**Remote Viewing Secrets** Joseph McMoneagle 2000 Remote viewing is not simply using psychic ability to obtain information. It is using scientific protocol to develop and extend that ability so that ordinary people can learn to do what "psychics" do. This book teaches you how to teach yourself. McMoneagle believes that anybody can be trained in remote viewing (no psychic gifts required). However, it requires a huge commitment and a highly disciplined mind. Using the analogy of martial arts, McMoneagle sees RV training in levels, starting with white belt where viewers can expect to see a gestalt (an overall impression) of a target. By the time readers reach the red-black belt great master, McMoneagle claims they will have gained "a near-perfect union of one's paranormal talent blended within extant reality. People who reach this level no longer have to think about it, they simply do." Although readers won't become great masters by reading this one book, McMoneagle does provide a comprehensive training program as well as important chapters on the ethics, protocol, and applications of remote viewing. McMoneagle is the authority in this area. He learned remote viewing in the U.S. Army--he was Remote Viewer #001 in the Army's Stargate program--and was awarded the Legion of Merit for his contribution to various intelligence operations.

*Remote Viewing* David Morehouse 2012-08-30 Is it possible to see across space and time? Even those who accept that humans can reach beyond the conventional five senses typically think of psychics as "special" or "gifted" with unusual abilities. But David Morehouse teaches otherwise--all human beings, including you, have the innate capacity for remote viewing. David Morehouse was trained by the U.S. government in remote viewing--an exact scientific protocol for

tapping the human power to gather information across space and time. In this comprehensive manual, he has taken his military training as an "operational" remote viewer and turned it into a step-by-step training system—one that teaches any serious reader how to unlock their natural abilities and become more than the physical world allows. Remote Viewing includes more than just a method for gathering information. It is a transformational tool instilling within you the absolute and irrefutable evidence that you are more than human—that you are extraordinarily human. As you gain experience and confidence as a viewer, you will tap into the collective unconscious that connects you to everything and everyone in the universe. Through David Morehouse's training, you will learn to touch the infinite source of life and knowledge that spiritual masters throughout human history have sought. David Morehouse's superiors in the DIA/CIA called him "the most exceptional candidate ever to have grasped this difficult intelligence collection methodology." What sets him apart as a teacher is his unparalleled ability to present the complexities of remote viewing in an accessible, logical, and artful manner. As more than 23,000 students have already discovered, David Morehouse has set a new and brilliant standard for teaching the scientific protocol of remote viewing. "You have the ability to do this," Morehouse says. "Something extraordinary is absolutely possible in your life." Now for the first time, he brings you his method for taking your first step into your ultimate potential in a single volume: *Remote Viewing: The Complete User's Manual for Coordinate Remote Viewing*, which also includes a cool-down audio track. David Morehouse has found that this psychoacoustic "pink noise" track is especially effective for helping us enter the brainwave state of relaxed awareness needed for remote viewing.

*Exploring the Sub-conscious using New Technology* Michael Gwyn Hocking  
2016-02-28 A rapid drug-free method for visual imagery, while wide awake, for those who can get no imagery with closed eyes, requiring easily-constructed low-cost circuitry. The simple device captures the user's attention due to its entertaining display of flashing lights, so no advanced ability of mind control techniques is required.

Signal and Noise Sean McNamara 2020-05-21 [CAUTION: This book can be used as a training system. If you plan to use it that way, please do NOT flip through it randomly after you receive it, but start reading from the very first page, otherwise you may spoil some of the exercises for yourself.] In 2019, Sean McNamara trained a group of friends in Denver, Colorado, to access their inherent clairvoyant and precognitive abilities in order to send their minds into the future and retrieve information. Using a methodology called "remote viewing" along with a team-style predictive approach developed by the author, his friends won the Colorado "Pick 3" lottery that year, TWICE. Now, he's releasing the transcripts and targets they used to predict, then win, those drawings. The book also reveals special techniques he developed to clarify and boost the psychic "signal" and reduce ambient mental "noise" during their

