The Back of Beyond James Charles Roy 2002-02-15 Readers can join the author as he takes a group of world-weary American tourists on a historical journey through the remote backwaters of ancient Ireland, entrancing his tour group with a gripping narrative that sheds new light on the Emerald Isle. 20,000 first printing.

Last of the Donkey Pilgrims Kevin O'Hara 2005-02-01 Kevin O'Hara's journey of self-discovery begins as a mad lark: who in their right mind would try to circle the entire coastline of Ireland on foot—and with a donkey and cart no less? But Kevin had promised his homesick Irish mother that he would explore the whole of the Old Country and bring back the sights and the stories to their home in Massachusetts. Determined to reach his grandmother's village by Christmas Eve, Kevin and his stubborn but endearing donkey, Missie, set off on 1800-mile trek along the entire jagged coast of a divided Ireland. Their rollicking adventure takes them over mountains and dales, through smoky cities and sleepy villages, and into the farmhouses and hearts of Ireland's greatest resource—its people. Along the way, Kevin would meet incredible characters, experience Ireland in all of its glory, and explore not only his Irish past, but find his future self. "One of the finest books about contemporary Ireland ever written...In a style evocative of Steinbeck's *Travels with Charley*, O'Hara writes memorably of his most unusual way of touring his ancestral home of Ireland." —Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Road to McCarthy Pete McCarthy 2010-11-16 Pete McCarthy established one cardinal rule of travel in his bestselling debut, *McCarthy's Bar*: "Never pass a bar with your name on it." In this equally wry and insightful follow-up, his characteristic good humor, curiosity, and thirst for adventure take him on a fantastic jaunt around the world in search of his Irish roots -- from Morocco, where he tracks down the unlikely chief of the McCarthy clan, to New York, and

finally to remote Mc-Carthy, Alaska. The Road to McCarthy is a quixotic and anything-but-typical Irish odyssey that confirms Pete McCarthy's status as one of our funniest and most incisive writers.

Driving with strangers Jonathan Purkis 2022-02-01 At a time of climate crisis, isolation and social breakdown, *Driving with strangers* is a manifesto to alter how we think about our place in the world. Veteran hitchhiker and lifelong aficionado of hitchhiking culture, Purkis journeys through the history of hitchhiking to explore the unique opportunities for cooperation, friendship, sustainability and openness that it represents. Join Purkis on the kerbside, in search of Woody Guthrie as he examines the politics of the travelling song, deep on a Russian hitch-hiking expedition, or considering the politics of travel and risk on the 'Highway of Tears' in British Columbia, Canada. The reader is taken on a panoramic road trip through a century of hitchhiking across different decades, countries and continents. Purkis, a self-styled 'vagabond sociologist', is the perfect passenger to accompany you on a journey away from isolation, social distancing, closed borders and into a better understanding of why and how strangers can enrich our lives.

All At Sea Tim FitzHigham 2019-09-12 *All At Sea* is a celebration of the epic absurd, an attempt to explain just how out of hand things can become from a very simple starting point. The book follows the author's death-defying 200-mile journey in his antique Thomas Crapper bath - not just across the Channel, but around Kent - right up to the tremendous reception and huge media attention which awaited him under Tower Bridge. Tim met the Queen, and his bath now resides in the National Maritime Museum of Great Britain.

Five Hundred Mile Walkies Mark Wallington 2014-10-31 *Boogie* is an unattractive but street-wise mongrel from Stockwell, used to travelling everywhere on London Transport. His two-legged companion is Mark. This is a heroic study of survival against the odds, as together they take a journey, up hill and down dale, with rucksacks full of kennomeat, along Britain's longest coastal footpath - from Somerset to Devon, from Cornwall to Dorset.

Far Away in the Sky David L. Koren 2012-04-11 Some were paid. Some felt compelled by a duty to God. Some volunteered. Some died doing it. All flew on rickety old aircraft into a nighttime, wartime patch of African forest called Biafra. *Far Away in the Sky* gives the personal account of one of them, a young American volunteer who joined the largest international humanitarian relief airlift ever attempted. In 1968 millions of people, mostly children, were starving due to a military blockade of Biafra, the former Eastern Region of Nigeria. The World Council of Churches and Caritas International mounted a relief airlift. Flying at night to avoid Nigerian Migs, without radar or any modern navigational aids, landing amid bombs on a stretch of road in the rain

forest, the old planes delivered thousands of tons of food and medicines. UNICEF recruited six former United States Peace Corps Volunteers, including the author, to help unload the planes. The former volunteers had served in Nigeria and were familiar with the area and the people. To David Koren the people of Biafra, his former students and fellow teachers, constituted his motive for joining the airlift. More than just a memoir of events, *Far Away in the Sky* promotes a discussion of international aid, of the balance between the grace of giving and the dignity of receiving aid, and the policies of governments toward intervention or non-intervention in humanitarian disasters. How do the lessons of Biafra apply to modern eruptions like Rwanda, Darfur, Libya, Syria and those yet to come? .

