Organic Pollutants in the Water Cycle Thorsten Reemtsma 2006-12-13 This first in-depth and comprehensive reference on the most pertinent polar contaminant classes and their behavior in the whole water cycle includes, among others, industrial chemicals, consumer products, polar herbicides and pharmaceuticals. All chapters are uniformly structured, covering properties, pollution sources, occurrence in wastewater, surface water, and groundwater as well as water treatment aspects, while ecotoxicological and assessment aspects are also covered. Among the authors are leading experts in their relevant fields, many of whom provide here groundbreaking research results. The result is an up-to-date information source for researchers and professionals working in water quality monitoring, water supply, or wastewater treatment, as well as environmental and water chemists, geochemists, ecologists, chemists and engineers.

The Economics of Open Access Thomas Eger 2018-06-29 Addressing the recent debate on how the future of academic publishing might look in a purely digital environment, this book analyzes the experiences of researchers with, as well as attitudes towards, 'Open Access' (OA) publishing. Drawing on a unique, in-depth survey with more than 10,000 respondents from 25 countries, Thomas Eger and Marc Scheufen discuss their findings in the light of recent policy attempts which have been trying to foster OA, revealing considerable shortcomings and lack of knowledge on fundamental features of the academic publishing market.

TransArea Ottmar Ette 2016-07-11 Ottmar Ette's TransArea proceeds from the thesis that globalization is not a recent phenomenon, but rather, a process of long duration that may be divided into four main phases of accelerated globalization. These phases connect our present, across the world's widely divergent modern eras, to the period of early modern history. Ette demonstrates how the literatures of the world make possible a tangible perception of that which constitutes Life, both of our planet and on our planet, which may only be understood through the application of multiple logics. There is no substitute for the knowledge of literature: it is the knowledge of life, from life. This English translation will be of great interest to English-speaking scholars in the fields of Global and Area Studies, Literary Studies, Cultural Studies, History, Political Science, and many more. About the author Ottmar Ette has been Chair of Romance Literature at the University of Potsdam, Germany, since 1995. He is Honorary Member of the Modern Language Association of America (MLA) (elected in 2014), member of the Berlin-Brandenburg Academy of Sciences and Humanities (elected in 2013), and regular member of the Academia Europaea (since 2010).

The New Palgrave Dictionary of Economics and the Law NA NA 2016-04-30 A great deal of economics is about law - the functioning of markets, property rights and their enforcement, financial obligations, and so forth - yet these legal aspects are almost never addressed in the academic study of economics. Conversely, the study and practice of law entails a significant understanding of economics, yet the drafting and administration of laws often ignore economic principle. The New Palgrave Dictionary of Economics and the Law is uniquely placed by the quality, breadth and depth of its coverage to address this need for building bridges. Drawn from the ranks of academics, professional lawyers, and economists in eight countries, the 340 contributors include world experts in their fields. Among them are Nobel laureates in economics and eminent legal scholars. First published in 1998 and now available in paperback for the first time, The New Palgrave Dictionary of Economics and the Law has established itself as a classic reference work in this important field.

Funeral for a Dog: A Novel Thomas Pletzinger 2011-03-28 "The kind of writing that makes us want to read the whole book as soon as possible; a shot of adrenaline that immediately takes

us to a new world.”—David Varno, Words Without Borders Journalist Daniel Mandelkern leaves Hamburg on assignment to interview Dirk Svensson, a reclusive children's book author who lives alone on the Italian side of Lake Lugano with his three-legged dog. Mandelkern has been quarreling with his wife (who is also his editor); he suspects she has other reasons for sending him away. After stumbling on a manuscript of Svensson's about a complicated ménage à trois, Mandelkern is plunged into mysteries past and present. Rich with anthropological and literary allusion, this prize-winning debut set in Europe, Brazil, and New York, tells the parallel stories of two writers struggling with the burden of the past and the uncertainties of the future. *Funeral for a Dog* won the prestigious Uwe-Johnson Prize, and critics raved: "Pletzinger's debut is a real smash hit. It's been a long time since a young German writer has thrown himself into the hurly-burly of life and literature with so much intelligence and bravado" (Wolfgang Hobel, *Der Spiegel*).

