

# Raising Steam Discworld Novel 40 Discworld Novels

Eventually, you will utterly discover a additional experience and triumph by spending more cash. nevertheless when? accomplish you give a positive response that you require to acquire those all needs past having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more roughly speaking the globe, experience, some places, afterward history, amusement, and a lot more?

It is your unconditionally own times to play a role reviewing habit. in the middle of guides you could enjoy now is **raising steam discworld novel 40 discworld novels** below.

**Going Postal** Terry Pratchett 2009-10-13 A splendid send-up of government, the postal system, and everything that lies in between in this newest entry in Terry Pratchett's internationally bestselling Discworld series. Convicted con man and forger Moist von Lipwig is given a choice: Face the hangman's noose, or get Ankh Morpork's ancient Post Office up and running efficiently! It was a tough decision . . . Now, the former criminal is facing really big problems. There's tons of undelivered mail. Ghosts are talking to him. One of the postmen is 18,000 years old. And you really wouldn't want to know what his new girlfriend can do with a shoe. To top it all off, shadowy characters don't want the mail moved. Instead, they want him dead—deader than all those dead letters. (And here he'd thought that all he'd have to face was rain, snow, and gloom of night . . .)

Philosophy and Terry Pratchett Jacob Held 2014-12-03 It's time to pick up your fedora and embark on a philosophical journey through Discworld! Terry Pratchett is world-famous for the narrative verve and surreal humour of his novels. But now meet another Terry Pratchett – a man of serious metaphysical ideas and sophisticated philosophical insights. In *Philosophy and Terry Pratchett* thirteen professional philosophers survey such key philosophical issues as personal identity, the nature of destiny, the value of individuality, the meaning of existentialism, the reality of universals and the existence of alternative realities. In considering these and many other equally fascinating themes, close reference is made to more than 35 Discworld novels as well as to the ideas of some of history's greatest philosophers including Aristotle, Hobbes, Rousseau, Kant, Mill, Kierkegaard, Wittgenstein and Rawls. During your journey, you will be surprised by numerous provocative conclusions including the startling claim that the existence of Discworld is logically possible!

**The First Discworld Novels** Terry Pratchett 1999 This is how the Discworld began. Here is the sapient pearwood Luggage, a mobile trunk which launders any clothes put in it and incidentally homicidally defends its owner. Here is Twoflower, an innocent tourist in a world of nightmares and fairy tales

**Making Money** Terry Pratchett 2007-09-18 Prisoner-turned-postal worker Moist von Lipwig tackles a new assignment in a different branch of the government through which he is directed to oversee the printing of Ankh-Morpork's first paper currency, a job with unexpected

challenges. By the author of *Going Postal*. 150,000 first printing.

Guards! Guards! Terry Pratchett 2012-10-11 ~Vimes ran a practised eye over the assortment before him. It was the usual Ankh-Morpork mob in times of crisis; half of them were here to complain, a quarter of them were here to watch the other half, and the remainder were here to rob, importune or sell hotdogs to the rest. Insurrection is in the air in Ankh-Morpork. The Haves and Have-Nots are about to fall out all over again. Captain Sam Vimes of the city's ramshackle Night Watch is used to this. It's enough to drive a man to drink. Well, to drink more. But this time, something is different ~ the Have-Nots have found the key to a dormant, lethal weapon that even they don't fully understand, and they're about to unleash a campaign of terror on the city. Time for Captain Vimes to sober up.

