*I Want You!* Bernard D. Rostker 2006-09-08 As U.S. military forces appear overcommitted and some ponder a possible return to the draft, the timing is ideal for a review of how the American military transformed itself over the past five decades, from a poorly disciplined force of conscripts and draft-

motivated "volunteers" to a force of professionals revered throughout the world. Starting in the early 1960s, this account runs through the current war in Iraq, with alternating chapters on the history of the all-volunteer force and the analytic background that supported decisionmaking. The author participated as an analyst and government policymaker in many of the events covered in this book. His insider status and access offer a behind-the-scenes look at decisionmaking within the Pentagon and White House. The book includes a foreword by former Secretary of Defense Melvin R. Laird. The accompanying DVD contains more than 1,700 primary-source documents-government memoranda, Presidential memos and letters, staff papers, and reports-linked directly from citations in the electronic version of the book. This unique technology presents a treasure trove of materials for specialists, researchers, and students of military history, public administration, and government affairs to draw upon.

The Growing Rock Susanna Lancaster 2017-10-02 Papa is a good liar--he can tell a fib all the way from Ripley to Nashville to calm everyone down or make a situation seem better, including the Great Depression. But the day he promises fourteen-year-old Caroline that everything will be okay when he leaves the farm to find work elsewhere, she isn't so sure. After all, George told her something very similar not long ago. And they haven't heard from him since. His loud laugh echoes in her mind, especially in the silence of the cotton fields. How could her favorite brother possibly have died in the Ohio River floods the way the rest of the family says? Now that the women are left to take care of the farm, Caroline has to believe he'll come back. Otherwise, she won't have the strength to do her share of the work while looking after her sickly little sister Phoebe and telling her hopeful stories about the Growing Rock that George always said grew magically larger every summer. But as time moves on, Caroline feels more and more discouraged. Except for the town's strange recluse, she often has no one to talk to. It doesn't help that she feels different now around her best friend Peter, and, on top of everything, her older sister Blanche constantly runs off. When tragedy occurs that threatens to break the large family apart even more, will Caroline give into the hopelessness that has consumed Mama?

But despite the safeguards programmed into the very core of a robot's artificial intelligence, humanity's most brilliant creation can still fall prey to those who believe the Three Laws of Robotics were made to be broken... N8-C, better known as Nate, has been Manhattan Hasbro Hospital's resident robot for more than twenty years. A prototype, humanoid in appearance, he was created to interact with people. While some staff accepted working alongside an anthropomorphic robot, Nate's very existence terrified most people, leaving the robot utilized for menial tasks and generally ignored. Until one of the hospital's physicians is found brutally murdered with Nate standing over the corpse, a blood-smeared utility bar clutched in his hand. As designer and programmer of Nate's positronic brain, Lawrence Robertson is responsible for his creation's actions and arrested for the crime. Susan Calvin knows the Three Laws of Robotics make it impossible for Nate to harm a human being. Christus Vivit Pope Francis 2019-04-04 To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, Christus Vivit, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and

Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment Christus Vivit is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

**The 5 Levels of Leadership** John C. Maxwell 2011-10-04 Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

**The Joy of the Gospel** Pope Francis 2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*