Handbook of Economic Sociology for the 21st Century Andrea Maurer 2021-05-08 This handbook provides an overview on major developments that occurred in the field of economic sociology after its rebirth since the 1980s in the US. It offers new insights on the uniqueness of European economic sociology compared to US economic sociology which emerged at the end of the 20th century. The handbook presents economic sociology as a developing field which started with certain foundations as new economic sociology, widening the perspective by introducing social factors thereby focusing more on general belief systems, social forms of coordination and the relationships between society and the economy. It offers an outstanding portrait of the research field helping to identify major foundations and trajectories as well as new research perspectives for a globalized economic sociology. This makes the handbook appeal to specialized researchers of the field, researchers from other disciplines interested in economic phenomena, as well as graduate and postgraduate students.

Gifts, Goods and Money: Comparing currency and circulation systems in past societies Dirk Brandherm 2018-04-30 The papers gathered in this volume explore the economic and social roles of exchange systems in past societies from a variety of different perspectives. Based on a broad range of individual case studies, the authors tackle problems surrounding the identification of (pre-monetary) currencies in the archaeological record.

Die heutige Bedeutung oraler Traditionen / The Present-Day Importance of Oral Traditions Walther Heissig 1998 Besondere Aufmerksamkeit verdient das Problem der Archivierung von Tonbandaufnahmen. Sie stellen oft die einzigen Dokumente dahinschwinden der mündlichen Überlieferungen dar; um ihre Erhaltung sollte man daher sehr besorgt sein, zumal Tonbandaufnahmen durch zahlreiche Einflüsse, nicht zuletzt durch die kosmische Strahlung, permanent gefährdet sind. Auf der Arbeitstagung fand unter den Teilnehmern ein Erfahrungsaustausch über die derzeit und in naher Zukunft am besten geeigneten Tonträger zur Archivierung von Tonbandaufnahmen statt. Die Probleme der Archivierung von mündlichen Überlieferungen gehen jedoch weit über die der Archivierung von Tonbandaufnahmen hinaus. Vor allem in Osteuropa gibt es außerordentlich umfangreiche Archive schriftlich aufgezeichneter mündlicher Traditionen. So begann beispielsweise die Sammelstätigkeit der Esten auf diesem Gebiet bereits im 17. Jahrhundert. Das Archiv der

Estnischen Folklore umfaßte 1981 nicht weniger als 1.134.020 Sei 4 ten und 33.995 Stücke in einer Phonotheke. Das Material aus diesen Archivalsammlungen wurde bislang nur zu einem Bruchteil veröffentlicht und wissenschaftlich bearbeitet. Das Problem der Bewältigung solcher Stoffmassen, auch mit modernen Methoden der Daten- und Textverarbeitung, beschäftigt zahlreiche Wissenschaftler. 3. Zum Problem der Publikation von mündlichen Überlieferungen wurde die Frage erörtert, welche Auswahl aus dem in der Regel sehr umfangreichen Material nach welchen Kriterien getroffen werden sollte. Mit dem "NormaUser" taucht die Frage nach populären bzw. wissenschaftlichen Editionen auf.

Royal Highness Thomas Mann 2011 The ironic satire of a decaying German duchy and its rejuvenation by the appearance of an independent-minded American woman. Peopled with a range of characters from aristocrat to mad woman, this novel is a microcosm of Europe before the Great War. The book's driving force is the development of a love between the young Prince, hidebound by tradition, and the exotic, beautiful Imma. Written by Noble Prize winning author Thomas Mann, his careful depiction of a decaying society rejuvenated by modern forces illustrates in fable what he regarded as a universal truth - that ripeness and death are a necessary condition of rebirth.

