The Fashion Design Manual Pamela Stecker 1996 The Fashion Design Manual is a comprehensive introduction to the world of fashion. It introduces the reader to the cycles and trends of fashion, the principles and practice of fashion design, the range of techniques and skills required to be successful in the industry, and the economic reality of the world of retail fashion. The Fashion Design Manual follows the path a garment takes from sketch to sample, through production and finally via the retail outlet to the wearer. The book is very generously illustrated with drawings, sketches, and photographs throughout.

Financial & Managerial Accounting Carl S. Warren 2016-09-14 Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition

standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

SENSIBLE STOCK INVESTING DVK Group Inc 2008-03-05 For the millions of individual stock investors who want to improve their results-and for beginners who want to get started on the right foot-Sensible Stock Investing: How to Pick, Value, and Manage Stocks is a comprehensive yet easy-to-follow guide. Written for the busy individual, Sensible Stock Investing presents the investment process in three phases: rating companies for their intrinsic soundness; valuing stocks to find advantageous purchase prices; and managing a portfolio once it is established. Author David Van Knapp breaks these stages into discrete steps and shows how the individual investor-in just a few hours per month-can outperform most mutual funds by investing intelligently and minimizing risk at every stage. As you will see from the two actual, proven portfolios described in Sensible Stock Investing, you don't have to be a mathematical genius or investment professional to succeed in the stock market! Whether you are an experienced investor or just getting started, Sensible Stock Investing describes straightforward methods, provides the forms and tools you need, and shows you what to do every step of the way to successfully navigate the stock market with intelligent investment practices. For more information, visit www.SensibleStocks.com.
