The Leadership Triad Dale E. Zand 1997 Trust, the second element of the triad, is the leader's key to achieving open communication and collaborative, committed action. Zand shows that the degree to which people trust a leader determines how much access they will give him or her to their knowledge and how well they will implement decisions. Power, the third element of the triad, is a leader's traditional right to make decisions and resolve conflicts. Although a leader can make decisions by command, Zand notes that in today's knowledge-driven organization with educated, informed employees, the effective leader rarely issues directives, but instead acts more as a consultant and a client. The Leadership Triad is a down-to-earth, powerful guide with many examples from the author's extensive consulting experience and from companies such as General Motors, Wal-Mart, and American Express and organizations in electronics, manufacturing, financial services, and health care.

The Legal Aid Market Wilding, Jo 2021-09-13 Even though legal aid is available for people seeking asylum, there is uneven access to advice across Britain. Based on empirical research, this book offers fresh thinking on what has gone wrong in the legal aid market. It presents a rare picture of the barristers, solicitors and caseworkers practising immigration law in charities and private firms. In doing so, this book examines supply and demand and illuminates what constitutes high-quality legal aid work/provision, subsequent conflicts with financial rationality and how practitioners resolve these issues. Challenging existing legal aid policy, this book presents innovative insights to ensure public service markets around the globe function well for all those involved.
