Making Pilgrimages Ian Reader 2005-01-01 This study involves a fourteen-hundred-kilometer-long pilgrimage around Japan's fourth largest island, Shikoku. In traveling the circuit of the eighty-eight Buddhist temples that make up the route, pilgrims make their journey together with Kobo Daishi (774-835), the holy miracle-working figure who is at the heart of the pilgrimage. Once seen as a marginal practice, recent media portrayal of the pilgrimage as a symbol of Japanese cultural heritage has greatly increased the number of participants, both Japanese and foreign. In this absorbing look at the nature of the pilgrimage, Ian Reader examines contemporary practices and beliefs in the context of historical development, taking into account theoretical considerations of pilgrimage as a mode of activity and revealing how pilgrimages such as Shikoku may change in nature over the centuries. This rich ethnographic work covers a wide range of pilgrimage activity and behavior, drawing on accounts of pilgrims traveling by traditional means on foot as well as those taking advantage of the new package bus tours, and exploring the pilgrimage's role in the everyday lives of participants and the people of Shikoku alike. that have shaped it in the past and in the present, including history and legend; the island's landscape and residents; the narratives and actions of the pilgrims and the priests who run the temples; regional authorities; and commercial tour operators and bus companies.

Couchsurfing in Iran Stephan Orth 2018-05-01 A modern-day glimpse into the surprising reality of life in Iran. Iran: A destination that is seldom seen by westerners yet often misunderstood. A country that simultaneously "enchants and enrages" those who visit it. A place where leading a double life has become the norm. In Couchsurfing in Iran, award-winning author Stephan Orth spends sixty-two days on the road in this mysterious Islamic republic to provide a revealing, behind-the-scenes look at life in one of the world's most closed societies. Through the unsurpassed hospitality of twenty-two hosts, he skips the guidebooks and tourist attractions and travels from Persian carpet to bed to cot, covering more than

8,400 kilometers to recount "this world's hidden doings." Experiencing daily what he calls the "two Irans" that coexist side by side—the "theocracy, where people mourn their martyrs" in mausoleums, and the "hide-and-seek-ocracy, where people hold secret parties and seek worldly thrills instead of spiritual bliss"—he learns that Iranians have become experts in navigating around their country's strict laws. Though couchsurfing is officially prohibited in Iran—the state fears spies would be able to travel undetected through the country—more than a hundred thousand Iranians are registered with online couchsurfing portals. And thanks to these hospitable, English-speaking strangers, Orth gets up close and personal with locals, peering behind closed doors and blank windows to uncover the inner workings of a country where public show and private reality are strikingly opposed.

Tales of a Summer Henro Craig McLachlan 2013-11 Pilgrims, or 'henro' as they are known in Japanese, have been walking clockwise around Shikoku, Japan's fourth largest island, for well over one thousand years. They follow in the footsteps of the great Buddhist saint Kobo-daishi, searching for the ever elusive enlightenment that he found there. They visit the 88 sacred temples, and in overcoming the hardships of the journey they become better for it. Or so the theory goes! Nowadays nearly all 'henro' travel in cars, taxis or buses, and physical hardship doesn't come into it! Craig was a 'walking henro' in the summer of 1995 and this book contains the tales of his journey. This is one of five books available on Amazon about McLachlan's various adventures in Japan. He has also walked the length of Japan (3200kms in 99 days!), climbed Japan's 100 Famous Mountains in record time (78 days!), journeyed around the Saigoku 33 Temples of Kannon Pilgrimage, and trekked from the Sea of Japan to the Pacific Ocean climbing all Japan's 3,000-meter peaks along the way. Venice Cees Nootboom 2020-09-03 "You might think there is little new to say about Venice, but Cees Nootboom strolls down many under-explored alleyways in the city, his insights coloured by his knowledge of art and literature as well as his past experiences . . . Witty and meditative by turns, the overall effect is like being shown around by a wonderfully self-effacing, but impressively erudite guide" The Sunday Times BOOKS OF THE YEAR "Nootboom has achieved the impossible: to say something new about the ageless city about which everything has been said" ALBERTO MANGUEL "The whole book is the illuminating testimony of a man who cannot look away and so sees things that others, even those with more specialist knowledge, have missed, whether it be the color and consistency of the ropes on the vaporetta, the glistening hues and squirming movements of the fish at the market, or the wondrous effects that Tintoretto could achieve with dabs of white in 'the gleam of armour, the folds in a sleeve, the windings of a turban, the halo of a man of the air who, as in the Last Judgment, is flying through space, in a wide flowing cloak . . .'" GREGORY DOWLING, Wall Street Journal VENICE: "A dream of palaces and churches, of power and money, dominion and decline, a paradise of beauty." By the author of Roads to Santiago and Roads to Berlin With this treasury of his time spent in Venice over a period of fifty-five years, Nootboom makes himself the indispensable companion for all lovers of "the sailing, amphibious city", and for every new visitor. Because he is a master storyteller with an inexhaustible curiosity, and always with a suitcase of books (to which new discoveries are added), he brings vividly and poetically to life not only the tumultuous history of the Republic but along the way its doges, its villains, its heroes, its magnificent painters, its architects, its scholars, its skies, its canals and piazzas and alleyways, and on his expeditions its "bronze voices of time". Those who know and love this city and its literature will recognise Nootboom - in Laura Watkinson's fine translation - as the dazzling heir and companion to Montaigne, Thomas Mann, Rilke, Ruskin, Proust, Brodsky, and Donna Leon. His homage to Venice is a generous introduction, learned and enchanting, and worthy of its magnificent subject. "His writing is lyrical and densely textured. He is a poet of time and memory" - COLIN THUBRON Translated from the