Swansong 1945: A Collective Diary of the Last Days of the Third Reich Walter Kempowski 2015-04-13 A monumental work of history that captures the last days of the Third Reich as never before. Swansong 1945 chronicles the end of Nazi Germany through more than 1,000 extracts from letters, diaries, and autobiographical accounts, written by civilians and soldiers alike. Together, they present a panoramic view of four tumultuous days that fateful spring: Hitler's birthday on April 20, American and Soviet troops meeting at the Elbe on April 25, Hitler's suicide on April 30, and the German surrender on May 8. An extraordinary account of suffering and survival, Swansong 1945 brings to vivid life the end of World War II in Europe.

Doing Fieldwork in Japan Theodore C. Bestor 2003-07-31 Doing Fieldwork in Japan taps the expertise of North American and European specialists on the practicalities of conducting long-term research in the social sciences and cultural studies. In lively first-person accounts, they discuss their successes and failures doing fieldwork across rural and urban Japan in a wide range of settings: among religious pilgrims and adolescent consumers; on factory assembly lines and in high schools and wholesale seafood markets; with bureaucrats in charge of defense, foreign aid, and social welfare policy; inside radical political movements; among adherents of "New Religions"; inside a prosecutor's office and the JET Program for foreign English teachers; with journalists in the NHK newsroom; while researching race, ethnicity, and migration; and amidst fans and consumers of contemporary popular culture. Contributors: David M. Arase, Theodore C. Bestor, Victoria Lyon Bestor, Mary C. Brinton, John Creighton Campbell, Samuel Coleman, Suzanne Culter, Andrew Gordon, Helen Hardacre, Joy Hendry, David T. Johnson, Ellis S. Krauss, David L. McConnell, Ian Reader, Glenda S. Roberts, Joshua Hotaka Roth, Robert J. Smith, Sheila A. Smith, Patricia G. Steinhoff, Merry Isaacs White, Christine R. Yano.

Pilgrimage in Popular Culture Ian Reader 2016-07-27 Specially commissioned studies of popular pilgrimages - East and West, past and present, religious and 'secular - ranging from Shikoku (Japan), to Santiago de Compostela (Spain), Kosovo (Yugoslavia), Glastonbury, Anfield (UK), Flanders fields, Graceland and military pilgrimages in the USA. The book asks in what ways all these can be called pilgrimages and what their relation is to tourism and to entertainment, highlighting the enduring popularity not only of pilgrimage but also of saints and heroes.

Till Cremer Till Cremer 2016-03-22 Berlin artists' is a project by Till Cremer produced over a five-year period, during which time he photographed 500 contemporary artists in Berlin. The portraits show the artists in their working environment or a place consistent with their work and visually explore the individual artistic personality. The artist book presents 300 selected portraits including, among others, Saâdane Afif, John Bock, Tatjana Doll, Mona Hatoum, Alicja Kwade, Jonathan Meese, Boris Mikhailov, Jonathan Monk, Susan Philipsz, Anselm Reyle, Michael Sailstorfer et al.0.

The Heidelberg Myth Steven P. Remy 2002 In the first work to examine both nazification and denazification of a major German university, Steven Remy offers a sobering account of the German academic community from 1933 to 1957. Deeply researched in university archives, newly opened denazification records, occupation reports, and contemporary publications, The Heidelberg Myth starkly details how extensively the university's professors were engaged with National Socialism and how effectively they frustrated postwar efforts to ascertain the truth. Many scholars directly justified or implemented Nazi policies, forming a crucial element in the social consensus supporting Hitler and willingly embracing the Nazis' "German spirit," a concept encompassing aggressive nationalism, anti-Semitism, and the rejection of objectivity in scholarship. In elaborate postwar self-defense narratives, they portrayed themselves as unpolitical and uncorrupted by Nazism. This "Heidelberg myth" provided justification for widespread resistance to denazification and the restoration of compromised scholars to their positions, and set the remarkably long-lasting consensus that German academic culture had remained untainted by Nazi ideology. The Heidelberg Myth is a valuable contribution to German social, intellectual, and political history, as well as to works on collective memory in societies emerging from dictatorship.