**The Book of Sand** Theo Clare 2022-01-06 'Shocking and satisfying ...a compelling, absorbingly different quest fantasy' Guardian 'An utterly original novel from an extraordinarily creative mind' Karin Slaughter 'Unique and fearless' Mark Billingham 'I inhaled it! It's beautifully written and utterly compelling' Harriet Tyce 'Audacious, extraordinary and absolutely awesome' Alex North 'Fearless and compelling, lyrical and devastating by turns, the story never slackens pace. A stunning introduction to a wholly original world' Jane Corry 'A future classic that exists between darkness and light. I was completely entranced by it' Christopher Fowler 'A huge and brilliant and engaging read. It feels like a place I have been to rather than words on a page' Alice Jolly 'A remarkable achievement' Shots Magazine 'What we have here is a fantasy about faith and the search for spiritual certainty... [an] ambitious religious parable.' FT \_\_\_\_\_ SAND. A hostile world of burning sun. Outlines of several once-busy cities shimmer on the horizon. Now empty of inhabitants, their buildings lie in ruins. In the distance a group of people - a family - walk towards us. Ahead lies shelter: a 'shuck' the family call home and which they know they must reach before the light fails, as to be out after dark is to invite danger and almost certain death. To survive in this alien world of shifting sand, they must find an object hidden in or near water. But other families want it too. And they are willing to fight to the death to make it theirs. It is beginning to rain in Fairfax County, Virginia when McKenzie Strathie wakes up. An ordinary teenage girl living an ordinary life - except that the previous night she found a sand-lizard in her bed, and now she's beginning to question everything around her, especially who she really is ... Two very different worlds featuring a group of extraordinary characters driven to the very limit of their endurance in a place where only the strongest will survive.

**Unseen Academicals** Terry Pratchett 2009-11-10 'We play and are played and the best we can hope for is to do it with style.' Football has come to the ancient city of Ankh-Morpork. And now the wizards of Unseen University must win a football match without using magic . . . so they're in the mood for trying everything else. To do this, they recruit an unlikely group of players: Trev, a street urchin with a talent for kicking a tin can; Glenda, the night chef who makes a mean pie; Juliet, the kitchen hand turned world's greatest fashion model; and the mysterious Mr Nutt, who has something powerful, and dark, locked away inside him . . . And the thing about football - the important thing about football - is that it is not just about football. Here we go, here we go, here we go! 'This isn't just football, it's Discworld football. Or, to borrow another phrase, it's about life, the Universe and everything' The Times 'No one mixes the fantastical and mundane to better comic effect' Daily Mail Unseen Academicals is the seventh book in the Wizards series, but you can read the Discworld novels in any order.

*Mrs Bradshaw's Handbook* Terry Pratchett 2014-10-09 Authorised by Mr Lipwig of the Ankh-Morpork and Sto Plains Hygienic Railway himself, Mrs Georgina Bradshaw's invaluable guide to the destinations and diversions of the railway deserves a place in the luggage of any traveller, or indeed armchair traveller, upon the Disc. \*From the twine walk of Great Slack to the souks of Zemphis: edifying sights along the route \*Ticketing, nostrums and transporting your swamp dragon: essential hints on the practicalities of travel \*Elegant resorts and quaint inns: respectable and sanitary lodgings for all species and heights. \* From worm-herding to Fustic Cake: diverting trivia on the crafts, foods and brassica traditions of the many industrious people for whom the railway is now a vital link to the Century of the Anchovy Fully illustrated and replete with useful titbits, Mrs Bradshaw's Handbook offers a view of the Sto Plains like no other.

The Folklore of Discworld Terry Pratchett 2010-07-06 NOW UPDATED to include material on the Discworld books up to Raising Steam. Most of us grow up having always known to touch wood or cross our fingers, and what happens when a princess kisses a frog or a boy pulls a sword from a stone, yet sadly some of these things are now beginning to be forgotten. Legends, myths, fairytales: our world is made up of the stories we told ourselves about where we came from and how we got there. It is the same on Discworld, except that beings which on Earth are creatures of the imagination - like vampires, trolls, witches and, possibly, gods - are real, alive and in some cases kicking on the Disc. In *The Folklore of Discworld*, Terry Pratchett teams up with leading British folklorist Jacqueline Simpson to take an irreverent yet illuminating look at the living myths and folklore that are reflected, celebrated and affectionately labelled in the uniquely imaginative universe of Discworld.

