Shaping Church Law Around the Year 1000 Greta Austin 2009 "Drawing upon new manuscript discoveries, the author shows how Burchard tried to create a new text that would address these problems. He carefully selected and compiled canons from earlier collections and then went on to tamper systematically with the texts he had chosen. By doing so, he created a book of church law that appeared to be based on indisputable authority, that was internally consistent and that was easy to apply through logical extrapolation to new cases. The present study thus provides a window into the development of legal and theological reasoning in the medieval West, and suggests that, thanks to the work of ambitious bishops, the flowering of law and theology began far earlier, and for different reasons, than scholars have heretofore supposed."--BOOK JACKET.

Health, Disease, and Illness Arthur L. Caplan 2004-06-17 In the 1850s, "Dragnetomania" was the medical term for a disease found among black slaves in the United States. The main symptom was a strange desire to run away from their masters. In earlier centuries gout was understood as a metabolic disease of the affluent, so much so that it became a badge of uppercrust honor—and a medical excuse to avoid hard work. Today, is there such a thing as mental illness, or is mental illness just a myth? Is Alzheimer's really a disease? What is menopause—a biological or a social construction? Historically one can see that health, disease, and illness are concepts that have been ever fluid. Modern science, sociology, philosophy, even society—among other factors—constantly have these issues under microscopes, learning more, defining and redefining ever more exactly. Yet often that scrutiny, instead of leading toward hard answers, only leads to more questions. Health, Disease, and Illness brings together a sterling list of classic and contemporary thinkers to examine the history, state, and future of ever-changing "concepts" in medicine. Divided into four parts—Historical Discussions; Characterizing Health, Disease, and Illness; Clinical Applications of Health and Disease; and Normalcy, Genetic Disease, and Enhancement: The Future of the Concepts of Health and Disease—the reader can see the evolutionary arc of medical concepts from the Greek physician Galen of Pergamum (ca. 150 ce) who proposed that "the best doctor is also a philosopher," to contemporary discussions of the genome and morality. The editors have recognized a crucial need for a deeper integration of medicine and philosophy with each other, particularly in an age of dynamically changing medical science—and what it means, medically,

philosophically, to be human.

The Last Emperors Evelyn S. Rawski 1998-11-15 The Qing Dynasty (1644-1911) was the last and arguably the greatest of the conquest dynasties to rule China. Its rulers, Manchus from the north, held power for three centuries despite major cultural and ideological differences with the Han majority. In this book, Evelyn Rawski offers a bold new interpretation of the remarkable success of this dynasty, arguing that it derived not from the assimilation of the dominant Chinese culture, as has previously been believed, but rather from an artful synthesis of Manchu leadership styles with Han Chinese policies.

Medea and Her Children Ludmila Ulitskaya 2007-12-18 Medea Georgievna Sinoply Mendez is an iconic figure in her Crimean village, the last remaining pure-blooded Greek in a family that has lived on that coast for centuries. Childless Medea is the touchstone of a large family, which gathers each spring and summer at her home. There are her nieces (sexy Nike and shy Masha), her nephew Georgii (who shares Medea's devotion to the Crimea), and their friends. In this single summer, the languor of love will permeate the Crimean air, hearts will be broken, and old memories will float to consciousness, allowing us to experience not only the shifting currents of erotic attraction and competition, but also the dramatic saga of this family amid the forces of dislocation, war, and upheaval of twentieth-century Russian life.

Accordion Crimes Annie Proulx 2007-12-01 Pulitzer Prize-winning author Annie Proulx brings the immigrant experience to life in this stunning novel that traces the ownership of a simple green accordion. E. Annie Proulx's *Accordion Crimes* is a masterpiece of storytelling that spans a century and a continent. Proulx brings the immigrant experience in America to life through the eyes of the descendants of Mexicans, Poles, Africans, Irish-Scots, Franco-Canadians and many others, all linked by their successive ownership of a simple green accordion. The music they make is their last link with the past—voice for their fantasies, sorrows and exuberance. Proulx's prodigious knowledge, unforgettable characters and radiant language make *Accordion Crimes* a stunning novel, exhilarating in its scope and originality.

This "masterful narrative" (Booklist, starred review) is set on Earth in the wake of a second civil war...not between two factions in one nation, but two factions in one solar system: Mars and Earth. In an attempt to repair increasing tensions, the colonies of Mars send a group of young people to live on Earth to help reconcile humanity. But the group finds itself with no real home, no friends, and fractured allegiances as they struggle to find a sense of community and identity trapped between two worlds.