remote viewing sessions. These techniques can be categorized as excitation, relaxation, color muting and amplification, remote influencing (psychic tracing), and 360-degree, 3-D virtual reality feedback. The book includes "extras" on topics such as "spoon bending," and a special routine to hack the nervous system for immediate quieting by stimulating the vagus nerve, and also details about an experiment with a living organism you can try with friends. The book comes with a companion website containing private links to pages containing special audio downloads to aid your psychic receptivity. It also includes color versions of the target images shown in the book. **IMPORTANT:** This book can be used as a complete training system. If you plan to use it that way, it is important that you do NOT flip ahead in the book and accidentally see a target image before you've done the training exercise for that image. Instead, start at pg.1, and read one page at a time without flipping ahead. Signal and Noise comes with nearly 60 different training exercises, with the added benefit of seeing how the remote viewers featured in the book did on their transcripts. If you are new to remote viewing, the book will teach you how to do it. You'll also learn how to structure a team of friends so you can attempt to make predictions of your own using "associative remote viewing." Have fun making predictions for sport games, elections, lotteries, or other events. Of course, due to the subjective nature of psychic perception and many other factors, the author cannot make any guarantees about how accurate your predictions will be. Nevertheless, if you go through the training exercises carefully and patiently, by the time you're through, you will have gained an extraordinary amount of experience in psychic development. Experienced remote viewers, especially professionals who depend on accuracy, will gain benefit by learning techniques to improve the signal and reduce noise during their sessions. Everything in the book should be regarded as experimental, since at the time of publication, these techniques had not yet been replicated by a third-party research authority. But the results, using these methods to win a lottery twice in the last quarter of 2019, stand for themselves. The author also discusses the past researchers and scientists (i.e. Dr. Milan Ryzl and Dr. Andrija Puharich) whose works of the 20th century informed his development of these techniques. Important for KINDLE customers: Due to the picture-heavy nature of this book, the Kindle version is recommended only if you'll be using a tablet reader or using your laptop/desktop. Reading it on a phone's small screen will be difficult for some. It is recommended to purchase the paperback version instead for a much more enjoyable and user-friendly experience. For readers interested in psychokinesis, out of body experiences, and other abilities, those topics are covered at great length in the author's other books and his site MindPossible.

Remote Viewing 9/11 Daz Smith 2016-01-04 In 2014 Courtney Brown from the Farsight Institute blindly tasked two remote viewers; Daz Smith and Dick Allgire in a series of seven linked targets which dealt with different components of the 9/11 attacks. Over a period of weeks both remote viewers worked these targets under BLIND/SOLO conditions. This book contains 200 pages

**The Psychic Battlefield** W. Adam Mandelbaum 2002-03-26 A former intelligence professional sheds new light on the obscure intersection of the military and the paranormal—the military-occult complex—and reveals the incredible story of psychic abilities turned into a weapon of war by the world's soldiers and spies. In the annals of military and espionage history, many strange tales have been told, but none can match the saga of psychic espionage—the history of the military-occult complex. With the flavor of fiction, yet with its foundation in fact, *The Psychic Battlefield* is the complete history of the use of man's extrasensory powers in search of the information needed to win wars—hot and cold. *The Psychic Battlefield* spans the five-thousand-year history of ESPionage, from the attempted overthrow of the Pharaoh Rameses by magic to the CIA's use of military-trained psychics during the Cold War. It is a story as true as it is incredible. The cast of characters includes such noteworthy names as sorcerer-poet Aleister Crowley, author Ian Fleming, spoon-bending General Stubblebine, and psychic warrior David Morehouse. In addition, the book features an exclusive interview with top psychic spy Joseph McMoneagle. Most remarkable of all is Mandelbaum's fascinating expose of the paranormal research and remote-viewing experiments conducted by the CIA, as well as the real effectiveness of the government's Stargate program. Attorney, psychic, former intelligence professional, and dark-side investigative reporter, W. Adam Mandelbaum clearly demonstrates that the final frontier of future wars and spies is the mind. Stay tuned.