**Wintersmith** Terry Pratchett 2008-09-04 'Crivens!' Tiffany Aching put one foot wrong, made just one little mistake . . . And now the spirit of winter is in love with her. He gives her roses and icebergs and showers her with snowflakes, which is tough when you're thirteen, but also just a little bit . . . cool. And if Tiffany doesn't work out how to deal with him, there will never be another springtime . . . Crackling with energy and humour, *Wintersmith* is the third tale in a sequence about Tiffany Aching and the Wee Free Men - the Nac Mac Feegles who are determined to help Tiffany, whether she wants it or not. 'An extraordinary achievement' Books for Keeps 'A characteristically entertaining mix' Sunday Times 'One of the best and one of the funniest English authors alive' Independent

*Monstrous Regiment* Terry Pratchett 2014-02-14 A new stage adaptation of one of Pratchett's best-selling novels *The Monstrous Regiment* in question is made up of a vampire (reformed and off the blood, thank you), a troll, Igor (who is only too happy to sew you a new leg if you aren't too particular about previous ownership), a collection of misfits and a young woman discovers that a pair of socks shoved down her pants is a good way to open up doors in a man's army. "One of the funniest English authors alive" (Independent)

**Maskerade** Terry Pratchett 2013 The Opera House, Ankh-Morpork: a huge rambling building, where innocent young sopranos are lured to their destiny by a strangely familiar evil mastermind in a hideously deformed evening dress. But Granny Weatherwax is in the audience, and she doesn't hold with that sort of thing. So there's going to be trouble (but nevertheless a good evening's entertainment with murders you can really hum.)

**Raising Steam** Terry Pratchett 2017-05-18 THE NUMBER ONE BESTSELLER 'Everybody

wanted the railway close, oh yes please, but not so close that they could hear it or smell it' It's only in dictatorships that the trains run on time. Everywhere else, signal failures, leaves on the line, the wrong type of snow and the wrong type of sunlight make departure and arrival times just a nice, idealistic theory. So when it becomes a matter of life and death to get a train somewhere on time, the odds don't look good - especially if that somewhere is a completely new destination. The only thing that upsets people more than railway delays, after all, is building more railway. Past their back gardens. And some of those people will go to extremes to stop locomotion in its tracks a 'British fiction's most brilliant satire on contemporary life' Telegraph 'The most serious of comedies, the most relevant and real of fantasies at once hilariously cynical and idealistically practical' Independent

*Dragons at Crumbling Castle* Terry Pratchett 2015-02-03 An illustrated collection of 14 short stories—featuring "dragons and wizards, councilors and mayors, an adventurous tortoise and a monster in a lake, along with plenty of pointy hats and a few magic spells"—was written when the author was a teenaged newspaper reporter. 50,000 first printing.

*The Science Of Discworld Revised Edition* Ian Stewart 2011-10-31 When a wizardly experiment goes adrift, the wizards of Unseen University find themselves with a pocket universe on their hands: Roundworld, where neither magic nor common sense seems to stand a chance against logic. The Universe, of course, is our own. And Roundworld is Earth. As the wizards watch their accidental creation grow, we follow the story of our universe from the primal singularity of the Big Bang to the Internet and beyond. Through this original Terry Pratchett story (with intervening chapters from Cohen and Stewart) we discover how puny and insignificant individual lives are against a cosmic backdrop of creation and disaster. Yet, paradoxically, we see how the richness of a universe based on rules, has led to a complex world and at least one species that tried to get a grip of what was going on.

*Witches Abroad* Terry Pratchett 2010-05-25 'You can't go around building a better world for people. Only people can build a better world for people. Otherwise, it's just a cage.' There's power in stories. The Fairy Godmother is good. The servant girl marries the Prince. Everyone lives happily ever after . . . don't they? The witches Granny Weatherwax, Nanny Ogg and Magrat Garlick are travelling to far-distant Genua to stop a wedding and save a kingdom. But how do you fight a happy-ever-after, especially when it comes with glass slippers and a power-hungry Fairy Godmother who has made Destiny an offer it can't refuse? It's hard to resist a good story, even when the fate of the kingdom depends on it . . . 'No one mixes the fantastical and mundane to better comic effect' Daily Mail 'One of our greatest fantasists, and beyond a doubt the funniest' George RR Martin *Witches Abroad* is the third book in the *Witches* series, but you can read the *Discworld* novels in any order.

