ABCs of Buying Rental Property Ken McElroy 2020-09-29 Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

Principles Ray Dalio 2018-08-07 #1 New York Times Bestseller "Significant...The book is both instructive and surprisingly moving." —The New York Times Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past forty years to create unique results in both life and business—and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty

years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as "an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency." It is these principles, and not anything special about Dalio—who grew up an ordinary kid in a middle-class Long Island neighborhood—that he believes are the reason behind his success. In *Principles*, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency," include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, *Principles* also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press.

Run Your Own Corporation Garrett Sutton 2013-02-28 "I've set up my corporation. Now what do I do?" All too often business owners and real estate investors are asking this question. They have formed their protective entity - be it a corporation, LLC or LP - and don't know what to do next. "Run Your Own Corporation" provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad's Advisor Garrett Sutton, Esq., who also authored the companion edition "Start Your Own Corporation", the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, "Run Your Own Corporation" is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, "Run Your Own Corporation is the missing link for most entrepreneurs. They've set up their entity, but don't know the next steps. Garrett Sutton's book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading." When "Start Your Own Corporation" is combined with "Run Your Own Corporation" readers have a two book set that offers the complete corporate picture.

Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards Robert T. Kiyosaki 2000-11-01 Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Rich Dad's Guide to Becoming Rich Without Cutting Up Your Credit Cards Robert T. Kiyosaki 2003 Discusses the importance of a financial education, explaining the difference between good debt and bad debt and how to use money to its fullest potential.

Rich Dad's Advisors: Guide to Investing In Gold and Silver Michael Maloney 2008-08-28 "Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. The Advanced Guide to Investing Gold and Silver tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

Return to Orchard Canyon Ken McElroy 2019-12-10 Return to Orchard Canyon... a Business Novel... Unlike any other business book, Return to Orchard Canyon will get you thinking—and working—toward a future you once thought was just a pipe dream. This is the story of David Reynolds, his father Ron, and

his daughter Meghan. Through these unlikely teachers you'll discover a path to understanding the plight of modern-day life. A life you yourself may be living and questioning... So many people are feeling trapped and uncertain as their life unfolds. How exactly did your dreams pass you by? No matter who you are—how old you are or where you are in life—you can find that place of youthful energy and excitement again. It starts by returning to your own Orchard Canyon. Sometimes the best thing you can do in business and in life is to reinvent yourself. To go forward and embrace something new. Or... return to an earlier time and capture a dream that has eluded you. Sometimes that truth comes to you against your will. From unusual sources. When you least expect it. Destiny happens with or without your consent. Journey with us to Orchard Canyon, a real place tucked between the red rocks of Sedona, Arizona and the picturesque Oak Creek. Once there, you may discover that what was old is new and what you thought was impossible in your life can really happen. If you let it. Return to Orchard Canyon is a story that vividly captures the real feelings too many people have today. A sense of working for a paycheck, giving up their lives to make a living, and throwing any dreams they may have had aside as impractical, impossible. A trade-off... for survival. Return to Orchard Canyon dispels the myth that living means sacrificing and replaces it with the reality that our nation was built on the backs of dreamers who took risks. Why not you? Why not today? Why not return to your own Orchard Canyon. Inspiring and actionable, this book will show you the way.

Rich Dad's Increase Your Financial IQ Robert T. Kiyosaki 2008-03-26 For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly understand the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular Rich Dad Poor Dad series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In INCREASE YOUR FINANCIAL IQ, Kiyosaki provides real insights on these key steps to wealth: o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future. o How to protect your money -- for better or for worse, taxes are a way of life. Kiyosaki shows you that "it's not what you make....it's what you keep." o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can. o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step. o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you learn more and more.

The ABCs of Getting Out of Debt Garrett Sutton 2013-02-28 In difficult times, debt can be a matter of life and death, happiness and despair. Controlling your debt can bring order and calm. Mastering debt can bring wealth and success. As bestselling Rich Dad/Poor Dad author Robert Kiyosaki says, "Good debt makes you rich and bad debt makes you poor." The ABCs of Getting Out of Debt provides the necessary knowledge to navigate through a very challenging credit environment. A Rich Dad's Advisor and best selling author of numerous business books, Garrett Sutton, Esq. clearly writes on the key strategies readers must follow to get out of debt. Unlike other superficial offerings, Sutton explores the psychology and health effects of debt. From there, the reader learns how to beat the lenders at their own game, and how to understand and repair your own credit. Using real life illustrative stories, Sutton shares how to deal with debt collectors, avoid credit scams, and win with good credit. "The reason Garrett Sutton's book is so important is that like it or not, debt is a powerful force in our world today. The financially intelligent are using debt to enrich themselves while the financially uneducated are using debt to destroy their lives." - Robert Kiyosaki The times call for a book that offers hope and education on mastering credit and getting out of debt.

A Wealth of Common Sense Ben Carlson 2015-06-22 A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

Building Wealth with Silver Thomas Herold 2011-01-03 The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet cashing in on the biggest wealth transfer in history. A Solid Method to Achieve Financial Freedom This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . . \$3,500 . . . and some say even \$5,000! But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors - including yourself - probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. Nine Reasons Why Silver is a Unique Wealth Building Instrument Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice during times of financial crisis Silver is rarer than gold Silver is used in 90% of all electronics - and its mostly non-renewable Silver leasing - the scam will be exposed soon Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You

will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. Learn Why Silver is the Best Investment Opportunity Right Now. Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several years. Rich Dad, Poor Dad Robert T. Kiyosaki 2016-04-27 Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

The Stock Market Cash Flow Andy 2014-03-25 The book begins by addressing many of the challenges stock market investors face today and the various ways many investors use the stock market to achieve their goals. A valuable discussion of where paper assets fit (and do not fit) in the context of Rich Dad principles and its place among the other assets classes such as real estate business and commodities. The bulk of the book educates investors on "Andy's 4 pillars of stock market income" and effectively simplifies the four concepts to help investors begin to harness their power. The book concludes with ideas for an individual action plan suited to the goals of the reader
