Comprehensive ESL English Discussion Topics Nigel M Openshaw 2019-04-27 Have a conversation on "who enjoys reading in your family?", discuss an informal phrase like "feeling blue" or a dilemma like "children play too many games." The methods here are little or no prep with a warm-up, teacher learning, and practical activities. Choose a topic from the Resource section and apply it to the lesson. * Brainstorm keywords for comprehension, * Create conversations with relevant context, * Learn informal sayings and phrases, * Learn colloquialisms, slang, and euphemisms, * Reflect on morals and social ethics, * Use the correct forms in follow-up questions, * Expand the vocabulary dialog, * Reuse words to improve confidence. LESSON1 is a brainstorming session as students think of words to describe a topic, including adjectives. Students need to understand keywords connected with a theme. LESSON2 introduces ways to begin and continue a conversation. It helps guide students through a structured method of generating conversation ideas. LESSON3 expands vocabulary with synonyms and antonyms and encourages open speaking. They will create a dialog with simple questions and answers. LESSON4 helps the students ask an initial question to prompt questions. The topics are simple to engage familiarity and confidence. The hardest part is how to keep the conversation going. LESSON5 focuses on short and straightforward informal expressions. The everyday words used in this lesson include colloquialisms, slang, and euphemisms. LESSON6 encourages descriptions of a familiar topic using adjectives properly. LESSON7 is a basic introduction to debating. Students will discuss a statement and examine credible arguments for and against the subject. LESSON8 tests students' skills in language creativity. Students will often look for literal meaning, but it does not lead to understanding. LESSON9 lets the students consider unique situations and reflect on their own moral choices. Then, with each case, ask, "What would you do?" More than any other, this lesson will show what makes students who they are. This book comes complete with a bonus list of over 100 conversation topics. This list will help with varied subjects if you are browsing for inspiration. You can build lessons with a step-by-step process for running fun and educational classes. We can adapt the lessons to run from 30 to 90 minutes. Start with about 5-10 minutes of free talking, covering how the

students are, what they have been doing, and your contributions. These lessons have come from more than ten years of teaching English and encouraging students to speak. Nigel has created this book to build lessons efficiently and teach ESL students well. This is just one in several ESL books he has made. The free resources mean you can reuse the lessons repeatedly, which builds familiarity and confidence. If you ever need any help or advice, I am happy to chat with you. I can be reached on Twitter at @nigelmopenshaw Thanks, Nigel

Science Fiction and Fantasy Reference Index, 1992-1995 Halbert W. Hall 1997
This ambitious work provides single-point, unified access to some of the most significant books, articles, and news reports in the science fiction, fantasy, and horror genres. Entries are arranged in two sections-author (subarranged by title) and subject-and may have up to 50 subject terms assigned. No other reference tool addresses the secondary literature of this fast-growing and dynamic field with such in-depth subject coverage as this work, nor approaches its breadth of coverage. Aimed at academic libraries, large public libraries, some school and medium-sized public libraries, and individual scholars, this index supplements *Science Fiction and Fantasy Reference Index: 1985-1991* (Libraries Unlimited, 1993) and *Science Fiction and Fantasy Reference Index: 1878-1984* (Gale Research, 1987).

Critical Terms for Science Fiction and Fantasy Gary K. Wolfe 1986 "The critical vocabulary of the mainstream often give short shrift to the fantastic, and scholars of the fantastic have often had to look elsewhere for their critical terminology. Such scholars will find Wolfe's work an excellent resource."

Narnia, Middle-Earth and The Kingdom of God Mark Worthing 2016-12-29 *Narnia, Middle-Earth and the Kingdom of God* tells the story of fantasy literature within the context of its complex relationship with the Christian tradition. In

this book, Worthing looks at early influences on the genre, including European fairy tales and folklore, Northern and classical mythology, and Christian allegory. He also explores the contours of a variety of fantasy worlds from MacDonald's Faerie, Lewis' Narnia and Tolkien's Middle-Earth, to LeGuin's Earthsea, Pratchett's Discworld and Rowling's world of Hogwarts. In these worlds, and many more, we discover themes such as the battle between good and evil, the question of the existence of God, and the problem of suffering. Fantasy fans of all religious persuasions will find in this book a delightful and informative exploration of the rich history and profound themes of the fantasy genre.