[Raising Steam](#) Terry Pratchett 2014-10-09 It's all change for Moist von Lipwig, swindler, conman, and (naturally) head of the Royal Bank and Post Office. A steaming, clanging new invention, driven by Dick Simnel, the man with a flat cap and a sliding rule, is drawing astonished crowds - including a few particularly keen young men armed with notepads and very sensible rainwear - and suddenly it's a matter of national importance that the trains run on time. Moist does not enjoy hard work. His . . . vital input at the bank and post office consists mainly of words, which are not that heavy. Or greasy. And it certainly doesn't involve rickety bridges, runaway cheeses or a fat controller with knuckledusters. What he does enjoy is being alive, which may not be a perk of running the

new railway. Because, of course, some people have OBJECTIONS, and theyâ€(tm)ll go to extremes to stop locomotion in its tracks.

**Going Postal** Terry Pratchett 2008-10-09 'One of the best expressions of his unstoppable flow of comic invention' The Times \_\_\_\_\_ The post was an old thing, of course, but it was so old that it had magically become new again. Moist von Lipwig is a con artist... .. and a fraud and a man faced with a life choice: be hanged, or put Ankh-Morpork's ailing postal service back on its feet. It's a tough decision. The post is a creaking old institution, overshadowed by new technology. But there are people who still believe in it, and Moist must become one of them if he's going to see that the mail gets through, come rain, hail, sleet, dogs, the Post Office Workers Friendly and Benevolent Society, an evil chairman . . . and a midnight killer. Getting a date with Adora Bell Dearheart would be nice, too. So perhaps there is a shot at redemption in the mad world of the mail, waiting for a man who's prepared to push the envelope . . .  
\_\_\_\_\_ The Discworld novels can be read in any order but Going Postal is the first book in the Moist von Lipwig series, which also includes Raising Steam and Making Money.

*Snuff* Terry Pratchett 2011-10-11 "Pratchett . . . has a satirist's instinct for the absurd and a cartoonist's eye for the telling detail." —Daily Telegraph (London) "The purely funniest English writer since Wodehouse." —Washington Post Book World Sam Vimes, watch commander of Ankh-Morpork, is at long last taking a much-needed (and well deserved) vacation. But, of course, this is Discworld®, where nothing goes as planned—and before Vimes can even change his cardboard-soled boots for vacationer's slippers, the gruff watch commander soon finds himself enmeshed in a fresh fiasco fraught with magic, cunning, daring, and (for the reader more than for poor Vimes) endless hilarity. Did he really expect time off? As Vimes himself says in *Feet of Clay*, "there's some magical creature called 'overtime,' only no one's even seen its footprints." Following the New York Times bestselling *Unseen Academicals*, Terry Pratchett delivers an enthralling new tale from a place of insuperable adventure: Discworld. Discworld® is a registered trademark.

**Lord Demon** Roger Zelazny 2000-02-08 Seeking revenge for the murder of his devoted human servant, Kai Wren, the great demon warrior, is forced into a series of dangerous alliances in order to preserve the Demon Realms, but he has been weakened by years of peace and the threat of betrayal among his closest companions. Reprint.

Wife in Public Emma Darcy 2011-03-01 Billionaire Jordan Powell is a regular favorite of Sydney's newspaper gossip pages—there's always a new photo of him...with a new woman on his arm! So, used to women falling at his feet, he finds the challenge of seducing farm girl Ivy Thornton—more comfortable in her overalls than designer outfits—a diverting amusement. His reward: sinful pleasure! But for Ivy, being the latest in a line of Jordan's disposable conquests isn't a role she's willing to accept....

