End Time Signs Kurt B. Bakley 2012-07-27 Will Israel and the U.S. be destroyed or partially destroyed in 2012-2019 or 2026-2030 and beyond and Muslims, Catholics and communism take over most of the world? Were there strange things going around the sun, the moon changing degrees and phases, stars that aren't where there suppose to be and the magnetic poles changing mostly reported secretly in 2001-2011? Did NASA or scientists and astronomers brush the pictures of them away so not to scare people? Did the Bible Code predict strange behavior of the moon in 2011? Will a great tidal wave hit the U.S. East Coast in 2012-2019 and Yellowstone Park super volcano erupt or a comet or asteroid hits the earth or Ocean in 2026-2030 and utterly destroy the entire United States if it still around after the war of 2012-2019? Will the Muslims, communism and Catholics persecute Christians, Americans and Jews all over the world bringing them before Kings and have them sent to prisons and torture and killed if they don't deny Christ and convert to Islam? Will Muslims and people all over the world begin to mock and scoff at Christians and the Bible because Israel and the U.S. are destroyed and no Rapture or end or Second Coming of Christ happened? Several of the Bible prophecies predict God will not make a full end of the U.S., Israel and the world at this time and pockets of people and nations may or may not survive. God may save the U.S., Israel and the world if the people repent and turn from their sins and begin to humble themselves and heed the harbingers. But if they don't then these events may start to happen. This book was written by June 12, 2012.

Academic Planner / Diary 2019-2020 William Cullen 2019-07-10 Academic Planning/ Diary 2019-2020 Description Chinese Animals Diaries Like breathing air, so education is important to give people knowledge and skills necessary to not only survive but prosper in the world. Children and adults thrive on education, its more than a must have, its a need, and a right. From tots to pensioners, everyone wants it. At the secondary level it becomes sufficiently challenging that keeping it all together becomes harder and harder. This is where an academic planner and diary becomes essential. My one runs from July to June next year and therefore covers the academic year for both the USA and the UK and also has the following inserts: A - A schedule to keep on track with where you are supposed to be. B - A three year calendar (2019-2021). For each month: 1 - There is a presentation planning page, 2 - A to-do page. 3 - Four weekly assignment pages. 4 - Two by two weekly project planner pages, 5 - One goal setting page, 6 - A one by 4 weekly grid page. Then diary pages with each line showing meeting times. A monthly calendar completes each page. Finally, five pages for your contacts. The book is 8.5" x 11" and 313 pages long Look up in this table when you were born to find out which Chinese Animal you are:
