English Unlimited Advanced A and B Teacher's Pack (Teacher's Book with DVD-ROM) Adrian Doff 2013-07-18 English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. As well as clear teaching notes, the updated Advanced A and B Teacher's Pack (Teacher's Book with DVD-ROM) offers lots of extra ideas and activities to suit different classroom situations and teaching styles. The DVD-ROM provides a range of extra printable activities, a comprehensive testing and assessment program, extra literacy and handwriting activities for non-Roman alphabet users and clear mapping of the syllabus against the CEFR 'can do' statements. It also includes the videos from the Self-study Pack DVD-ROM for classroom use.

21st Century Reading 3, American English, Student Book Laurie Blass 2020-08-18 21st Century Reading was created through a partnership between TED, a nonprofit dedicated to spreading ideas through short, powerful talks and National Geographic Learning. 21st Century Reading provides the ideal forum for learners of English to make connections with topics ranging from science to business to global issues. Using TED Talks as the springboard to share ideas, this new four-level reading series shows learners how to understand and respond to ideas and content in English. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Check Your Vocabulary for English for Academic Purposes David Porter 2003 This edition features a range of activities to help students learn and revise the non-technical vocabulary essential for the study of any subject at a UK university.

Oh, China! Chih-p'ing Chou 2011-10-17 Oh, China! meets the needs of advanced beginners or "heritage learners" who already speak some Chinese but require instruction in reading and writing fundamentals before moving to the intermediate level. In this fully revised edition, state-of-the-art lessons go over the basics of standard Mandarin pronunciation and introduce students to Chinese characters. The textbook moves at a faster pace than those designed for absolute beginners and allows students to rapidly develop strong foundations in grammar and vocabulary. It contains topics that are especially relevant to heritage learners, such as growing up in a bilingual, bicultural environment, and exposes students to essential issues for understanding contemporary China today, including economic development and political relations with Taiwan. This essential of Chinese language learning contains updated lessons, grammar notes, and exercises, and its new user-friendly format juxtaposes text and vocabulary on adjacent pages. Updated and revised edition Designed for advanced beginners who already speak some Chinese Offers strong foundations in pronunciation, characters, and grammar Covers topics relevant to heritage speakers and contemporary Chinese society Single volume user-friendly format

Grammar and the Advanced Learner Inger Ruin 1996 How do we learn a second language? Is it necessary to study grammar or is it enough just to be exposed to and use the language we want to learn? Is the learning of a second language similar to or fundamentally different from first language learning? These questions are dealt with in Grammar and the Advanced Learner. The purpose of the book is to find out whether the old question of the usefulness of grammar study can be answered by current theories and research results in the field of second language acquisition. A study of a group of Swedish university students of English forms the basis of the discussion. Most research concerns earlier stages of learning and it is therefore interesting to consider the problems of advanced learners to whom some of the generally accepted theories may not be applicable. Not only the learning process but also teaching methods have received the attention of theorists and researchers. Some of their research on methods and their proposals for teaching grammar are presented and discussed. Can linguists supply answers to the questions that teachers are confronted with in their classrooms? Grammar and the Advanced Learner places the advanced learner in focus but it also deals with second language acquisition theories and research from a general perspective. It should therefore be of interest not only to teachers of advanced learners but also to those who teach at earlier stages, and to adult learners of foreign languages who are curious about their own learning process.

English for Academic Research: Writing Exercises Adrian Wallwork 2012-10-14 This book is based on a study of referees' reports and letters from journal editors on reasons why papers written by non-native researchers are rejected due to problems with English (long sentences, redundancy, poor structure etc). It draws on English-related errors from around 5000 papers written by non-native authors, around 3000 emails, 500 abstracts by PhD students, and over 1000 hours of teaching researchers how to write and present research papers. The exercises are organized into ten chapters on: punctuation and spelling word order writing short sentences and paragraphs link words - connecting phrases and sentences together being concise and removing redundancy ambiguity and political correctness paraphrasing and avoiding plagiarism defining, comparing, evaluating and highlighting anticipating possible objections, indicating level of certainty, discussion limitations, hedging, future work writing each section of a paper Some exercises require no actual writing but simply choosing between various options, thus facilitating self-study, e-reading and rapid progress. In those exercises where extended writing is required, model answers are given. Exercise types are repeated for different contexts, for example the importance of being concise is tested for use in papers, referees' reports, and emails of various types. Such repetition of similar types of exercises is designed to facilitate revision. The exercises can also be integrated into English for Academic Purposes (EAP) and English for Special Purposes (ESP) courses at universities and research institutes. The book can be used in conjunction with the other exercise books in the series and is cross-referenced to: English for Research: Usage, Style, and Grammar English for Writing Research Papers

book contains 60 attractive two-page units featuring approximately 1,000 phrasal verbs. This new level of English Phrasal Verbs in Use is specifically designed for advanced level students looking to improve their knowledge of this often difficult area of the English language. The book includes many phrasal verbs useful to students preparing for the Cambridge CAE, CPE and IELTS examinations.