**Nation** Terry Pratchett 2009-10-06 When a giant wave destroys his village, Mau is the only one left. Daphne—a traveler from the other side of the globe—is the sole survivor of a shipwreck. Separated by language and customs, the two are united by catastrophe. Slowly, they are joined by other refugees. And as they struggle to protect the small band, Mau and Daphne defy ancestral spirits, challenge death himself, and uncover a long-hidden secret that literally turns the world upside down.

**The Long Utopia** Terry Pratchett 2015-06-23 The fourth novel in Terry Pratchett and Stephen Baxter's internationally bestselling "Long Earth" series, hailed as "a brilliant science fiction collaboration . . . a love letter to all Pratchett fans, readers, and lovers of wonder everywhere" (Io9). 2045-2059. Human society continues to evolve on Datum Earth, its battered and weary origin planet, as the spread of humanity progresses throughout the many Earths beyond. Lobsang, now an elderly and complex AI, suffers a breakdown, and disguised as a human attempts to live a "normal" life on one of the millions of Long Earth worlds. His old friend, Joshua, now in his fifties, searches for his father and discovers a heretofore unknown family history. And the super-intelligent post-humans known as "the Next" continue to adapt to life among "lesser" humans. But an alarming new challenge looms. An alien planet has somehow become "entangled" with one of the Long Earth worlds and, as Lobsang and Joshua learn, its voracious denizens intend to capture, conquer, and colonize the new universe—the Long Earth—they have inadvertently discovered. World-building, the intersection of universes, the coexistence of diverse species, and the cosmic meaning of the Long Earth itself are among the mind-expanding themes explored in this exciting new installment of Terry Pratchett and Stephen Baxter's extraordinary Long Earth series.

**Shaking Hands With Death** Terry Pratchett 2015-07-30 Why we all deserve a life worth living and a death worth dying for 'Most men don't fear death. They fear those things - the knife, the shipwreck, the illness, the bomb - which precede, by microseconds if you're lucky, and many years if you're not, the moment of death.' When Terry Pratchett was diagnosed with Alzheimer's in his fifties he was angry - not with death but with the disease that would take him there, and with the suffering disease can cause when we are not allowed to put an end to it. In this essay, broadcast to millions as the BBC Richard Dimbleby Lecture 2010 and previously only available as part of A Slip of the Keyboard, he argues for our right to choose - our right to a good life, and a good death too.

The Time-travelling Caveman Terry Pratchett 2020-09-03 \*The final collection of short stories from the incredible Sir Terry Pratchett!\* Imagination is an amazing thing. It can take you to the top of the highest mountain, or down to the bottom of the deepest depths of the sea. This where it took Doggins on his Awfully Big Adventure: a quest full of magic and flying machines. (And the world's best joke - trust me, it's hilarious.) It took three young inventors to the moon (where they may or may not have left a bottle of lemonade) and a caveman on a trip to the dentist. You can join them on these adventures, and many more, in this incredible collection of stories . . . From the greatest imagination there ever was. Written for local newspapers when Terry Pratchett was a young lad, these never previously published stories are packed full of anarchic humour and wonderful wit. A must-have for Terry fans . . . and young readers looking for a fix of magic.

*I Shall Wear Midnight* Terry Pratchett 2011 Tiffany Aching, the young witch from 'The Wee Free Men', 'A Hat Full of Sky, and 'Wintersmith' is back in a new adventure featuring Discworld characters both familiar to fans and new. Oh, and there's a shambles, a twist through time, a cunning man and a giant man of chalk.