Die 88 Tempel von Shikoku Oliver Dunskus 2019-01-04 Die 88 Tempel von Shikoku sind seit Jahrhunderten ein beliebter Pilgerweg in Japan. Aus europäischer Sicht könnte man diesen Weg auch als "japanischen Jakobsweg" bezeichnen. Über 1200 Kilometer schlängelt sich dieser Weg um die Küste von Shikoku, der viertgrößten Insel Japans, und führt dabei zu 88 Haupt und 20 Nebentempeln sowie zu zahlreichen weiteren buddhistischen und shintoistischen Heiligtümern.

Letters to Poseidon Cees Nooteboom 2016-01-05 It is said that during his abortive campaign to invade Britannia, the infamous Roman emperor Caligula ordered his legions into the surf to attack Poseidon and claim seashells as trophies of war. Cees Nooteboom is considerably more thoughtful in his relationship with the god of the sea. As autumn falls each year, Nooteboom writes Poseidon a letter requesting permission to return to his home in Minorca the following spring. Of course, it would be the height of discourtesy if Nooteboom's letters were no more than a series of demands. So Cees takes the opportunity to seek the wisdom of the trident-wielding deity, and to offer the god updates about his own life and thoughts. At once playful and poignant, beautiful and at times slightly bizarre, this masterful exploration of humankind's relationship with the sea uses the minutiae of everyday life to illuminate the broadest questions of human existence, all couched in the lapidary prose of one of Europe's outstanding stylists.

The Art of Hokusai in Book Illustration Jack Ronald Hillier 1980 "The text of this book is an expanded version of the 'Cohn' Lecture which I gave at the Ashmolean Museum in Oxford in 1976, and the appendix of books with illustrations by Hokusai is intended to supersede the list that I first drew up for my 1954 Hokusai ... "--preface.

Mokusei! Cees Nooteboom 2017 Two men talk in Tokyo. One, a Belgian, is a diplomat. The other, Dutch, is a photographer. What, they wonder, is the real face of Japan? How can they get beyond the European idea of the nation and its people--with its exoticism--and see Japan as it truly is? The Belgian has an idea: he helps the photographer find a model to shoot in front of Mount Fuji as the "typical Japanese." The plan works better than either had imagined--in fact, it works too well: the photographer falls in love, neglects his friend and his career, and, feeling out of place and disillusioned in Holland, returns to Japan as often as possible over the next five years. A reunion is planned: the three will meet again at Mount Fuji. Time,

it seems, has stood still . . . except the woman has a secret, and plans of her own. This moving novel of obsession and difference is the latest masterwork from one of the greatest European writers working today, redolent with the power of desire and alive to the limits of our understanding of others.

