Life of Pi Yann Martel 2022-01-27 "Life of Pi will make you believe in the power of theatre" (Times). After a cargo ship sinks in the middle of the vast Pacific Ocean, there are five survivors stranded on a lifeboat - a hyena, a zebra, an orangutan, a Royal Bengal tiger, and a sixteen year-old boy named Pi. Time is against them, nature is harsh, who will survive? Based on one of the most extraordinary and best-loved works of fiction - winner of the Man Booker Prize, selling over fifteen million copies worldwide - and featuring breath-taking puppetry and state-of-the-art visuals, Life of Pi is a universally acclaimed, smash hit adaptation of an epic journey of endurance and hope. Adapted by acclaimed playwright Lolita Chakrabarti, this edition was published to coincide with the West End premiere in November 2021.

Beauty and the Beasts Carole Jahme 2002-07 Why are the majority of primatologists women? Mary Leakey, Dian Fossey, and Jane Goodall are among the women profiled as Carole Jahme explores the unusual bond between female primatologists and their simian subjects.

Animal Magnetism Rita Mae Brown 2010-09-21 Rita Mae Brown's earliest memory is of the soothing purr of Mickey, her family's long-haired tiger cat, who curled up and claimed a spot in her crib. From there, a steady parade of cats, dogs, horses, and all manner of two- and four-legged critters have walked, galloped, and flown into and through her world. In *Animal Magnetism*, the bestselling author shares the lessons she's learned from these marvelous creatures as well as her deep appreciation for them. We meet Franklin, a parrot with a wicked sense of humor; R.C., a courageous Doberman who defined loyalty and sacrifice; Suzie Q, the horse who taught Brown the meaning of hard work; and of course the beloved and prolific Sneaky Pie, who needs no introduction to her legions of fans. As funny as it is poignant, *Animal Magnetism* shows how these inspiring creatures can bring out the best in us, restore us to our greater selves, and even save our lives.

Skunk and Badger (Skunk and Badger 1) Amy Timberlake 2020-09-15 Wallace and Gromit meets Winnie-the-Pooh in a fresh take on a classic odd-couple friendship, from Newbery Honor author Amy Timberlake with full-color and black-and-white illustrations throughout by Caldecott Medalist Jon Klassen. No one wants a skunk. They are unwelcome on front stoops. They should not linger in Important Rock Rooms. Skunks should never, ever be allowed to move in. But Skunk is Badger's new

roommate, and there is nothing Badger can do about it. When Skunk plows into Badger's life, everything Badger knows is upended. Tails are flipped. The wrong animal is sprayed. And why-oh-why are there so many chickens? "Noooooooooooooooooooo!" Newbery Honor author Amy Timberlake spins the first tale in a series about two opposites who need to be friends. New York Times bestselling author/illustrator and Caldecott Medalist Jon Klassen completes the book with his signature lushly textured art. This beautifully bound edition contains both full-color plates and numerous black-and-white illustrations. Skunk and Badger is a book you'll want to read, reread, and read out loud . . . again and again.

From Neurons to Neighborhoods National Research Council 2000-11-13 How we raise young children is one of today's most highly personalized and sharply politicized issues, in part because each of us can claim some level of "expertise." The debate has intensified as discoveries about our development-in the womb and in the first months and years-have reached the popular media. How can we use our burgeoning knowledge to assure the well-being of all young children, for their own sake as well as for the sake of our nation? Drawing from new findings, this book presents important conclusions about nature-versus-nurture, the impact of being born into a working family, the effect of politics on programs for children, the costs and benefits of intervention, and other issues. The committee issues a series of challenges to decision makers regarding the quality of child care, issues of racial and ethnic diversity, the integration of children's cognitive and emotional development, and more. Authoritative yet accessible, *From Neurons to Neighborhoods* presents the evidence about "brain wiring" and how kids learn to speak, think, and regulate their behavior. It examines the effect of the climate-family, child care, community-within which the child grows.