The Politics of Cultural Despair Fritz Richard Stern 1974 "An enlightening and solidly documented book of great value to those who would like to trace the ideological roots behind the most erratic and dramatic politics phases of modern Germany."--"American Political Science Review""If only because it presents the intellectual and emotional background to National Socialism with rare clarity and penetrating analysis of its several and often sharply contrasting components, the ably written and profoundly interesting book...would be of importance....With its useful footnotes, selective bibliography and good index Professor Stern's study is American scholarship at its best."-"International Affairs"

Pejoration Rita Finkbeiner 2016-03-31 Though "pejoration" is an important notion for linguistic analysis and theory, there is still a lack of theoretical understanding and sound descriptive

analysis. In this timely collection, the phenomenon of pejoration is studied from a number of angles. It contains studies from phonology, morphology, syntax, semantics and pragmatics, and deals with diverse languages and their variants. The collection will appeal to all those linguists with a genuine interest in locating pejoration at the grammar-pragmatics interface.

Post-Growth Geographies Bastian Lange 2021-12-31 Post-Growth Geographies examines the spatial relations of diverse and alternative economies between growth-oriented institutions and multiple socio-ecological crises. The book brings together conceptual and empirical contributions from geography and its neighbouring disciplines and offers different perspectives on the possibilities, demands and critiques of post-growth transformation. Through case studies and interviews, the contributions combine voices from activism, civil society, planning and politics with current theoretical debates on socio-ecological transformation.

Kant's Lectures / Kants Vorlesungen Bernd Dörflinger 2015-07-31 Although they were not written by Kant himself, the transcripts of his lectures constitute an important source for philosophical research today. Some of the contributions presented in this volume discuss the authenticity and significance of these transcripts, for example the status of Kant's lectures on logic and anthropology, while others shed light on the historical formation of specific writings, for instance the texts on the philosophy of religion. The contributions provide new insights into Kant's philosophy, that, if looking at Kant's published writings alone, we would not be able to gain. In a number of cases, a critical analysis of Kant's lectures gives us a better understanding of his published works. Thus his lectures on metaphysics shed new light on his Critique of Pure Reason, while the lecture on natural law is a valuable source for the understanding of his published legal writings.

Erste Dinge Jeanette Kokott 2018 Das MARKK (ehemals Hamburger Völkerkundemuseum) zeigt seit dem 12. September 2018 eine Auswahl der ersten Dinge, die vor 150 Jahren in den Verzeichnissen des Museums erfasst wurden. Die Exponate lassen auch Rückschlüsse auf Hamburgs Stadtgeschichte zu. Immerhin 150 Jahre ist es her, dass das Museum für Völkerkunde die ersten Objekte in einem Verzeichnis erfasste. Seitdem sind viele Exponate hinzugekommen. In der Ausstellung "Erste Dinge" widmet sich das Museum nun wieder jenen Dingen, die zu allererst in die Sammlung aufgenommen wurden. Die Ausstellung ist somit eine Rückbesinnung auf die Anfänge der Museumsgeschichte und lässt gleichzeitig Rückschlüsse auf die Hamburger Stadtgeschichte zu. Viele der frühen Objekte wurden dem Museum geschenkt. Die Gegenstände kamen über den Seeweg nach Hamburg und sollten einen Eindruck von anderen Kulturen und deren Lebensweisen und Traditionen vermitteln. Unter den Objekten sind beispielsweise handgeschnitzte Figuren aus Afrika, Buddha Statuen aus Myanmar oder ein chinesisches Schiffsmodell. Hamburgs Entwicklung hin zu einer einflussreichen Handelsstadt spielte beim ethnografischen Sammeln eine wichtige Rolle. Die Frage nach der Verantwortung der Hansestadt im kolonialen Welthandel wird durch die Ausstellung der Objekte auch kritisch hinterfragt.

Non-photorealistic Computer Graphics Thomas Strothotte 2002 Penning one of the first books to offer a systematic assessment of computer graphics, the authors provide detailed accounts of today's major non-photorealistic algorithms, along with the background information and implementation advice users need to put them to productive use.