The Essential Guide to Remote Viewing Paul H. Smith 2015-05-31 Written by one of the world's leading experts in the field, *The Essential Guide to Remote Viewing* is a basic introduction to the extraordinary extrasensory perceptual skill which was developed for the US military during the Cold War. This book describes what remote viewing is, how it came to be, what kinds of remote viewing there are, and counters skeptical arguments against remote viewing's legitimacy. Further, the book contains examples of successful remote viewing attempts, explains how remote viewing can be used for practical purposes, how ordinary civilians can themselves now learn to do it, and outlines experiments that readers can try for themselves. The ideal reader of *The Essential Guide to Remote Viewing* will be someone who knows little or nothing about remote viewing and wants an inexpensive source for credible information. Others who will be interested are those who are involved in remote viewing and want an easily-accessible introduction to give to friends or relatives who have questions about what this thing is their loved ones have gotten involved with. Finally, those who are already involved with remote viewing but feel the need to extend their basic knowledge will find this book both interesting and useful.

The Ultimate Time Machine Joseph McMoneagle 1998 Joseph McMoneagle is an extraordinary remote viewer, a "psychic spy," whose experiences have given him a special insight into the nature of time and human perception. For more than seventeen years, he was a researcher and remote viewer for the top-secret Army project STARGATE. For years after that, he journeyed through time while working in a consciousness-development lab with out-of-body experience pioneer Robert A. Monroe. McMoneagle explores the questions that philosophers have for centuries debated: Does time really exist? Do our actions today really affect our future? Can we change the past? Do we slip between alternate realities? In *The Ultimate Time Machine*, McMoneagle delivers new insights into these mysteries, including: First-hand information--including transcripts from lab sessions--on the origins of humanity, the crucifixion of Jesus Christ, and the building of the Egyptian pyramids. Provocative suggestions about the nature of time, creation, and a constantly changing past. A detailed picture of our immediate future through the year 2075. More than 150 very explicit predictions on world population, aging, religious fragmentation, lifestyle changes, technological developments, and dozens of major changes to laws, customs and practices--all within a positive and constructive framework. A vision of the year 3000, comprising a test of what the author calls the "Verne Effect"--our ability to create and manipulate our future.

**Guinea Pigs** John Hall 2015-02-01 For years the federal government has sought to remotely control human behavior. Guinea Pigs takes readers on a journey into the darkest corners of U.S. non-consensual experimentation and the various technologies of control that have led to our current surveillance state. The recent revelations regarding the extent of NSA eavesdropping is only the tip of the iceberg. We are currently in an information war and a mind war, where our privacy and autonomy as human beings are at stake. Guinea Pigs will arm you with the information needed to fight back against those who seek to eliminate human free will. *Nitt-Witt Ridge* Crash Gordon 2007-12 Philo has had a happy childhood, growing up along the Big Sur coastline in Pine Bluff, California. Life takes a turn for the perverse, however, when his hippie father, Harley, discovers the chemical compound for Blissful Living Love-Radiance of Infinite Divine Being. As self-experimenting Harley soon finds out, the new drug has some undesirable side effects: specifically, it turns people into roosters with an ungovernable lust for trees. When Harley escapes to the sensuous pleasures of the forest, vowing to never set foot on the ground again, Philo finds a surrogate father in Captain Nitt-Witt--the ancient, eccentric creator of the infamous folk art castle known as Nitt-Witt Ridge. During a summer apprenticeship with the Captain, Philo learns to practice Zen meditation and the manly art of trout fishing. But when a sanctimonious robo-rooster decides to wage a terrorist campaign against the citizens of Pine Bluff during the annual Helldorado Parade, it falls to Philo and the Captain to put an end to the violence by confronting the twisted family mystery that lurks behind the killer's chrome-plated beak."Crash Gordon delivers this unprecedented and extraordinary Zen koan-like novel with a voice as confident and alluring as the ancient Greek philosophers, but with much more humor.... Featuring an unpredictable cast of characters, this short but bittersweet psychedelic semi-autobiography is considerably more grassroots and elemental than anything by Richard Brautigan and is hipper, trippier, and trendier than Jakucho Setouchi. Listen... the flaming "crotch-o-lantern" is not the craziest thing you'll read about in this book, nor are the exploding canines, or the befeathered chrome-metallic serial-killer.... For all of these things and more I think you, yes you, should