A Road Map for Improvement of Student Learning and Support Services Through Assessment James Oliver Nichols 2005 Completely replaces "A Practitioner's Handbook" as the foundation volume in the Nichols series on assessment implementation.

Academic Examination Papers for the Academic Year ... 1902

Smarter Crime Control Irvin Waller 2013-12-05 The U.S. is the world's biggest jailor and one of the most affluent murderous countries, and yet its citizens pay more taxes to sustain law and order than their European counterparts. Yet, the U.S. has the most data in the world on the use of incarceration and its failure. Its researchers have identified more projects able to prevent violence than the rest of the world put together. Its legislators have access to pioneering data banks on cost effective ways to use taxes to reduce crime. We are left wondering why we cannot implement measures that we know will work, reduce crime, and cost less for law and order. Smarter Crime Control shows how to use recent knowledge and best practices to reduce the extraordinarily high rates of murder, traffic fatalities, drug overdoses, and incarceration, while avoiding the high taxes paid by families for policing and prisons. Providing detailed examples, Irvin Waller offers specific actions our leaders at all levels can take to reduce violence and lower costs to taxpayers. He focuses on how to retool policing and improve corrections to reduce reoffending and crime, while limiting criminal courts. He also shows how programs and investments in various strategies can help those youth on the path to chronic offending avoid the path all together. Waller shows how to get smart on crime to shift the criminal justice paradigm from the failing, outdated, racially biased, and exorbitant complex today to an effective, modern, fair and lean system for safer communities that spares so many victims from the loss and pain of preventable violence. He makes a compelling case for reinvesting what is currently misspent on reacting to crime into smart ways to prevent crime. Ultimately, he demonstrates to readers the importance of reevaluating our current system and putting into place proven strategies for crime and violence prevention that will keep people out of jail and make our streets and communities safer for everyone.

Advanced Grammar Richard Stevenson 2010 This is "a textbook and reference book designed to help students understand all aspects of sentence structure and syntax and to help teachers explain all difficult to answer questions that students might have. This book is also suitable for students hoping to achieve a 6.0 or a 7.0 in the IELTS test. This book covers the following topics: adverbial clauses, cause and effect language, cohesion, compare and contrast language, gerund clauses, hedging, independent and dependent clauses, infinitive clauses, modals, noun clauses, participial clauses, passive voice, refutation, relative clauses, tense, word forms, writer voice. Answers and examples included." -- from back cover.

The ESL/ELL Teacher's Book of Lists Jacqueline E. Kress 2008-10-13 Everything educators need to know to enhance learning for ESL students This unique teacher time-saver includes scores of helpful, practical lists that may be reproduced for classroom use or referred to in the development of instructional materials and lessons. The material contained in this book helps K-12 teachers reinforce and enhance the learning of grammar, vocabulary, pronunciation, and writing skills in ESL students of all ability levels. For easy use and quick access, the lists are printed in a format that can be photocopied as many times as required. A complete, thoroughly updated glossary at the end provides an indispensable guide to the specialized language of ESL instruction.

Cambridge Academic English B1+ Intermediate Student's Book Craig Thaine 2012-02-09 A three-level (B1+ to C1) integrated skills course for higher education students at university or on foundation courses. The B1+ Intermediate Student's Book introduces students to the characteristics of written and spoken academic texts. Students are guided towards developing relevant strategies for setting study goals and approaching these texts. From asking for help, understanding essay questions to planning essay paragraphs and listening for gist and detail, students have a wealth of opportunities to practice all core academic skills. The course develops independent learning skills and critical thinking through 'Study Tips' sections and allows for personalisation of learning in the 'Focus on your subject' sections. Five lecture skills units provide authentic practice in listening to lectures and note-taking.

English Vocabulary in Use Pre-intermediate and Intermediate with Answers Stuart Redman

1997-02-20 Vocabulary in Use Pre-intermediate and Intermediate is a vocabulary book for intermediate learners of English, primarily designed as a self-study reference and practice book, but which can also be used for classroom work. In its style and format it is similar to its upper intermediate and advanced equivalent, English Vocabulary in Use. - 100 easy-to-use units: over 2,500 vocabulary items in a wide range of topic areas are presented, contextualise and explained and explained on left-hand pages with a variety of follow-up activities on right-hand pages. - Helps to build on and expand existing vocabulary. - Suggests tips and techniques for good learning habits. - Designed to be flexible: can be used both for self-study and in class. - Provides a comprehensive key with not only answers to the exercises but also more comments on how the language is used. - Includes a detailed index with phonetic transcriptions.

I Wanna Iguana Karen Kaufman Orloff 2004-09-09 Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassurances: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house. and his mom's replies: How are you going to get a girl to marry you when you own a giant reptile? will have kids in hysterics as the negotiations go back and forth through notes. And the lively, imaginative illustrations show their polar opposite dreams of life with an iguana.
