Undelivered Jeff Nussbaum 2022-05-10 A fascinating insight into notable speeches that were never delivered, showing what could have been if history had gone down a different path For almost every delivered speech, there exists an undelivered opposite. These "second speeches" provide alternative histories of what could have been if not for schedule changes, changes of heart, or momentous turns of events. In *Undelivered*, political speechwriter Jeff Nussbaum presents the most notable speeches the public never heard, from Dwight Eisenhower's apology for a D-Day failure to Richard Nixon's refusal to resign the presidency, and even Hillary Clinton's acceptance for a 2016 victory—the latter never seen until now. Examining the content of these speeches and the context of the historic moments that almost came to be, Nussbaum considers not only what they tell us about the past but also what they can inform us about our present.

The Cinema of Ang Lee Whitney Crothers Dilley 2014-12-23 Born in Taiwan, Ang Lee is one of cinema's most versatile and daring directors. His ability to cut across cultural, national, and sexual boundaries has given him recognition in all corners of the world, the ability to work with complete artistic freedom whether inside or outside of Hollywood, and two Academy Awards for Best Director. He has won astounding critical acclaim for *Crouching Tiger, Hidden Dragon* (2000), which transformed the status of martial arts films across the globe, *Brokeback Mountain* (2005), which challenged the reception and presentation of homosexuality in mainstream cinema, and *Life of Pi* (2012), Lee's first use of groundbreaking 3D technology and his first foray into complex spiritual themes. In this volume, the only full-length study of Lee's work, Whitney Crothers Dilley analyzes all of his career to date: Lee's early Chinese trilogy films (including *The Wedding Banquet*, 1993, and *Eat Drink Man Woman*, 1994), period drama (*Sense and Sensibility*, 1995), martial arts (*Crouching Tiger, Hidden Dragon*, 2000), blockbusters (*Hulk*, 2003), and intimate portraits of wartime psychology, from the Confederate side of the Civil War (*Ride with the Devil*, 1999) to Japanese-occupied Shanghai (*Lust/Caution*, 2007). Dilley examines Lee's favored themes such as father/son relationships and intergenerational conflict in *The Ice Storm* (1997) and *Taking Woodstock* (2009). By looking at the beginnings of Lee's career, Dilley positions the filmmaker's work within the roots of the Taiwan New Cinema movement, as well as the larger context of world cinema. Using suggestive readings of both gender and identity, this new study not only provides a

valuable academic resource but also an enjoyable read that uncovers the enormous appeal of this acclaimed director.

Secrets of the Hoary Deep Riccardo Giacconi 2008-06-20 A Noble Prize–winning Italian astrophysicist shares his scientific autobiography and the history of the development of contemporary astronomy. The discovery of x-rays continues to have a profound effect on the field of astronomy. It has opened the cosmos to exploration in ways previously unimaginable, and fundamentally altered the methods for pursuing information about outer space. Nobel Prize–winner Riccardo Giacconi's highly personal account of the birth and evolution of x-ray astronomy reveals the science, people, and institutional settings behind this important and influential discipline. Part history, part memoir, and part cutting-edge science, *Secrets of the Hoary Deep* is the tale of x-ray astronomy from its infancy through what can only be called its early adulthood. It also details how the tools, techniques, and practices designed to support and develop x-ray astronomy were transferred to optical, infrared, and radio astronomy, drastically altering the face of modern space exploration. Giacconi relates the basic techniques developed at American Science and Engineering and explains how, where, and by whom the science was advanced. From the first Earth-orbiting x-ray satellite, Uhuru, to the opening of the Space Telescope Science Institute and the lift-off of the Hubble Space Telescope to the construction of the Very Large Telescope, Giacconi recounts the ways in which the management methods and scientific methodology behind successful astronomy projects came to set the standards of operations for all subsequent space- and Earth-based observatories. Along the way he spares no criticism and holds back no praise, detailing individual as well as institutional failures and successes, reflecting upon how far astronomy has come and how far it has yet to go.

Entrepreneurship Across Generations Eleanor Hamilton 2013 ÔThere is so much to praise in this important and timely book. Drawing on unique, fresh and intimate qualitative studies of families and the complex histories of their lives and businesses, the book will invigorate entrepreneurial studies with its intricate, theoretically bold and innovative analysis. The author takes us on a sensitive and fascinating journey with these families, and makes an outstanding contribution conceptually, politically, ethically and methodologically to the field, showing us how narratives are not simply methodological tools but ontological resources for gender and identity formation. It is an elegant and refreshing book which will be a rewarding and enlivening read for students and researchers.Õ ð Elaine Swan, University of Technology Sydney, Australia ÔThoughtful, perceptive, and meticulously researched, Eleanor HamiltonÕs Entrepreneurship across Generations is an important contribution that will help advance the field of family business studies both conceptually and empirically. Based on fascinating field work with families in business and placing ÔfamilyÓ at the very heart of her study, Hamilton shows, through the stories her subjects tell, just how deeply and complexly family and firm are intertwined. A must-read for all those interested in family firm entrepreneurship.Õ ð Andrew Popp, University of Liverpool Management School, UK Entrepreneurship across Generations examines dimensions of identity, gender and learning to understand the complex fabric of family business. An interpretation of narratives from two generations in five families constitutes entrepreneurship as an inherently social, rather than individual, phenomenon. This enriching book explains how entrepreneurial capacity is shared between generations, showing how learning is embedded within everyday social practice in the family and the business. It explores patriarchal practice and gendered entrepreneurial identities in family business. The author challenges dominant discourses of entrepreneurship. She argues that entrepreneurial identities are mediated by narrative and subject to constant negotiation within and across generations. With a new perspective on entrepreneurship, this insightful study will be essential and supplementary reading for students and practitioners within the field of entrepreneurship and family business.

