The Quit Alternative Ben Fanning 2014-10-26 Here are the top 5 reasons this professional development book is a MUST READ:1) You can create the job you love without quitting your job and giving up your steady paycheck, 401(k), and insurance. This book shows you how. You won't find this information in traditional career guides. It is 100% possible for you, even if you've been considering how to quit your job or how to snag a job you love.2) You'll be entertained (and secretly educated). You'll laugh, cry, and maybe even feel compelled to leave a copy on your boss' desk. Stick with me, and you'll discover helpful principles that will make you the talk of the water cooler. This isn't another ho-hum professional development book, and it's not a "how to find a job" guide full of blank forms. You'll learn a new and inspiring perspective through unforgettably entertaining stories, like what I learned the day my shrink fired me, how I negotiated for a toilet seat on the corporate jet, and how I got called out by my masseuse.3) You'll become empowered, whether you're the mail clerk or CEO or you fall somewhere in between. This book has been endorsed by 5 senior executive leaders of Fortune 1000 companies and 3 mail clerks.4) You'll discover a return on your investment to earn a car. Invest a few dollars and a little bit of time to read this book, and you'll pick up career development tips that can save you enough to earn a car (page 9).5) You'll have a "Personal Career Counselor in Your Pocket." It's useful and practical with vivid case studies for how to negotiate with the boss to help pay for your MBA or support a relocation to the city of your dreams. You'll also learn how to deal with an unreasonable boss and even say "No" without getting fired.

The Rain of Blood (The Champions of Zairon Book 2) S. P. Kumar 2015-11-19 S. P. Kumar's second novel will not disappoint readers who enjoyed Cave of Mystic Dreams. In Rain of Blood, the second book in The Champions of Zairon trilogy, Kumar continues to weave magical and creative plots that traverse parallel worlds. As the young protagonists navigate an even more complex challenge than their first, we are immediately drawn back into their mystical reality. Middle-school readers and fantasy fans of all ages will delight in watching Claire,

Jason, and Zac navigate a new quest—one that draws on their intelligence, determination, and wit. Kumar continues to explore themes of friendship and morality, as her characters encounter dilemmas and tasks that require even more grit and resilience than those they encountered in the first book of the trilogy. Kumar's carefully wrought sentences and powerful dialogue draw us into her story and help connect us to the intricacies of the plot. The main characters are more mature, and so is Kumar's writing. While her natural storytelling ability was established with her first book, she solidifies it with *Rain of Blood*.

Trapped in a Lion's Den 2013-12-23 Is Jesus Christ merely a dead mystical religious figure who lived 2000 years ago or the living risen Messiah sent for the redemption of mankind from the penalty of personal sin? Is Jesus actually able to communicate with you and I today with understandable words in our own language? Is He especially viewable and understandable in the pages, words, and cryptograph of the Holy Bible's Book of Daniel? You the reader are now at the threshold of not only a complete teaching of the entire Book of Daniel, but a threshold of human history unprecedented. Both the great Prophets Daniel and the Apostle John said that in the days just preceding the return of Jesus Christ to set up His Millennial 1000 year Kingdom certain signs would appear on the world stage. Those indicators include: A worldwide international banking system; a cashless society; a worldwide common currency; computer technology that would monitor financial transactions, social interaction, and international communications; and a satellite communication system that would allow people to view events simultaneous from any television around the world. Let not this study of the Book of Daniel be entered into with fear and trepidation, but with wonder, astonishment and enthusiasm. Allow the Spirit of the Living God to cause the eyes of your understanding to be flooded with light, that you might know the truth and be set free. Best of life to you and yours, Dr. Martin W. Oliver PhD, BCPC

Son of Sedonia Ben Chaney 2012-12 Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but sick and weak since childhood, he is painfully dependent on Jogun: loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. *Son of Sedonia* is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours.

Ontological Mysticism, an Experience of God Ben Gilberti 2011-03-01 Mysticism, the full realization of God cannot be attained through thoughts or words. The Archetype of the Story of Exodus provides a paradigm of spiritual development that includes spiritualized intellect symbolized by Moses. Mr. Gilberti's tome is more than his personalized writing, but rather takes you through the maze of thought to new realizations. Using Carl Jung's concept of archetype symbols and Aristotle's method of reasoning you are led to the brink of your mind in An Experience of God. There will be those who will no longer run from the fear, who will go into free fall, who will begin to trust the world more to be what it always has been and always will be -- God. The taboo against sensuousness, the indictment and conviction of Eros as evil, effectively puts us at odds with the entirety of our creation as the universe, since we know this creation only through our senses.

Restoring the House of God Frank Madison Reid 2000 A thief has quietly crept into our churches. This thief has robbed us blind and most of us do not even realize it. Most of what our Lord wants for us has been taken from us by a "spirit of religion". This spirit has caused us to become a self-centered, flesh-serving institution instead of the life-giving, hope-building, Christ-filled Body that Jesus wants to build. Our only hope of reconnecting with our Lord and the culture around us is to return to the Lord Himself. He will build His own Church, with much less help from us than we realize. This book shows the power of restoring the Church by restoring the intimacy of relationship with our Lord and then with the people God has put into our lives.

Military Recruiting in the United States Pat Elder 2016-12-08 Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth.
