Baseball Dorothy Seymour Mills 1991-05-30 In *Baseball: The People's Game*, Dorothy Seymour Mills and Harold Seymour produce an authoritative, multi-volume chronicle of America's national pastime. The first two volumes of this study - *The Early Years* and *The Golden Age* - won universal acclaim. The *New York Times* wrote that they "will grip every American who has invested part of his youth and dreams in the sport," while *The Boston Globe* called them "irresistible." Now, in *The People's Game*, the authors offer the first book devoted entirely to the history of the game outside of the professional leagues, revealing how, from its early beginnings up to World War II, baseball truly became the great American pastime. They explore the bond between baseball and boys through the decades, the game's place in institutions from colleges to prisons to the armed forces, the rise of women's baseball that coincided with nineteenth century feminism, and the struggles of black players and clubs from the later years of

slavery up to the Second World War. Whether discussing the birth of softball or the origins of the seventh inning stretch, the Seymours enrich their extensive research with fascinating details and entertaining anecdotes as well as a wealth of baseball experience. The People's Game brings to life the central role of baseball for generations of Americans. Note: On August 2, 2010, Oxford University Press made public that it would credit Dorothy Seymour Mills as co-author of the three baseball histories previously "authored" solely by her late husband, Harold Seymour. The Seymours collaborated on *Baseball: The Early Years* (1960), *Baseball: The Golden Age* (1971) and *Baseball: The People's Game* (1991).

A Hero's Journey Chris Dooley 2022-09-06 *A Hero's Journey Beyond Little Norway and Olympia Sports Camp* is a compiled history of the Olympia Sports Camp in Huntsville, Ontario, through the lens of its founder and inspiration, Dave Grace, the hero of the book's title. The hero's journey of the title is Dave Grace's adaptation of the writings and teaching of philosopher Joseph Campbell.

The basic tenet of the Dave Grace's hero's journey is that heroes all go through a 12-step journey—from their own comfort zone to the unknown and all its challenges—to a new normal where the hero bestows knowledge learned on others in order to help them on their journey. Dave Grace's foundational belief is that we are all heroes on our own path and who we become on our journey is more important than the accomplishments we achieve. A Hero's Journey chronicles the people and places that make up the history of the camp, while also serving as an inspirational guidebook for readers to each become the hero of their own journey. This book also examines the history of the land on which the camp has been built, from its Indigenous origins to the European settlement of the 1800s, and to the use of the land by the Norwegian Air Force during World War II. The book takes readers on a journey through the various stages related to the development of the camp, first established in 1974. The book is built on a collection of stories related to mentorship, sports psychology, and community building, as well as interviews of past campers, coaches, and others with a longtime association with Olympia. With this book, author Chris Dooley honours Dave Grace and the many others who have been integral to the history of the camp and its land.

Cadets, Cannons and Legends Joe Ziemba 2019-06-20 When one considers traditional high school football powers in the United States, a tiny institution in Chicago is never mentioned. It has been decades since Morgan Park Military Academy last fielded a football team, yet the influence of its gridiron program cannot be disregarded. With a decorated football history dating back to 1893, the private school on Chicago's south side completed nine undefeated seasons, sent four representatives to the College Football Hall of Fame, and often experienced difficulty scheduling games, due to the powerful teams it sent out on the field. Yet, it rarely enrolled more than 200 students in its high school curriculum! Author Joe Ziemba details the fascinating history of the Academy football program from its beginnings in 1893 through its final season as Morgan Park Military Academy in 1958. *Cadets, Cannons, and Legends: The Football History of Morgan Park Military Academy* focuses on individual and team stories throughout the years, taking the reader back to a time when game travel was via horse and buggy, game reports were carried by the major Chicago newspapers, and football stars were treated as local celebrities. Ziemba, whose father was the football coach at the Academy in the 1940s and 1950s, uncovered numerous "forgotten" incidents from the past, including an episode in 1900 when the students were so pleased with a football victory that they accidentally burned down a campus building! The reader will also meet former Academy players (and College Football Hall of Famers) like Jesse Harper, who became the legendary coach at Notre Dame; Wallace Wade, who led Alabama to three national championships; as well as Albert Benbrook, a two-time All-American at the University of Michigan. In addition, the steady hand of University of Chicago coach Amos Alonzo Stagg, who helped guide the Academy squad in its early years, is profiled. Aside from these four Hall of Famers, the Academy football program also produced numerous collegiate head coaches at schools such as Illinois, Baylor, and Cincinnati, a Broadway playwright, an NFL official, and even a man who ascended to one of the highest political offices in the country. Along the way, Ziemba offers a glimpse at the history of the school itself (around since 1873) including student food strikes, financial challenges, one of the greatest unsolved crimes in Chicago gangland history, and the fact that over 800 graduates served in WWII, an astounding number for a prep school of this size. More than just a history of one school, *Cadets, Cannons, and Legends* is must reading for any lover of football. It traces the

very history of the game, detailing significant rules changes that saved the sport after years of catastrophic deaths on the field (including one at the Academy). Later, it details efforts to keep this private school extant during the Great Depression, including opening the campus doors to a professional football team (the Chicago, now Arizona, Cardinals) in the summer months to generate income (and lowering the pay of its own football coach to \$25 per month). *Cadets, Cannons, and Legends* provides new insight into the early days of high school football when game travel could be hundreds of miles rather than just against a neighborhood rival, and recognizes the forgotten pioneers of what is now America's favorite competition. Rarely has a high school program with such an extraordinary contribution to the game of football been so thoroughly researched and resurrected from its own forgotten past. It is not merely a journey into the gridiron history of Morgan Park Military Academy, but rather, it ushers us down to a front row seat where we can closely observe the roots of football itself.