**Tiffany Aching 4-Book Collection** Terry Pratchett 2014-08-05 This collection includes all four Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series. The Wee Free Men: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very

unusual help: the local Nac Mac Feegle—aka the Wee Free Men—a clan of fierce, sheep-stealing, sword-wielding, six-inch-high blue men. Together they must face headless horsemen, ferocious grimhounds, terrifying dreams come true, and ultimately the sinister Queen of the Elves herself. . . . A Hat Full of Sky: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! What Tiffany doesn't know is that an insidious, disembodied creature is pursuing her. In the end, it will take all of Tiffany's inner strength to save herself ... if it can be done at all. Wintersmith: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. Because if Tiffany doesn't make it to Spring—Spring won't come. I Shall Wear Midnight: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root. Aided by the tiny-but-tough Wee Free Men, Tiffany faces a dire challenge, for if she falls, the whole Chalk falls with her. . . .

Hogfather Terry Pratchett 2021-04-22 It's the night before Hogswatch. And it's too quiet. Superstition makes things work in the Discworld, and undermining it can have consequences. It's just not right to find Death creeping down chimneys and trying to say 'Ho Ho Ho...' It's the last night of the year, the time is turning, and if Susan, gothic governess and Death's granddaughter (sort of), doesn't sort everything out by morning, there won't be a morning. Ever again... Adapted by Terry Pratchett's long-time collaborator Stephen Briggs, this play text version of Pratchett's bestselling Discworld novel Hogfather wittily and faithfully reimagines the story for the stage.

**Only You Can Save Mankind** Terry Pratchett 2009-10-06 The alien spaceship is in his sights. His finger is on the Fire button. Johnny Maxwell is about to set the new high score on the computer game Only You Can Save Mankind. Suddenly: We wish to talk. Huh? We surrender. The aliens aren't supposed to surrender -- they're supposed to die! Now what is Johnny going to do with a fleet of alien prisoners who know their rights under the international rules of war and are demanding safe-conduct? It's hard enough trying to save Mankind from the Galactic Hordes. It's even harder trying to save the Galactic Hordes from Mankind. But it's just a game, isn't it? Isn't it? Master storyteller Terry Pratchett leaves readers breathless -- with laughter, and with suspense -- in a reality-bending tale of virtual heroism.

Thud! Terry Pratchett 2014-02-13 'Some people would be asking: whose side are you on? If you're not for us, you're against us. Huh. If you're not an apple, you're a banana' Koom Valley, the ancient battle where the trolls ambushed the dwarfs, or the dwarfs ambushed the trolls, was a long time ago. But if he doesn't solve the murder of just one dwarf, Commander Sam Vimes of Ankh-Morpork City Watch is going to see it fought again, right outside his office. With his beloved Watch crumbling around him and war-drums sounding, he must unravel every clue, outwit every assassin and brave any darkness to find the solution. And darkness is following him. Oh . . . and at six o'clock every day, without fail, with no excuses, he must go home to read 'Where's My Cow?', with all the right farmyard noises, to his little boy. There are some things you have to do.

**Summer at the Lake** Erica James 2014-02-27 From Lake Como in Italy to Oxford, a wonderfully compelling novel about lost love, fate and second chances from the Sunday Times bestselling author. Lake Como - beautiful, enchanting, romantic... For Floriana, it is the place where the love of her life is getting married to another woman. And she's been invited to the wedding. For Esme, it is where, over sixty years ago, she fell in love for the first time. So often she's wondered what happened to the man who stole her heart - and changed the course of her life. Adam is in danger of burying himself entirely in his work after his girlfriend left him. Could a trip to Lake Como be the distraction he needs? Now it's time for each of them to understand that the past is not only another country, it can also cast haunting shadows over everyone's lives...

**A Slip of the Keyboard** Terry Pratchett 2014-09-23 A collection of essays and other non fiction from Terry Pratchett, spanning the whole of his writing career from his early years to the present day. Terry Pratchett has earned a place in the hearts of readers the world over with his bestselling Discworld series -- but in recent years he has become equally well-known and respected as an outspoken campaigner for causes including Alzheimer's research and animal rights. A Slip of the Keyboard brings together for the first time the finest examples of Pratchett's non fiction writing, both serious and surreal: from musings on mushrooms to what it means to be a writer (and why banana daiquiris are so important); from memories of Granny Pratchett to speculation about Gandalf's love life, and passionate defences of the causes dear to him. With all the humour and humanity that have made his novels so enduringly popular, this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself -- man and boy, bibliophile and computer geek, champion of hats, orangutans and Dignity in Dying. Snuff was the bestselling adult hardcover novel of 2011. A Blink of the Screen, Terry's short fiction collection, was also one of the bestselling hardcovers of 2012.