Peking Susan Naquin 2001-01-15 The central character in Susan Naquin's extraordinary new book is the city of Peking during the Ming and Qing periods. Using the city's temples as her point of entry, Naquin carefully excavates Peking's varied public arenas, the city's transformation over five centuries, its human engagements, and its rich cultural imprint. This study shows how modern Beijing's glittering image as China's great and ancient capital came into being and reveals the shifting identities of a much more complex past, one whose rich social and cultural history Naquin splendidly evokes. Temples, by providing a place where diverse groups could gather without the imprimatur of family or state, made possible a surprising assortment of community-building and identity-defining activities. By revealing how religious establishments of all kinds were used for fairs, markets, charity, tourism, politics, and leisured sociability, Naquin shows their decisive impact on Peking and, at the same time, illuminates their little-appreciated role in Chinese cities generally. Lacking most of the conventional sources for urban history, she has relied particularly on a trove of commemorative inscriptions that express ideas about the relationship between human beings and gods, about community service and public responsibility, about remembering and being remembered. The result is a book that will be essential reading in the field of Chinese studies for years to come.

Buddhism in Mongolian History, Culture, and Society Vesna A. Wallace 2015-01-30 Buddhism in Mongolian History, Culture, and Society explores the unique elements of Mongolian Buddhism while challenging its stereotyped image as a mere replica of Tibetan Buddhism. Vesna A. Wallace brings together an interdisciplinary group of leading scholars to explore the interaction between the Mongolian indigenous culture and Buddhism, the features that Buddhism acquired through its adaptation to the Mongolian cultural sphere, and the ways Mongols have constructed their Buddhist identity. The contributors explore the ways that Buddhism retained unique Mongolian features through Qing and Mongol support, and bring to light the ways in which Mongolian Buddhists saw Buddhism as inseparable from "Mongolness." They show that by being greatly supported by Mongol and Qing empires, suppressed by the communist governments, and experiencing revitalization facilitated by democratization and the challenges posed by modernity, Buddhism underwent a series of transformations while retaining unique Mongolian features. The book covers historical events, social and political conditions, and influential personages in Mongolian Buddhism from the sixteenth century to the present, and addresses the artistic and literary expressions of Mongolian Buddhism and various Mongolian Buddhist practices and beliefs.

The Devil's Pawn Oliver Pötzsch 2021-04-13 A showman's fate is in the hands of the devil in an enthralling novel inspired by the Faust legend from the bestselling author of the Hangman's Daughter series. Rome, 1518. The church is tarnished by greed. Peasants are rebelling. Tumultuous times demand drastic recourse--before the devil gets his due. Johann Faust is a renowned magician, astrologer, and chiromancer traveling through Germany with his successful troupe: the orphaned juggler Greta and his loyal companion Karl. The avaricious Pope Leo X now requires Johann's services to replenish the papacy's

drained coffers through alchemy. But the devil, with whom a regretful Johann once agreed to an unholy trade for fame, wants something else. Racked with paralyzing seizures, Johann fears that his debt is nearer to being settled. In France, Johann hopes for answers from an eminent new friend who could hold the key to his torment, body, and soul. For the celebrated artist, inventor, and anatomist Leonard da Vinci is suffering from the same accursed malady. Time is not on his side either. Now they all must outrun the devil, and the more human threats of the papal henchmen, before Johann is dragged straight to hell--along with everyone he holds dear.

All Grown Up Jami Attenberg 2017-03-07 A national bestseller from the New York Times best-selling author of *The Middlesteins*, *All Grown Up* is a wickedly funny novel about a thirty-nine-year-old single, childfree woman who defies convention as she seeks connection. Who is Andrea Bern? When her therapist asks the question, Andrea knows the right things to say: she's a designer, a friend, a daughter, a sister. But it's what she leaves unsaid—she's alone, a drinker, a former artist, a shrieker in bed, captain of the sinking ship that is her flesh—that feels the most true. Everyone around her seems to have an entirely different idea of what it means to be an adult: her best friend, Indigo, is getting married; her brother—who miraculously seems unscathed by their shared tumultuous childhood—and sister-in-law are having a hoped-for baby; and her friend Matthew continues to wholly devote himself to making dark paintings at the cost of being flat broke. But when Andrea's niece finally arrives, born with a heartbreaking ailment, the Bern family is forced to reexamine what really matters. Will this drive them together or tear them apart? Told in gut-wrenchingly honest, mordantly comic vignettes, *All Grown Up* is a breathtaking display of Jami Attenberg's power as a storyteller, a whip-smart examination of one woman's life, lived entirely on her own terms.

