**Years of Dust** Albert Marrin 2012-10-11 In the 1930's, great rolling walls of dust swept across the Great Plains. The storms buried crops, blinded animals, and suffocated children. It was a catastrophe that would change the course of American history as people struggled to survive in this hostile environment, or took the the roads as Dust Bowl refugees. Here, in riveting, accessible prose, and illustrated with moving historical quotations and photographs, acclaimed historian Albert Marrin explains the causes behind the disaster and investigates the Dust Bowl's impact on the land and the people. Both a tale of natural destruction and a tribute to those who refused to give up, this is a beautiful exploration of an important time in our country's past.

Hidden Figures Margot Lee Shetterly 2018-05-08 Based on the New York Times bestselling book and the Academy Award-nominated movie, author Margot Lee Shetterly and Coretta Scott King Illustrator Honor Award winner Laura Freeman bring the incredibly inspiring true story of four black women who helped NASA launch men into space to picture book readers! Dorothy Vaughan, Mary Jackson, Katherine Johnson, and Christine Darden were good at math...really good. They participated in some of NASA's greatest successes, like providing the calculations for America's first journeys into space. And they did so during a time when being black and a woman limited what they could do. But they worked hard. They persisted. And they used their genius minds to change the world. In this beautifully illustrated picture book edition, we explore the story of four female African American mathematicians at NASA, known as "colored computers," and how they overcame gender and racial barriers to succeed in a highly challenging STEM-based career. "Finally, the extraordinary lives of four African American women who helped NASA put the first men in space is available for picture book readers," proclaims Brightly in their article "18 Must-Read Picture Books of 2018." "Will inspire girls and boys alike to love math, believe in themselves, and reach for the stars."

**Red Mars** Kim Stanley Robinson 2003-05-27 Winner of the Nebula Award for Best Novel • Discover the novel that launched one of science fiction's most beloved, acclaimed, and awarded trilogies: Kim Stanley Robinson's masterly near-future chronicle of interplanetary colonization. "A staggering book . . . the best novel on the colonization of Mars that has ever been written."—Arthur C. Clarke For centuries, the barren, desolate landscape of the red planet has beckoned to humankind. Now a group of one hundred colonists begins a mission whose ultimate goal is to transform Mars into a more Earthlike planet. They will place giant satellite mirrors in Martian orbit to reflect light onto its surface. Black dust sprinkled on the polar caps will capture warmth and melt the ice. And massive tunnels drilled into the mantle will create stupendous vents of hot gases. But despite these ambitious goals, there are some who would fight to the death to prevent Mars from ever being changed.

Farming the Dust Bowl Lawrence Svobida 1986 This is the story of Lawrence Svobida, a Kansas wheat farmer who fought searing drought, wind, erosion, and economic hard times in the Dust Bowl. It is a vivid account by a farmer who pitted his physical strength, mental faculties, and financial resources against the environment as nature wreaked havoc across the southern Great Plains. Svobida's description of Dust Bowl agriculture is important not only because it accurately describes farming in that region but also because it is one of the few first-hand accounts that remain of the frightening and still haunting dust-laden decade of the 1930's.

**Prelude to the Dust Bowl** Kevin Z. Sweeney 2016-11-14 Before the drought of the early twenty-first century, the dry benchmark in the American plains was the Dust Bowl of the 1930s. But in this eye-opening work, Kevin Z. Sweeney reveals that the Dust Bowl was only one cycle in a series of droughts on the U.S. southern plains. Reinterpreting our nation's nineteenth-century history through paleoclimatological data and firsthand accounts of four dry periods in the 1800s, *Prelude to the Dust Bowl* demonstrates the dramatic and little-known role drought played in settlement, migration, and war on the plains. Stephen H. Long's famed military expedition coincided with the drought of the 1820s, which prompted Long to label the southern plains a "Great American Desert"—a destination many Anglo-Americans thought ideal for removing Southeastern Indian tribes to in the 1830s. The second dry trend, from 1854 to 1865, drove bison herds northeastward, fomenting tribal warfare, and deprived Civil War armies in Indian Territory of vital commissary. In the late 1880s and mid-1890s, two more periods of drought triggered massive outmigration from the southern plains as well as appeals from farmers and congressmen for federal famine relief, pleas quickly denied by President Grover Cleveland. Sweeney's interpretation of familiar events through the lens of drought lays the groundwork for understanding why the U.S. government's reaction to the Dust Bowl of the 1930s was such a radical departure from previous federal responses. *Prelude to the Dust Bowl* provides new insights into pivotal moments in the settlement of the southern plains and stands as a timely reminder that drought, as part of a natural climatic cycle, will continue to figure in the unfolding history of this region.

*Scholastic Newbery Collection* Karen Hesse 2013-10-29 These critically acclaimed, bestselling Newbery Winner and Honor books that highlight inner strength and perseverance are now available in this convenient eBook collection! The young protagonists in each of these stories are confronted by varying conflicts, which can only be overcome by their inner will and tenacity. These are stories of family, friendship, and hope. Weedflower Cynthia Kadohata 2008-06-30 Twelve-year-old Sumiko feels her life has been made up of two parts: before Pearl Harbor and after it. The good part and the bad part. Raised on a flower farm in California, Sumiko is used to being the only Japanese girl in her class. Even when the other kids tease her, she always has had her flowers and family to go home to. That all changes after the horrific events of Pearl Harbor. Other Americans start to suspect that all Japanese people are spies for the emperor, even if, like Sumiko, they were born in the United States! As suspicions grow, Sumiko and her family find themselves being shipped to an internment camp in one of the hottest deserts in the United States. The vivid color of her previous life is gone forever, and now dust storms regularly choke the sky and seep into every crack of the military barrack that is her new "home." Sumiko soon discovers that the camp is on an Indian reservation and that the Japanese are as unwanted there as they'd been at home. But then she meets a young Mohave boy who might just become her first real friend...if he can ever stop being angry about the fact that the internment camp is on his tribe's land. With searing insight and clarity, Newbery Medal-winning author Cynthia Kadohata explores an important and painful topic through the eyes of a young girl who yearns to belong. *Weedflower* is the story of the rewards and challenges of a friendship across the racial divide, as well as the based-on-real-life story of how the meeting of Japanese Americans and Native Americans changed the future of both.

The View from Saturday E.L. Konigsburg 2010-12-21 HOW HAD MRS. OLINSKI CHOSEN her sixth-grade Academic Bowl team? She had a number of answers. But were any of them true? How had she really chosen Noah and Nadia and Ethan and Julian? And why did they make such a good team? It was a surprise to a lot of people when Mrs. Olinski's team won the sixth-grade Academic Bowl contest at Epiphany Middle School. It was an even bigger surprise when they beat the seventh grade and the eighth grade, too. And when they went on to even greater victories, everyone began to ask: How did it happen? It happened at least partly because Noah had been the best man (quite by accident) at the wedding of Ethan's grandmother and Nadia's grandfather. It happened because Nadia discovered that she could not let a lot of baby turtles die. It happened when Ethan could not let Julian face disaster alone. And it happened because Julian valued something important in himself and saw in the other three something he also valued. Mrs. Olinski, returning to teaching after having been injured in an automobile accident, found that her Academic Bowl team became her answer to finding confidence and success. What she did not know, at least at first, was that her team knew more than she did the answer to why they had been chosen. This is a tale about a team, a class, a school, a series of contests and, set in the midst of this, four jewel-like short stories -- one for each of the team members -- that ask questions and demonstrate surprising answers.
