03 Freelance travel writer and Lonely Planet guidebook contributor Tim Richards decides to shake up his life by taking an epic rail journey across Australia. Jumping aboard iconic trains like the Indian Pacific, Overland and Spirit of Queensland, he covers over 7,000 kilometres, from the tropics to the desert and from big cities to ghost towns. Tim's journey is one of classic travel highs and lows: floods, cancellations, extraordinary landscapes and forays into personal and public histories &- as well as the steady joy of random strangers encountered along the way.

Steam Australia Tim Fischer 2018-11-01 In 'Steam Australia', Tim Fischer takes readers into the fascinating story of steam transportation over ten vital decades of transformation in Australia's history. The book also covers the great named express trains hauled by steam locomotives over the decades, such as 'Puffing Billy', Robert Gordon Menzies or 'The Ghan'. Special topics feature things such as Albury's 'break of gauge' platform (where two state track systems met), the Amiens branch line (running through Pozieres and Passchendaele stations in Queensland), some important characters such as C.Y. O'Connor and many more. The book is illustrated with over 300 exciting images from the superb National Library John Buckland collection of photography, many never seen before. Steam locomotives continue to operate as a key part of rail heritage tourism in Australia, demonstrating the ongoing legacy of these engines. The great age of steam in Australia and Fischer's salute to steam locomotion and all that it has achieved for this country is fascinating and captivating to both train novices and enthusiasts alike.