On Understanding Japanese Religion Joseph Mitsuo Kitagawa 2021-02-09 Joseph Kitagawa, one of the founders of the field of history of religions and an eminent scholar of the religions of Japan, published his classic book *Religion in Japanese History* in 1966. Since then, he has written a number of extremely influential essays that illustrate approaches to the study of Japanese religious phenomena. To date, these essays have remained scattered in various scholarly journals. This book makes available nineteen of these articles, important contributions to our understanding of Japan's intricate combination of indigenous Shinto, Confucianism, Taoism, the Yin-Yang School, Buddhism, and folk religion. In sections on prehistory, the historic development of Japanese religion, the Shinto tradition, the Buddhist tradition, and the modern phase of the Japanese religious tradition, the author develops a number of valuable methodological approaches. The volume also includes an appendix on Buddhism in America. Asserting that the study of Japanese religion is more than an umbrella term covering investigations of separate traditions, Professor Kitagawa approaches the subject from an interdisciplinary standpoint. Skillfully combining political, cultural, and social history, he depicts a Japan that seems a microcosm of the religious experience of humankind.

All Souls' Day Cees Nooteboom 2011-07-22 Arthur Daane, a documentary film-maker and inveterate

globetrotter, has lost his wife and child in a plane crash. In ALL SOULS' DAY we follow Arthur as he wanders the streets of Berlin, a city uniquely shaped by history. Berlin provides the backdrop for Daane's reflections on life as he plans his latest project - a self-funded film that will show the world through Daane's eyes. With a new circle of friends - a philosopher, a sculptor and a physicist - Arthur discusses everything from history to metaphysics, and the cumulative power of remembered images and philosophical musings on the meaning of our contemporary existence comes to permeate the atmosphere of the book. Then one cold, wintry day, Daane meets the young history student Elik Orange and his world is turned upside down. Whenever this mysterious woman beckons, Daane is compelled to follow. ALL SOULS' DAY is, finally, an elegiac love story in which the personal histories of the characters are skilfully interwoven with the history of the countries in which they find themselves. It is also the poignant and affecting tale of a man coming to terms with his place in the world. 'Nooteboom is one of the great modern novelists' A.S. Byatt

Devotees ride insanely customized motorcycles, mainly Japanese road bikes, embellished with extravagant paint jobs and super-modified, often illegal mufflers. Bosozoku motorcycles offer an aesthetic nod to American chopper culture, but with a highly unique look found only in Japan. This collection is a culmination of Oriol's photographs captured during many trips to Japan over the past 20 years. Das Phänomen des Heiligen in japanischen Religionen Monika Nawrot 2015 In jüngster Zeit werden vermehrt Spuren des "Heiligen" wiederentdeckt. Es scheint ein wachsendes Bedürfnis zu existieren, sich auf die persönliche Suche nach religiöser oder spiritueller Orientierung zu begeben, da

auch Spiritualität zu einer sanften Lebenshilfe geraten kann. Die Arbeit untersucht ausgewählte japanische Religionen, die zu dem derzeitigen Trend einer freien Lebensführung passen, in der ein flexibler Glaube ohne starke institutionelle Bindung rezipiert wird.

Roads to Berlin Cees Nootboom 2013-10-01 The winner of numerous literary awards including the Anne Frank Prize and Goethe Prize, Cees Nootboom, novelist, poet and journalist, "is a careful prose stylist of a notably philosophical bent." (J.M. Coetzee, The New York Review of Books) In Roads to Berlin, Nootboom's reportage, "from a 1963 Khrushchev rally in East Berlin to the tearing down of the Palast der Republik, brilliantly captures the intensity of the capital and its associated layers of memory," The Economist said. The book maps the changing landscape of post-World-War-II Germany, from the period before the fall of the Berlin Wall to the present. Written and updated over the course of several decades, an eyewitness account of the pivotal events of 1989 gives way to a perceptive appreciation of its difficult passage to reunification. Nootboom's writings on politics, people, architecture, and culture are as digressive as they are eloquent; his innate curiosity takes him through the landscapes of Heine and Goethe, steeped in Romanticism and mythology, and to Germany's baroque cities. With an outsider's objectivity he has crafted an intimate portrait of the country to its present day. From the Hardcover edition.

The Foxes Come at Night Cees Nootboom 2014-10-07 Set in the cities and islands of the Mediterranean, and linked thematically, the eight stories in The Foxes Come at Night read more like a novel, a meditation on memory, life and death. Their protagonists collect and reconstruct fragments of lives lived intensely, and now lost, crystallized in memory or in the detail of a photograph. And yet the tone of these stories is far from pessimistic: it seems that death is nothing to be afraid of.

