Grantsmanship for New Investigators Thomas F. Hilton 2018-10-30 This compact resource analyzes and demystifies the processes of applying for, competing for, and getting funding for research. Neither a cookbook nor a template, it encourages readers to apply the critical thinking and attention to detail they use in their investigations to the pursuit of the grant. Chapters delve into choosing among funding options, project planning and writing, filling out the materials in the application packet, and troubleshooting for problems at various steps of the journey. Along the way, the authors also explore common myths of grantsmanship and alert readers to hidden pitfalls that can get an otherwise good submission rejected. Among the core skill areas covered: · Using strategic thinking throughout the application process · Understanding the major grant mechanisms · Navigating the grant timeline, including the peer review and the vetting process · Writing the effective project description · Following up if the project is not funded or funding is deferred · Building a career grant by grant Brimming with expert knowledge, *Grantsmanship for New Investigators* ably balances motivation with realism. The authors' deep understanding and experience of how funding agencies arrive at judgments will inspire readers to present their research in the most convincing manner.

Permanent Position Sid Stark 2020-04-28 “Stark remains a brilliant observer of the academia scene”—The Prairies Book Review Love Stephanie Plum’s wit, Kinsey Millhone’s grit, or Spenser’s wry take on academia? Try the Doctor Rowena Halley series! Loves hurts. Sometimes it kills. After the tumultuous events of the previous semester, Russian professor Rowena Halley has found a new job. This time it’s a one-semester adjunct position in Charlotte, North Carolina. Not ideal, but better than no job at all. At least that’s what she’s telling herself. Rowena loves what she does, but love isn’t always kind. Her job is keeping her broke AND three states away from her best candidate for serious boyfriend material, her ex is sending her cryptic messages from the war zone in Ukraine, and her brother has come back from Afghanistan even more messed up than before. And if that isn’t enough, students are trying to draw her into their family dramas—with dangerous consequences. Everyone knows that “publish or perish” is the rule in academia, but if Rowena isn’t careful, she may perish before she gets the chance to publish. Combining humor, romance, and suspense, Permanent Position gives an insider’s view of the gritty backstage of higher education, where words do more than cut and all the testing is high-stakes. *Content warning: We've got angsty adjunct professors, mouthy undergrads, a cynical Navy vet, and a career Marine all mixing it up in here. The level of adult language is significant.*

The E-Z Legal Guide to Trademarks & Copyrights Michael C. Donaldson 1995 This book not only explains and walks you through the basics of copyright and trademark law, but actually provides all the government forms needed to file your application. The book cuts through the technical jargon and superfluous information to provide clear, simple instructions for the layperson.

Selected Topics on Aging Management, Reliability, Safety, and License Renewal Vikram N. Shah 2002 Annotation The role of aging and risk management in safe operation and life extension of nuclear power plants and petrochemical plants is explored in these papers from an August 2002 conference. Structural, mechanical, heat transfer, thermal, hydraulic, fatigue, fracture, and creep problems are addressed. Papers topics include generic aging management programs for license renewal of PWR reactor coolant system components, high-cycle analytical thermal fatigue test of pipe structures, managing aging of coatings for nuclear plant license renewal, and signal processing for lifetime management. Subjects examined in the category of reliability and safety include a logic model approach to conceptual design of scientific/industrial complexes, and risk-based maintenance. There is no subject index. Annotation c. Book News, Inc., Portland, OR (booknews.com).