Middle Unearthed: The Best Fantasy Short Stories 1800-1849 Charles Dickens 2015-02-22 Before there were lovable hobbits and Game of Thrones and kid wizards named Harry Potter, there were the 10 best fantasy short stories published in English during the first half of the nineteenth century. These excellent stories have been uncovered by Andrew Barger, awarding winning editor of *6a66le: The Best Horror Short Stories 1800-1849* and *BloodDeath: The Best Vampire Short Stories 1800-1849*. In old magazines and forgotten journals, Andrew read well over 100 fantasy short stories and settled on the very best for this fantasy anthology. He provides a list, at the back of the collection, of the stories considered along with the author and year of publication. Andrew further includes background introductions to each story and author photos, where available. But his treatment of some of the earliest stories in the genre gets even better with annotations of the stories, which allow readers to peek behind the stories. Middle Unearthed, an Introduction – Andrew Barger 1836 “The Story of the Goblins Who Stole a Sexton” – Charles Dickens 1839 “The Kelpie Rock” – Joseph Holt Ingraham 1831 “Transformation” – Mary Shelley 1819 “Rip Van Winkle” – Washington Irving 1824 “Lilian of the Vale” – George Darley 1835 “The Doom of Soulis” – John MacKay Wilson 1827 “The Dwarf Nose” – Wilhelm Hauff 1829 “Seddik Ben Saad the Magician” – D.C. 1845 “The Witch Caprusche” – Elizabeth F. A History of the Indian Novel in English Ulka Anjaria 2015-07-08 A History of the Indian Novel in English traces the development of the Indian novel from its beginnings in the late nineteenth century up until the present day. Beginning with an extensive introduction that charts important theoretical contributions to the field, this History includes extensive essays that shed light on the legacy of English in Indian writing. Organized thematically, these essays examine how English was “made Indian” by writers who used the language to address specifically Indian concerns. Such concerns revolved around the question of what it means to be modern as well as how the novel could be used for anti-colonial activism. By the 1980s, the Indian novel in English was a global phenomenon, and India is now the third largest publisher of English-language books. Written by a host of leading scholars, this History invites readers to question conventional accounts of India's literary history.

Science Fiction and the Two Cultures Gary Westfahl 2009-05-18 Essays in this volume demonstrate how science fiction can serve as a bridge between the sciences and the humanities. The essays show how early writers like Dante and Mary Shelley revealed a gradual shift toward a genuine understanding of science; how H.G. Wells first showed the possibilities of combining scientific and humanistic perspectives; how writers influenced by Gernsback's ideas, like Isaac Asimov, illustrated the ways that literature could interact with science and assist in its progress; and how more recent writers offer critiques of science and its practitioners.

The Evolution of Tolkien's Mythology Elizabeth A. Whittingham 2017-06-30 The History of Middle-earth traces the evolution of J.R.R. Tolkien's literary world, stories, and characters from their earliest written forms to the final revisions Tolkien penned shortly before his death in 1973. Published posthumously by Tolkien's son Christopher, the extensively detailed 12-volume work allows readers to follow the development of the texts that eventually became Tolkien's immensely popular *The Hobbit*, *The Lord of The Rings*, *The Silmarillion*, and *Unfinished Tales*. This work provides a thorough study of Tolkien's life and influences through an analysis of *The History of Middle-earth*. The work begins with a brief biography and an analysis of the major influences in Tolkien's life. Following chapters deal with elements common to Tolkien's popular works, including the cosmogony, theogony, cosmology, metaphysics, and eschatology of Middle-earth. The study also reviews some of the myths with which Tolkien was most familiar—Greek, Roman, Finnish, and Norse—and reveals the often overlapping relationship between mythology, biblical stories, and Tolkien's popular works.

Fantasy Literature Mark A. Fabrizi 2016-10-11 Fantasy literature, often derided as superficial and escapist, is one of the most popular and enduring genres of fiction worldwide. It is also—perhaps surprisingly—thought-provoking, structurally complex, and relevant to contemporary society, as the essays in this volume attest. The scholars, teachers, and authors represented here offer their perspectives on this engaging genre. Within these pages, a reader will find a wealth of ideas to help teachers use these texts in the classroom, challenging students to read fantasy with a critical eye. They employ interdisciplinary, philosophical, and religious lenses, as well as Marxist and feminist critical theory, to help students unlock texts. The books discussed include epic fantasy by such authors as Tolkien and Le Guin, children's fantasy by Beatrix Potter and Saint-Exupéry, modern fantasy by Rowling and Martin, and even fairy tales and comic books. The contributors offer provocations, questioning the texts and pushing the boundaries of meaning within the fantasy genre. And in doing so, they challenge readers themselves to ponder these tales more deeply. But through each of these chapters runs a profound love of the genre and a respect for those who produce such beautiful and moving stories. Furthermore, as with all the books in this series, this volume is informed by the tenets of critical pedagogy, and is focused on re-envisioning fantasy literature through the lens of social justice and empowerment. Prepare to be challenged and inspired as you read these explorations of a much-loved genre.