Neon Pilgrim Lisa Dempster 2009 Seriously unfit and unmotivated, Lisa Dempster is an unlikely candidate for a gruelling outdoor adventure. But when her life needs a shake-up, she decides the only thing for it is to hike the henro michi, a 1200 kilometre Buddhist pilgrimage through the mountains of Japan. Lisa plunges into life on the road, getting well off the beaten track and experiencing the highs and devastating lows of solo long-distance hiking. Along the way she sleeps in a public toilet, befriends a motley crew of wandering ascetics, falls in lust with a monk and tries her darndest to avoid the local wildlife. As the kilometres tick excruciatingly by, she realises that to finish the pilgrimage it's more than just physical hardship that she'll need to overcome... Lisa's journey from overweight dole bludger to intrepid explorer is a witty and fascinating insight into Japan's famed 88 Temple Pilgrimage.

Rituals Cees Nootboom 2013-03-21 In Rituals, Amsterdam of the fifties, sixties and seventies is viewed from the perspective of the capricious Inni Wintrop. An unintentional suicide survivor, the unexpected gift of life returned lends him the curiosity, and impartiality, to survey others' lives and routines. Inni's opposite, the one-eyed downhill skier Arnold Taads measures his life by the clock, while his disowned son Philip follows Japanese rituals which themselves seem to render his existence meaningless. A novel for those who seek to unravel our mysterious, apparently directionless lives...

Lost Paradise Cees Nooteboom 2008-11-15 From "one of the greatest modern novelists" comes a haunting tale of angels, art, and modern love (A. S. Byatt). In *Lost Paradise*, Cees Nooteboom sets out to connect two seemingly unrelated strangers whom he has glimpsed on his travels, and to explore the major impact that small interactions can have on the course of our journeys. A beautiful woman aboard a Berlin-bound flight becomes Alma, a young lady who leaves her parents' São Paulo home on a hot summer night in a fit of depression. Her car engine dies in one of the city's most dangerous favelas, a mob surrounds her, and she is pulled from the automobile. To escape her memory of the assault, she flees across the world, to Australia, where she becomes involved in the beautiful but bizarre Angel Project. Not long after, Dutch literary critic Erik Zontag is in Perth, Australia, for a conference. He has found a winged woman curled up in a closet in an empty house. He reaches out, and for a second allows his fingertips to brush her feathers—and then she speaks. The intersection of their paths illuminates the extraordinary coincidences that propel our lives. "Dreamy and self-conscious . . . [Nooteboom] brazenly explores notions of reinvention, healing, loss, and the divine." —Tom Barbash, *The New York Times Book Review*

Religions of Japan in Practice George J. Tanabe Jr. 2020-06-30 This anthology reflects a range of Japanese religions in their complex, sometimes conflicting, diversity. In the tradition of the Princeton Readings in Religions series, the collection presents documents (legends and miracle tales, hagiographies, ritual prayers and ceremonies, sermons, reform treatises, doctrinal tracts, historical and ethnographic writings), most of which have been translated for the first time here, that serve to illuminate the mosaic of Japanese religions in practice. George Tanabe provides a lucid introduction to the "patterned confusion" of Japan's religious practices. He has ordered the anthology's forty-five readings under the categories of "Ethical Practices," "Ritual Practices," and "Institutional Practices," moving beyond the traditional classifications of chronology, religious traditions (Shinto, Confucianism, Buddhism, etc.), and sects, and illuminating the actual orientation of people who engage in religious practices. Within the anthology's three broad categories, subdivisions address the topics of social values, clerical and lay precepts, gods, spirits, rituals of realization, faith, court and emperor, sectarian founders, wizards, and heroes, orthopraxis and orthodoxy, and special places. Dating from the eighth through the twentieth centuries, the documents are revealed to be open to various and evolving interpretations, their meanings dependent not only on how they are placed in context but also on how individual researchers read them. Each text is preceded by an introductory explanation of the text's essence, written by its translator. Instructors and students will find these explications useful starting points for their encounters with the varied worlds of practice within which the texts interact with readers and changing contexts. *Religions of Japan in Practice* is a compendium of relationships between great minds and ordinary people, abstruse theories and mundane acts, natural and supernatural powers, altruism and self-interest, disappointment and hope, quiescence and war. It is an indispensable sourcebook for scholars, students, and general readers seeking engagement with the fertile "ordered disorder" of religious practice in Japan.

