Bad Karma Deborah Blum 2013-06-22 A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.

The Man in the Iron Mask Wilkinson Josephine 2021-07-06 A vivid, dramatic, and eye-opening historical narrative, *The Man in the Iron Mask* reveals the story behind the most enduring mystery of Louis XIV's reign. *The Man in the Iron Mask* has all the hallmarks of a thrilling adventure story: a glamorous and all-powerful king, ambitious ministers, a cruel and despotic jailor, dark and sinister dungeons— and a secret prisoner. It is easy to forget that this story, made famous by Alexandre Dumas, is that of a real person, Eustache Danger, who spent more than thirty years in the prison system of Louis XIV's France—never to be freed. This narrative brings to life the true story of this mysterious man and follows his journey through four prisons and across decades of time. It introduces the reader to those with whom he shared his imprisonment, those who had charge of him, and those who decided his tragic fate. *The Man in the Iron Mask* reveals one of the most enduring mysteries of Louis XIV's reign; but it is, above all, a human story. Using contemporary documents, this book shows what life was really like for state prisoners in seventeenth-century France—and offers tantalising insight into why this mysterious man was arrested and why, several years later, his story would become one of France's most intriguing legends that still sparks debate and controversy today.

Dead Mountain Donnie Eichar 2013-10-22 A New York Times and Wall Street Journal bestseller – What happened that night on Dead Mountain? The mystery of Dead Mountain: In February 1959, a group of nine experienced hikers in the Russian Ural Mountains died mysteriously on an elevation known as Dead Mountain. Eerie aspects of the incident—unexplained violent injuries, signs that they cut open and fled the tent without proper clothing or shoes, a strange final photograph taken by one of the hikers, and elevated levels of radiation found on some of their clothes—have led to decades of speculation over what really happened. As gripping and bizarre as *Hunt for the Skin Walker*: This New York

Times bestseller, *Dead Mountain: The Untold True Story of the Dyatlov Pass Incident*, is a gripping work of literary nonfiction that delves into the mystery of Dead Mountain through unprecedented access to the hikers' own journals and photographs, rarely seen government records, dozens of interviews, and the author's retracing of the hikers' fateful journey in the Russian winter. You'll love this real-life tale: *Dead Mountain* is a fascinating portrait of young adventurers in the Soviet era, and a skillful interweaving of the hikers' narrative, the investigators' efforts, and the author's investigations. Here for the first time is the real story of what happened that night on Dead Mountain.

A Complicated Legacy Robert H. Stucky 2014-05-23 If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Early 3 Rs Lee Mountain 2013-12-16 This practical, reader-friendly textbook for preservice and in-service early childhood education and early literacy courses provides "how-to-do-it" instructions for promoting emergent literacy in reading, writing, and arithmetic from preschool into the primary grades. *Early 3 Rs* answers the question: "What can I SAY and DO to give each child the best possible start on the 3 Rs?" With the strategies and materials in this book, a teacher can give personalized direct instruction in the 3 Rs to a beginner, in just a few minutes a day. The early chapters tell how to prepare a young child for reading, writing, and arithmetic. Subsequent chapters show how to give a beginner an early start on learning the 3 Rs. All strategies begin with the oral approach (from phonemic awareness to "arithme-talk") and then progress to print that is personally meaningful to a young child. *Early 3 Rs*: * Includes arithmetic as a component of early literacy. * Gives developmentally appropriate methods for direct teaching of the 3 Rs. * Provides scripts of what the teacher can say to promote early learning. * Helps education students in field-based classes offer personalized instruction. *Early 3 Rs* is written to be very reader friendly: the approach is intentionally eclectic; the writing deliberately avoids heavy theory; the goal is to provide an easy-to-use, highly practical and accessible guide for those who work in early childhood education settings.