**The World of Poo** Terry Pratchett 2015-10-13 From Snuff: 'Vimes' prompt arrival got a nod of approval from Sybil, who gingerly handed him a new book to read to Young Sam. Vimes looked at the cover. The title was The World of Poo. When his wife was out of eyeshot he carefully leafed through it. Well, okay, you had to accept that the world had moved on and these days fairy stories were probably not going to be about twinkly little things with wings. As he turned page after page, it dawned on him that whoever had written this book, they certainly knew what would make kids like Young Sam laugh until they were nearly sick. The bit about sailing down the river almost made him smile. But interspersed with the scatology was actually quite interesting stuff about septic tanks and dunnakin divers and gongfermors and how dog muck helped make the very best leather, and other things that you never thought you would need to know, but once heard somehow lodged in your mind.'

*Raising Steam* Terry Pratchett 2014-03-18 The new Discworld novel, the 40th in the series, sees the Disc's first train come steaming into town. Change is afoot in Ankh-Morpork. Discworld's first steam engine has arrived, and once again Moist von Lipwig finds himself with a new and challenging job.

**The Centaur's Wife** Amanda Leduc 2021-02-16 Amanda Leduc's brilliant new novel, woven with fairy tales of her own devising and replete with both catastrophe and magic, is a vision of what happens when we ignore the natural world and the darker parts of our own natures. Heather is sleeping peacefully after the birth of her twin daughters when the sound of the world ending jolts her awake. Stumbling outside with her babies and her new husband,

Brendan, she finds that their city has been destroyed by falling meteors and that her little family are among only a few who survived. But the mountain that looms over the city is still green--somehow it has been spared the destruction that has brought humanity to the brink of extinction. Heather is one of the few who know the mountain, a place city-dwellers have always been forbidden to go. Her dad took her up the mountain when she was a child on a misguided quest to heal her legs, damaged at birth. The tragedy that resulted has shaped her life, bringing her both great sorrow and an undying connection to the deep magic of the mountain, made real by the beings she and her dad encountered that day: Estajfan, a centaur born of sorrow and of an ancient, impossible love, and his two siblings, marooned between the magical and the human world. Even as those in the city around her--led by Tasha, a charismatic doctor who fled to the city from the coast with her wife and other refugees--struggle to keep everyone alive, Heather constantly looks to the mountain, drawn by love, by fear, by the desire for rescue. She is torn in two by her awareness of what unleashed the meteor shower and what is coming for the few survivors, once the green and living earth makes a final reckoning of the usefulness of human life and finds it wanting. At times devastating, but ultimately redemptive, Amanda Leduc's fable for our uncertain times reminds us that the most important things in life aren't things at all, but rather the people we want by our side at the end of the world.

