ongoing wars on terror, Blair's support of U.S. policies, the flawed intelligence that led to the Iraq war, and illegal detentions and torture at Abu Ghraib. The authors argue that engaged artists faced a radically different sociopolitical context for their work after 9/11 compared to earlier social protest movements and new forms of theatre, and different emotional strategies were necessary to meet the challenges. The subtitle *Patriotic Dissent* suggests the double stance of many artists-- influenced by patriotic expressions of national solidarity, yet critical of the ways that patriotic language was put to use against others. The articles represent a broad range of theatre: Broadway musicals, documentary theatre, adaptations of classical theatre, new plays by British playwrights, street performances and installations, and musical concerts. The contributors' case studies evaluate the effectiveness of important instances of political theatre and protest from this decade, arguing for the significance, relevance, and continuing necessity for evolving forms of political theatre today.

[Chicago Top 40 Charts 1970-1979](#) Ronald Smith 2001-11 *Chicago Top 40 Charts 1970-1979* examines the Windy City's top hits as documented by the weekly record store surveys issued by radio station WLS. As rock 'n' roll music entered its third decade, it was finding itself increasingly fragmented, which challenged the ratings dominance top 40 radio had exhibited throughout the 1960s. But while FM listening overtook AM in the rest of the country by the decade's end, Chicago was the exception. WLS managed to stave off its competition with their commitment to playing Chicago's favorite music- regardless of genre. That music is documented in this book. *Chicago Top 40 Charts 1970-1979* lists every song to reach the WLS survey alphabetically by title and artist, with debut and peak dates, highest position reached and number of weeks on the charts. The top songs of each year and for the entire decade are ranked as well. As an added bonus, it features the "Big 89 Artists of the 1970s". For those who grew up listening to Chicago radio as well as for record collectors from anywhere, *Chicago Top 40 Charts 1970-1979* will be a valued addition to their music reference libraries.