Dare Me Cherry Adair 2005 A dangerously sensual collection of stories includes Cherry Adair's *Playing for Keeps*, *Dare to Desire* by Julie Elizabeth Leto, and Jill Shalvis's *Nothing to Lose*, in which an antiques dealer is offered a great deal of money to locate a man from her past, an offer she cannot refuse, especially when uncontrollable passion is involved. Original.

The Colton Heir Colleen Thompson 2013-11-01 TERROR RISES AT DEAD RIVER RANCH IN THIS INTRIGUING COLTONS OF WYOMING ROMANCE Wrangler Dylan Frick thought he knew his past—until a suspicion surfaces that he's the secret Colton heir who vanished from Dead River Ranch as a baby. Now his identity's in question, and his mother's murder is still unsolved. And he's thrown off course by the ranch's mysterious new maid, Hope Woods. The gun-wielding knockout has fear in her eyes and seems desperate to escape her own private danger. Defending Hope—and keeping her deadly secret—leaves them both open to unexpected passion. But will protecting her mean walking out of her life for good?

The Phantom Tollbooth Norton Juster 1988-10-12 With almost 5 million copies sold 60 years after its original publication, generations of readers have now journeyed with Milo to the Lands Beyond in this beloved classic. Enriched by Jules Feiffer's splendid illustrations, the wit, wisdom, and wordplay of Norton Juster's offbeat fantasy are as beguiling as ever. "Comes up bright and new every time I read it . . . it will continue to charm and delight for a very long time yet. And teach us some wisdom, too." -- Phillip Pullman For Milo, everything's a bore. When a tollbooth mysteriously appears in his room, he drives through only because he's got nothing better to do. But on the other side, things seem different. Milo visits the Island of Conclusions (you get there by jumping), learns about time from a ticking watchdog named Tock, and even embarks on a quest to rescue Rhyme and Reason. Somewhere along the way, Milo realizes something astonishing. Life is far from dull. In fact, it's exciting beyond his wildest dreams!

A Forever Thing Carolyn Brown 2012-10-16 Fancy Lynn Sawyer says that before she'll even think about the M word, a man has to say the three magic words, but 'I love you' isn't enough. He has to promise her a forever thing. She intends to find her forever thing in Florida, her home since she was fifteen, so she wasn't even looking for it when she comes to Texas to help her grandmother. With a job at the elementary school lined up, Fancy Lynn moves but she intends to stay only until her grandmother regains her health. Theron Warren has absolutely no intention of falling in love again. His one failed marriage was painful enough. As an elementary school principal, part-time cop, and full-time ranch owner, he doesn't have time for the sassy woman who suddenly appears in his life: first in the jailhouse, then at his school and soon everywhere he turns. Fate is trying to tell Fancy Lynn and Theron that they are soul mates, but is having a tough time convincing them.

Rescue My Heart Jill Shalvis 2012-11-06 A man and woman with a complicated past find a second chance at romance in this Animal Magnetism novel from New York Times bestselling author Jill Shalvis. After a tragic stint in the National Guards, Adam Connelly returns to Idaho and to Belle Haven, the animal shelter he owns with his brothers. All Adam wants is to be alone. Then he opens the door to the past—the woman whose heart he once broke. Still gorgeous, still tough-as-nails, but this time, unusually vulnerable. Holly learned the hard way to never depend on a man for anything. Now, of all men, Adam is the last one she wants to see, and the only one she needs. Her father has gone missing in the Bitterroot Mountains and she could use someone with tracking skills to help find him. For Holly and Adam, each with their ghosts, a trek this desperate, this unpredictable, and this intimate, will have its share of risks—including opening their hearts one more time.

Strengthening Forensic Science in the United States National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Animal Magnetism Jill Shalvis 2013-07-02 FIRST IN THE ANIMAL MAGNETISM SERIES! Sunshine, Idaho, is a small and sunny town—the perfect home for man and beast. Well, maybe not for man, as pilot-for-hire Brady Miller discovers when his truck is rear-ended by what appears to be Noah’s Ark. As the co-owner of the town’s only kennel, Lilah Young has good reason to be distracted behind the wheel—there are puppies, a piglet, and a duck in her Jeep. But, she doesn’t find it hard to focus on the sexy, gorgeous stranger she’s collided with. Lilah has lived in Sunshine all her life, and though Brady is just passing through, he has her abandoning her instincts and giving in to a primal desire. It’s Brady’s nature to resist being tied down, but there’s something about Lilah and her menagerie—both animal and human—that keeps him coming back for more...