The Wit and Wisdom of Discworld Terry Pratchett 2012-01-03 For more than two decades, Terry Pratchett has been regaling readers with tales of Discworld—a flat world balanced on the backs of four elephants, which are standing on the back of a giant turtle, flying through space. It is a world populated by ineffectual wizards and sharp-as-tacks witches, by tired policemen and devious dictators, by reformed thieves and vampires who have sworn to drink no blood. It is a world that is vastly different from our own . . . except when it isn't. Now, in *The Wit and Wisdom of Discworld*, various nuggets of Pratchett's witty commentary and sagacious observations have been compiled by Pratchett expert Stephen Briggs, a man who, they say, knows even more about Discworld than Terry Pratchett. Within these pages, you'll find musings on: Interior decorating: "It's a fact known throughout the universes that no matter how carefully the colors are chosen, institutional decor ends up as either vomit green, unmentionable brown, nicotine yellow, or surgical appliance pink. By some little-understood process of sympathetic resonance, corridors painted in those colors always smell slightly of boiled cabbage—even if no cabbage is ever cooked in the vicinity." (Equal Rites) Travel: "Any seasoned traveler soon learns to avoid anything wished on them as a 'regional speciality,' because all the term means is that the dish is so unpleasant the people living everywhere else will bite off their own legs rather than eat it. But hosts still press it upon distant guests anyway: 'Go on, have the dog's head stuffed with macerated cabbage and pork noses—it's a regional speciality.'" (The Last Continent) Young men: "And then there was the young male walk. At least women swung only their hips. Young men swung everything, from the shoulders down. You have to try to occupy a lot of space. It makes you look bigger, like a tomcat fluffing his tail. The boys tried to walk big in self-defense against all those other big boys out there. I'm bad, I'm fierce, I'm cool, I'd like a pint of shandy and me mam wants me home by nine." (Monstrous Regiment) Class: "'Old money' meant that it had been made so long ago that the black deeds that had originally filled the coffers were now historically irrelevant. Funny, that; a brigand for a father was something you kept quiet about, but a slave-taking pirate for a great-great-great-grandfather was something to boast of over the port. Time turned the evil bastards into rogues, and rogue was a word with a twinkle in its eye and nothing to be ashamed of." (Making Money) . . . and more! Culled from all the Discworld novels, *The Wit and Wisdom of*

Discworld confirms Pratchett's place in the pantheon of great satirists and proves why the Chicago Tribune has praised his Discworld as "entertaining and gloriously funny . . . an accomplishment nothing short of magical."

*Dodger* Terry Pratchett 2012-09-25 Beloved and bestselling author Sir Terry Pratchett's *Dodger*, a Printz Honor Book, combines high comedy with deep wisdom in a tale of one remarkable boy's rise in a fantasy-infused Victorian London. Seventeen-year-old Dodger is content as a sewer scavenger. But he enters a new world when he rescues a young girl from a beating, and her fate impacts some of the most powerful people in England. From Dodger's encounter with the mad barber Sweeney Todd, to his meetings with the great writer Charles Dickens and the calculating politician Benjamin Disraeli, history and fantasy intertwine in a breathtaking account of adventure and mystery.

The Savage Garden Mark Mills 2008-05 Assigned to write a monograph about a famous sixteenth-century garden, aimless young Cambridge scholar Adam Banting visits the enigmatic garden only to discover clues that the woman to whom the garden was dedicated may have been murdered, a finding that points to a related and more recent killing. By the author of *Amagansett*. Reprint.

Turtle Recall Terry Pratchett 2014-04-08 For every Pratchett fan, the must-have fully updated guidebook to Discworld! The Discworld, as everyone knows, is a flat world balanced on the backs of four elephants which, in turn, stand on the shell of the giant star turtle, the Great A'Tuin, as it slowly swims through space. It is also a global publishing phenomenon with sales of nearly 85 million books worldwide (and counting). With 39 books in the canon, not including the various guides, maps, diaries, and other tie-in volumes, there's a lot of Discworld to keep track of—more than most fans can manage without magic. *Turtle Recall* is the ultimate authority on probably the most heavily populated—certainly the most hilarious—setting in fantasy literature and includes a guide to Discworld locales from Ankh-Morpork to Zemphis, as well as information to help you distinguish Achmed the Mad from Jack Zweiblum and the Agatean Empire from the Zoons. Plus much, much more. Covering everything from *The Colour of Magic*, the first Discworld novel, through *Snuff!*, *Turtle Recall: The Discworld Companion . . . So Far* is the most up-to-the-minute encyclopedia of Terry Pratchett's extraordinary universe available.

**Dodger's Guide to London** Terry Pratchett 2014-01-31 This digital edition includes the original artwork, has been specially adapted for ebook platforms and is optimized for tablet devices.
