Oregon Geographic Names Alphabetical Finding List 1983

**Rock Band Name Origins** Greg Metzger 2015-03-20 This book details the origins of the names of 240 musical acts, focusing on the most popular groups (and a few individual performers) from the 1960s through today. Even casual music fans will recognize almost all of the acts discussed. A few one-hit wonders are included simply because their name is so unusual (Mungo Jerry, for example) that they warrant a place in the study. Each entry focuses on the meaning and/or origin of the act's name, what it had been called previously, and any other names that were considered and rejected during the naming process. Also included are facts and figures about the act's history and place in the rock music pantheon, the year the act was formed, the names of original members and later members of note and the act's best known hit. The book lists bands alphabetically to give the casual reader the opportunity to open it to any page and read at leisure, the historian the ability to easily pinpoint the subject of his or her research, or the die-hard rock fan the chance to learn from A to Z the name origins of the biggest acts in rock and pop music history.

Cherokee Footprints--: Cherokee names remain in Georgia Charles Orville Walker 2005

*Memoirs* Harvard University. Museum of Comparative Zoology 1884

*Henry Darwin Rogers, 1808–1866* Patsy Gerstner 2014-12-20 Henry Darwin Rogers is a familiar figure in the history of American geology, especially as the director of the first state geological surveys of New Jersey and Pennsylvania. Although best remembered for the survey work, Rogers considered his theory of mountain elevation to be his most important scientific legacy. Based on studies of the Appalachian Mountains, Rogers's elevation theory was the first American

explanation of the dynamics of elevation. As a study of the Pennsylvania survey, this volume offers new insight into the origin and problems associated with early surveys. As a study of Rogers's life and work, it presents a portrait of a man with strong convictions and dedication and examines the development and application of his ideas.

**A Sinhalese-English Dictionary** Benjamin Clough 1892

The English Language in America George Philip Krapp 1925

*The Big Book of Rock & Roll Names* Adam Dolgins 2019-05-07 *The Big Book of Rock & Roll Names* tells the behind-the-scenes stories of how the world's most popular and influential rock and pop acts got their names. By turns fascinating, funny, and bizarre, the pages offer insight into the peculiar choices and idiosyncratic psychologies of hundreds of top musicians from the 1960s to the present. Originally published more than two decades ago to great success, it's been out of print for years and has now been completely updated and expanded to feature dozens of exclusive interviews including conversations with groups like The Black Keys, The Killers, Twenty One Pilots, Coldplay, Cage the Elephant, and Vampire Weekend. From Arcade Fire to ZZ Top, this diverting and handsome collection reveals the often overlooked but defining histories of hundreds of the biggest names in rock and pop.

Geologic History of the Feather River Country, California Cordell Durrell  
1988-02-25 How did the Sierra Nevada and adjacent lands come to be the size and shape they are today? This book covers 400 million years of physical evolution in a language understandable to nonscientists, tracing the volcanic activity, the folding and building of mountains, the breaking of blocks along fault lines, and the work of erosion and glaciers that have created today's dramatic landscape. Cordell Durrell spent a lifetime reading this complex story of movement and change in the rocks of the Feather River country. He shares with readers the excitement of discovering by remote but careful inference what must have happened millions upon millions of years ago. The basic methods of geologic analysis that Durrell describes can be applied anywhere on the earth's surface, lending new fascination to our travels throughout the frozen arctic, dry deserts, tropical rainforests, low swamps, and high mountains like California's magnificent Sierra.

**Rock and Roll Baby Names** Margaret Eby 2012-04-03 Everything an expectant music-lover needs to know about the lyrics, band trivia, and other rock-and-roll factoids linked to thousands of popular baby names. What do we know about Caroline? Neil Diamond says she's sweet and The Beach Boys say she prefers short hair when she's older. And what about guys named Victor? Prince and Blondie say Victor is possibly a saint, but also flees from the law. Offering the rock-and-roll definitions of these and dozens more popular names, the wildly popular Rock 'n' Roll Baby Name Dictionary post on Flavorwire drew over fifty thousand hits days after it was launched. Now its creator, pop-culture writer Margaret Eby, rolls out the complete encyclopedia, from Alison to Ziggy and everyone in between. Rock and Roll Baby Names lets every music-savvy parent discover a name's role in rock history. Each entry explains a classical definition and a definition of the name from song lyrics, along with fun "liner notes" about the featured song or band. Sidebars include Best Punk Rock Names for Boys and Weirdest Rock Star Children's Names, with quizzes such as Which Rebel Name Should You Give Your Girl? Every modern baby-from the Girl Next Door to the Rebels and Renegades-will find a legendary legacy in these pages.

*First Names Series: Dwayne (The Rock Johnson)* Lisa Williamson 2022-02-03

**Baby Names for Girls That Really Rock (2014)** Louise Nolan 2014-01 Few things are more exciting - or complex - than choosing a child's name. The stakes are incredibly high; this beautiful little girl, who has no say in the matter, must live with your decision for the rest of her life. Even worse, you must make that decision before you know your daughter's personality and temperament, which determines whether or not the name you have chosen will truly "fit" her. This book presents more than 3,000 names in a logical manner, to help you choose the name that is truly right for your daughter and your family. It omits the unnecessary details that bog down most books, such as esoteric choices from 200 years ago and 20 different spellings of the same name. Instead, it presents every name (and meaning) in practical groupings, to show you various alternatives that might work for your family. Chapters include: The Most Popular Baby Names for Girls A Blast from the Past - Top Names from the Past Decades Christian & Biblical Names Names from Literature & Mythology Names from Popular Culture / the Entertainment Industry Names based on First Ladies & Presidential Daughters Names from Disney Names that are Ideals or Concepts Names from Nature Last Names as First Names Named After Famous Places One Syllable Names Lengthy (Four Syllable) Names Unisex / Gender Neutral Names Popular African-American Names Popular Hispanic Names Popular Asian Names Top 10 Names for Girls in Other Countries Names with Similar Meanings Names that Sound Alike Appendix: An Alphabetical List of Names for Girls For something this important, you need a helpful reference to guide your decision making in a logical way. You need *Baby Names for Girls That Really Rock (2014)*.

*The Dictionary of Rock & Pop Names* Mark Beech 2009-07-19 Mark Beech's 1998 predecessor, *The A-Z of Names in Rock* generated over 50 radio interviews, 15 articles, 7 features in nationals and two serializations. This extended and updated version covers more genres than just rock (e.g. pop, punk, indie, reggae, soul, country, blues, folk, jazz, heavy metal, grunge and rap artists and bands) and will appeal to music fans internationally, as well as being the must-buy book for pub quiz fans. With almost 3,000 entries, it's a chance to discover why artists chose their names and which ones shouldn't have. An informative and often humorous read, the world's leading expert on music names (BBC), Mark Beech, is guaranteed another best-seller.

*The Name of the Flower* Kuniko Mukoda 1998-07-01 Mukoda's wonderful stories vividly present the strengths and sorrows of modern Japanese women.--Gail Tsukiyama "Superbly rendered into English."--Publishers Weekly