Kyoto das Herz Japans Hermann-Josef Frisch 2020-02-21 Die alte Kaiserstadt Kyoto ist das kulturelle und spirituelle Herz Japans. Mit 1600 buddhistischen Tempeln, 400 Shinto-Schreinen, dazu Palästen und Gärten ist Kyoto so reich an Sehenswürdigkeiten wie keine andere Stadt der Welt. Dieser Band erschließt Kyoto durch Bild und Text. Kyoto war von 794 bis 1868 Sitz des japanischen Kaisers. Hier entwickelten sich die Grundlagen Japans, hier wurden der Shinto als ursprüngliche japanische Religion und die vielfältigen Schulen des japanischen Buddhismus geformt, hier entstanden Ikebana und Teezeremonie,

Zen-Meditation, Steingärten und vieles andere mehr. Auf die benachbarten Orte Nara, Uji und Otsu wird ebenfalls eingegangen. In Kyoto gibt es siebzehn Weltkulturerbestätten der UNESCO, in Nara noch einmal sieben weitere. Dieser Band ist kein Reiseführer im üblichen Sinn, Hotelempfehlungen und Hinweise zu Verkehrsmitteln sind darin nicht zu finden. Wohl aber bietet der Band Hintergrundinformationen, wie sie sonst von keinem Reiseführer zu Japan eingebracht werden. Das Buch ist eine verständliche und dennoch fachlich differenzierte Einführung in diese Stadt. Ein klares Layout ermöglicht eine gute Lesbarkeit. Ein großer Bildanteil (233 Farbbilder und 243 s/w-Bilder) mit bis auf wenige Ausnahmen noch unveröffentlichten Bildern des Autors illustrieren die einzelnen Sehenswürdigkeiten. Extra-Seiten mit speziellen Themen ergänzen dies: japanischer Buddhismus, Shinto, Ikebana, Teezeremonie ... Der Band ist eine Brücke zum Verständnis Japans und seiner langen Geschichte, Kultur und Religion. Für Japanreisende und für diejenigen, die an Ostasien, Japan, Buddhismus und Shinto interessiert sind, ist dieses Buch eine wichtige Hilfe: Kyoto - das Herz Japans

The Accusation Bandi 2017-03-04 Authored by an anonymous writer and smuggled out of North Korea, *The Accusation* is the first work of fiction to come out of the country and a moving portrayal of life under a totalitarian regime. In 1989, a North Korean dissident writer, known to us only by the pseudonym Bandi, began to write a series of stories about life under Kim Il-sung's totalitarian regime. Smuggled out of North Korea and published around the world, *The Accusation* provides a unique and shocking window into this most secretive of countries. Bandi's profound, deeply moving, vividly characterized stories tell of ordinary men and women facing the terrible absurdity of daily life in North Korea: a factory supervisor caught between loyalty to an old friend and loyalty to the Party; a woman struggling to feed her husband through the great famine; the staunch Party man whose actor son reveals to him the theatre that is their reality; the mother raising her child in a world where the all-pervasive propaganda is the very stuff of childhood nightmare. *The Accusation* is a heartbreaking portrayal of the realities of life in North Korea. It is also a reminder that humanity can sustain hope even in the most desperate of circumstances — and that the courage of free thought has a power far beyond those who seek to suppress it.

In the Dutch Mountains Cees Nooteboom 2013-03-21 A morose provincial inspector of roads in Aragon settles down to write the fable of the Snow Queen. The Netherlands has now been stretched into a vast country with Northern flatlands and hazardous Alpine ranges in the south. Kai and Lucia are circus illusionists, and when Kai is kidnapped, Lucia must rescue him from the Snow Queen's palace. *In the Dutch Mountains* is an elegantly constructed story within a story, laced with the wit that characterises the work of this outstanding European writer.

A Sense of Direction Gideon Lewis-Kraus 2013-05-07 In medieval times, a pilgrimage gave the average Joe his only break from the daily grind. For Gideon Lewis-Kraus, it promises a different kind of escape. Determined to avoid the fear and self-sacrifice that kept his father, a gay rabbi, closeted until midlife, he has moved to anything-goes Berlin. But the surfeit of freedom there has begun to paralyze him, and

when a friend extends a drunken invitation to join him on an ancient pilgrimage route across Spain, Lewis-Kraus packs his bag, grateful for the chance to wake each morning with a sense of direction. Irreverent, moving, hilarious, and thought-provoking, *A Sense of Direction* is Lewis-Kraus's dazzling riff on the perpetual war between discipline and desire, and its attendant casualties. Across three pilgrimages and many hundreds of miles, he completes an idiosyncratic odyssey to the heart of a family mystery and a human dilemma: How do we come to terms with what has been and what is—and find a way forward, with purpose?