True Event Adaptation Davinia Thornley 2018-09-26 These essays all—in various ways—address the relationship between adaptation, “true events,” and cultural memory. They ask (and frequently answer) the question: how do we script stories about real events that are often still fresh in our memories and may involve living people? *True Event Adaptation: Scripting Real Lives* contains essays from scholars committed to interrogating historical and current hard-hitting events, traumas, and truths through various media. Each essay goes beyond general discussion of adaptation and media to engage with the specifics of adapting true life events—addressing pertinent and controversial questions around scriptwriting, representation, ethics, memory, forms of history, and methodological interventions. Written for readers interested in how memory works on culture as well as screenwriting choices, the collection offers new perspectives on historical media and commercial media that is currently being produced, as well as on media created by the book’s contributors themselves.

Still Learning to Read Franki Sibberson 2016 Foreword by Colby Sharp In the decade since the first edition of *Still Learning to Read* was published, the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students. The new edition of *Still Learning to Read* focuses on the needs of students in grades 3-6 in all aspects of reading workshop, including reading workshop, read-aloud, classroom design, digital tools, fiction, nonfiction, and close reading. The book stays true to its original beliefs of slowing down and knowing our readers, but it also takes into account the sense of urgency that changing times and standards impose on classrooms. This edition examines current trends in literacy, includes a new section on intentional instructional planning, and provides expanded examples of mini-lessons and routines that promote deeper thinking about learning. It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors' latest thinking on close reading and text complexity. Online videos provide glimpses into classrooms as students make book choices, work in small groups, and discuss their reading notebooks. Expanded and updated book lists, recommendations for digital tools, lesson cycles, and sections specifically written for school leaders round out this foundational resource.

The Holy Water Incident William Dorian 2019-08-08 From an Innocent Teenage Life To a Nightmare of Torment and Pain William Dorian and his daughter Brittany learned the hard way that demonic possession is very real. This captivating book tells the shocking story of Brittany's possession that began at age fifteen, recounting the overwhelming trauma that evil entities can wreak on a family's quiet life. The Holy Water Incident reveals the heartache, frustration, and sheer terror that results when the family receives a cold shoulder from the local religious authorities and when the medical establishment's only solution is confinement in a psychiatric unit. With little help from ministers or doctors, Brittany and her father desperately seek allies in a grueling spiritual battle that forever alters the lives of all who are involved. Beginning with an innocent session with a spirit communication board and building in intensity to the point where multiple demons take hold of an innocent teenager's life, this story shines a light on the traumatic wounds a possession can inflict ... and the extreme measures a family will take to save their daughter from evil entities that are hell-bent on chaos and destruction.

The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Ryan's Woods Patrick Creevy 2014-11-30 The year is 1962. The family of fourteen-year-old Kevin Collins, caught in white flight, has moved from Beverly, its South Side of Chicago neighborhood, to the city's northern suburbs. The field of Kevin's most formative boyhood

adventures was Ryan's Woods, the great South Side forest preserve, mysterious, beautiful, running along the city's western edge a full mile from 83rd Street to 91st. It now serves as the frame for his memories. Memories of a villain enemy, of games hard-fought as wars, of moments of fear or courage, of moments that transcend racial division, and of first love in all the pure strength of its innocence. Memories, still fresh, of best friendships that Kevin now feels will be forever unrecoverable. And memories especially of his greatest friend, Jackie Leonard, whose death at age thirteen has moved Kevin to turn memory into story.

Tales and Translation Cay Dollerup 1999-09-15 Dealing with the most translated work of German literature, the Tales of the brothers Grimm (1812-1815), this book discusses their history, notably in relation to Denmark and subsequently other nations from 1816 to 1986. The Danish intelligentsia responded enthusiastically to the tales and some were immediately translated into Danish by a nobleman and by the foremost Romantic poet. Their renditions remained in print for a century and imbued the tales with high prestige. This book discusses translators, approaches, and other parameters such as copyright, and changes in target audiences. The tales' social acceptability inspired Hans Christian Andersen to write his celebrated fairytales. Combined, the Grimm and Andersen tales came to constitute the 'international fairytale'. This genre was born in processes of translation and, today, it is rooted more firmly in the world of translation than in national literatures. This book thus addresses issues of interest to literary, cross-cultural studies and translation.
