*Becoming Minority* Jyotirmaya Tripathy 2014-11-06 This book will make you revisit the 'minority question' as it has been understood, conventionally. This book subjects to scrutiny some of the well-established social science concepts such as minority, ethnicity, inclusion, exclusion, and self-determination, among others. The purpose of the enquiry is neither to debunk these concepts nor to highlight their relevance/irrelevance, but merely to guard against their unselective usage by scholars. The work is an endeavor to address some of the questions that animate current scholarship on minority and minoritization. In doing so, the book draws upon European and Indian experiences of cultural diversities as these regions are two of the most culturally diverse regions in the world and engage with diversity from within a democratic framework.

**The Battle of Rezang La** Kulpreet Yadav 2022-03 On 18 November 1962, the Charlie Company of the 13 Kumaon Battalion, Kumaon Regiment, fought a Chinese attack at Rezang La Pass in Ladakh, India. The company comprised 120 soldiers and was led by Maj. Shaitan Singh. Of these soldiers, 110 were martyred in the attack. The Indian search party, which visited the battlefield on 10 February 1963, made a startling discovery-the frozen bodies of the men who had died were still holding guns in their hands, having taken bullets on their chests. One PVC (Param Vir Chakra), eight VCs (Vir Chakras), four SMs (Sena Medals) and one M-in-D (Mentioned-in-Dispatches) were awarded to the soldiers of the Charlie Company, making it one of the highest decorated companies of the Indian Army to this day. The valour of the Charlie Company not only successfully stopped China's advance, but it also resulted in the Chushul airport being saved, thereby preventing a possible Chinese occupation of the entire Ladakh region in 1962. According to reports, a total of 1300 Chinese soldiers were killed trying to capture Rezang La. The Charlie Company was an all-Ahir company, and most of the soldiers who fought the battle at 18,000 feet came from the plains of Haryana. The Battle of Rezang La is their story.

*Guns & Thighs* Ram Gopal Varma 2015-12-01 In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, *Guns & Thighs* is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

Religious Offences in Common Law Asia Li-ann Thio 2021-02-25 This book provides in-depth comparative analysis of how religious penal clauses have been developed and employed within Asian common law states, and the impact of such developments on constitutional rights. By examining the theoretical and conceptual underpinnings of religious offences as well as interrogating the nature and impact of religious penal clauses within the region, it contributes to the broader dialogue in relation to religious penal clauses globally, whether in countries which practise forms of secular or religious constitutionalism. Asian practice is significant in this respect, given the centrality of religion to social life and indeed, in some jurisdictions, to constitutional or national identity. Providing rigorous studies of common law jurisdictions that have adopted similar provisions in their penal code, the contributors provide an original examination and analysis of the use and development of these religious clauses in their respective jurisdictions. They draw upon their insights into the background sociopolitical and constitutional contexts to consider how the inter-relationship of religion and state may determine the rationale and scope of religious offences. These country-by-country chapters inform the conceptual examination of religious views and sentiments as a basis for criminality and the forms of 'harm' that attract legal safeguards. Several chapters examine these questions from a historical and comparative perspective, considering the underlying bases and scope, as well as evolving objectives of these provisions. Through these examinations, the book critically interrogates the legacy of colonialism on the criminal law and constitutional practice of various Asian

states.

**Middle Class, Media and Modi** Nagesh Prabhu 2020-05-01 The spectacular victory of Narendra Modi and the BJP in 2014 and again in 2019 demands a nuanced exploration of the factors that led to it. Though the role of the middle class and the media in the making of what is called the 'Modi Wave' is often talked about, a clear-eyed and unbiased look at how they transformed the political landscape in post-liberalization India is still wanting. This book studies how the Indian middle class, once seen as politically indifferent, has gradually become a player of importance. This change, which slowly began in the 1990s, has now reached a crescendo, and Modi has become the icon of the changing economic demands of the middle class and their ideological rightward shift. The new middle class played a decisive role in the electoral outcomes of 2014 and 2019—two elections that have undoubtedly changed the way India imagines itself and how the rest of the world sees India. Modi's management of mainstream and social media—primary consumers of which is the ever-growing middle class—has played a key role in his emphatic victories. This book will help the reader understand the arsenal that Modi used in these elections and is a must-read for scholars of politics, media studies and sociology.

