We Were Warriors Once Jeffrey M. Freeman 2010-07-27 *We Were Warriors Once* is a military-political suspense novel. It chronicles the careers of four officers from the 1960s to the 1990s. Military promotions are based on an up-or-out system you either progress within specified time frames or you get left behind. Many officers who retire from their military careers at the Pentagon go through the revolving door and return in short order either as defense contract employees or civil servants. Not infrequently, they return to the same office where they worked before retiring. The same holds true for many political appointees. Men who once worked in Washington go off for a period to high-level assignments with defense contractors and return to influential positions in government. These revolving doors can sometimes have unintended negative consequences. President, and former five-star general, Dwight D. Eisenhower's warning against the power of the military-industrial complex is well known. However, that complex is actually tri-fold military, industrial, and political. *We Were Warriors Once* incorporates revised editions of two previously published novels, *Duty and Character* and *Wrong Enemy, Wrong War*, with entirely new material that plumbs deeper into the defense contractors influence on national defense policies. The officers who wear the uniforms of the United States armed forces are by in large extraordinarily dedicated men and women. But in the profession of war, sometimes even the best are tempted at times to stray from the straight and narrow.

The Plot to Cancel Christmas Rocco Leonard Martino 2010-09-01 *The Plot to Cancel Christmas* will make you laugh and make you angry. It could happen. Greed, ambition, and the misuse of taxpayer money are nothing new. This book depicts the classic struggle between might and right; and between raw power and thoughtful evaluation. For some, the will of the people doesn't matter since "people don't count" as one major character says in the book. *The Plot to Cancel Christmas* is about character, and the conflicting emotions and forces that permeate human life- greed, fear, love, tradition, duty, and conscience. One reviewer stated, .."a timeless tale that speaks volumes to all of us...a modern Christmas Carol." "A book that gives you pause- Could this really happen?" .."the characters literally dance from the page." .."a punch in the heart and a hug at the same time." .."a gift that will put your life in perspective." "A Classic Battle between might & right! Superb!"

The Right Side of Wrong Donna Anderson 2010-06-01 The Right Side of Wrong By Donna Anderson Mary had been divorced for four years and was working several jobs to keep a roof over her head and the bills paid. Her fulltime job was working in a local bank. Her three children were grown so she lived in a small apartment alone. She had been elected to the city council four months earlier. Sam was the city's chief of police and a retired naval officer. His wife had died a couple of months prior with cancer. He was left alone to raise eleven-year-old twins, Ann and Alan, the youngest of his seven children. Sam and Mary had noticed one another across the room during council meetings, but had never met or been introduced. Sam stopped in the middle of the road one day when he saw Mary and asked her to dinner. The couple had no idea that the dinner was going to turn into one of many. Can a city council person date or marry a chief of police? In this city they could date, but not marry. In 1953 there was a small blurb in the city charter that stated no council member could be related to or married to a head of a department. Mary fell in love with Sam on the first date. After dating for ten weeks the two were married in 1997. They became a combined family of ten children and 24 grandchildren. Who will give up their position? Mary gave up her seat on the council. Sam was more important. Eleven years later their love had only grown stronger. Sam had retired from the police department and Mary stayed home fulltime with Sam. Both were very well known and loved throughout the community. In 2008 Sam was diagnosed with cancer. Their journey through the year was filled with pain, stress, love, determination to survive, and the will to go on. Mary learned just how strong a woman she really was. In 2009 Mary took a trip to Greece and reflected on the past twelve years. The trip was not without adventure. The one thing she learned from the trip; that with the love from Sam she could do anything and survive.
