**LAWS** Plato 2021-01-01 The genuineness of the Laws is sufficiently proved (1) by more than twenty citations of them in the writings of Aristotle, who was residing at Athens during the last twenty years of the life of Plato, and who, having left it after his death (B.C. 347), returned thither twelve years later (B.C. 335); (2) by the allusion of Isocrates (Oratio ad Philippum missa, p.84: To men tais paneguresin enochlein kai pros apantas legein tous sunprechontas en autais pros oudena legein estin, all omoios oi toioutoi ton logon (sc. speeches in the assembly) akuroi tugchanousin ontes tois nomois kai tais politeiais tais upo ton sophiston gegrammenais.) –writing 346 B.C., a year after the death of Plato, and probably not more than three or four years after the composition of the Laws—who speaks of the Laws and Republics written by philosophers (upo ton sophiston); (3) by the reference (Athen.) of the comic poet Alexis, a younger contemporary of Plato (fl. B.C 356-306), to the enactment about prices, which occurs in Laws xi., viz that the same goods should not be offered at two prices on the same day (Ou gegone kreitton nomothetes tou plousiou Aristonikou tithesi gar nuni nomon, ton ichthuopolon ostis an polon tini ichthun upotimesas apodot elattonos es eipe times, eis to desmoterion euthus apagesthai touton, ina dedoikotes tes axias agaposin, e tes esperas saprous apantas apopherosin oikade.

*Breach* Richard Campanella 2010-04-26 In *Breach*, New Orleans native Nicole Cooley recalls Hurricane Katrina and its aftermath in gritty, poignant detail, bearing witness to the destruction of a region and to its recovery. Ranging from the urgent to the reflective, these poems speak not only to the horrors of the immediate disaster, but also to family dynamics in a time of crisis and to the social, political, and cultural realities that contextualized the storm and its wake. In the title poem, Cooley invokes the multiple meanings of the word “breach”—breach of the levees, breach of trust—which resonate with survivors in the Crescent City, and in “Evacuation,” she recounts her efforts to encourage her parents to leave the city and her harrowing three-day wait to hear from them after they refused. A number of poems, including “Write a Love Letter to Camellia Grill,” “The Superdome: A Suite,” and “Biloxi Bay Bridge Still Out,” offer a broad range of voices and experiences to expand the perspective beyond Cooley’s own family. With language and images both powerful and precise, this compelling collection dares us to “watch the surface of the city tear like loose skin.”

**Rituals - Rhapsody of Blood, Volume One** Roz Kaveney 2012 Two women - and the workings of Time and Fate. In a time too long ago for most human memory, a god asked Mara what she most wanted. She got her wish: to protect the weak against the strong. For millennia, she has avenged that god, and her dead sisters, against anyone who uses the Rituals of Blood to become a god through mass murder. And there are few who can stand against her. A sudden shocking incident proves to Emma that the modern world is not what she thought it was, that there are demons and gods and elves and vampires. Her weapon is knowledge, and she pursues it wherever it leads her. The one thing she does not know is who she -

and her ghostly lover, Caroline - are working for. RHAPSODY OF BLOOD is a four-part epic fantasy not quite like anything you've read before: a helter-skelter ride through history and legend, from Tenochitlan to Los Angeles, from Atlantis to London. It is a story of death, love and the end of worlds - and of dangerous, witty women.

*The Third Industrial Revolution* Jeremy Rifkin 2011-10-04 The Industrial Revolution, powered by oil and other fossil fuels, is spiraling into a dangerous endgame. The price of gas and food are climbing, unemployment remains high, the housing market has tanked, consumer and government debt is soaring, and the recovery is slowing. Facing the prospect of a second collapse of the global economy, humanity is desperate for a sustainable economic game plan to take us into the future. Here, Jeremy Rifkin explores how Internet technology and renewable energy are merging to create a powerful "Third Industrial Revolution." He asks us to imagine hundreds of millions of people producing their own green energy in their homes, offices, and factories, and sharing it with each other in an "energy internet," just like we now create and share information online. Rifkin describes how the five-pillars of the Third Industrial Revolution will create thousands of businesses, millions of jobs, and usher in a fundamental reordering of human relationships, from hierarchical to lateral power, that will impact the way we conduct commerce, govern society, educate our children, and engage in civic life. Rifkin's vision is already gaining traction in the international community. The European Union Parliament has issued a formal declaration calling for its implementation, and other nations in Asia, Africa, and the Americas, are quickly preparing their own initiatives for transitioning into the new economic paradigm. The Third Industrial Revolution is an insider's account of the next great economic era, including a look into the personalities and players – heads of state, global CEOs, social entrepreneurs, and NGOs – who are pioneering its implementation around the world.

**Powered by Faith** Tapiwa Praise Mapuranga 2018-11-30 This book investigates the impact of Pentecostalism on the participation of women in business in Harare, Zimbabwe. Chapters in this volume trace the history of women's participation in business and highlight how Pentecostalism serves as a major motivating factor. The central argument is that there is a way in which selected women's businesses are "powered by the Spirit." Contributors to the volume utilize case studies of selected Pentecostal churches and ministries to highlight how the religious ideologies of these churches galvanize them to engage in business. They also draw patterns of similarity and difference across the different Pentecostal churches. The volume demonstrates how Pentecostalism both facilitates and militates against women's participation in business concerning a specific setting in Zimbabwe.