The Art Of Seduction Robert Greene 2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn,

too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

Turn to Me (Misty River Romance, A Book #3) Becky Wade 2022-05-03 His promise will cost him far more than he imagined. Guilt has defined Luke Dempsey's life, but it was self-destructiveness that landed him in prison. When his friend and fellow inmate lay dying shortly before Luke's release, the older man revealed he left a string of clues for his daughter, Finley, that will lead her to the treasure he's hidden. Worried that she won't be the only one pursuing the treasure, he gains Luke's promise to protect her until the end of her search. Spunky and idealistic, Finley Sutherland is the owner of an animal rescue center and a defender of lost causes. She accepts Luke's help on the treasure hunt while secretly planning to help him in return--by coaxing him to embrace the forgiveness he's long denied himself. As they draw closer to the final clue, their reasons for resisting each other begin to crumble, and Luke realizes his promise will push him to the limit in more ways than one. He'll do his best to shield Finley from unseen threats, but who's going to shield him from losing his heart?

The 48 Laws Of Power Robert Greene 2010-09-03 THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Iron Chelation Therapy Chaim Hershko 2012-12-06 Within the last few years, iron research has yielded exciting new insights into the understanding of normal iron homeostasis. However, normal iron physiology offers little protection from the toxic effects of pathological iron accumulation, because nature did not equip us with effective mechanisms of iron excretion. Excess iron may be effectively removed by phlebotomy in hereditary hemochromatosis, but this method cannot be applied to chronic anemias associated with iron overload. In these diseases, iron chelating therapy is the only method available for preventing early death caused mainly by myocardial and hepatic iron toxicity. Iron chelating therapy has changed the quality of life and life expectancy of thalassemic patients. However, the high cost and rigorous requirements of deferoxamine therapy, and the significant toxicity of deferiprone underline the need for the continued development of new and improved orally effective iron chelators. Such development, and the evolution of improved strategies of iron chelating therapy require better understanding of the pathophysiology of iron toxicity and the mechanism of action of iron

chelating drugs. The timeliness of the present volume is underlined by several significant developments in recent years. New insights have been gained into the molecular basis of aberrant iron handling in hereditary disorders and the pathophysiology of iron overload (Chapters 1-5).

Mesmerism: The Discovery of Animal Magnetism: English Translation of Mesmer's Historic Mémoire Sur La Découverte Du Magnétisme An Franz Anton Mesmer 2016-11-30 In 1779, Franz Anton Mesmer wrote an 88-page book, *Mémoire sur la découverte du magnétisme animal*, to which he appended his famous 27 Propositions. The adjective "mesmeric", the substantive "mesmerism", and the verb to "mesmerise" have not changed their meanings since they first became current-posterity's unique tribute to a unique man.

Out Of This World Jill Shalvis 2013-10-09 A young woman inherits an Alaskan B&B that's a portal to an alternate universe in this sexy paranormal romance by the New York Times bestselling author. Three weeks ago I, Rachel Bond, inherited a bed-and-breakfast. In Alaska. Just this morning I was in my warm bed in LA but now here I am, up north—and this is, like, nosebleed north—sorting it all out. So: PROS: 1. Bears and wolves and moose can't be any worse than LA guys. 2. You've heard of "starving artists?" I'm about to faint. So it's probably time for a change. 3. My good friend Kellan—you'll like him, unlike me, he's cool under pressure—suddenly has this animal sexiness I've never even seen before. CONS: 1. ALASKA. 2. The house chef can't cook, and the guide can't read a map. 3. Kellan's sudden hotness is getting very hard to ignore. 4. I just got hit by lightning. And I'm not sure if this is a pro or a con just yet, but since that lightning bolt, I can see through everything. As in completely transparent. That was before things started to get really weird . . . "Jill Shalvis is a total original! It doesn't get any better." —Suzanne Forster "Shalvis breaks new ground with this sexy paranormal romance . . . told from both his and her perspectives." —Booklist

Stray Hearts Jill Shalvis 2021-07-06 In "Animal Magnetism" kennel co-owner Lilah Young accidentally rear-ends a truck driven by a handsome pilot just in town temporarily, and in "Animal Attraction" Jade Bennett, a receptionist at an animal clinic, is attracted to a busy veterinarian who doesn't think that he has time for love.