The Inter-Galactic Playground Farah Mendlesohn 2009-07-01 Science fiction is often considered the genre of ideas and imagination, which would seem to make it ideal for juveniles and young adults; however, the ideas are often dispensed by adults. This book considers the development of science fiction for children and teens between 1950 and 2010, exploring why it differs from science fiction aimed at adults. In a broader sense, this critical examination of 400 texts sheds light on changing attitudes toward children and teenagers, toward science education, and toward the authors' expectations and sociological views of their audience.

The Literature of Hope in the Middle Ages and Today Flo Keyes 2006-03-17 The influence of medieval literature is instantly apparent in modern fantasy literature, where knights and wizards populate castle-strewn landscapes. Less obvious but still recognizable is the influence in science fiction, which draws on medieval story structure and themes. Beyond these superficial similarities, deeper connections become evident through an analysis of the literature's social function. Like the fantasy and science fiction of today, the romances of the Middle Ages were written in times of extreme and prolonged social upheaval. In all three genres, the storytellers draw on the same archetypes--the hero, the quest, the transformation--for stories whose goal is to provide hope. Using Jungian theory and comparative analysis, this book explores the connections between the three genres. It finds common ground among them in plots that often reflect the recurring cycle of life and the elements of psychological rather than literal realism. Representative texts such as Malory's *Le Morte D'Arthur*, the *Witch World* series by Andre Norton and *More Than Human* by Theodore Sturgeon are examined in depth, and the use of archetypes in each is thoroughly explored. Analysis reveals similarities in images, structures, and the pervasive belief that a perfectible universe is within man's capabilities--if not now, then someday.

Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen 2020-08-24 The notions of other peoples, cultures, and natural conditions have always been determined by the epistemology of imagination and fantasy, providing much freedom and creativity, and yet have also created much fear, anxiety, and horror. In this regard, the pre-modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees, but they are fundamentally the same by content. Dreams, illusions, projections, concepts, hopes, utopias/dystopias, desires, and emotional attachments are as specific and impactful as the physical environment. This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions, images, and notions. Previous scholarship focused heavily on the history of mentality and history of emotions, whereas here the history of pre-modern imagination, and fantasy assumes center position. Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives. This approach facilitates a new deep-structure analysis of pre-modern culture.

Adventures in Space (Short stories by Chinese and English Science Fiction writers) Patrick Parrinder 2023-04-11 If you love the mission of science fiction, the interchange between cultures, the hopeful and inexorable trajectory of technology and ideas, you'll love this anthology of new stories from Chinese and English language writers. An impressive joint project, this outstanding new anthology brings the best of Chinese and English science fiction in a mediation on the theme of Exploration in Space. New, emerging, established and much-lauded writers from both cultures are brought together to demonstrate that technology and humanity when they work together bring challenges, joy and benefits to all of humankind. From Baoshu comes 'A Trip to the End', from Allen Stroud 'The First', from He Xi 'Never Meet Again in Life', from Amdi Silvestri 'A Minuet of Corpses' and under the guiding eye of Patrick Parrinder (President of the H.G. Wells society) and Yao Haijun (celebrated editor of Science Fiction World in China) fifteen authors create a series of worlds which will enthrall and entertain.

French Science Fiction, Fantasy, Horror and Pulp Fiction Jean-Marc Lofficier
2000 Connoisseurs of fantasy, science fiction, and horror have long recognized the important contributions of thousands of French authors, filmmakers, and artists. The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions, and summaries for works in film, television, radio, animation, comic books, and graphic novels. This section also includes interviews with animation director Rene Laloux and comic book artist Moebius, as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction, fantasy, and horror from the Middle Ages to the present day. (French-Canadians and Belgians are also examined.) There is a biographical dictionary of over 3,000 authors, a section on major French awards, and a complete bibliography. Many illustrations (!) illuminate this thorough presentation.