purchase a copy of Nitt-Witt Ridge today and devour it. In the process you'll become--something more than you were!"--The Alternative

*Forrest Fenn's Treasure Remote Viewed* Kiwi Joe 2019-06-11 Important update: Forrest Fenn has confirmed to the Santa Fe New Mexican the treasure chest has been found (reported June 07, 2020. Well done, 'Back East'! ~ Kiwi Joe. This is the second book in the Remote Viewed series. It covers many remote viewing sessions that targeted the location of Forrest Fenn's treasure chest. The book aimed to help readers verify solutions and strategies, to rethink them where necessary, and to pose critical questions they may not otherwise have considered. I show the meaning of two of the most important clues in Forrest Fenn's poem, and location within a one-and-a-half-mile radius. I also include a bird's-eye view and views from much higher. Finally, I show how the data points to the specific region in the Rock Mountains. There are 21 illustrations in total taken from six extended remote view sessions. Additionally, there's a resource list including literature and online sources. There is something for both treasure hunters and remote viewers alike. Remote Viewing uses an ESP ability found in all of us to view a distant or unseen object utilizing a disciplined approach originally developed under the auspices of the Defense Intelligence Agency (DIA) and the Stanford Research Institute (SRI) in the 1970s. You can find my contact details in the back of the books if you have any questions or suggestions.

**The Remote Influencer 2** Anand V. Sule 2008-06-01 Remote Influencing is a branch of Remote Viewing. Remote Influencing (RI) is a powerful method of Healing, Manifesting, Personal development. RI has great potential as a tool to bring about positive changes to the world. RI could also be considered a form of psychokinesis PSK -Using the mind to affect the physical world. RI uses the mind to cause an effect on a person, event or situation. This book describes the system of RI that I have developed. From here on, I will refer to this system as RI. I believe in God and I also believe in Science. I would summarise this system of Remote Influencing as : A powerful system that uses the divine and our own personal powers, and then directs those powers with laser like intensity to our RI need. This book describes what RI is. I have also explained about RI and how it works. I also show you how to follow this system step by step so that you can become a Remote Influencer. We all have RI abilities and potentials within us. Remote Influencing is a system that is expanding and evolving just like the universe. If we are not open to change, we will not grow as people, and we will limit ourselves and the outcomes of our lives. I sense that Remote Influencing will mutate into other forms of RI also over time. I see RI as the key to unlocking the door to anything that we set our heart and mind upon. We decide upon our RI need and then we use RI to attain that desired goal. I also see RI as a very powerful tool to which we have been given access to, and as a valuable treasure of sorts.

*Remote Viewing* Tim Rifat 2001 Remote viewing is the ability to travel out of one's body to remote locations. he author reveals how remote viewing has been used in psychic warfare for over 50 years and how the world's superpowers have used it to spy on each other...and us.; At the height of the Cold War, both the Soviet Union and the United States developed a new and terrible form of warfare called psychotronics. This school of espionage included ESP and psychic spying (used to read enemies' minds for psychic interrogation) as well as telepathic hypnosis (the ability to hypnotize from a distance) and even remote killing. he book not only charts the history of psychotronics but also reveals specific incidents in which it has been used.