Unleashed Rachel Lacey 2014-10-28 What happens when you find the right one at the wrong time? Cara Medlen has a serious case of animal attraction. And it's not because of all the foster dogs she's

rescued. She's got it bad for her incredibly sexy neighbor. Her one rule: Don't get attached. It's served her well with the dogs she's given to good homes and the children she's nannied. Yet the temptation of Matt's sexy smile might just convince her that some rules are made to be broken. Matt Dumont doesn't need his skills as a private investigator to detect disaster on the horizon. Cara is everything he thought he'd never find-gorgeous, funny, and caring. But there's no way he can start a relationship just as he's about to move to another state. Talk about bad timing. As their attraction sizzles too hot to deny, they'll have to make a decision: forget the consequences and let loose, or forget each other and let go...

Kimber L. K. Hingey 2020-05-29 Do you like The Hunger Games, The Maze Runner, or the Divergent Series? Get ready to fall in love with the characters in a stunning new dystopian series that will take you from the depths of an underground city to a surface world scarred by war and ravaged by solar winds. Join Kimber on a dangerous journey through the wasteland of post-World War III America in search for the evidence of inhumane genetic experimentation that could free her people from a life of lies and servitude. KIMBER is sure to keep you on the edge of your seat and leave you begging for books II, III, and the Elyrian prequels! Don't miss the epic NEW BOOK TRAILER BELOW! Description: Twenty years ago, a solar storm ravaged the Earth's ozone layer. Of the 11 billion people on the planet, only 200 managed to seek refuge from the radiation by disappearing underground. With the bonds of oxygen obliterated, the damage to the ozone was irreversible. Every living thing exposed wilted and died, leading to global extinction. The year is now 2209, and what's left of humanity is trying to rebuild in Inanna, a cave city that is harboring Mankind's last hope. The designers of Inanna knew that human body would be too fragile to ever compete with the piercing gamma rays on the surface and were secretly contracted by the American government to preserve life at ANY cost. So began the sanctioned grafting of human DNA with the genomes of Earth's most radiation-resistant animal species. The lines of morality are blurred in a chaotic race against time, a race to build an Ark for the salvation of life itself. Kimber is one of 23. She, her brothers, and her sisters are the first of their kind, a brand-new subspecies of humans called Auroras. Named for the colorful magnetic phenomenon of the heavens, the Aureoreans come of age in a city where they are forced to answer a life-changing question: Are they Inannian citizens or are they slaves? "I have had the honor to be one of the first to read KIMBER... it is SO GOOD! This series is seriously starting to get EPIC. If you like trilogies like The Hunger Games, The Maze Runner, or Mortal Engines, I think you will love this book!"--Hannah Cerney-Brooks "KIMBER will definitely keep you on the edge of your seat! The book looks at the lives of a special race of enhanced humans that you can't help but fall in love with and will have you cheering on until the very end! Strong scientific and religious undertones swirl together with the stunning imagery to bring us on a journey of discovery and possibilities."--Christine Chavez

Shadow Hawk Jill Shalvis 2013-10-15 The deadliest combo is a killer body—with a lover's touch! When his latest mission turns into a bloodbath, ATF officer Conner Hawk realizes he's been set up by someone at the top. Wounded and on the run, he has no choice but to take beautiful Abby Wells hostage. After all, she's in danger, too. And if the only way to keep the fiercely independent communications expert safe is to cuff her and bring her along for the ride, he'll do it. With pleasure, even. Only, given their close contact, it's not long before Hawk's thinking about a totally different kind of pleasure....