Zoo Culture Robert Mullan 1999 Why do people go to zoos? Is the role of zoos to entertain or to educate? In this provocative book, the authors demonstrate that zoos tell us as much about humans as they do about animals and suggest that while animals may not need zoos, urban societies seem to. A new introduction takes note of dramatic changes in the perceived role of zoos that have occurred since the book's original publication. "Bob Mullan and Garry Marvin delve into the assumptions about animals that are embedded in our culture. . . . A thought-provoking glimpse of our own ideas about the exotic, the foreign." -- Tess Lemmon, BBC Wildlife Magazine "A thoughtful and entertaining guided tour." -- David White, New Society "[An] unusual and intriguing combination of historical survey, psychological enquiry, and compendium of fascinating facts." -- Evening Standard

The Diachrony of Ditransitives Chiara Fedriani 2020-10-26 While ample studies exist on ditransitives in various languages, notably from a typological perspective, more work needs to be done on identifying the main processes and factors that trigger and constrain the changes they undergo over time. The goal of this volume is to help fill this gap by bringing together data and information on individual languages that have thus far been left out of the discussion and by expanding our knowledge of already studied linguistic traditions so as to achieve a broader diachronic description. Since one of the distinctive features of ditransitives is their synchronic variability in terms of structural alternation and alignment split, diachronic research can throw up new insights into developmental dynamics that are eminently complementary; namely, on the one hand, the emergence, development and loss of construction alternation and, on the other, the acquisition of new functions over time. The analyses offered in the book yield different and interconnected answers to the general question of how ditransitives change by drawing on different functional principles that play a role in the diachronic reorganization of this dynamic domain and by providing a number of original theoretical suggestions.

A Different Nature David Hancocks 2001 A former zoo director explores the checkered history of zoos--from ancient Egypt to the present--and advocates a new kind of institution that emphasizes worldwide conservation projects, landscape immersion, and educational programs.

The Birthright Lottery Ayelet Shachar 2009-04-30 The vast majority of the global population acquires citizenship purely by accidental circumstances of birth. In *The Birthright Lottery*, Ayelet Shachar argues that birthright citizenship in an affluent society can be thought of as a form of property inheritance: that is, a valuable entitlement transmitted by law to a restricted group of recipients under conditions that perpetuate the transfer of this prerogative to their heirs.

UFO Briefing Document Don Berliner 2008-12-18 The shattering report that stunned the world's top leaders—now available to the public! Are UFOs in our midst? The evidence mounts . . . 1952 UFO squadrons over Washington, D.C. Tracked on radar. Visual sightings by military. Verdict: "Unexplainable." 1976 UFO dogfight with F-4 Phantom II jets over Tehran. Weapons "jammed." Radar/visual confirmation. Verdict: "Unavailable: Top Secret." 1981 UFO lands in Trans-en-Provence. Investigated by French police. Soil samples analyzed. Verdict: "UFO. No hoax." Compiled here are the most compelling and authenticated UFO cases ever recorded. Fresh from the government's secret files, spanning over a half century of eyewitness

testimony, documented sightings, and unexplained phenomena, this groundbreaking compilation presents the chilling evidence that UFOs are real—and that a government cover-up has long suppressed the stunning truth. Complete with excerpts from official transcripts, diagrams, and photos, UFO Briefing Document, funded by Laurance Rockefeller and presented to Congress, contains critical information the public has a right to know . . . now, before it is too late.

The Collected Prose Zbigniew Herbert 2010-08-10 “One of the finest and most original writers...and one of the greatest Polish writers of [the 20th] century. [Herbert] is a figure comparable to, say, T. S. Eliot or W. H. Auden.” —Edward Hirsch, *The New Yorker* Polish essayist, poet, and spiritual leader of his nation’s anti-Communist movement, the late Zbigniew Herbert is a literary giant whose writings are revered throughout Europe and the world. A companion volume to the author’s *Collected Poems* (Ecco 2007), *Collected Prose* is the only English language edition of the award-winning writer’s prose works collected in a single, beautiful, accessible volume—including in their entirety his renowned *Labyrinth on the Sea*, *Still Life with a Bridle*, *King of the Ants*, and *Barbarian in the Garden*.