*CRV - Controlled Remote Viewing* Daz Smith 2013-06-05 This book is a compilation of papers, manuals & comments to help students of (CRV) or Controlled Remote Viewing, learn this amazing intuitive art. We present FOIA documents from the CIA Star Gate archives, from the public domain and from prominent practitioners of remote viewing for the first time together in one book. First, we include a paper from the father of Remote Viewing and the creator of CRV - Ingo Swann. The document is titled 'Co-ordinate Remote Viewing (CRV) technology 1981-1983, Three year project'. After this we present two differing CRV manuals. The first by Ingo Swann's top CRV student and the only person trained in all CRV stages by Ingo Swann (Tom McNear). This is titled: 'Coordinate Remote Viewing Stages I-VI and Beyond' - 1985. The second, a later manual was created primarily by Paul H. Smith with help from the 'then' team of military Controlled Remote Viewers, titled: 'The DIA CRV Manual' - 1986.

**The Seventh Sense** Lyn Buchanan 2009-11-24 For the past thirty years, the United States government has secretly trained a select corps of military personnel in the art of "remote viewing" -- the psychic ability to perceive the thoughts and experiences of others through the power of the human mind.... Now, for the

first time, Lyn Buchanan -- a world-renowned expert on remote viewing and its potential -- tells the complete, candid story of his experiences. Assigned for nearly a decade to a clandestine U.S. Army intelligence group, Buchanan trained military personnel who utilized their inherent psychic abilities as a data-collection tool during the Iran hostage crisis, the Chernobyl disaster, and the Gulf War. In this incredible account, Buchanan tells how he was selected for his unique psychic abilities, and how he was transformed from an ordinary soldier into one of our nation's leading psychic spies. Working on top-secret government and military projects using "mental espionage" created permanent, life-altering changes within Buchanan. Now, after many years of analysis and interpretation, he reveals the techniques and mental exercises used to train remote viewers, and demonstrates that each of us carries a dormant psychic ability that we can explore and use ourselves. For anyone interested in a hard, scientific look at the reality of psychic covert operations in the world today, or anyone who has ever wondered if he or she could have the inherent skills to become a remote viewer, this fascinating chronicle of life as a psychic spy will reveal the answers.

The Paranormal Equation James Stein 2012-12-26 Most of us think science is incapable of explaining supernatural phenomena. This would include everything from ghosts and communication with the dead to extrasensory perception (ESP), precognition, and telekinesis. Scientists are generally highly skeptical of the existence of such phenomena because of the lack of the rigorous documentation that science requires. Nevertheless, many great scientists have believed—and do believe—in the supernatural. The Paranormal Equation presents an argument for the existence of supernatural phenomena based on the mathematics and science discovered during the last century. It also explains why supernatural phenomena must exist if the universe satisfies certain conditions—conditions which are accepted by many working scientists. The Paranormal Equation explores such questions as: How can we distinguish between the truly unknown and the supernatural? How have scientists attempted to study the supernatural? What are the rational reasons for believing in the supernatural? Which hypotheses about the universe mandate the existence of supernatural phenomena? Anyone interested in how science is beginning to understand and even explain the seemingly unexplainable will want to read this fascinating new title.

**Remote Viewing** Tim Rifat 1999 Remote viewing is the ability to travel psychically to other dimensions. Tim Rifat, an expert scientist on psychic warfare and mind control, teaches the art of remote viewing. Rifat traces the history of psychic warfare, revealing how the U.S. and Russia used paranormal powers to spy on each other . . . and on us. The first person to explain the scientific basis of remote viewing, Rifat provides clear and detailed instructions on techniques that can improve the powers of your mind in life and in business. Specialized training courses charge several thousand dollars to teach the material given in this book.

**Radical Transformation** Imants Barušs 2021-01-28 In Radical Transformation, Imants Barušs leads the reader out of the receding materialist paradigm into an emerging post-materialist landscape in which new questions present themselves. If consciousness has nonlocal properties, then how are boundaries between events established? If consciousness directly modulates physical manifestation, then what is the scope of such modulation? If consciousness continues after physical death, then how much interference is there from non-physical entities? As we face the threat of extinction on this planet, is there anything in recent consciousness research that can help us? Are there effective means of self-transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises? The author leads the reader through discussions of meaning, radical transformation, and subtle activism, revealing the unexpected interplay of consciousness and reality along the way.

