Historical Dictionary of Surrealism Keith Aspley 2010 Surrealism was a broad movement, which attracted many adherents. It was organized and quite strictly disciplined, at least until the death of its leader, André Breton, in 1966. As a consequence, its membership was in a constant state of flux: persons were constantly being admitted and excluded, and often the latter continued to regard themselves as Surrealists. The wide-ranging nature of the Surrealist movement was spread over many countries and many different art forms, including painting, sculpture, cinema, photography, music, theater, and literature, most notably poetry. The Historical Dictionary of Surrealism relates the history of this movement through a chronology, an introductory essay, a bibliography, and over 600 cross-referenced dictionary entries on persons, circles, and groups who participated in the movement; a global entry on some of the journals and reviews they produced; and a sampling of major works of art, cinema, and literature.

The Bridge of Beyond Simone Schwarz-Bart 2013-08-20 This is an intoxicating tale of love and wonder, mothers and daughters, spiritual values and the grim legacy of slavery on the French Antillean island of Guadeloupe. Here long-suffering Telumee tells her life story and tells us about the proud line of Lougandor women she continues to draw strength from. Time flows unevenly during the long hot blue days as the madness of the island swirls around the villages, and Telumee, raised in the shelter of wide skirts, must learn how to navigate the adversities of a peasant community, the ecstasies of love, and domestic realities while arriving at her own precious happiness. In the words of Toussine, the wise, tender grandmother who raises her, "Behind one pain there is another. Sorrow is a wave without end. But the horse mustn't ride you, you must ride it." A masterpiece of Caribbean literature, *The Bridge of Beyond* relates the triumph of a generous and hopeful spirit, while offering a gorgeously lush, imaginative depiction of the flora, landscape, and customs of Guadeloupe. Simone Schwarz-Bart's incantatory prose, interwoven with Creole proverbs and lore, appears here in a remarkable translation by Barbara Bray.

Obscurity Philippe Jaccottet 2022-08-05 The story of an intense encounter between two men who were once very close and now must grapple with the fractured ideals that separate them. After several years abroad, a young man returns to his hometown to seek the man he calls master. This master, a brilliant philosopher, had made the young man into a disciple before sending him out into the world to put his

teachings into practice. Returning three years later, the disciple finds his master has abandoned his wife and child and moved into a squalid one-room flat, cutting himself off completely from his former life. Disillusioned and reeling from the discovery, the young man spends an entire night listening to his master's bitter denunciation of the ideals they once shared. Written in 1960 during Jaccottet's period of poetic paralysis, the novel seeks to harmonize the best and worst of human nature--reconciling despair, falsehood, and lethargy of spirit with the need to remain open to beauty, truth, and the essential goodness of humankind. Translated by Tess Lewis, *Obscurity* is Jaccottet's only work of fiction, one that will introduce new readers to the multifaceted skills of this major poet.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Conflict Bodies Régine Michelle Jean-Charles 2016-01-08 "Conflict Bodies: The Politics of Rape Representation in the Francophone Imaginary" explores the relationship between rape and narratives of violence in francophone literature and culture. The book offers ways to account for the raped bodies beneath the conflicts of slavery, genocide, dictatorship, natural disasters, and war-and to examine why doing so is necessary. Through a feminist analysis of the rhetoric and representation of rape in francophone African and Caribbean cultural production, "Conflict Bodies" examines theoretical, visual, and literary texts that challenge the dominant views of postcolonial violence. Using an interdisciplinary and comparative framework to consider different contexts-Haiti, Guadeloupe, Rwanda, and Democratic Republic of the Congo-Regine Michelle Jean-Charles illuminates how analyzing survivors' subjectivities, stories, and embodied experiences provides a nuanced understanding of what is at stake in rape representation. Referencing theories from francophone literary studies, transnational black feminisms, and rape cultural criticism to analyze novels, film, photography, drama, and documentaries, Jean-Charles argues that in today's global climate-where one in three women worldwide has been raped, rape is being used as a tool of war, and rape myths circulate with vehemence-traditional "scripts of violence" that fail to account for sexual violence demand refusal, re-thinking, and re-imagining. Regine Michelle Jean-Charles is assistant professor of romance languages and literatures and in the African and African Diaspora Studies Program at Boston College."