The Search for Raoul Wallenberg the Truth Sharon Leontine Wallenberg 2017-11-29 The Search for Raoul Wallenberg: The Truth tells a true story that reaches back over one hundred years, touches on the lives of over one hundred thousand people, involves the governments of four countries, includes hundreds of documents, and both exposes scandals and showcases heroism. There are many books about Raoul Wallenberg, the diplomat who saved one hundred thousand innocent lives during World War II. This one is unique. It is about all the behind-the-scenes activity involved in the release of his prison records from the Soviet Union, where the idea originated, why it was important, how it was done, and the background of the impartial investigation that followed. In addition, it exposes the people who tried to prevent the truth, the reasons why, who confronted them, and those who worked tirelessly on behalf of this great hero. I know because this is my story. This story had its humble beginnings in Glen Cove and Sea Cliff, Long Island. The book will demonstrate what an individual can accomplish if they are dedicated, imaginative, courageous, and compassionate. Further, the book extends into the future by advocating implementation of lessons learned, avarice avoided, and compassionate lifestyles adopted. Proceeds from the sale of this book continue Raoul Wallenberg's legacy of compassion through Raoul Wallenberg Vegan International (www.VeganInternational.org) and Raoul Wallenberg Vegan Retreat (www.veganretreat.org). Thanks for your patronage.

The Aid Triangle Malcolm MacLachlan 2013-07-04 The Aid Triangle focuses on the human dynamics of international aid and illustrates how the aid system incorporates power relationships, and therefore relationships of dominance. Using the concept of a triangle of dominance, justice and identity, this timely work explains how the experience of injustice is both a challenge and a stimulus to personal, community and national identity, and how such identities underlie the human potential that international aid should seek to enrich. This insightful new critique provides for the reader an innovative and constructive framework for producing more empowering and more effective aid.

A Letter in the Wall Eileen Brill 2022-05-24 It's 1971, and Joan Dumann fears her former business partner

wants her dead—but her anxiety is less about dying than it is about feeling disrespected and invalidated. As she constructs a letter about her predicament, she revisits her past. Born into a prominent Philadelphia Quaker family in 1915 and raised with privilege and opportunity, Joan wrestles with her turbulent thoughts and unfulfilled desires—an internal battle that often results in self-destructive tendencies. When she attempts to push against the norms for women of her time in order to forge her own identity, she is met with resistance. Yet she might also be her own worst enemy, often alienating those who care deeply for her. Both manipulative and vulnerable, naive and conniving, Joan is, like many people, complex and misunderstood. Inspired by a letter written by the real Joan, found hidden in the wall of a Pennsylvania home more than half a century later, this story is a fictionalized imagining of who she was and what motivated her. Moving through several decades and events—from the 1918 influenza pandemic to Prohibition to the Great Depression to Vietnam—*A Letter in the Wall* examines the internal and external factors that influence one woman's journey toward independence and empowerment.

The News Sorority Sheila Weller 2014-09-30 "Weller rivetingly recounts these gutsy ladies' time on the front lines... an inspiration for future generations of journalists." --Vanity Fair For decades, women battered the walls of the male fortress of television journalism. After fierce struggles, three women—Diane Sawyer, Katie Couric, and Christiane Amanpour—broke into the newsroom's once impenetrable "boys' club." These women were not simply pathbreakers, but wildly gifted journalists whose unique talents enabled them to climb to the top of the corporate ladder and transform the way Americans received their news. Drawing on exclusive interviews with their colleagues and intimates from childhood on, *The News Sorority* crafts a lively and exhilarating narrative that reveals the hard struggles and inner strengths that shaped these women and powered their success. Life outside the newsroom—love, loss, child rearing—would mark them all, complicating their lives even as it deepened their convictions and instincts. Life inside the newsroom would include many nervy decisions and back room power plays previously uncaptured in any media account. Taken together, Sawyer's, Couric's, and Amanpour's lives as women are here revealed not as impediments but as keys to their success. Raised in Louisville, Kentucky, Diane Sawyer was a young woman steering her own unique political course in a time of societal upheaval. Her fierce intellect, almost insuperable work ethic, and sophisticated emotional intelligence would catapult Sawyer from being the first female on-air correspondent for 60 Minutes, to presenting anchoring the network flagship ABC World News. From her first breaks as a reporter all the way through her departure in 2014, Sawyer's charisma and drive would carry her through countless personal and

professional changes. Katie Couric, always conveniently underestimated because of her “girl-next-door” demeanor, brazened her way through a succession of regional TV news jobs until she finally hit it big. In 1991, Couric became the cohost of Today, where, over the next fifteen years, she transformed the “female” slot from secondary to preeminent while shouldering devastating personal loss. Couric’s greatest triumph—and most bedeviling challenge—was at CBS Evening News, as the first woman to solo-anchor a nighttime network news program. Her contradictions—seriously feminist while proudly sorority-girlish—made her beyond easy typecasting, and as original as she is relatable. A glamorous, unorthodox cosmopolite—raised in pre-revolution Iran amid royalty and educated in England—Christiane Amanpour would never have been picked out of a lineup as a future war reporter, until her character flourished on catastrophic soil: her family’s exile during the Iranian Revolution. Once she knew her calling, Amanpour shrewdly made a virtue of her outsider status, joining the fledgling CNN on the bottom rung and then becoming its “face,” catalyzing its rise to global prominence. Amanpour’s fearlessness in war zones would make her the world’s witness to some of its most acute crises and television’s chief advocate for international justice. Revealing the tremendous combination of ambition, empathy, and skill that empowered Sawyer, Couric, and Amanpour to reach stardom, The News Sorority is a detailed story of three very particular lives and a testament to the extraordinary character of women everywhere.