## Remote Viewing 2008

**Remote Viewing** Courtney Brown 2005 Remote viewing is the mental ability to perceive and describe places, persons, or events at distant locations in the past, present, and future. This book describes the science and theory of the remote-viewing phenomenon. The reality of the remote-viewing phenomenon is not in dispute among a large body of respected researchers – both inside and outside of academia – who have published an extensive collection of high-quality investigations over the past few decades. But profound mysteries remain. This volume breaks new ground by resolving some of remote-viewing's greatest enigmas. In these pages, new research and new theories explain why remote viewing works, and why it is scientifically possible. These investigations utilize remote-viewing methods that are derivative of those used for decades in well-documented U.S. government funded psi research sponsored by the Central Intelligence Agency (C.I.A.) and the Defense Intelligence Agency (D.I.A.). Filled with descriptions and analyses of highly original experiments, here is an investigation into the fascinating characteristics of time and physical reality using remote viewing as a tool of exploration, offering evidence that the past, present, and future truly exist simultaneously. The idea of differing future and past time lines is not just science fiction.

**The Psychology of Remote Viewing** David Shaver 2018-12-19 While researching the unity of the collective unconscious, Carl Jung discovered that it performs two important functions: (1) the congruence of individual symbols and mythologies

and (2) the phenomena of extra-sensory perception. (CW 16, par. 254) In his first book, *Jung & Remote Viewing*, Dr. David Shaver addressed Carl Jung's concept of synchronicity to reveal how extra-sensory perception arises from the interaction of mind and matter. Now, in *The Psychology of Remote Viewing*, Dr. Shaver explores the development of consciousness by revealing how extra-sensory information transfers from the unconscious into conscious awareness. Beginning with the structure of the mind, and highlighting the different ways the conscious and unconscious minds function, *The Psychology of Remote Viewing* draws upon insights from psychoanalysis, philosophy, and art to provide a psychologically comprehensive overview of the remote viewing process.

*Associative Remote Viewing Technology. Secrets of Precognition and Intuition.*

Dames 2010-11-02 "The unknown isn't so unbelievable in Dames's hands."—George Noory As the operations and training officer for the Defense Intelligence Agency's Psychic Intelligence Unit, Major Dames, with his team, used the practice of remote viewing to uncover accurate military intelligence. *Limitless Mind* Russell Targ 2010-10-04 The psychic abilities of most humans are dampened by the clatter of our conscious minds. In this timely book, Russell Targ shows readers how to quiet this noise and see into the far reaches of time and space through remote viewing. He also illuminates the phenomena of intuitive medical diagnosis and distant healing in a groundbreaking synthesis of research and empirical data. Drawing on a broad range of spiritual traditions, Targ demonstrates that these psychic abilities offer a path of

self-inquiry and self-realization and have the power to expand each person's limited awareness into the consciousness shared by all beings. Targ explores the scientific and spiritual implications of remote viewing, as well as offering practical techniques and exercises to nurture this universally available but often untapped skill.

The Stargate Conspiracy Lynn Picknett 2001-09-01 In recent years, alternative historians have gained remarkable insight into the mysteries of ancient Egypt—but according to Lynn Picknett and Clive Prince, their discoveries tie into a dangerous conspiracy nearly fifty years in the making. At the center of this conspiracy is a group of respected, powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth. The conspirators have intimate and exclusive knowledge of this momentous second coming—but they insist on keeping it to themselves. What could be the purpose of such a conspiracy? Why are the conspirators so desperate to keep their information a secret? And what does it mean for mankind? In this riveting, well-researched book, Picknett and Price offer compelling evidence that the conspiracy exists—and expose the insidious motivations of the individuals and organizations behind it....