Gezählte Tage (1972) Peter Huchel 2019-10 "With Brecht, Benn, Bobrowski and Celan, Peter Huchel is one of a handful of essential post-war poets in the German language. A precise observer of natural phenomena, Huchel is above all a realist whose metaphors take us deep into the social and historical landscape, into zones of devastation and despair, the zero-hour of isolation. His world is devoid of illusion or sentimentality; there is no redemption, at most an exactitude that is itself a confirmation of what is human and real. Lifted out of the schismatic currents of the Cold War era by Martyn Crucefix's supple and arrestingly sensual translations, Huchel surprises us as a fresh and startling voice for our own numbered days." --Iain Galbraith

Geesje de Jonge crossed the ocean at age seventeen with her parents and a small group of immigrants

from the Netherlands to settle in the Michigan wilderness. Fifty years later, in 1897, she's asked to write a memoir of her early experiences as the town celebrates its anniversary. Reluctant at first, she soon uncovers memories and emotions hidden all these years, including the story of her one true love. At the nearby Hotel Ottawa Resort on the shore of Lake Michigan, twenty-three-year-old Anna Nicholson is trying to ease the pain of a broken engagement to a wealthy Chicago banker. But her time of introspection is disturbed after a violent storm aboard a steamship stirs up memories of a childhood nightmare. As more memories and dreams surface, Anna begins to question who she is and whether she wants to return to her wealthy life in Chicago. When she befriends a young seminary student who is working at the hotel for the summer, she finds herself asking him all the questions that have been troubling her. Neither Geesje nor Anna, who are different in every possible way, can foresee the life-altering surprises awaiting them before the summer ends.

Master Flea E. T. A. Hoffmann 2017-07-24T20:46:32Z Ernst Theodor Amadeus Hoffmann was a contemporary of Ludwig von Beethoven: a composer himself, a music critic, and a late-German-Romantic-movement writer of novels and numerous short stories. His incisive wit and poetic imagery allow the reader to peer into the foibles of society and the follies of human psychology. (In fact, Hoffmann's wit may have gotten him into a bit of legal trouble, as parts of *Master Flea* were censored and had to be reworked when authorities disliked certain satirical criticisms of contemporary dealings of the court system.) Join gentleman bachelor Peregrine Tyss as his life as a recluse takes a twist, when he gains an epic advantage of tiny proportions. Part proto-science-fiction and part Romantic fantasy, *Master Flea* follows the fate of a mysterious, captivating princess at the intersection of numerous suitors, human and insect. Like a lesson from a fable or a tale of classical mythology, Hoffmann's fairy-tale allegory shows how seeking forbidden knowledge can poison the soul, and how following the heart can heal it. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Regards From Serbia Aleksandar Zograf 2007 "The Serbian cartoonist Aleksandar Zograf has created some of the most compelling comics of the last 15 years. His war stories about the 1990s in the former Yugoslavia, heartbreaking dissections of the cartoonist's inner and outer life as his world fell to pieces all around him, are as fine a group of testimonials as exists concerning the emotional and physical disruptions caused by proximity to death and destruction." -- Tom Spurgeon, *The Comics Reporter* As the NATO bombs fell on his hometown of Panóčevo in 1999, Serbian cartoonist Aleksandar Zograf used his diary comics and e-mail to reach out to the world and offer a glimpse at the effects of the attacks. Over the weeks and months of the war, Zograf documented not only how the bombings shattered the lives of his friends and neighbors, but also how the routine of daily life remained unchanged. The most recent attacks on Pancevo's oil refinery are contrasted with the latest local soccer matches -- and American propaganda flyers are as likely to fall from the sky as American comics are to arrive in the mail. In today's ratings-driven era of globetrotting correspondents and embedded reportage, *Regards From Serbia* rings with the truth of a man who had the headlines come to him, and offers a comprehensive account of the conflict as only a local could tell it.