**Nanopolitics Handbook** Nanpolitics Group 2014-01-15 How to think politics with and through the body? The invention of new modes of sensibility is vital to enriching and sustaining political engagements, labours and lives in the situated contexts of urban collectivity. The nanopolitics handbook investigates

the neoliberal city and workplace, the politics of crisis and austerity, precarious lives and modes of collaboration - through bodies and their encounters. Starting from the exploration of what bodies can do - with curiosity, courage and care - nanopolitics is a proposal for producing new collective subjectivations. Based on the experiments and experiences of the nanopolitics group, this book proposes exercises, concepts and ideas as little maps and machines for action. Drawing on social movements, grassroots organizing, dance, theatre and bodywork, the reflections and practices here present strategies for navigating and reconfiguring the playing field of 'nanopolitics', activating its entanglement with the major politics of our time. Texts and exercises by: the nanopolitics group, esquizo-barcelona, David Vercauteren, Camila Mello and Fabiane Borges, Nelly Alfandari, Jorge Goia, Lottie Child, Carla Bottiglieri, Gabriella Alberti, Paolo Plotegher, Davyd Bodoun, Emma Dowling, Mara Ferreri, Manuela Zechner, Bue Rübner Hansen, Amit Rai, Anja Kanngieser, Lisa Burger, Irina Burger and Signe Lupnov.

*Holy Ambition* Chip R. Ingram 2010-08-24 If the idea of walking with Jesus doesn't make you uncomfortable, you haven't thought seriously enough about His presence in your life. Stretching outside of your comfortable existence is just the beginning. This newly updated edition will bolster dislocated hearts and turn broken spirits toward radical, faith-filled strategies that make a difference for God right now.

**The Everything Store** Brad Stone 2013-10-15 The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators - Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

**The Housemaid's Daughter** Barbara Mutch 2013-12-10 Barbara Mutch's stunning first novel tells a story of love and duty colliding on the arid plains of Apartheid-era South Africa. When Cathleen Harrington leaves her home in Ireland in 1919 to travel to South Africa, she knows that she does not love the man she is to marry there—her fiancé Edward, whom she has not seen for five years. Isolated and estranged in a small town in the harsh Karoo desert, her only real companions are her diary and her housemaid, and later the housemaid's daughter, Ada. When Ada is born, Cathleen recognizes in her someone she can love and respond to in a way that she cannot with her own family. Under Cathleen's tutelage, Ada grows into an accomplished pianist and a reader who cannot resist turning the pages of the diary, discovering the secrets Cathleen sought to hide. As they grow closer, Ada sees new possibilities in front of her—a new horizon. But in one night, everything changes, and Cathleen comes home from a trip to find that Ada has disappeared, scorned by her own community. Cathleen must make a choice: should she conform to society, or search for the girl who has become closer to her than her own daughter? Set against the backdrop of a beautiful, yet divided land, *The Housemaid's Daughter* is a startling and thought-provoking novel that intricately portrays the drama and heartbreak of two women who rise above cruelty to find love, hope, and redemption.

Dreams of the Immortal City Savannah Aberjhani 2019-05 At the heart of the 8 compelling nonfiction stories and 5-article appendix which make up *Dreams of the Immortal City Savannah* is this interesting question: What would your life mean if you were living someone else's dream of what it should be? Possible intriguing answers arise from different individual perspectives, historical situations, and contemporary challenges. The introduction sets the unusual stage for the texts which follow as the author contemplates Georgia state founder James Oglethorpe's dreams for America's thirteenth colony and his possible reactions to conditions in the city of Savannah today. "What he did not," the author proposes, "and perhaps could not, envision was the extent to which increasing cultural diversity and individual genius would begin to alter our collective experience of history..." In the title story, a well-known chronicler of the Harlem Renaissance contemplates what there is to gain or lose by editing a series of books on the American Civil War as it impacted, and still impacts, his hometown of Savannah. Without at first realizing it, a dream prepares him (almost) for a number of surprising results, including a flood of compassion for people he had never thought of as anything but enemies. The city's more cosmopolitan aspect and how that plays into the narrator's emotional and intellectual experiences of it is examined through several stories. They include: "Cities of Lights and Shadows and Dreams," "A Brazilian Thanksgiving in Savannah," and " [Claude] Monet, [Luther E.] Vann, and [Kahlil] Gibran at the Telfair Museum of Art." The humorous and yet serious tale of "Riding the Bus with Man-Boy and Shaniquananda: And Then Not" takes a look at how traditions and history sometimes clash with modern forms of communication in public spaces. In this case, how should a group of elderly African-American women respond to younger Blacks speaking loudly on cell phones about sexually intimate matters in their lives? "Savannah by the Twenty-first Century Numbers" is the most unusual of the book's narrative's as it combines a study of social realities with metaphysical analysis. By maintaining a steady focus on the evolving dynamics of his hometown and immersing himself in its cultural currents, Aberjhani has been able to glean and share insights applicable to individuals and communities around the world. From informed musings on family life, global warming, immigration, and slavery, to examinations of the power of art, technology, and numbers, he continuously engages readers' imaginations in thrilling and unexpected ways.