Stay Close Harlan Coben 2019-12-31 #1 New York Times bestselling author Harlan Coben proves that the past never truly fades away as the American dream becomes a nightmare in this shocking thriller. Megan is a suburban soccer mom who once upon a time walked on the wild side. Ray used to be a talented documentary photographer, but now finds himself in a dead-end job posing as a paparazzo. Broome is a detective who can't let go of a cold case. Three people living lives they never wanted are hiding secrets that even those closest to them would never suspect. And as each confronts the dark side of the American dream--the boredom of a nice suburban life, the excitement of temptation, the desperation and hunger that can lurk behind even the prettiest facades--they will discover the hard truth that the line between one kind of life and another can be as whisper-thin as a heartbeat.

A Piano In The Pyrenees Tony Hawks 2009-03-08 'If you had to pick two things you wanted - if you had to - what would you pick?' I hesitated. This was a bigger question than usually got asked at these post-match debriefs. 'I suppose the honest answer would be,' I said, still accessing the last pieces of required data from a jumbled mind, 'meeting my soul mate, and finding an idyllic house abroad somewhere.' Inspired by breathtaking views and romantic dreams of finding love in the mountains, Tony Hawks impulsively buys a house in the French Pyrenees. Here, he plans to finally fulfil his childhood fantasy of mastering the piano, untroubled by the problems of the world. In reality, the chaotic story of Tony's hopelessly ill-conceived house purchase reads like the

definitive guide to how not to buy a house in France. It finds him flirting with the removal business in a disastrous attempt to transport his piano to France in a dodgy white van; foolishly electing to build a swimming pool himself; and expanding his relationship repertoire when he starts co-habiting, not with an exquisite French beauty, but with a middle-aged builder from West London. As Tony and his friends haplessly attempt to fit into village life, they learn more about themselves and each other than they ever imagined.

The A to Z of Skateboarding Tony Hawks 2019-06-13 For more than twenty years, Tony Hawks has been mistaken for Tony Hawk, the American skateboarder. Even though it is abundantly clear on his website that he is an English comedian and author, people still write to him asking the best way to do a kickflip or land a melon. One mischievous day he started writing back in a pompous tone, goading his correspondents for their spelling mistakes and poor grammar, while offering bogus or downright silly advice on how to improve their skateboarding. Featuring entries on parents' pain, disappointment, underachievers, Quorn and the Vatican, this is his A to Z guide to the world of skateboarding, as seen through the eyes of someone who knows absolutely nothing about it.

Walk Two Moons Sharon Creech 2009-10-06 In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

Travel, Tourism and Identity Gabriel R. Ricci 2015-06-01 Travel, Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social, cultural, or linguistic groups. Whether such contact is the result of tourism, seeking exile, or relocating abroad, the volume's contributors demonstrate how one's identity, cultural assumptions, and worldview can be brought into question. In some cases, the traveler finds that bridging the social and cultural gap between himself and the new society is fairly easy. In other cases, the traveler discovers that reorienting himself requires absorbing a new cultural history and traditions. The contributors argue that making these adjustments will surely enhance the traveler's or tourist's experience; otherwise the traveler or tourist will be at risk of becoming a marginalized figure, one disconnected from the society that surrounds him. This latest volume in the Culture & Civilization series features a collection of essays on travel and tourism. The essays cover a range of topics from historical travels to modern social identities. They discuss ancient travels, contemporary travels in Europe, Africa and sustainable eco-tourism, and the politics of tourism. Essays also

address experiences of Grenada's "Spice Island" identity, and the effects of globalization and migrations on personal identity.

