**Why the Rich Are Getting Richer** Robert T. Kiyosaki 2018-12-11 It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his

messages in the international best-seller Rich Dad Poor Dad -- the #1 Personal Finance book of all time -- and in Why the Rich Are Getting Richer, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financial education is... really."

**The Real Book of Real Estate** Robert Kiyosaki 2010-05 From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

*The Orion Prophecy* Patrick Geryl 2001 In the year 2012 the Earth awaits a super catastrophe: its magnetic field will turn over in one go. Phenomenal earthquakes and tidal waves will completely destroy our civilisation. Europe and North America will shift thousands of kilometres northwards into polar climate. Nearly the whole earth's population will perish in the apocalyptic happenings. These dire predictions stem from Mayans and Egyptians -- descendants of the legendary Atlantis. The Atlanteans had highly evolved astronomical knowledge and were able to exactly calculate the previous world-wide flood in 9792 BC. They built tens of thousands of mandjits and escaped to South America and Egypt. In the year 2012 Venus, Orion and several other stars will take the same 'code positions' as in 9792 BC, the year of the previous cataclysm! For thousands of years historical sources have told of a forgotten time capsule of ancient wisdom located in a mythical labyrinth of secret chambers filled with artefacts and documents from the previous flood -- this book gives one possible location.

**Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards** Robert T. Kiyosaki 2000-11-01 Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only

saves money and has no debt. Rich Dad's Guide to Becoming Rich \* Are you in credit card debt? \* Is job security dead? \* Is your financial security threatened? \* Is a high-paying job the answer? \* Is your money working for you? \* Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Rich Dad's Retire Young, Retire Rich Robert T. Kiyosaki 2002-01-01 This book is about how we started with nothing and retired financially free in less than ten years. Find out how you can do the same. If you do not plan on working hard all of your life...this book is for you. Why not Retire Young and Retire Rich?

**Rich Dad, Poor Dad** Robert T. Kiyosaki 2016-04-27 Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

**Midas Touch** Donald J. Trump 2012-11-20 For the first time, two of the worlds most successful and influential entrepreneurs will share their own Midas Touch secrets. Secrets that will inspire you to find and fulfill your passion as well as provide you with the hands-on guidance you need to be successful.

Unfair Advantage Robert T. Kiyosaki 2011 Examines the traditional assumptions of obtaining financial security through salaried jobs and and small business, and presents advice on pursuing opportunities as an entrepreneur to achieve wealth.

**Rich Dad Poor Dad for Teens** Robert T. Kiyosaki 2014 This special just-for-teens edition builds a foundation of self-confidence from which readers can realize their dreams of financial security in an increasingly challenging and unreliable job market. Teen-friendly advice, examples, sidebars and straight talk will supplement all of Rich Dad's core advice: Work to learn, not to earn. Don't say "I can't afford it"--Instead, say "How can I afford it' " And don't work for money - make money work for you! No matter how confident or "good in school" readers consider themselves to be, this makes financial intelligence available to all young people with its streamlined structure, clean design, and

accessible voice.

Rich Dad's Advisors: Guide to Investing In Gold and Silver Michael Maloney 2008-08-28 "Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. *The Advanced Guide to Investing Gold and Silver* tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

Crash Proof Peter D. Schiff 2010-12-15 The economic tipping point for the United States is no longer theoretical. It is a reality today. The country has gone from the world's largest creditor to its greatest debtor; the value of the dollar is sinking; domestic manufacturing is winding down - and these trends don't seem to be slowing. Peter Schiff casts a sharp, clear-sighted eye on these factors and explains what the possible effects may be and how investors can protect themselves. For more than a decade, Schiff has not only observed the U.S. economy, but also helped his clients reposition their portfolios to reflect his outlook. What he sees is a nation facing an economic storm brought on by growing federal, personal, and corporate debt, too-little savings, a declining dollar, and lack of domestic manufacturing. Crash-Proof is an informed and informative warning of a looming period marked by sizeable tax hikes, loss of retirement benefits, double digit inflation, even - as happened recently in Argentina - the possible collapse of the middle class. However, Schiff does have a survival plan that can provide the protection that readers will need in the coming years.

*Who Stole My Pension?* Robert Kiyosaki 2020-01-14 It's estimated that there are over 50 million pensioners--in the United States alone. Like the United States, the United Kingdom, Japan, Italy, Germany and many other countries around the

