The book presents analyses of the successes and failures, and identifies common features and identifies transferable features. All the authors have been active in the field in many different cultural settings.

The Education Systems of Europe Wolfgang Hörner 2007-05-03 This unique handbook offers an analytical review of the education systems of all European countries, following common analytical guidelines, and highlighting the paradox that education simultaneously pursues a universal value as well as a national character. Coverage includes international student performance studies, and a comparison of education dynamics in Eastern "new Europe" with "older" western EU members. The book provides a differentiated analytical data base, and offers suggestions for further research.