Playing the Moldovans at Tennis Tony Hawks 2013-09-10 It doesn't take much - "£100 is usually sufficient" - to persuade Tony Hawks to take off on notoriously bizarre and hilarious adventures in response to a bet. And so it is, a pointless argument with a friend concludes in a bet - that Tony can't beat all eleven members of the Moldovan soccer team at tennis. And with the loser of the bet agreeing to strip naked on Balham High Road and sing the Moldovan national anthem, this one was just too good to resist. The ensuing unpredictable and often hilarious adventure sees him being taken in by Moldovan gypsies and narrowly avoid kidnap in Transnistria. It sees him smuggle his way on to the Moldovan National Team coach in Coleraine and witness (almost) divine intervention in the Holy Land. In this inspiring and exceptionally funny book, Tony Hawks has done it again, proving against all odds that there is no reason in the world why you can't do something a bit stupid and prove all of your doubters wrong. Or at least that was the idea....

Tis Frank McCourt 1999-09-22 Frank McCourt's glorious childhood memoir, *Angela's Ashes*, has been loved and celebrated by readers everywhere for its spirit, its wit and its profound humanity. A tale of redemption, in which storytelling itself is the source of salvation, it won the National Book Critics Circle Award, the Los Angeles Times Book Award and the Pulitzer Prize. Rarely has a book so swiftly found its place on the literary landscape. And now we have *'Tis*, the story of Frank's American journey from impoverished immigrant to brilliant teacher and raconteur. Frank lands in New York at age nineteen, in the company of a priest he meets on the boat. He gets a job at the Biltmore Hotel, where he immediately encounters the vivid hierarchies of this "classless country," and then is drafted into the army and is sent to Germany to train dogs and type reports. It is Frank's incomparable voice -- his uncanny humor and his astonishing ear for dialogue -- that renders these experiences spellbinding. When Frank returns to America in 1953, he works on the docks, always resisting what everyone tells him, that men and women who have dreamed and toiled for years to get to America should "stick to their own kind" once they arrive. Somehow, Frank knows that he should be getting an education, and though he left school at fourteen, he talks his way into New York University. There, he falls in love with the quintessential Yankee, long-legged and blonde, and tries to live his dream. But it is not until he starts to teach -- and to write -- that Frank finds his place in the world. The same vulnerable but invincible spirit that captured the hearts of readers in *Angela's Ashes* comes of age. As Malcolm Jones said in his Newsweek review of *Angela's Ashes*, "It is only the best storyteller who can so beguile his readers that he leaves them wanting more when he is done...and McCourt proves himself one of the very best." Frank McCourt's *'Tis* is one of the most eagerly awaited books of our time, and it is a masterpiece.

Beer School Steve Hindy 2011-01-31 What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of

a great and welcome achievement." –Michael Jackson, *The Beer Hunter*(r) "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" –Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" –Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." –Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." –Ken Grossman, founder, Sierra Nevada Brewing Co.

From Nashville to Amsterdam, from Eastern Europe to Africa, he travels the globe in search of that elusive hit. A Fete Worse Than Death Iain Aitch 2004-06-07 Iain Aitch never set out to be propositioned by a dog-bitten Pagan at Stonehenge on Midsummer's night, but these things happen when you travel round England looking for those people for whom the phrase 'summer madness' seems to have been invented. From historical re-enactors to giant vegetable shows at village fetes, Wiltshire crop circle fanatics to Cotswolds shin-kickers, Blackpool stag parties to Cornish pasty sailings - Iain Aitch takes all these in his stride as he goes in search of the English at play in the sunshine (well, occasionally). This is a truly unique and hilarious journey to uncover the bizarre array of hobbies, pastimes, fetes,

Cod Mark Kurlansky 2011-03-04 Wars have been fought over it, revolutions have been spurred by it, national diets have been based on it, economies have depended on it, and the settlement of North America was driven by it. Cod, it turns out, is the reason Europeans set sail across the Atlantic, and it is the only reason they could. What did the Vikings eat in icy Greenland and on the five expeditions to America recorded in the Icelandic sagas? Cod -- frozen and dried in the frosty air, then broken into pieces and eaten like hardtack. What was the staple of the medieval diet? Cod again, sold salted by the Basques, an enigmatic people with a mysterious, unlimited supply of cod. Cod is a charming tour of history with all its economic forces laid bare and a fish story embellished with great gastronomic detail. It is also a tragic tale of environmental failure, of depleted fishing stocks where once the cod's numbers were legendary. In this deceptively whimsical biography of a fish, Mark Kurlansky brings a thousand years of human civilization into captivating focus.