world are all in big trouble when it comes to the solvency of their pension funds. *Who Stole My Pension?* was written to give them guidance, resources, and tools so they can take action... and stop the looting. We are in the early stages of the greatest retirement crisis in the history of our nation and, indeed, the entire world. According to the World Health Organization, nearly two billion people around the world are expected to be over age 60 by 2050, a figure that's more than triple what it was in 2000. For better or for worse, never before have there been more elderly people living on planet Earth. One thing is certain: Doing nothing--sitting back, confident your pension check is "in the mail"--is not an option. That's a risk you can't afford to take. According to Edward Siedle, a former attorney with the United States Securities and Exchange Commission and America's leading expert in pension looting, "In the decades to come, we will witness hundreds of millions of elders worldwide, including America's Baby Boomers, slipping into poverty. Too frail to work, too poor to retire will become the "new normal" for many of the aged." Kiyosaki, who like Siedle saw this crisis looming years ago, complements the facts and stats Siedle puts forth with strategies on how retirees can take control--not only their pensions, but their financial futures. Kiyosaki writes about the fact that his father, a highly educated man he calls his poor dad, wasn't poor until he lost his job, his paycheck--and his pension. "His PHD couldn't save him," says Kiyosaki, who has dedicated his life to teaching and financial literacy advocacy. In *Who Stole My Pension?* the authors focus on the most misunderstood and ignored cause of the pension crisis: mismanagement of pensions and investments. The culprits that are looting the pensions of public school teachers, firefighters, police, as well as private sector workers, are on Wall Street. The Wall Street casinos charging high fees for gambling in risky hedge funds and other speculative investments, outrageous investment-industry conflicts of interest, and outright violations of the law. *Who Stole My Pension?* is an in-depth assessment of the pension crisis that the world is facing today and what millions around the world--employees who expected to have pension income at retirement--can do about it. The authors recount a history of pension failures, inexperienced boards, gambling, looting and other horror stories--with a focus on action steps workers and retirees can take to quickly determine if a pension is being mismanaged as well as the concrete steps they can take to end decades of pension mismanagement. They detail critical questions retirees can ask--and guidance regarding how to act on what they learn.

### 8 Lessons in Military Leadership for Entrepreneurs Robert T. Kiyosaki

2015-05-12 Robert Kiyosaki's new book *8 Lessons in Leadership* draws from his years at the Merchant Marine Academy at Kings Point and his service in the United States Marine Corps. With compelling stories and examples and an engaging way of comparing and contrasting two very different cultures and value systems, Robert shares the challenges he faced in transitioning to civilian life--where chain of command and team-over-self--once so black and white--were muddy and distorted. "Permission to speak freely, sir?" Count on it. This is Robert Kiyosaki--and he does just that, in the forthright and no-nonsense style that readers have come to expect and appreciate. From Robert's

perspective, military training shapes lives and supports entrepreneurship. The training, discipline, and leadership skills taught in the military can be leveraged for huge success in the civilian world of business. Highlights of 8 Lessons in Leadership include sections on Mission and Team, Discipline, Respect, Authority, Speed, the Power of Connectivity, Leaders as Teachers, Sales and Leadership.

Rich Dad's Increase Your Financial IQ Robert T. Kiyosaki 2008-03-26 For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly understand the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular Rich Dad Poor Dad series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In INCREASE YOUR FINANCIAL IQ, Kiyosaki provides real insights on these key steps to wealth: o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future. o How to protect your money -- for better or for worse, taxes are a way of life. Kiyosaki shows you that "it's not what you make....it's what you keep." o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can. o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step. o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you learn more and more.

Rich Dad's Who Took My Money? Robert T. Kiyosaki 2004-05-01 Reveals how to actually speed up and maximize the return on investments to achieve total financial independence.

The Dollar and National Security Paul Viotti 2014-07-23 Defense establishments and the armed forces they organize, train, equip, and deploy depend upon the security of capital and capital flows, mechanisms that have become increasingly globalized. Military capabilities are thus closely tied not only to the size of the economic base from which they are drawn, but also to the viability of global convertibility and exchange arrangements. Although the general public has a stake in these economic matters, the interests and interpretive understandings held by policy elites matter most—in particular those among the

owners or managers of capital who focus on international finance and the international monetary regimes that sustain global commerce and their capital positions. In *The Dollar and National Security*, Paul Viotti explores the links between global capital flows, these policy elites, and national security. After establishing the historical link between currency, gold, and security, he continues the monetary-security story by examining the instrumental role the dollar has played in American economic and national security over the past seven decades. He reveals how perceived individual and collective interests are the key drivers toward building the kind of durable consensus necessary to sustain the external financing of American foreign and national security policy, and addresses the future implications for national security as decision-makers in the BRICs and other countries position themselves to assume an even larger policy presence in global commercial, monetary, and security matters.

**Multiple Streams of Income** Robert G. Allen 2011-01-19 In *Multiple Streams of Income*, bestselling author Robert Allen presents ten revolutionary new methods for generating over \$100,000 a year—on a part-time basis, working from your home, using little or none of your own money. For this book, Allen researched hundreds of income-producing opportunities and narrowed them down to ten surefire moneymakers anyone can profit from. This revised edition includes a new chapter on a cutting-edge investing technique.

*Rich Dad's Cashflow Quadrant* Robert T. Kiyosaki 2001-01-15 This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

**The Celestine Prophecy** James Redfield 1995-09-01 THE #1 BESTSELLING INTERNATIONAL PHENOMENON - NOW WITH A NEW PREFACE You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for *The Celestine Prophecy* "A gripping adventure story filled with intrigue, suspense, and spiritual revelations." - Commonwealth Journal "A spiritual classic...a book to read and reread, to cherish, and to give to friends." - Joan Borysenko, PhD, author of *Fire in the Soul* "In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power." - Deepak Chopra

*The Ravens* Robert Kiyosaki 2020-05-26 In their first book together, best-

selling authors Robert Kiyosaki and James Rickards look to the future and share their insights on how to prepare for and profit from the turbulent times ahead. The symbolism of the raven is complex and while its black plumage and croaking call are often associated with loss or ill omens, ravens have also been deemed to be uncommonly intelligent and the symbol of providence, wisdom, insight, and prophecy. The book title is also a nod to Felix Somary, the banker, social thinker, diplomat and relentless advocate for the integrity of currencies as key to democratic survival--a man known as "The Raven of Zurich"--for his dire but accurate predictions of the future.