**Sophia** Anita Anand 2015-01-13 In 1876 Sophia Duleep Singh was born into Indian royalty. Her father, Maharajah Duleep Singh, was heir to the Kingdom of the Sikhs, one of the greatest empires of the Indian subcontinent, a realm that stretched from the lush Kashmir Valley to the craggy foothills of the Khyber Pass and included the mighty cities of Lahore and Peshawar. It was a territory irresistible to the British, who plundered everything, including the fabled Koh-I-Noor diamond. Exiled to England, the dispossessed Maharajah transformed his estate at Elveden in Suffolk into a Moghul palace, its grounds stocked with leopards, monkeys and exotic birds. Sophia, god-daughter of Queen Victoria, was raised a genteel aristocratic Englishwoman: presented at court, afforded grace and favor lodgings at Hampton Court Palace and photographed wearing the latest fashions for the society pages. But when, in secret defiance of the British government, she travelled to India, she returned a revolutionary. Sophia transcended her heritage to devote herself to battling injustice and inequality, a far cry from the life to which she was born. Her causes were the struggle for Indian Independence, the fate of the lascars, the welfare of Indian soldiers in the First World War ? and, above all, the fight for female suffrage. She was bold and fearless, attacking politicians, putting herself in the front line and swapping her silks for a nurse's uniform to tend wounded soldiers evacuated from the battlefields. Meticulously researched and passionately written, this enthralling story of the rise of women and the fall of empire introduces an extraordinary individual and her part in the defining moments of recent British and Indian history.

#### A historico-political retrospection of deeds of SINGLE EYED MAHATMA HARE KRISHNA SHARMA

Bharatvarsh consisted of today's India, Afghanistan, Pakistan, Nepal, Tibet, Bhutan, Bangladesh, Burma and SriLanka. Britishers partitioned this nation from time to time with the last jolt in 1947 by creating West and East Pakistan based on 2 nation theory accepted by the Congress leaders Gandhi and Nehru against the wishes of Hindu majority. The partition was made on the basis that Muslims wanted their own separate country. Hence all Muslims should have gone to Pakistan and all Hindus should have come to Bharat. However, Nehru-Liyaquat Pact permitted 3 crore Muslims to stay in Bharat. While Pakistan declared itself an Islamic country and persecuted the Hindus staying in Pakistan and reducing their strength from 22% in 1947 to 2% in 2021, Bharat did not declare itself Hindu Rashtra resulting into burgeoning of Muslim population in Bharat from 3 crore to 35 crore. There were several countries in the world which were in the same or even worst position in 1947 including Britain itself, France, Germany, Japan, Israel, China, Korea, Spain, etc. All these countries except Bharat have become developed countries now unlike Bharat which is limping for development. Did we really get independence? Why are we facing insurgencies, communal riots, engineered unrest, protests and strikes? Rampant corruption? Divisive forces? Why nonplan expenses are more than plan expenditures? The foundation of the independence of our country has been made on wrong premises and gospels. It is utmost necessary to go to the root causes of the prevailing circumstances.

**50 Films That Changed Bollywood, 1995-2015** Shubhra Gupta 2016-12-10 Hindi cinema was trapped in formulaic clichés for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lording over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. *Dilwale Dulhania Le Jayenge* was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (*Ankhon Dekhi*), did away with songs if the narrative did not need them (*Gangaajal*), addressed different sexual preferences (*My Brother ... Nikhil*) and people with special needs (*Black*) like no one had ever done before. As film critic with the *Indian Express*, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In *50 Films That Changed Bollywood, 1995-2015*, she looks at the modern classics that have redefined Hindi cinema - from *DDLJ* and *Rangeela* to *Satya* and *Dev D* to *Queen* and *Bajrangi Bhaijaan*. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

**Gandhi** G. B. Singh 2004-04 Among prominent leaders of the twentieth century, perhaps no one is more highly regarded than Mahatma Gandhi. He is revered by the vast majority of Hindus as the hero of Indian independence, and many people throughout the world consider him to be a modern saint. In this explosive, intriguing, and provocative investigation, Colonel G. B. Singh charges that the popular image of Gandhi is highly misleading. Despite his famous philosophy of nonviolent resistance (*satyagraha*), Colonel Singh's analysis of the evidence leads him to conclude that Gandhi's ideology was in fact rooted in racial animosity, first against blacks in South Africa and later against whites in India. The author also finds evidence of multiple cover-ups designed to hide Gandhi's real history, including even collusion to cover up the murder of an American. This provocative thesis is sure to be controversial.
