Maps of Meaning Jordan B. Peterson 2002-09-11 Why have people from different cultures and eras formulated myths and stories with similar structures? What does this similarity tell us about the mind, morality, and structure of the world itself? From the author of 12 Rules for Life: An Antidote to Chaos comes a provocative hypothesis that explores the connection between what modern neuropsychology tells us about the brain and what rituals, myths, and religious stories have long narrated. A cutting-edge work that brings together neuropsychology, cognitive science, and Freudian and Jungian approaches to mythology and narrative, Maps of Meaning presents a rich theory that makes the wisdom and meaning of myth accessible to the critical modern mind.

Outer Hebrides Mark Rowe 2017-04-10 adt's new guide to the Outer Hebrides: The Western Isles of Scotland, from Lewis to Barra, by experienced writer and journalist Mark Rowe is the only full-size guide to focus solely on the islands of Lewis, Harris, St Kilda, North Uist, Benbecula, South Uist, Eriskay, Barra and Vatersay. Masses of background information is included, from geography and geology to art and architecture, with significant coverage of wildlife, too, as well as all the practical details you could need: when to visit, suggested itineraries, public holidays and festivals, local culture, plus accommodation and where to eat and drink. Walkers, bird-watchers, wildlife photographers, beach lovers and genealogists are all catered for, and this is an ideal guide for those who travel simply with curious minds to discover far-flung places of great cultural, historical and wildlife interest. The Outer Hebrides is an archipelago of 15 inhabited islands and more than 50 others that are free of human footprint. Huge variations in landscape are found across the islands, from Lewisian gneiss, which dates back almost three billion years, to rugged Harris with its magnificent sands running down its western flanks and the windswept, undulating flatness and jagged sea lochs of the Uists. This is a land where Gaelic is increasingly spoken and ancient monuments abound, where stunning seabird colonies and birds of prey can be watched, and where the grassy coastal zones known as the machair are transformed into glorious carpets of wildflowers in late spring and summer. Whether visiting the Standing Stones of Callanish, the Uig peninsula, Barra's Castle Bay, or historic St Kilda, or if you just want to experience the romance of the Sound of Harris, one of the most beautiful ferry journeys in the world, Bradt's Outer Hebrides: The Western Isles of Scotland, from Lewis to Barra has all the information you need.

Lonely Planet 1996

Knowledge and Colonialism Siegfried Huigen 2009-07-31 Knowledge and Colonialism examines writings and drawings of eighteenth-century scientific travellers in South Africa against the background of administrative and commercial discourses. It is argued that these travellers benefited more from their relationship with the colonial order than the other way around

Coastal Erosion and Protection in Europe Enzo Pranzini 2013-03-05 Europe has a long history of managing coastal erosion through a variety of protection strategies, from the defences of the Venice lagoons to coastal land reclamation in the Netherlands. This book provides a comprehensive review of the entire coastline of Europe and a comparative analysis of erosion problems and solutions in each country. Each chapter discusses the natural and anthropogenic factors in the erosion process and in defence projects design and maintenance, including coastal morphology and wave climate, land use changes and use of coastal areas, the evolution of coastal protection, climate change and political and administrative assessments. Particular attention is paid to demographic and economic factors influencing coastal erosion in each country and to technical and administrative criteria influencing defence projects design. Lavishly illustrated in full colour throughout, the book represents a definitive reference work on its subject.

Bright Shiny Morning James Frey 2009-10-13 #1 National Bestseller “A sprawling, ambitious novel about Los Angeles, written with all the broad-stroke energy that was so irresistible to readers in *A Million Little Pieces*. By turns satirical, tense, and surprisingly touching, it is a portrait of a city onto which so many millions have projected so many dreams. . . . Compelling, cinematic. . . . It achieves the very essence of Los Angeles’s fractured, unpredictable, loopy nature.” — *Vanity Fair* “A captivating urban kaleidoscope. . . . James Frey got another chance. Look what he did with it. He stepped up to the plate and hit one out of the park. . . . He became a furiously good storyteller.” —Janet Maslin, *New York Times* One of the most celebrated and controversial authors in America delivers an extraordinary novel—a sweeping chronicle of contemporary Los Angeles that is bold, exhilarating, and utterly original. Dozens of characters pass through the reader's sight lines—some never to be seen again—but James Frey lingers on a handful of LA's lost souls and captures the dramatic narrative of their lives. A dazzling tour de force, *Bright Shiny Morning* illuminates the joys, horrors, and unexpected fortunes of life and death in Los Angeles.

Moon Maryland Michaela Riva Gaaserud 2015-03-17 Area native Michaela Riva Gaaserud provides travelers with an insider’s perspective on one of the nation’s most historically significant states. An experienced guidebook author, Gaaserud offers up original trip ideas to help visitors make the most of their time, such as Charm City: Two Days in Baltimore. With comprehensive coverage for all

interests—from seeing the wild ponies of Assateague Island to visiting Antietam National Battlefield to strolling Embassy Row in Washington DC—Moon Maryland gives travelers the tools they need to create a more personal and memorable experience.

Across the Sahara Klaus Braun 2020-08-14 This open access book provides a multi-perspective approach to the caravan trade in the Sahara during the 19th century. Based on travelogues from European travelers, recently found Arab sources, historical maps and results from several expeditions, the book gives an overview of the historical periods of the caravan trade as well as detailed information about the infrastructure which was necessary to establish those trade networks. Included are a variety of unique historical and recent maps as well as remote sensing images of the important trade routes and the corresponding historic oases. To give a deeper understanding of how those trading networks work, aspects such as culturally influenced concepts of spatial orientation are discussed. The book aims to be a useful reference for the caravan trade in the Sahara, that can be recommended both to students and to specialists and researchers in the field of Geography, History and African Studies.

Minecraft: The Mountain Max Brooks 2021-03-02 In the thrilling sequel to the New York Times bestselling novel *Minecraft: The Island*, a stranded hero stumbles upon another castaway—and discovers that teamwork might just be the secret to survival. Wandering a vast, icy tundra, the explorer has never felt more alone. Is there anything out here? Did I do the right thing by leaving the safety of my island? Should I give up and go back? So many questions, and no time to ponder—not when dark is falling and dangerous mobs are on the horizon. Gurgling zombies and snarling wolves lurk in the night, and they're closing in. With nowhere to hide, the lone traveler flees up a mountain, trapped and out of options . . . until a mysterious figure arrives, fighting off the horde singlehandedly. The unexpected savior is Summer, a fellow castaway and master of survival in these frozen wastes. Excited to find another person in this strange, blocky world, the explorer teams up with Summer, whose impressive mountain fortress as a safe haven . . . for now. But teamwork is a new skill for two people used to working alone. If they want to make it home, they will have to learn to work together—or risk losing everything.

The Inheritance Peter Stephan Jungk 2012-08-28 Daniel Loew, a poet based in London, has been told since childhood that one day he would become his wealthy uncle's only heir. When he learns of his uncle's death, in Caracas, a few weeks have passed. A close friend of his uncle's tells Loew that he alone has been named executor of the will and blocks Loew from receiving his inheritance. In a harrowing chase from Venezuela to Miami, via Hamburg and Panama City, against a background of political upheavals as Hugo Chávez attempts and fails in his 1992 military coup, Loew leads a desperate fight to regain his considerable inheritance.
